

\$78,085,000
DORMITORY AUTHORITY OF THE STATE OF NEW YORK
ROCHESTER INSTITUTE OF TECHNOLOGY
REVENUE BONDS, SERIES 2010

Dated: Date of Delivery

Due: July 1, as shown below

Payment and Security: The Series 2010 Bonds (the "Series 2010 Bonds") are special obligations of the Dormitory Authority of the State of New York (the "Authority") payable solely from and secured by a pledge of (i) certain payments to be made under the Loan Agreement (the "Loan Agreement"), dated as of September 22, 2010, between Rochester Institute of Technology (the "Institution") and the Authority, and (ii) all funds and accounts (except the Arbitrage Rebate Fund) established under the Authority's Rochester Institute of Technology Revenue Bond Resolution, adopted September 22, 2010 (the "Resolution") and the Series Resolution, adopted on September 22, 2010, authorizing such Series (the "Series 2010 Resolution" and, together with the Resolution, the "Resolutions").

The Loan Agreement is a general obligation of the Institution and requires the Institution to pay, in addition to the fees and expenses of the Authority and the Trustee, amounts sufficient to pay, when due, the principal, Sinking Fund Installments, if any, and Redemption Price of and interest on the Series 2010 Bonds. The obligations of the Institution under the Loan Agreement to make such payments are secured by a pledge of tuition and fee revenue of the Institution in an amount equal to maximum annual debt service on the Series 2010 Bonds.

The Series 2010 Bonds will not be a debt of the State of New York (the "State") and the State will not be liable on the Series 2010 Bonds. The Authority has no taxing power.

Description: The Series 2010 Bonds will be issued as fully registered bonds in denominations of \$5,000 or any integral multiple thereof. Interest (due January 1, 2011 and each July 1 and January 1 thereafter) will be payable by check or draft mailed to the registered owners of the Series 2010 Bonds at their addresses as shown on the registration books held by the Trustee or, at the option of a holder of at least \$1,000,000 in principal amount of Series 2010 Bonds, by wire transfer to the holder of such Series 2010 Bonds, each as of the close of business on the fifteenth day of the month next preceding an interest payment date. The principal or Redemption Price of the Series 2010 Bonds will be payable at the principal corporate trust office of The Bank of New York Mellon, New York, New York, the Trustee and Paying Agent or, with respect to Redemption Price, at the option of a holder of at least \$1,000,000 in principal amount of Series 2010 Bonds, by wire transfer to the holders of such Series 2010 Bonds as more fully described herein.

The Series 2010 Bonds will be issued initially under a Book-Entry Only System, registered in the name of Cede & Co., as nominee for The Depository Trust Company ("DTC"). Individual purchases of beneficial interests in the Series 2010 Bonds will be made in Book-Entry form (without certificates). So long as DTC or its nominee is the registered owner of the Series 2010 Bonds, payments of the principal, Redemption Price and Purchase Price of and interest on such Series 2010 Bonds will be made directly to DTC or its nominee. Disbursement of such payments to DTC participants is the responsibility of DTC and disbursement of such payments to the beneficial owners is the responsibility of DTC participants. See "PART 3 – THE SERIES 2010 BONDS – Book-Entry Only System" herein.

Redemption or Purchase: *The Series 2010 Bonds are subject to redemption or purchase prior to maturity as more fully described herein.*

Tax Exemption: In the opinion of Squire, Sanders & Dempsey L.L.P., Bond Counsel, under existing law, (i) assuming compliance with certain covenants and the accuracy of certain representations, interest on the Series 2010 Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations, and (ii) interest on the Series 2010 Bonds is exempt from personal income taxes imposed by the State of New York and political subdivisions thereof, including The City of New York and the City of Yonkers. Interest on the Series 2010 Bonds may be subject to certain federal taxes imposed only on certain corporations, including the corporate alternative minimum tax on a portion of that interest. For a more complete discussion of the tax aspects, see "PART 11 – TAX MATTERS" herein.

OFFICIAL STATEMENT RELATING TO

\$78,085,000

DORMITORY AUTHORITY OF THE STATE OF NEW YORK
ROCHESTER INSTITUTE OF TECHNOLOGY
REVENUE BONDS, SERIES 2010

PART 1 — INTRODUCTION

Purpose of the Official Statement

The purpose of this Official Statement, including the cover page and appendices, is to provide information about the Authority and the Institution, in connection with the offering by the Authority of \$78,085,000 aggregate principal amount of its Rochester Institute of Technology Revenue Bonds, Series 2010 (the “Series 2010 Bonds”).

The following is a brief description of certain information concerning the Series 2010 Bonds, the Authority and the Institution. A more complete description of such information and additional information that may affect decisions to invest in the Series 2010 Bonds is contained throughout this Official Statement, which should be read in its entirety. Certain terms used in this Official Statement are defined in Appendix A hereto.

Purpose of the Issue

The Series 2010 Bonds are being issued for the purpose of providing funds which, together with other available moneys, will be used (i) to pay a portion of the Costs of the 2010 Project, (ii) to refund the Authority’s Rochester Institute of Technology Insured Revenue Bonds, Series 2002A (the “Series 2002A Bonds”), and (iii) to pay the Costs of Issuance of the Series 2010 Bonds. See “PART 4 — THE 2010 PROJECT,” “PART 5 – THE REFUNDING PLAN” and “PART 6 — ESTIMATED SOURCES AND USES OF FUNDS.”

Authorization of Issuance

The Resolution authorizes the issuance of Bonds pursuant to separate Series Resolutions for the benefit of the Institution. The Series 2010 Bonds will be issued pursuant to the Act, the Resolution, and the Series 2010 Resolution. In addition to the Series 2010 Bonds, the Resolution authorizes the issuance of other Series of Bonds (collectively, the “Bonds”) to pay other Costs of one or more Projects, to pay the Costs of Issuance of such Series of Bonds and to refund all or a portion of Outstanding Bonds or other notes or bonds of the Authority or other issuers that were issued on behalf of the Institution. Each Series of Bonds will be separately secured from each other Series of Bonds. There is no limit on the amount of additional Bonds that may be issued under the Resolution, which Bonds may be issued at any time after the scheduled delivery date of the Series 2010 Bonds. See “PART 3 — THE SERIES 2010 BONDS.”

The Authority

The Authority is a public benefit corporation of the State, created for the purpose of financing and constructing a variety of public-purpose facilities for certain educational, healthcare, governmental and not-for-profit institutions. See “PART 8 — THE AUTHORITY.”

The Institution

The Institution is an independent, coeducational, nonsectarian, not-for-profit institution of higher education chartered by the Board of Regents of the State. The Institution is located in Rochester, New York. See “PART 7 — THE INSTITUTION” and “Appendix B — Financial Statements of Rochester Institute of Technology and Report of Independent Auditors.”

The Series 2010 Bonds

The Series 2010 Bonds are dated their date of delivery and bear interest from such date (payable January 1, 2011 and on each July 1 and January 1 thereafter) at the rates and will mature at the times set forth on cover page of this Official Statement. See “PART 3 - THE SERIES 2010 BONDS - Description of the Series 2010 Bonds.”

Payment of the Series 2010 Bonds

The Series 2010 Bonds are special obligations of the Authority payable solely from the Revenues which consist of certain payments to be made by the Institution under the Loan Agreement, which payments are pledged and assigned to the Trustee. See “PART 2 - SOURCE OF PAYMENT AND SECURITY FOR THE SERIES 2010 BONDS - Payment of the Series 2010 Bonds.”

Security for the Series 2010 Bonds

The Series 2010 Bonds will be secured by the pledge and assignment to the Trustee of the Revenues and the security interest in the Pledged Revenues granted by the Institution to the Authority under the Loan Agreement.

The Series 2010 Bonds will also be secured by the proceeds from the sale of the Series 2010 Bonds (until disbursed as provided by the Resolution) and by all funds and accounts established under the Resolution (with the exception of the Arbitrage Rebate Fund). Each Series of Bonds issued under the Resolution will be separately secured from each other Series of Bonds. See “PART 2 - SOURCE OF PAYMENT AND SECURITY FOR THE SERIES 2010 BONDS - Security for the Series 2010 Bonds.”

The Series 2010 Bonds will not be a debt of the State nor will the State be liable thereon. The Authority has no taxing power. Neither the State nor the Authority has any responsibility to make payments with respect to the Series 2010 Bonds except for the Authority’s responsibility to make payments from moneys received from the Institution pursuant to the Loan Agreement and from amounts held in the funds and accounts under the Resolution and pledged therefor.

Financial Covenants

The Institution covenants in the Loan Agreement that, so long as the Series 2010 Bonds remain Outstanding, it will demonstrate at the end of each Fiscal Year that (i) Operating Income Available for Debt Service for such Fiscal Year then ended was at least equal to 1.10 times its Annual Debt Service for such Fiscal Year, and (ii) Unrestricted Resources as of the end of such Fiscal Year are at least equal to 75% of outstanding Long-Term Indebtedness. The Institution is required to demonstrate compliance with such covenants by filing annual certificates with the Authority. Failure by the Institution to comply with the foregoing covenants will not constitute an event of default under the Loan Agreement or the Resolution if the Institution complies with the provisions relating to a Management Consultant. See “PART 2 - SOURCE OF PAYMENT AND SECURITY FOR THE SERIES 2010 BONDS – Financial Covenants – *Maintenance Covenants*.”

The Institution also covenants in the Loan Agreement that, except to the extent permitted under the Loan Agreement, it will not issue, incur, assume or guarantee any Indebtedness without the prior written consent of the Authority. For a summary of the circumstances in which the Institution may incur such Indebtedness, see “PART 2 - SOURCE OF PAYMENT AND SECURITY FOR THE SERIES 2010 BONDS – Financial Covenants – *Additional Indebtedness*.”

The 2010 Project

The 2010 Project consists of the construction of a new academic building, the design and construction of a data center, expansion of the Institution’s athletic facilities and various other campus-wide improvements. See “PART 4 — THE 2010 PROJECT.”

PART 2 — SOURCE OF PAYMENT AND SECURITY FOR THE SERIES 2010 BONDS

Set forth below is a narrative description of certain contractual provisions relating to the source of payment of and security for the Series 2010 Bonds. These provisions have been summarized and this description does not purport to be complete. Reference should be made to the Act, the Loan Agreement, the Resolution and the Series 2010 Resolution.

Copies of the Loan Agreement, the Resolution and the Series 2010 Resolution are on file with the Authority and the Trustee. See also "Appendix C — Summary of Certain Provisions of the Loan Agreement" and "Appendix D — Summary of Certain Provisions of the Resolution" for a more complete statement of the rights, duties and obligations of the parties thereto.

Payment of the Series 2010 Bonds

The Series 2010 Bonds will be special obligations of the Authority. The principal, Sinking Fund Installments, if any, Purchase Price and Redemption Price of and interest on the Series 2010 Bonds are payable solely from the Revenues, which consist of payments to be made by the Institution pursuant to the Loan Agreement on account of the principal, Sinking Fund Installments, if any, Purchase Price and Redemption Price of and interest on the Series 2010 Bonds. The Revenues and the right to receive them have been pledged and assigned to the Trustee for the benefit of the Bondholders.

The Loan Agreement is a general obligation of the Institution and requires the Institution to make payments to satisfy the principal, Sinking Fund Installments, if any, Purchase Price and Redemption Price of and interest on all Outstanding Series 2010 Bonds. Payments made by the Institution in respect of interest on the Series 2010 Bonds are to be made on the 15th day of each May immediately preceding the July 1 and on the 15th day of each November immediately preceding the January 1 on which interest is payable, in each case in an amount equal to the interest coming due on the next succeeding interest payment date. Payments by the Institution in respect of principal are to be made on the 15th day of each May immediately preceding the July 1 on which such principal becomes due. The Loan Agreement also obligates the Institution to pay, at least 45 days prior to a redemption date or purchase date of Series 2010 Bonds called for redemption or contracted to be purchased, the amount, if any, required to pay the Purchase Price or Redemption Price of such Bonds. See "PART 3 - THE SERIES 2010 BONDS - Redemption and Purchase in Lieu of Redemption Provisions."

The Authority has directed, and the Institution has agreed, to make such payments directly to the Trustee. Such payments are to be applied by the Trustee to the payment of the principal and Redemption Price of and interest on the Series 2010 Bonds.

Security for the Series 2010 Bonds

The Series 2010 Bonds will be separately secured from each other Series of Bonds by the pledge and assignment to the Trustee of the applicable Revenues and the funds and accounts established pursuant to the Resolution and the Series 2010 Resolution (other than the Arbitrage Rebate Fund). Each Series of Bonds will be separately secured from each other. See "Appendix D - Summary of Certain Provisions of the Resolution."

Pledged Revenues

As security for its obligations under the Loan Agreement, the Institution has granted to the Authority a security interest in the Pledged Revenues, consisting of tuition and fees charged to students and received or receivable by the Institution equal to the maximum annual debt service on the then Outstanding Series 2010 Bonds in the current or any future calendar year. The Authority has pledged and assigned to the Trustee for the benefit of the Holders of Series 2010 Bonds its security interest in the Pledged Revenues. Pursuant to the Loan Agreement, the Institution has covenanted not to incur additional debt if the lien securing such debt would constitute a prior pledge relative to the security interest in the Pledged Revenues. See "PART 2 - SOURCE OF PAYMENT AND SECURITY FOR THE SERIES 2010 BONDS – Issuance of Additional Indebtedness."

Financial Covenants

The Loan Agreement contains certain covenants by the Institution wherein the Institution agrees to the following:

Maintenance Covenants

The Institution covenants to charge and maintain during each Fiscal Year, student tuition, fees and other charges sufficient to provide a Debt Service Coverage Ratio of 1.1:1. On or prior to each Reporting Date, the Institution shall file with the Authority a certificate of an Authorized Officer of the Institution stating whether at the immediately preceding Testing Date the Debt Service Coverage Ratio requirement is satisfied and setting forth the calculation upon which such statement is based. If on two consecutive Testing Dates the Institution does not satisfy the Debt Service Coverage Ratio requirement, the Authority may require the Institution to retain a Management Consultant. If on any Testing Date the Debt Service Coverage Ratio falls below 1:1, the Institution shall be required to retain a Management Consultant. As of June 30, 2010, the Institution's Debt Service Coverage Ratio was reported at 3.25:1.

The Institution also covenants to maintain an Unrestricted Resources to Debt Ratio of at least 0.75:1. On or prior to each Reporting Date, the Institution shall file with the Authority a certificate of an Authorized Officer of the Institution stating whether at the immediately preceding Testing Date the Unrestricted Resources to Debt Ratio requirement is satisfied

and setting forth the calculation upon which such statement is based. If on any Testing Date the Institution does not satisfy the Unrestricted Resources to Debt Ratio requirement, the Authority may require the Institution to retain a Management Consultant. If on any Testing Date the Institution does not satisfy the Unrestricted Resources to Debt Ratio requirement and the percentage decline from the prior Fiscal Year to the current Fiscal Year is greater than or equal to thirty-five percent (35%), the Institution shall be required to retain a Management Consultant. In either case, such Management Consultant would be engaged at the Institution's expense, to review the fees and tuition, operations and management of the Institution and any other matter deemed appropriate by the Authority and to make such recommendations with respect to such fees and tuition, operations, management and other matters as will enable the Institution to comply with such covenants within a reasonable period acceptable to the Authority. As of June 30, 2010, the Institution's Unrestricted Resources to Debt Ratio was reported at 1.77:1.

Additional Indebtedness

Except as otherwise described below, the Institution covenants that it will not issue, incur, assume or guarantee any Indebtedness following the issuance of the Series 2010 Bonds without the prior written consent of the Authority.

The Institution may issue, incur, assume or guarantee Indebtedness without the consent of the Authority provided that (i) it maintains a debt rating in the "A" category without regard for "+" or "-" from at least one Rating Service and (ii) (a) such Long-Term Indebtedness issued in any Fiscal Year is in an amount less than or equal to ten percent (10%) of the amount of its unrestricted net assets as reported for the most recently concluded Fiscal Year for which audited financial statements are available or (b) the Institution provides to the Authority a certificate of an Authorized Officer of the Institution containing pro forma calculations demonstrating that the maintenance covenants described above would be met for the most recently concluded Fiscal Year for which audited financial statements are available taking into account the additional Long-Term Indebtedness proposed to be issued (provided that, for purposes of calculating the Debt Service Coverage Ratio for such pro forma calculations, Annual Debt Service shall be equal to projected Maximum Annual Debt Service).

Notwithstanding the foregoing, the Institution may issue Non-Recourse Indebtedness without limitation provided that any assets pledged as collateral or for the re-payment of such indebtedness must have been acquired by the Institution after the issuance of the Series 2010 Bonds.

The Institution may incur Short-Term Indebtedness without limitation if, with respect to such indebtedness, during any twelve (12) month period, there will be no outstanding balance for a period of not less than thirty (30) days.

For a more complete description of the financial covenants of the Institution contained in the Loan Agreement, see "Appendix C - Summary of Certain Provisions of the Loan Agreement."

Events of Default and Acceleration

The following are events of default under the Resolution: (i) with respect to the Series 2010 Bonds, a default by the Authority in the payment of the principal, Sinking Fund Installment or Redemption Price of any Bond; (ii) with respect to the Series 2010 Bonds, a default by the Authority in the payment of interest on any Bond; (iii) with respect to the Series 2010 Bonds, a default by the Authority in the due and punctual performance of any covenant or agreement contained in the Series 2010 Resolution to comply with the provisions of the Code necessary to maintain the exclusion of interest on such Bonds from gross income for purposes of federal income taxation; (iv) with respect to the Series 2010 Bonds, a default by the Authority in the due and punctual performance of any covenants, conditions, agreements or provisions contained in the Bonds or in the Resolutions which continues for 30 days after written notice thereof is given to the Authority by the Trustee (such notice to be given in the Trustee's discretion or at the written request of the Holders of not less than 25% in principal amount of Outstanding Bonds) or if such default is not capable of being cured within 30 days, if the Authority fails to commence within 30 days and diligently prosecute the cure thereof; or (v) with respect to the Series 2010 Bonds, the Authority shall have notified the Trustee that an "Event of Default," as defined in the Loan Agreement, has occurred and is continuing and all sums payable by the Institution under the Loan Agreement have been declared immediately due and payable (unless such declaration shall have been annulled). Unless all sums payable by the Institution under the Loan Agreement are declared immediately due and payable, an event of default under the Loan Agreement is not an event of default under the Resolution.

The Resolution provides that, if an event of default (other than as described in clause (iii) of the preceding paragraph) occurs and continues, the Trustee may, and upon the written request of Holders of not less than 25% in principal amount of the Outstanding Series 2010 Bonds, shall declare the principal of and interest on all the Outstanding Series 2010 Bonds to be immediately due and payable. At any time after the principal of the Series 2010 Bonds shall have been so declared to be due and payable, and before the entry of final judgment or decree in any suit, action or proceeding instituted on account of such default, or before the completion of the enforcement of any other remedy under the Resolution, the Trustee shall, with the written consent of the Holders of not less than 25% in principal amount of Series 2010 Bonds not yet due by their terms

and then Outstanding, by written notice to the Authority, annul such declaration and its consequences under the terms and conditions specified in the Resolution with respect to such annulment.

The Resolution provides that the Trustee is to give notice in accordance with the Resolution of each event of default known to the Trustee to the Institution within five days, and to the Holders within 30 days, in each case after obtaining knowledge of the occurrence thereof, unless such default has been remedied or cured before the giving of such notice; provided, however, that, except in the case of default in the payment of principal, Sinking Fund Installments, if any, or Redemption Price of, or interest on, any of the Series 2010 Bonds, the Trustee will be protected in withholding such notice thereof to the Holders if the Trustee in good faith determines that the withholding of such notice is in the best interests of the Holders of the Series 2010 Bonds.

Issuance of Additional Bonds

In addition to the Series 2010 Bonds, the Resolution authorizes the issuance of other Series of Bonds to finance one or more projects and for other specified purposes, including to refund Outstanding Bonds or other notes or bonds of the Authority or other issuers that were issued on behalf of the Institution. The Bonds which may be issued include Capital Appreciation Bonds, Deferred Income Bonds, Option Bonds, Variable Interest Rate Bonds and Fixed Rate Bonds. Each Series of Bonds will be separately secured from each other Series of Bonds. There is no limit on the amount of additional Bonds that may be issued under the Resolution, which Bonds may be issued at any time prior to or after the scheduled delivery date of the Series 2010 Bonds. The Series 2010 Bonds will be the first Series of Bonds issued under the Resolution.

General

The Series 2010 Bonds will not be a debt of the State and the State will not be liable on the Series 2010 Bonds. The Authority has no taxing power. The Authority has never defaulted in the timely payment of principal of or interest on its bonds or notes. See "PART 8 — THE AUTHORITY."

PART 3 — THE SERIES 2010 BONDS

Set forth below is a narrative description of certain provisions relating to the Series 2010 Bonds. These provisions have been summarized and this description does not purport to be complete. Reference should be made to the Resolution, the Series 2010 Resolution and the Loan Agreement, copies of which are on file with the Authority and the Trustee. See also "Appendix C — Summary of Certain Provisions of the Loan Agreement" and "Appendix D — Summary of Certain Provisions of the Resolution" for a more complete description of certain provisions of the Series 2010 Bonds.

Description of the Series 2010 Bonds

The Series 2010 Bonds will be issued pursuant to the Resolution and the Series 2010 Resolution and will be dated their date of delivery and bear interest from such date (payable January 1, 2011 and on each July 1 and January 1 thereafter) at the rates set forth on the cover page of this Official Statement.

The Series 2010 Bonds will be issued as fully registered bonds in denominations of \$5,000 or any integral multiple thereof.

Interest on the Series 2010 Bonds will be payable by check mailed to the registered owners or, at the option of the registered owner of at least \$1,000,000 in principal amount of Series 2010 Bonds, by wire transfer to the wire transfer address within the continental United States to which the registered owner has instructed the Trustee to make such payment at least five days prior to the Record Date for the Series 2010 Bonds immediately preceding the interest payment date. If the Series 2010 Bonds are not registered in the name of DTC or its nominee, Cede & Co., the principal and Redemption Price of the Series 2010 Bonds will be payable in lawful money of the United States of America at the principal corporate trust office of The Bank of New York Mellon, New York, New York, the Trustee and Paying Agent.

The Series 2010 Bonds will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), pursuant to DTC's Book-Entry Only System. Purchases of beneficial interests in the Series 2010 Bonds will be made in book-entry form, without certificates. So long as DTC or its nominee, Cede & Co., is the registered owner of the Series 2010 Bonds, payments of the principal, Purchase Price and Redemption Price of and interest on the Series 2010 Bonds will be made by the Trustee directly to Cede & Co. Disbursement of such payments to the DTC Participants (as hereinafter defined) is the responsibility of DTC and disbursement of such payments to the Beneficial Owners of the Series 2010 Bonds is the responsibility of the DTC Participants and the Indirect Participants (as hereinafter defined). If at any time the Book-Entry Only System is discontinued for the Series 2010 Bonds, the Series 2010 Bonds will be exchangeable for fully registered Series 2010 Bonds in any authorized denominations of the same maturity without charge except the payment of any tax, fee or other governmental charge to be paid with respect to such exchange,

subject to the conditions and restrictions set forth in the Resolution. See “ - Book-Entry Only System” below and “Appendix D - Summary of Certain Provisions of the Resolution.”

For a more complete description of the Series 2010 Bonds, see “Appendix D - Summary of Certain Provisions of the Resolution.”

Redemption and Purchase in Lieu of Redemption Provisions

The Series 2010 Bonds are subject to redemption and to purchase in lieu of redemption, as described below. For a more complete description of the redemption and other provisions relating to the Series 2010 Bonds, see “Appendix D— Summary of Certain Provisions of the Resolution.”

Optional Redemption

The Series 2010 Bonds maturing on or before July 1, 2020 are not subject to optional redemption prior to maturity. The Series 2010 Bonds maturing after July 1, 2020 are subject to redemption prior to maturity on or after July 1, 2020, in any order at the option of the Authority, as a whole or in part at any time, at a price of par plus accrued interest to the redemption date.

Purchase in Lieu of Optional Redemption

The Series 2010 Bonds maturing after July 1, 2020 are also subject to purchase in lieu of optional redemption prior to maturity at the election of the Institution with the consent of the Authority, on or after July 1, 2020, in any order, in whole or in part at any time, at a price of 100% of the principal amount thereof (the “Purchase Price”), plus accrued interest to the date set for purchase (the “Purchase Date”).

Mandatory Redemption

The Series 2010 Bonds are subject to redemption, in part, through application of Sinking Fund Installments upon notice given as prescribed in the Resolution, at a Redemption Price equal to 100% of the principal amount of each Series 2010 Bond or portion thereof to be redeemed, plus accrued interest, if any, to the date of redemption. Unless none of the Series 2010 Bonds of a maturity to be so redeemed are then Outstanding and, subject to the provisions of the Series 2010 Resolution permitting amounts to be credited to part or all of any one or more Sinking Fund Installments, there shall be due and the Authority shall be required to pay for the retirement of the Series 2010 Bonds maturing on July 1 of each of the years set forth in the following table, the amount set forth opposite such year:

Series 2010 Bonds Maturing July 1, 2028		Series 2010 Bonds Maturing July 1, 2032		Series 2010 Bonds Maturing July 1, 2040

2026	\$3,125,000	2029	\$3,525,000	2033	\$1,565,000

				2039	2,100,000
				2040	2,205,000 †

† Final maturity.

The Authority may from time to time direct the Trustee to purchase Series 2010 Bonds with moneys in the Debt Service Fund, at or below par plus accrued interest to the date of such purchase, and apply any Series 2010 Bonds so purchased as a credit, at 100% of the principal amount thereof, against and in fulfillment of a required Sinking Fund Installment on the Series 2010 Bonds. The Institution also may purchase Series 2010 Bonds and apply any Series 2010 Bonds so purchased as a credit, at 100% of the principal amount thereof, against and in fulfillment of a required Sinking Fund Installment on the Series 2010 Bonds. To the extent the Authority’s obligation to make Sinking Fund Installments in a particular year is fulfilled through such purchases, the likelihood of redemption through mandatory Sinking Fund Installments of any Bondholder’s Series 2010 Bonds so purchased will be reduced for such year.

Special Redemption

The Series 2010 Bonds are subject to redemption prior to maturity at the option of the Authority, in whole or in part on any interest payment date, at 100% of the principal amount thereof plus accrued interest to the redemption date (i) from proceeds of a condemnation or insurance award, which proceeds are not used to repair, restore or replace the 2010 Project to which such proceeds relate, and (ii) from unexpended proceeds of the Series 2010 Bonds upon the abandonment of all or a portion of the 2010 Project due to a legal or regulatory impediment. See “PART 4 – THE 2010 PROJECT.”

Selection of Bonds to be Redeemed

In the case of redemptions of Series 2010 Bonds, the Authority will select the maturities of the Series 2010 Bonds to be redeemed. If less than all of the Series 2010 Bonds of a maturity are to be redeemed, the Series 2010 Bonds of such maturity to be redeemed will be selected by the Trustee, by lot, using such method of selection as the Trustee shall consider proper in its discretion.

Notice of Redemption

Generally, the Trustee is to give notice of the redemption of the Series 2010 Bonds in the name of the Authority, by first-class mail, postage prepaid, not less than 30 days nor more than 45 days prior to the redemption date to the registered owners of any Series 2010 Bonds which are to be redeemed, at their last known addresses appearing on the registration books of the Authority not more than 10 Business Days prior to the date such notice is given. Each notice of redemption, other than a notice of “Special Redemption,” may state, in addition to any other condition, that the redemption is conditioned upon the receipt by the Trustee on or prior to the redemption date of sufficient moneys to pay the Redemption Price of the Series 2010 Bonds to be redeemed. The failure of any owner of a Series 2010 Bond to be redeemed to receive notice of redemption will not affect the validity of the proceedings for the redemption of such Series 2010 Bond.

If on the redemption date moneys for the redemption of the Series 2010 Bonds of like maturity to be redeemed, together with interest thereon to the redemption date, are held by the Trustee so as to be available for payment of the redemption price, and if notice of redemption has been mailed, then interest on the Series 2010 Bonds of such maturity will cease to accrue from and after the redemption date and such Series 2010 Bonds will no longer be considered to be Outstanding.

Notice of Purchase in Lieu of Redemption and its Effect

Notice of purchase of the Series 2010 Bonds will be given in the name of the Institution to the registered owners of the Series 2010 Bonds to be purchased by first-class mail, postage prepaid, not less than 30 days nor more than 45 days prior to the Purchase Date specified in such notice. The Series 2010 Bonds to be purchased are required to be tendered on the Purchase Date to the Trustee. Series 2010 Bonds to be purchased that are not so tendered will be deemed to have been properly tendered for purchase. If the Series 2010 Bonds are called for purchase in lieu of an optional redemption, such purchase will not extinguish the indebtedness of the Authority evidenced thereby or modify the terms of the Series 2010 Bonds. Such Series 2010 Bonds need not be cancelled, and will remain Outstanding under the Resolution and continue to bear interest.

The Institution’s obligation to purchase a Series 2010 Bond to be purchased or cause it to be purchased is conditioned upon the availability of sufficient money to pay the Purchase Price for all of the Series 2010 Bonds to be purchased on the Purchase Date. If sufficient money is available on the Purchase Date to pay the Purchase Price of the Series 2010 Bonds to be purchased, the former registered owners of such Series 2010 Bonds will have no claim thereunder or under the Resolution or otherwise for payment of any amount other than the Purchase Price. If sufficient money is not available on the Purchase Date for payment of the Purchase Price, the Series 2010 Bonds tendered or deemed tendered for purchase will continue to be registered in the name of the registered owners on the Purchase Date, who will be entitled to the payment of the principal of and interest on such Series 2010 Bonds in accordance with their respective terms.

If not all of the Outstanding Series 2010 Bonds of a maturity are to be purchased, the Series 2010 Bonds of such maturity to be purchased will be selected by lot in the same manner as Series 2010 Bonds of a maturity to be redeemed in part are to be selected.

For a more complete description of the redemption and other provisions relating to the Series 2010 Bonds, see “Appendix D - Summary of Certain Provisions of the Resolution.” Also see “- Book-Entry Only System” below for a description of the notices of redemption to be given to Beneficial Owners of the Series 2010 Bonds when the Book-Entry Only System is in effect.

Book-Entry Only System

The Depository Trust Company (“DTC”), New York, New York, will act as securities depository for the Series 2010 Bonds. The Series 2010 Bonds will be issued as fully-registered securities in the name of Cede & Co. (DTC’s partnership nominee), or such other name as may be requested by an authorized representative of DTC. One fully-registered Series

2010 Bond certificate will be issued for each maturity of the Series 2010 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Series 2010 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2010 Bonds on DTC’s records. The ownership interest of each actual purchaser of each Series 2010 Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2010 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2010 Bonds, except in the event that use of the book-entry system for the Series 2010 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2010 Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2010 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2010 Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Series 2010 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Series 2010 Bonds within a maturity are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Series 2010 Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Series 2010 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, redemption premium, if any, and interest payments on the Series 2010 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from the Authority or the Trustee on the payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, the Trustee or the Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, redemption premium, if any, and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority or the Trustee, disbursement of

such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

The Authority and the Trustee may treat DTC (or its nominee) as the sole and exclusive registered owner of the Series 2010 Bonds registered in its name for the purposes of payment of the principal and redemption premium, if any, of, or interest on, the Series 2010 Bonds, giving any notice permitted or required to be given to registered owners under the Resolution, registering the transfer of the Series 2010 Bonds, or other action to be taken by registered owners and for all other purposes whatsoever. The Authority and the Trustee shall not have any responsibility or obligation to any Direct or Indirect Participant, any person claiming a beneficial ownership interest in the Series 2010 Bonds under or through DTC or any Direct or Indirect Participant, or any other person which is not shown on the registration books of the Authority (kept by the Trustee) as being a registered owner, with respect to the accuracy of any records maintained by DTC or any Direct or Indirect Participant; the payment by DTC or any Direct or Indirect Participant of any amount in respect of the principal, redemption premium, if any, or interest on the Series 2010 Bonds; any notice which is permitted or required to be given to registered owners thereunder or under the conditions to transfers or exchanges adopted by the Authority; or other action taken by DTC as registered owner. Interest, redemption premium, if any, and principal will be paid by the Trustee to DTC, or its nominee. Disbursement of such payments to the Direct or Indirect Participants is the responsibility of DTC and disbursement of such payments to the Beneficial Owners is the responsibility of the Direct or Indirect Participants.

DTC may discontinue providing its service as depository with respect to the Series 2010 Bonds at any time by giving reasonable notice to the Authority and the Trustee. Under such circumstances, in the event that a successor depository is not obtained, the Series 2010 Bond certificates are required to be printed and delivered.

The Authority may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, the Series 2010 Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Authority believes to be reliable, but the Authority takes no responsibility for the accuracy thereof.

Each person for whom a Participant acquires an interest in the Series 2010 Bonds, as nominee, may desire to make arrangements with such Participant to receive a credit balance in the records of such Participant, and may desire to make arrangements with such Participant to have all notices of redemption or other communications of DTC, which may affect such persons, to be forwarded in writing by such Participant and to have notification made of all interest payments. NEITHER THE AUTHORITY NOR THE TRUSTEE WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO SUCH PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE SERIES 2010 BONDS.

So long as Cede & Co. is the registered owner of the Series 2010 Bonds, as nominee for DTC, references herein to the Bondholders or registered owners of the Series 2010 Bonds (other than under the caption "PART 11 — TAX MATTERS" herein) shall mean Cede & Co., as aforesaid, and shall not mean the Beneficial Owners of the Series 2010 Bonds.

When reference is made to any action which is required or permitted to be taken by the Beneficial Owners, such reference only relates to those permitted to act (by statute, regulation or otherwise) on behalf of such Beneficial Owners for such purposes. When notices are given, they will be sent by the Trustee to DTC only.

For every transfer and exchange of Series 2010 Bonds, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto.

The Authority, in its sole discretion and without the consent of any other person, may terminate the services of DTC with respect to the Series 2010 Bonds if the Authority determines that (i) DTC is unable to discharge its responsibilities with respect to the Series 2010 Bonds. or (ii) a continuation of the requirement that all of the Outstanding Series 2010 Bonds be registered in the registration books kept by the Trustee in the name of Cede & Co., as nominee of DTC, is not in the best interests of the Beneficial Owners. In the event that no substitute securities depository is found by the Authority or restricted registration is no longer in effect, Series 2010 Bond certificates will be delivered as described in the Resolution.

NEITHER THE AUTHORITY, THE INSTITUTION NOR THE TRUSTEE WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DIRECT PARTICIPANTS, TO INDIRECT PARTICIPANTS, OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (I) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DIRECT PARTICIPANT, OR ANY INDIRECT PARTICIPANT, (II) ANY NOTICE THAT IS PERMITTED OR REQUIRED TO BE GIVEN TO THE OWNERS OF THE SERIES 2010 BONDS UNDER THE RESOLUTIONS; (III) THE SELECTION BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY PERSON TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OF THE SERIES 2008 BONDS; (IV) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OR REDEMPTION PREMIUM, IF ANY, OR INTEREST DUE WITH RESPECT TO THE SERIES 2010 BONDS; (V) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE OWNER OF THE SERIES 2010 BONDS; OR (VI) ANY OTHER MATTER.

Principal and Interest Requirements

The following table sets forth the amounts, after giving effect to the issuance of the Series 2010 Bonds and the refunding of the Series 2002A Bonds, required to be paid by the Institution during each twelve month period ending June 30 of the years shown for the payment of the principal of and interest on the Series 2010 Bonds, other indebtedness of the Institution, and the total thereof.

PART 4 — THE 2010 PROJECT

The 2010 Project consists of the construction of Institute Hall, a new academic building to house the Kate Gleason College of Engineering's new chemical and biomedical engineering programs as well as to provide additional general use classrooms, the design and construction of a green data center to be housed within Institute Hall, the expansion of the Frank Ritter Ice Arena locker rooms, the construction of a brick façade to Building 13; the development of a quad including improvements to pedestrian walkways; and various other campus-wide improvements including the development of a bicycle path and bicycle parking and renovations and equipping of other academic, residential, student life, administrative and athletic facilities.

A special use permit may be required by the Town of Henrietta, Monroe County, New York, for the construction of Institute Hall due to building height restrictions for institutional use in an R-1-15 zoning district. Considering that the new building site is on the Institution's campus, is not adjacent to any non-Institution properties, and that many of existing campus buildings are of a similar height, the Institution expects that the special permit will be granted. Other than the possible need for a special use permit, there are no other discretionary permits or approvals needed to commence construction of the 2010 Project. The New York State Office of Parks, Recreation & Historic Preservation (OPRHP) has requested documentation regarding the presence of prior ground disturbance or a Phase 1 archeological survey for the Project site locations. The Institution is in the process of gathering confirming evidence of prior ground disturbance and anticipates that the OPRHP will issue a finding of No Impact for the Project.

PART 5 — THE REFUNDING PLAN

A portion of the proceeds of the Series 2010 Bonds will be used to advance refund the Authority's Series 2002A Bonds issued on behalf of the Institution (the "Refunded Bonds"). Upon issuance of the Series 2010 Bonds, such proceeds are expected to be used to acquire non-callable direct obligations of the United States of America (the "Investment Securities"), the principal of and interest on which, when due, together with any initial cash deposit, will provide moneys sufficient to pay the redemption price of the Refunded Bonds and the interest on such Refunded Bonds to the respective dates fixed for redemption.

The Investment Securities will be deposited with the trustee for the Refunded Bonds upon the issuance and delivery of the Series 2010 Bonds and will be held in trust solely for the payment of the redemption price of and interest on the Refunded Bonds. At the time of such deposit the Authority will give such trustee irrevocable instructions to give notice of the refunding and redemption of the Refunded Bonds and to apply the proceeds from the Investment Securities together with any initial cash deposit to the payment of the redemption price of and interest on the Refunded Bonds. In the opinion of Bond Counsel, upon making such deposits with such trustee and the issuance of certain irrevocable instructions to such trustee, the Refunded Bonds will, under the terms of the resolution under which they were issued, be deemed to have been paid and will no longer be outstanding and the pledge of the revenues or other moneys and securities pledged to the Refunded Bonds and all other rights granted by such resolution to the Refunded Bonds shall be discharged and satisfied.

PART 7 — THE INSTITUTION

GENERAL INFORMATION

Introduction

Since its founding in 1829, Rochester Institute of Technology (“RIT” or the “Institute”) has established a tradition of excellence in professional and career-oriented education with concentrations in engineering, imaging, technology, fine and applied arts, science, business and education for the deaf. In the fall of 2010, headcount enrollment is 17,206 full- and part-time students who represent all 50 states and more than 100 nations. There are currently more than 106,000 RIT alumni worldwide.

RIT offers 97 bachelors degree programs, 70 masters and professional degree programs and 6 Ph.D. programs. In its 8 colleges, Ph.D. programs are offered in astrophysics, color science, computing and information science, imaging science, microsystems engineering and sustainability. The range of academic programs at the Institute include: computer sciences, information technologies, engineering and manufacturing technologies, software engineering, computer engineering, mechanical engineering, micro-electronic engineering, biotechnology, chemical engineering, biomedical engineering, electrical engineering, film and animation, computer gaming, medical informatics, sustainability, packaging science, hospitality and service management, physician assistant, diagnostic medical sonography (ultrasound), clinical chemistry, biomedical computing, imaging science, new media publishing, medical illustration, biomedical photographic communications, fine arts photography, imaging systems management, digital image technologies, international studies, public policy, criminal justice, and international business. A masters in architecture program is pending New York State Department of Education approval. RIT continuously evaluates its program portfolio and develops new academic programs or curriculum revisions to ensure that the Institute is meeting the future career needs and interests of its students and their potential employers.

Under an agreement with the U.S. government, the Institute established the National Technical Institute for the Deaf (NTID) to provide technical training and education for deaf and hard of hearing persons. The federal government pays approximately 73% of total operating costs of NTID. The balance of the operating costs is covered from tuition collected from students and other revenues. The federal appropriation is applied for on an annual basis and its continuation is subject to the federal government’s continued support of the program. The program has been in place since 1968.

The Institute anticipates that enrollment will remain stable and maintains modest enrollment growth targets in the near term. Three critical elements of the Institute’s enrollment strategy are developing curricula that will respond to emerging workforce issues, increasing diversity enrollment and improving the diversity of its faculty, staff and student body. In addition, the Institute continues to emerge on a national and international scale reducing its dependency on New York and the Mid-Atlantic and New England regions.

In 1912, RIT became one of the first universities in the nation to offer cooperative education. For 98 years RIT students have been combining on-the-job experience with classroom and laboratory instruction. The Institute has the fourth oldest and fifth largest cooperative education program in the world. In addition to serving as a quality source of practical experience, the co-op program allows RIT students to earn funds to support their education.

The Institute’s athletic program includes 23 men’s and women’s varsity sports competing at the National Collegiate Athletic Association Division III level, and men’s hockey competing at the Division I level. These teams include approximately 625 student-athletes. Several teams have reached national playoff competitions, with two teams capturing national titles. The athletics program also includes 60 wellness activity courses, 12 intramural men’s, women’s, and coed team activities, 16 club sports, and several interactive adventure programs to focus both on groups and individuals to improve intrapersonal and interpersonal skills. These programs as well as other recreation activities are supported by specialized, professional personal services and extensive first class facilities and equipment. The addition of a new field house and activities center in 2004 served to enhance the Institute’s athletics programs and help to ensure the Institute’s goals for student development and the enhancement of campus spirit are met.

The RIT campus occupies a 1,300-acre site in suburban Rochester, New York. The campus consists of 5.6 million square feet of program space allocated among residential, academic research and administrative buildings. Between 2000 and 2010, the Institute invested approximately \$395 million in student residence facilities to increase and enhance the overall residential program consistent with student needs, preferences and enrollment growth, as well as other top facility priorities including increasing student campus life space available for student activities, athletic training and competition, and social functions; improving campus beautification; developing and renovating roads, walkways and lighting; adapting academic space to meet current curricular demands; investing in state-of-the-art/industry technology and applied research labs; and enhancing campus-wide telecommunications and computing equipment and infrastructure.

RIT offers programs in Eastern Europe at the American College of Management and Technology (ACMT) in Dubrovnik, Croatia which opened in 1997 and at the American University in Kosovo in Pristina, Kosovo which opened in

2003. In 2008, RIT initiated graduate programs at RIT Dubai and plans to offer undergraduate programs beginning in the fall of 2011. Total headcount enrollment at the international campuses is 1,179 students.

OPERATING INFORMATION

Admissions and Student Enrollment

Full-time equivalent enrollment (FTE) for fall 2010 is 14,236 FTE students. The Institute has implemented a controlled strategic growth plan resulting in sustained high overall academic quality of the student body, stable selectivity, increased market demand, more diverse student population, and broader national and international market base for student recruitment. While RIT has an undergraduate emphasis, the Institute offers a wide ranging portfolio of 70 graduate programs and 6 doctorate programs. The tables below provide the enrollment for FTE students and total enrolled students, including all full- and part-time students, and the numbers of first year applications, first year students accepted for admission, and first year full-time students enrolled at the Institute over the past five academic years. Unless otherwise indicated, the data presented below pertaining to RIT's student population include those attending both domestic and international campuses.

The Institute employs a sophisticated strategy to determine the best allocation of Institute, government and other student financial assistance resources with a focus on meeting the students' financial needs, optimizing student enrollment (first year student matriculants, as well as student retention), maintaining overall academic quality of the student body, and increasing net tuition revenue. The Institute carefully manages the net tuition revenue as it represents approximately 50% of RIT's operating income. The discount rate, expressed as total Institute scholarships as a percentage of gross tuition revenues, was approximately 33.8% in 2009/10. Management expects that the discount rate will continue to increase slightly over the next several years.

Approximately 75% of full-time undergraduate students received financial assistance from the Institute, state and federal financial aid or loan programs during 2009/10 (the most recent data available). Students received nearly \$2.5 million in scholarships from private organizations not affiliated with the Institute. Approximately 7.0% of Institute scholarships are funded from endowed scholarship funds and private gifts. In fiscal year 2009/10, students received more than \$56.5 million under the Federal Direct Stafford Student Loan Program, and approximately \$7 million through the Institute-administered Federal Perkins Loan Program. Parents received more than \$21 million in the Federal Parent Loan for Undergraduate Students (PLUS) Program. The Institute started the RIT Student Loan Program in partnership with Citibank in 2004/05. A total of \$26 million in loans were originated from inception through 2009, the year the program was terminated. Federal grants to students from the Pell Grant, SMART Grant, Supplemental Educational Opportunity Grant (SEOG) and Academic Competitiveness Grant programs amounted to approximately \$16.7 million. Students enrolled at the Institute received approximately \$8.4 million in grants from New York State's Tuition Assistance Program and other State scholarships and grants. In fiscal year 2009/10, students earned approximately \$16.5 million from campus-based employment opportunities, of which approximately \$3.4 million was earned under the Federal Work-Study Program.

Institute scholarship grants came from the following sources in the academic years listed below:

Faculty

The teaching faculty included 945 full-time and 481 part-time adjunct members for the 2009/10 academic year. Of the full time equivalent faculty, approximately 60% are tenured and approximately 58% hold Ph.D., professional or other advanced degrees. Consistent with its priority objective of ensuring that each student has a high degree of personal attention and substantial regular access to faculty, the Institute maintains a student to faculty ratio of approximately 12 to 1. Fifty-nine percent (59%) of RIT's undergraduate classes have fewer than 30 students.

The following table sets forth the faculty profile for the past five academic years.

ANNUAL FINANCIAL STATEMENT INFORMATION

Budget and Reporting Procedures

The Finance Committee of the Board of Trustees is actively involved in the major financial decisions of the Institute and through careful oversight ensures that financial resources are managed effectively and allocated appropriately according to established priorities.

The budget process begins in the fall of the previous academic year. The Budget Committee, consisting of the President, the Provost and Senior Vice President for Academic Affairs, the Senior Vice President for Finance and Administration and Treasurer and the Assistant Vice President Budget and Financial Planning Services, distributes the spending priorities for the next fiscal year to the various division heads based on projected enrollment and other revenue streams. Budget requests are prepared on the basis of needs assessments and in accordance with the Institute's strategic plan.

The revenue projections and spending priorities are reviewed with the Finance Committee of the Board of Trustees during the planning process. Budget hearings are held with the vice presidents and academic deans along with the Budget Committee. Following this review, the spending allocations across colleges, divisions and programs are communicated to each vice president and dean. Individual unit budgets are reviewed and processed through the divisional vice presidents.

The next year's budget is then finalized and recommended to the Finance Committee of the Board of Trustees and the full Board of Trustees for final approval.

The current operating budget for fiscal year 2010/11 provides for a balanced budget. The Institute monitors its actual budget results monthly and performs periodic interim analysis and review of operating results. Interim results and projected year-end results are communicated to the Finance Committee of the Board of Trustees at their regularly scheduled meetings.

Summary of Financial Information

The Institute's financial statements are prepared on the accrual basis of accounting. The following tables present summaries extracted from the Institute's audited financial statements for the fiscal years ended June 30, 2005 through June 30, 2009. These tables are derived from, and should be read in conjunction with, the Institute's fiscal year 2009 audited financial statements included in Appendix B to this Official Statement.

Management Discussion Fiscal Year 2008/09

The Institute's operating margin for fiscal year ending June 30, 2009 was \$18.7 million or 4.2% (compared to 2.9% in 2008) due primarily to a \$17.7 million (8.6%) increase in net tuition revenue. Total operating revenues increased 7.3%, while total operating expenses increased only 5.8%.

Total net assets decreased by \$132.7 million driven primarily by a \$156.6 million investment loss and other non-operating expenses of \$5.4 million, offset by an improved operating margin, gifts for long-term assets of \$8.7 million and \$2.3 million received from the U.S. government for the National Technical Institute for the Deaf (NTID) for construction and the endowment.

Free cash⁽¹⁾ generated from operations, after debt service and other claims, was \$22.9 million and \$24.9 million in 2009 and 2008, respectively. The 2009 amount exceeded planned capital requirements, equipment purchases and facilities repairs, as well as additions to reserves for facilities renewal and replacement and strategic initiatives. Results continue the trend of an improving operating margin consistent with the Institute's projections and financial planning objectives.

The Institute adopted FAS 158 effective June 30, 2007. As such, 100% of the Institute's accrued postretirement benefit obligation (APBO) is now included on its balance sheet. In the year-ended June 30, 2009, the Institute recognized \$2.6 million in operating expense and \$2.8 million in nonoperating expense associated with postretirement benefits. The APBO liability was \$99.6 million.

⁽¹⁾ An internal measure of the Institute's performance calculated as follows: Net operating surplus plus depreciation/amortization plus/minus the difference between interest paid and interest expense and the difference between postretirement benefits service expense and premiums paid less capital equipment purchases and long-term debt principal payments. This analysis reflects the amount of cash available from annual operations to transfer to reserves for future/planned capital expenditures.

Government Grants and Contracts

In fiscal year 2008/09 the Institute received a total of \$58.4 million in new awards, reflecting the efforts of 243 principal investigators. This represents a 35.4% increase in awards over fiscal year 2007/08. The following table summarizes awards by funding source for the last five years:

Fundraising

The Institute regularly receives annual support from private gifts and grants. In addition, the Institute receives capital gifts from private sources, primarily for the endowment or for specific facilities projects. The following table summarizes the total amount reported (including net pledges) in unrestricted and restricted private gifts, grants and contracts for the last five years as recorded in the audited financial statements of the Institute:

Endowment

At June 30, 2009, the Institute's endowment had a fair value of \$528.5 million (\$530.4 million adjusted). The June 30, 2009 fair value was comprised of \$223.2 million of the original contributed value and \$307.2 million of investment appreciation. At June 30, 2008, the Institute's endowment had a fair value of \$675.0 million (\$671.5 million adjusted), comprised of \$207.6 million of the original contributed value and \$463.9 million of investment appreciation.

The endowment portfolio is comprised of over 750 individual endowment funds. Each fund is either a true endowment, having been specifically endowed by its donor(s), or a quasi-endowment, having been designated for long-term investment by the Institute's Board of Trustees. Depending upon the terms of the original gift, each fund's income is either restricted to a particular purpose, or is used to support the overall operations of the Institute, including the provision of future debt service payments (see "Endowment Spending Policy" below). As of June 30, 2009, 46.9% of the fund consisted of true endowments (of which 81.3% had income restrictions) and 53.1% of quasi-endowment (of which 99.7% is unrestricted). Total restricted and unrestricted endowment funds provided over \$24.1 million of annual support to the operation of the Institute in fiscal year 2008/09.

The Endowment Committee of the Board of Trustees establishes the investment and spending policies for the endowment and similar funds and oversees their implementation, in conjunction with the Institute's external consultant. The Trustees' investment policies address such considerations as asset allocation, risk, and manager selection. The investment policy asset allocation targets are: domestic public equity 15%, international public equity 15%, domestic and international fixed income 15%, and alternative investments 55%. Alternative investment targets include allocations to private equity (15%), real assets (15%), and hedge funds (25%). On a strategic view, the policy allocations are: growth assets 45%, risk protection assets 35% and inflation protection assets 20%.

Endowment Spending Policy

In 1993, the Institute's Endowment Committee adopted a total return endowment spending policy whereby 5% of the average market value of the endowment over the previous 20 quarters is distributed to the operating budget and related restricted accounts. In March 2006, the Institute amended its spending policy to ensure that the total spending distribution is at least equal to 3.50% but not greater than 5.25% of the beginning of the year portfolio market value. The objective of the policy is to preserve the value of the endowment and stabilize operating support for the Institute's budget. The spending policy is based upon the premise that the real value of the endowment will be preserved if the nominal earnings on the portfolio over a period of years equals or exceeds the sum of the spending rate plus inflation. For fiscal years 1993 through 2009, the actual endowment spending rate has averaged 4.35% annually.

Working Capital, Deferred Giving and Held with Trustees

In addition to the endowment portfolio discussed above, the Institute maintains a working capital investment portfolio, investments pursuant to underlying donor deferred giving agreements and moneys on deposit with the Trustees for the Institute's outstanding debt.

The working capital portfolio consists of cash and cash equivalents, and liquid short- and intermediate-term investments used for ongoing operations and funding of capital projects.

The deferred giving investments represent assets of various charitable remainder trusts, gift annuity agreements and other deferred giving instruments. These investments are temporarily or permanently restricted in accordance with the terms of the trust or gift annuity agreements and are not immediately available for operating or capital purposes. Upon termination of the underlying deferred gift agreements, the trust investments are available for use or investment pursuant to the donors' restrictions.

The investments held by the trustees of RIT's outstanding debt are for the purposes of building and equipment renewal and replacements, debt service (principal and interest) payments, and unused bond proceeds available for respective project construction costs.

Properties and Facilities

The Institute's facilities include more than 246 buildings (5.6 million square feet of space) situated on 1,300 acres as well as student housing for approximately 7,144 students and state-of-the-art technology.

Students have access to high-tech learning centers, smart classrooms with state-of-the-art computers, software, and multimedia technologies across all eight colleges including computer engineering facilities, digital printing presses, a laser optics lab, and a robotics program. RIT's students explore the creative aspects of many industries with a balance of technological and theoretical approaches, using the latest equipment and technology in its computer facilities and studios.

During the last five years, the Institute received support totaling approximately \$15 million from the State of New York for the construction of two new facilities for academic and research programs in microelectronics engineering and biosciences. The 20,000 square foot Information Technology Collaboratory building opened in March 2006. The facility contains a clean room and academic space at a cost of approximately \$8.3 million. The Center for Biosciences Education and Training, a 37,500 square foot facility, opened during the summer of 2006. The state-of-the-art facility houses research and teaching laboratories for biosciences work force training and research at a cost of \$11.3 million, \$8 million from the State of New York and the remainder from the Institute's resources. Additionally, New York State has committed \$10 million toward the construction of a facility to house the Golisano Institute of Sustainability (GIS)—an education and resource center offering a unique Ph.D. program in the field of sustainability focusing on sustainable production systems. GIS will also conduct leading edge research in the study of sustainable methods of production as part of its mission. (In addition to New York State funding, as of September 2010, the Institute received notification of an award of approximately \$13.1 million from the federal government (the National Institute of Standards and Technology) towards the construction of GIS.)

The CSD Student Development Center at NTID was also completed during the summer of 2006. This \$5.9 million center, designed to serve the deaf and hard-of-hearing student community, was made possible by federal funding of \$3.9 million from the Department of Education, private/corporate contributions of \$1.5 million and Institute funding of \$.5 million.

A \$3.3 million renovation to the Saunders College of Business, located in Max Lowenthal Hall, was completed in September 2006. This project included the addition of new computer teaching facilities, a major lecture room, a multi-purpose meeting facility, a graduate student lounge, seminar rooms and break-out areas. Exterior improvements included a new two-level entrance, bay windows adjacent to student lounge areas and landscape enhancements. This project was funded with Institute resources.

An expansion to the Kate Gleason College of Engineering, located in Engineering Hall, was completed in March 2007. This 38,000 square foot addition included shop areas and a large multi-disciplinary team space. This \$7.3 million project was made possible principally from private/corporate donations totaling \$6.4 million combined with \$.9 million in Institute funding.

In December 2007, the Institute completed renovations to Frank E. Gannett Hall to adapt obsolete space to serve current academic needs. The project included new facilities such as lecture theaters for the Film and Animation program. The total cost of approximately \$4.6 million was funded from Institute resources.

In the spring of 2008, the new College of Applied Science and Technology (CAST) building opened, adding another 36,500 square feet of academic space to the campus. The CAST building is home to the OSHA Training Center and academic departments including Civil Engineering Technology, Environmental Management and Safety and Electrical, Computer, and Telecommunications Engineering Technology. It received the prestigious LEED-gold certification for implementing a wide range of sustainable strategies. CAST, which cost \$10.6 million, also houses the William G. McGowan Center for Telecommunications, was made possible by New York State funding of \$.1 million, private/corporate contributions of \$2.4 million and Institute resources of \$8.1 million was provided from Institute resources.

The three-story and 54,000 square foot University Services Center opened in the summer of 2009 and serves as the administrative hub for various RIT support services. The building's centerpiece is the circular, glass-enclosed Center for Student Innovation, which serves as a showcase for innovative, multidisciplinary projects and activities. The University

Services Center is only the second LEED Platinum certified college or university facility in New York State. This \$12.6 million Center was funded from Institute resources.

Sands Family Studios, a new facility for the School for American Crafts, opened in the fall of 2009. The 14,000 square foot area includes expanded studio spaces inside the James E. Booth Hall and an addition on the building's west side. The new facilities include 16 kilns, two glass-blowing furnaces and a work-yard area that students can use for iron pours, welding and raku firing. This \$3.6 million studio was made possible from \$2.1 million in private/corporate contributions combined with \$1.5 million in Institute resources.

The new hub of student activity, the Institute's Campus Center, a 30,000 square foot area, opened in the spring of 2010. This \$8 million project created a new student-oriented center in what was formerly the Woodward swimming pool. The center is now the home to Student Government programs and student-activity space. This facility was financed with \$2 million in private/corporate contributions; the balance, tax-exempt bonds (Series 2008A).

In May 2009, the Institute completed a project to provide new hot water boilers and chilled water to the campus. The project resulted in the removal of 250 pieces of existing equipment and the installation of 150 pieces of new equipment. Natural gas consumption with the new system is estimated to be 40-45% less than current usage, and annual energy savings of approximately \$1.2 million are anticipated. The total cost of the project was approximately \$34.8 million and was funded primarily from \$5.2 million in federal funding from the Department of Education and tax-exempt bonds (Series 2008A).

The Vignelli Center for Design Studies, a nearly 19,000 square foot area, opened in the fall of 2010. It is an educational resource center serving as a permanent archive for the work of international designers Massimo and Lella Vignelli. State of the art archival space now houses the collections and complements archival study classrooms, staff offices and a small retail shop for Vignelli books and products. The cost of this Studio is expected to be approximately \$5.3 million; funded by \$1.1 million in private/corporate contributions with the balance from Institute resources.

In the fall of 2010, Global Village, RIT's new residential (414 units) and commercial complex, was completed. Global Village provides upperclass students a state-of-the-art global living experience and community. Supporting the global and entrepreneurial missions of RIT, Global Village prepares students to enter the global community and culturally diverse work force through educational programming, unique activities, and a worldly living environment. In addition to suite-style housing with lounges, community kitchens, meeting spaces, and laundry rooms, the complex also features a number of other services such as the HUB Print Center and Post Office, Global Village Cantina and Grille, and The Market at Global Village. Also featured is a volleyball court and a mixed-use plaza offering year-round activities including heated outdoor seating, small stage area for concerts and student programming, and a fire pit area that transforms into an ice rink during the winter months. This state-of-the-art facility is expected to cost approximately \$55 million and was financed principally with tax-exempt bonds (Series 2008A).

RIT has answered the needs of the professional community with degrees in interactive and interdisciplinary programs to match the changing requirements of future industry and government employers. The challenge for RIT is to provide students with learning experiences that leverage the advantages of the new technology. The Institute continuously adapts its curriculum to de-emphasize the teaching of isolated tool-based skills and concentrates on higher-level processes that integrate the diverse knowledge base necessary to be successful in today's and tomorrow's industries. The new Game Design and Development Program in the Golisano College of Computing and Information Sciences integrates strong programming skills with the design and collaborative skills that are essential to succeeding in the games industry, where multi-faceted professionals work on development teams.

The Wallace Center is a high technology, multimedia resource center. The Wallace Center Library's online menu provides access to a wide selection of up to date electronic resources in Web-based or text formats. Library users can access the library's catalog, search many electronic commercial databases, access graphic interface workstations, image scanning and a host of interactive CD titles. The Library's Center for the Visually Impaired houses an Arkenstone Reader and other technology resources for individuals with visual impairments and contains periodicals that are in Braille. A smaller library within Wallace Library, the Melbert B. Cary Jr. Library, is one of the nation's premier libraries dedicated to the history and practice of printing and graphic arts. The library contains more than 14,000 volumes of rare books and other impressive holdings on fine printing, bookbinding, papermaking, type design, calligraphy, book illustration and other aspects of the graphic arts. The library's digital image database enables users all over the world to sample the materials housed in the collection.

The Institute's residence facilities, including residence halls and apartments, serve approximately 7,144 students. Students may choose living arrangements according to their personal preferences, including single gender, co-educational, intensified study, over 21 years of age, Greek fraternities and sororities, and special interest houses such as Art, Computer Science, Engineering and Photo. Some of the on-campus townhouses were developed and are owned by an independent not-for-profit organization on land leased from the Institute. This organization independently financed the construction

costs of approximately \$27 million for these facilities, and accordingly, their underlying long-term debt is excluded from the Institute's financial statements. RIT has continued to operate a hotel and conference center it received as a donation in 2002. Two thirds of the rooms in the facility (170 rooms) are dedicated to student housing providing additional student residence capacity for 332 students.

The Institute has a long-term capital improvement schedule which is comprised of routine repair items as well as major renewal or new facility development projects. The funding for this capital improvement plan comes from multiple sources including renewal and replacement reserves, donor contributions, external sponsors, and the issuance of tax-exempt debt. Management incorporates in the Institute's annual operating budget the incremental amounts necessary to maintain all new facilities, and factors these increased costs into the overall capital planning process. The base operating budget carries between \$5 million and \$15 million for capital purposes including annual funding of the repair and renewal reserves, acquisition of equipment and current capital improvement projects.

DASNY Series 2002A, 2002B and 2006A are insured fixed rate bonds. DASNY Series 2008A is a general, unsecured fixed rate obligation of the Institute. Total annual debt service is incorporated in the Institute's operating budget.

On May 22, 2006, the Institute entered into an interest rate swap agreement, with a notional amount of \$40 million with JP Morgan Chase Bank, NA (counterparty) to reduce the effective interest rate on its fixed rate debt without the exchange of the underlying principal amount. Under the agreement, the counterparty pays the Institute a quarterly interest payment based on 70.6% of the weighted average of weekly resets of 5-year LIBOR. The Institute pays the counterparty a weighted average of weekly resets of the Securities Industry and Financial Markets Association (SIFMA) Municipal Swap

Index. The Institute has a collateral posting requirement at its current rating level when the market-to-market valuation of the swap is greater than or equal to a \$10.25 million liability to the Institute. As of June 30, 2009 the fair value of the interest rate swap was a liability of \$1.4 million. Certain events may trigger an early termination under the agreement at which time the Institute may be required to make a termination payment to the swap counterparty.

During fiscal year 2009 the Institute amended its interest rate swap agreement to reflect a decrease in the notional amount to \$38,060 and a change to the amortization schedule. Under the amended agreement, the quarterly interest swap payments will recommence effective October 1, 2015. The agreement will continue in effect until July 1, 2032.

Pension Plan

All full-time or extended part-time (approximately 1,040 hours per year) employees who have completed one year of service at the Institute or who have worked one full year at a college or Institute immediately preceding employment at RIT are eligible to participate in the Institute's 403(b) retirement plan (the "Plan"). Under the Plan, employees must elect a minimum of a 2% salary deferral to obtain an Institute match. For employees hired prior to January 1, 2006, the Institute contribution is 10% of eligible compensation for those employees electing a 2% salary deferral. Employees hired on or after January 1, 2006, are eligible for a graduated Institute match ranging from 4% to 9% when the employee elects a salary deferral from 2% to 5%. All retirement benefits are funded and fully vested under a defined contribution program. Employees may participate in the program through TIAA-CREF or through Fidelity Investment Corp. Total pension expense for fiscal year 2008/09 was \$16.5 million.

Insurance

The Institute carries a broad range of property and general liability coverage, including Directors and Officers liability coverage, in amounts customary for universities of the size of the Institute. Insurance presently in effect on the Institute's property is written on an all-risk policy with a limit of \$500 million on buildings and contents.

Strategic Plan and Global Initiatives

In July 2004, the Institute adopted a new 10-year strategic plan. The plan includes several guiding principles meant to maintain the Institute's growth strategy and its unique ability to offer technology-based and experiential education programs. Special emphasis is directed towards establishing a curriculum focused on innovation and creativity and emerging career areas to support the Institute's mission to prepare students for careers in a global society. The Institute places increased importance on student retention and success, community, global education, scholarship and research.

In response to the Institute's 10-year strategic plan, RIT has developed a global presence in Croatia, the United Arab Emirates, Kosovo, and the Dominican Republic. These international markets align the Institute's existing and projected academic strengths with demand. The presence of the international programs provides opportunities for faculty and students to travel, study, live and work abroad. These venues provide an enriched academic curriculum with courses and programs addressing a broad understanding of global issues.

Future Capital Plans

The Institute is evaluating the size and scope of a new facility to house its collegiate women's and men's hockey programs. The Institute is also discussing the need to construct a facility at some point in the future to house existing programs and planned new programs in health sciences which are related to a strategic alliance formed with Rochester General Health System. The Institute views the development of a greater emphasis in health sciences to be consistent with its strategic goals.

Management Discussion Fiscal Year 2009/10

Enrollment

Enrollment for Fall 2010/11 is 14,236 FTE students and 17,206 headcount. As of Fall 2009, RIT was the 12th largest private institute in the country based on full-time undergraduate enrollment and awards the 3rd largest number of undergraduate degrees in science, technology, engineering, and mathematics (the critical STEM areas) among all private universities.¹ Applications for fall undergraduate admission grew by approximately 11% (17,676 in Fall 2010 as compared to 15,921 in Fall 2009). Freshman applications grew by approximately 12% (14,992 in Fall 2010 as compared to 13,364 in Fall 2009) and applications from transfer students grew by approximately 5% (2,674 in Fall 2010 as compared to 2,557 in

¹ Integrated Postsecondary Education Data System (IPEDS) Peer Analysis System. Data for Fall 2010 will not be available until December 2010.

Fall 2009). The increase in applications was primarily a result of increased interest in the Institute's programs from women, minorities, and applicants from outside of the Mid-Atlantic and New England regions. Applications to RIT's graduate programs grew by approximately 6% (4,014 in Fall 2010 as compared to 3,773 in Fall 2009). The percentage of bachelor-seeking freshmen who returned to RIT for their second year is approximately 92%.

Financial Results²

Financial data compiled by management for the fiscal year ending June 30, 2010 indicates an operating margin of \$11.9 million or 2.6% (compared to 4.2% in 2009). Net tuition revenue grew by \$7.3 million or 3.3% in 2010 compared to an 8.6% increase in 2009, driven by a net increase in enrollment of 302 FTE and a 4.5% tuition rate increase offset by a planned increase in the net tuition discount from 32.2% to 33.8%. Unrestricted operating revenue increased by \$10.4 million or 2.3%, while expenses increased by \$17.1 million or 4.1%.

Primary contributors to the increase in expenses include increased salary expenses of 4% due to a one-time compensation payment to bring certain RIT employees up to living wage standards as well as market adjustments to selected positions. Total benefit expenses, including the operating portion of postretirement benefits, increased \$4.8 million or 7.6% as compared to \$5.1 million or 8.4% in 2009. Compensation costs including salaries, wages, benefits and post-retirement benefits represented 68.5% of total operating expenses in 2010 as compared to 68.1% in 2009.

At June 30, 2010, the Institute's endowment had a fair value of \$559.5 million as compared to \$530.4 million in 2009. The portfolio is diversified across managers with 5.0% representing the largest amount invested with any one manager. At August 31, 2010, the Institute's endowment had an estimated fair value of \$567.5 million (unaudited). The change in the fair value of the endowment from June 30, 2010 to August 31, 2010 reflects positive financial market performance.

Total net assets increased by \$25.3 million in 2010 compared to a decrease of \$132.7 million in 2009. The changes in total net assets from 2009 to 2010 primarily resulted from the following: a positive operating margin, an increase of \$29.1 million in the endowment (net of spending distribution of \$21.5 million) and capital contributions and government grants for construction totaling \$13.5 million, offset by \$29.2 million of charges primarily relating to \$26.1 million of actuarially determined postretirement benefit costs.

Free cash generated from operations, after debt service and other claims, was \$27.5 million and \$22.9 million in 2010 and 2009, respectively. The 2010 amount exceeded planned capital requirements, equipment purchases and facilities repairs, as well as additions to reserves for facilities renewal and replacement and strategic initiatives.

The Institute adopted FAS 158 effective June 30, 2007. As such, 100% of the Institute's accrued postretirement benefit obligation (APBO) is included on its balance sheet. The Institute recognized a nonoperating charge of \$21.5 million in fiscal 2010, 55.8% of which was attributable to a decrease in the discount rate with the balance of the charge due to the recent changes in the determination of healthcare costs and their anticipated impact on future years' obligations. Additionally, the Institute has recognized \$3.1 million in operating expenses and \$4.6 million in nonoperating postretirement benefits expenses.

In 2010 the Institute redeemed approximately \$1.9 million of its Series 2004A bonds that it supported using its internal liquidity. Subsequent to redemption of the 2004A bonds, RIT now has all fixed rate debt. In August 2010, RIT redeemed the Series 1999 of \$6.9 million.

As of June 30, 2010 the mark-to-market valuation of the Institute interest swap agreement was a liability of \$1.2 million to the Institute as compared to a liability of \$1.4 million to the Institute as of June 30, 2009.

Fundraising

President Destler, in conjunction with the Board of Trustees of RIT, has established an operational plan to guide fundraising activities at the Institute over the next several years. In recognition of the severe economic turmoil still persisting in the financial markets the Institute has adopted a strategy to engage donors in a series of project-specific mini campaigns. These targeted campaigns will focus on high priority needs of the Institute.

The total amount received in unrestricted and restricted private gifts, grants and contracts for fiscal year 2009/10 was \$24.3 million (unrestricted gifts, grants and contracts of \$14.7 million; temporarily restricted gifts of \$4.4 million and permanently restricted gifts of \$5.2 million).

² June 30, 2010 audited financial statements are expected to be issued in mid-November subsequent to Board of Trustees' approval.

LITIGATION

Litigation and other claims incident to the operation of the Institute are pending against the Institute. While the ultimate liability of the Institute, if any, is not presently determinable, such litigation and other claims, in the judgment of the Institute, will not in the aggregate have a material adverse effect on the Institute's current financial position.

PART 8 — AUTHORITY

Background, Purposes and Powers

The Authority is a body corporate and politic constituting a public benefit corporation. The Authority was created by the Act for the purpose of financing and constructing a variety of facilities for certain independent colleges and universities and private hospitals, certain not-for-profit institutions, public educational institutions including The State University of New York, The City University of New York and Boards of Cooperative Educational Services ("BOCES"), certain school districts in the State, facilities for the Departments of Health and Education of the State, the Office of General Services, the Office of General Services of the State on behalf of the Department of Audit and Control, facilities for the aged and certain judicial facilities for cities and counties. The Authority is also authorized to make and purchase certain loans in connection with its student loan program. To carry out this purpose, the Authority was given the authority, among other things, to issue and sell negotiable bonds and notes to finance the construction of facilities of such institutions, to issue bonds or notes to refund outstanding bonds or notes and to lend funds to such institutions.

On September 1, 1995, the Authority through State legislation (the "Consolidation Act") succeeded to the powers, duties and functions of the New York State Medical Care Facilities Finance Agency (the "Agency") and the Facilities Development Corporation (the "Corporation"), each of which will continue its corporate existence in and through the Authority. Under the Consolidation Act, the Authority has also acquired by operation of law all assets and property, and has assumed all the liabilities and obligations, of the Agency and the Corporation, including, without limitation, the obligation of the Agency to make payments on its outstanding bonds, and notes or other obligations. Under the Consolidation Act, as successor to the powers, duties and functions of the Agency, the Authority is authorized to issue and sell negotiable bonds and notes to finance and refinance mental health services facilities for use directly by the New York State Department of Mental Hygiene and by certain voluntary agencies. As such successor to the Agency, the Authority has acquired additional authorization to issue bonds and notes to provide certain types of financing for certain facilities for the Department of Health, not-for-profit corporations providing hospital, medical and residential health care facilities and services, county and municipal hospitals and nursing homes, not-for-profit and limited profit nursing home companies, qualified health maintenance organizations and health facilities for municipalities constituting social services districts. As successor to the Corporation, the Authority is authorized, among other things, to assume exclusive possession, jurisdiction, control and supervision over all State mental hygiene facilities and to make them available to the Department of Mental Hygiene, to provide for construction and modernization of municipal hospitals, to provide health facilities for municipalities, to provide health facilities for voluntary non-profit corporations, to make its services available to the State Department of Correctional Services, to make its services available to municipalities to provide for the design and construction of local correctional facilities, to provide services for the design and construction of municipal buildings, and to make loans to certain voluntary agencies with respect to mental hygiene facilities owned or leased by such agencies.

The Authority has the general power to acquire real and personal property, give mortgages, make contracts, operate dormitories and other facilities and fix and collect rentals or other charges for their use, contract with the holders of its bonds and notes as to such rentals and charges, make reasonable rules and regulations to assure the maximum use of facilities, borrow money, issue negotiable bonds or notes and provide for the rights of their holders and adopt a program of self-insurance.

In addition to providing financing, the Authority offers a variety of services to certain educational, governmental and not-for-profit institutions, including advising in the areas of project planning, design and construction, monitoring project construction, purchasing of furnishings and equipment for projects, designing interiors of projects and designing and managing projects to rehabilitate older facilities. In succeeding to the powers, duties and functions of the Corporation as described above, the scope of design and construction services afforded by the Authority has been expanded.

Outstanding Indebtedness of the Authority (Other than Indebtedness Assumed by the Authority)

At September 30, 2010, the Authority had approximately \$42.3 billion aggregate principal amount of bonds and notes outstanding, excluding indebtedness of the Agency assumed by the Authority on September 1, 1995 pursuant to the Consolidation Act. The debt service on each such issue of the Authority's bonds and notes is paid from moneys received by the Authority or the trustee from or on behalf of the entity having facilities financed with the proceeds from such issue or from borrowers in connection with its student loan program.

The Authority's bonds and notes include both special obligations and general obligations of the Authority. The Authority's special obligations are payable solely from payments required to be made by or for the account of the institution for which the particular special obligations were issued or from borrowers in connection with its student loan program. Such payments are pledged or assigned to the trustees for the holders of respective special obligations. The Authority has no obligation to pay its special obligations other than from such payments. The Authority's general obligations are payable from any moneys of the Authority legally available for the payment of such obligations. However, the payments required to be made by or for the account of the institution for which general obligations were issued generally have been pledged or assigned by the Authority to trustees for the holders of such general obligations. The Authority has always paid the principal of and interest on its special and general obligations on time and in full.

The total amounts of the Authority bonds and notes (excluding debt of the Agency assumed by the Authority on September 1, 1995 pursuant to the Consolidation Act) outstanding at September 30, 2010 were as follows:

Claims and Litigation

Although certain claims and litigation have been asserted or commenced against the Authority, the Authority believes that these claims and litigation are covered by the Authority's insurance or by bonds filed with the Authority should the Authority be held liable in any of such matters, or that the Authority has sufficient funds available or the legal power and ability to seek sufficient funds to meet any such claims or judgments resulting from such litigation.

Other Matters

New York State Public Authorities Control Board

The New York State Public Authorities Control Board (the "PACB") has authority to approve the financing and construction of any new or reactivated projects proposed by the Authority and certain other public authorities of the State. The PACB approves the proposed new projects only upon its determination that there are commitments of funds sufficient to finance the acquisition and construction of the projects. The Authority has obtained the approval of the PACB for the issuance of the Series 2010 Bonds.

Legislation

From time to time, bills are introduced into the State Legislature which, if enacted into law, would affect the Authority and its operations. The Authority is not able to represent whether such bills will be introduced or become law in the future. In addition, the State undertakes periodic studies of public authorities in the State (including the Authority) and their financing programs. Any of such periodic studies could result in proposed legislation which, if adopted, would affect the Authority and its operations.

Environmental Quality Review

The Authority complies with the New York State Environmental Quality Review Act and with the New York State Historic Preservation Act of 1980, and the respective regulations promulgated thereunder respecting the 2010 Project to the extent such acts and regulations are applicable.

Independent Auditors

The accounting firm of KPMG LLP audited the financial statements of the Authority for the fiscal year ended March 31, 2010. Copies of the most recent audited financial statements are available upon request at the offices of the Authority.

PART 9 — LEGALITY OF THE SERIES 2010 BONDS FOR INVESTMENT AND DEPOSIT

Under New York State law, the Series 2010 Bonds are securities in which all public officers and bodies of the State and all municipalities and municipal subdivisions, all insurance companies and associations, all savings banks and savings institutions, including savings and loan associations, administrators, guardians, executors, trustees, committees, conservators and other fiduciaries in the State may properly and legally invest funds in their control.

The Series 2010 Bonds may be deposited with the State Comptroller to secure deposits of State moneys in banks, trust companies and industrial banks.

PART 10 — NEGOTIABLE INSTRUMENTS

The Series 2010 Bonds are negotiable instruments as provided in the Act, subject to the provisions for registration and transfer contained in the Resolution and in the Series 2010 Bonds.

PART 11 — TAX MATTERS

In the opinion of Squire, Sanders & Dempsey L.L.P., Bond Counsel, under existing law (i) interest on the Series 2010 Bonds is excluded from gross income for federal income tax purposes under Section 103(a) of the Internal Revenue Code of 1986, as amended (the “Code”), and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations and (ii) interest on the Series 2010 Bonds is exempt from personal income taxes imposed by the State of New York and political subdivisions thereof, including The City of New York and the City of Yonkers. Bond Counsel will express no opinion as to any other tax consequences regarding the Series 2010 Bonds.

The opinion on federal tax matters will be based on and will assume the accuracy of (i) certain representations and certifications, and compliance with certain covenants, of the Authority and the Institution to be contained in the transcript of proceedings and that are intended to evidence and assure the foregoing, including that the Series 2010 Bonds are and will remain obligations the interest on which is excluded from gross income for federal income tax purposes and (ii) the opinions of Counsel to the Institution regarding, among other things, the current qualification of the Institution as an organization described in section 501(c)(3) and exempt from taxation under section 501(a) of the Code. Bond Counsel has not given any opinion or assurance concerning Section 513(a) of the Code or the effect of any future activities of the Authority or the Institution. Failure of the Institution to maintain its status as an organization described in Section 501(c)(3) of the Code, or to operate the facilities financed by the Series 2010 Bonds in a manner that is substantially related to the Institution’s charitable purpose under Section 513(a) of the Code, may cause interest on the Series 2010 Bonds to be included in gross income retroactively to the date of the issuance of the Series 2010 Bonds. Bond Counsel will not independently verify the accuracy of the Authority’s and the Institution’s certifications and representations or the continuing compliance with the Authority’s and the Institution’s covenants and will not independently verify the accuracy of the opinion of the Institution’s counsel.

The opinion of Bond Counsel is based on current legal authority and covers certain matters not directly addressed by such authority. It represents Bond Counsel’s legal judgment as to exclusion of interest on the Series 2010 Bonds from gross income for federal income tax purposes but is not a guaranty of that conclusion. The opinion is not binding on the Internal Revenue Service (“IRS”) or any court. Bond Counsel expresses no opinion about (i) the effect of future changes in the Code and the applicable regulations under the Code or (ii) the interpretation and the enforcement of the Code or those regulations by the IRS.

The Code prescribes a number of qualifications and conditions for the interest on state and local government obligations to be and to remain excluded from gross income for federal income purposes, some of which, require future or continued compliance after issuance of the Series 2010 Bonds in order for the interest to be and to continue to be so excluded from the date of issuance. Noncompliance with these requirements by the Authority or the Institution may cause the interest on the Series 2010 Bonds to be included in gross income for federal income tax purposes and thus to be subject to federal income tax retroactively to the date of their issuance. The Authority and the Institution have each covenanted to take the actions required of it for the interest on the Series 2010 Bonds to be and to remain excluded from gross income for federal income tax purposes, and not to take any actions that would adversely affect that exclusion. After the date of issuance of the Series 2010 Bonds, Bond Counsel will not undertake to determine (or to so inform any person) whether any actions taken or not taken, or any events occurring or not occurring, or any other matters coming to Bond Counsel’s

attention, may adversely affect the exclusion from gross income for federal income tax purposes of interest on the Series 2010 Bonds or the market value of the Series 2010 Bonds.

A portion of the interest on the Series 2010 Bonds earned by certain corporations may be subject to a federal corporate alternative minimum tax. In addition, interest on the Series 2010 Bonds may be subject to a federal branch profits tax imposed on certain foreign corporations doing business in the United States and to a tax imposed on excess net passive income of certain S corporations.

Under the Code, the exclusion of interest from gross income for federal income tax purposes may have certain adverse federal income tax consequences on items of income, deduction or credit for certain taxpayers, including financial institutions, certain insurance companies, recipients of Social Security and Railroad Retirement benefits, those that are deemed to incur or continue indebtedness to acquire or carry tax-exempt obligations, and individuals otherwise eligible for the earned income tax credit. The applicability and extent of these or other tax consequences will depend upon the particular tax status or other tax items of the owner of the Series 2010 Bonds. Bond Counsel will express no opinion regarding those consequences.

Payments of interest on tax-exempt obligations, including the Series 2010 Bonds, are generally subject to IRS Form 1099-INT information reporting requirements. If a Series 2010 Bond owner is subject to backup withholding under those requirements, then payments of interest will also be subject to backup withholding. Those requirements do not affect the exclusion of such interest from gross income for federal income tax purposes.

Miscellaneous

Legislation affecting tax-exempt obligations is regularly considered by the United States Congress, and legislation affecting the exemption of interest thereon for purposes of taxation by the State may be considered by the State legislature. Court proceedings may also be filed the outcome of which could modify the tax treatment of obligations such as the Series 2010 Bonds. There can be no assurance that legislation enacted or proposed, or actions by a court, after the date of issuance of the Series 2010 Bonds will not have an adverse effect on the tax status of interest on the Series 2010 Bonds or the market value of the Series 2010 Bonds.

Prospective purchasers of the Series 2010 Bonds should consult their own tax advisers regarding pending or proposed federal and state tax legislation and court proceedings, and prospective purchasers of the Series 2010 Bonds at other than their original issuance at the price indicated on the cover of this Official Statement should also consult their own tax advisers regarding other tax considerations such as the consequences of market discount, as to all of which Bond Counsel expresses no opinion.

Bond Counsel's engagement with respect to the Series 2010 Bonds ends with the issuance of the Series 2010 Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the Authority, the Institution or the owners of the Series 2010 Bonds regarding the tax status of interest thereon in the event of an audit examination by the IRS. The IRS has a program to audit tax-exempt obligations to determine whether the interest thereon is includable in gross income for federal income tax purposes. If the IRS does audit the Series 2010 Bonds, under current IRS procedures, the IRS will treat the Authority as the taxpayer and the beneficial owners of the Series 2010 Bonds will have only limited rights, if any, to obtain and participate in judicial review of such audit. Any action of the IRS, including but not limited to selection of the Series 2010 Bonds for audit, or the course or result of such audit, or an audit of other obligations presenting similar tax issues, may affect the market value of the Series 2010 Bonds.

Original Issue Discount and Original Issue Premium

Certain of the Series 2010 Bonds ("Discount Bonds") as indicated on the cover of this Official Statement were offered and sold to the public at an original issue discount ("OID"). OID is the excess of the stated redemption price at maturity (the principal amount) over the "issue price" of a Discount Bond. The issue price of a Discount Bond is the initial offering price to the public (other than to bond houses, brokers or similar persons acting in the capacity of the underwriter or wholesalers) at which a substantial amount of the Discount Bonds of the same maturity is sold pursuant to that offering. For federal income tax purposes, OID accrues to the owner of a Discount Bond over the period to maturity based on the constant yield method, compounded semiannually (or over a shorter permitted compounding interval selected by the owner). The portion of OID that accrues during the period of ownership of a Discount Bond (i) is interest excluded from the owner's gross income for federal income tax purposes to the same extent, and subject to the same considerations discussed above, as other interest on the Series 2010 Bonds, and (ii) is added to the owner's tax basis for purposes of determining gain or loss on the maturity, redemption, prior sale or other disposition of that Discount Bond. A purchaser of

a Discount Bond in the initial public offering at the price for that Discount Bond stated on the cover of this Official Statement who holds that Discount Bond to maturity will realize no gain or loss upon the retirement of that Discount Bond.

Certain of the Series 2010 Bonds (“Premium Bonds”) as indicated on the cover of this Official Statement were offered and sold to the public at a price in excess of their stated redemption price (the principal amount) at maturity. That excess constitutes bond premium. For federal income tax purposes, bond premium is amortized over the period to maturity of a Premium Bond, based on the yield to maturity of that Premium Bond (or, in the case of a Premium Bond callable prior to its stated maturity, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on that Premium Bond), compounded semiannually. No portion of that bond premium is deductible by the owner of a Premium Bond. For purposes of determining the owner’s gain or loss on the sale, redemption (including redemption at maturity) or other disposition of a Premium Bond, the owner’s tax basis in the Premium Bond is reduced by the amount of bond premium that accrues during the period of ownership. As a result, an owner may realize taxable gain for federal income tax purposes from the sale or other disposition of a Premium Bond for an amount equal to or less than the amount paid by the owner for that Premium Bond. A purchaser of a Premium Bond in the initial public offering at the price for that Premium Bond stated on the cover of this Official Statement who holds that Premium Bond to maturity (or, in the case of a callable Premium Bond, to its earlier call date that results in the lowest yield on that Premium Bond) will realize no gain or loss upon the retirement of that Premium Bond.

Owners of Discount and Premium Bonds should consult their own tax advisers as to the determination for federal income tax purposes of the amount of OID or bond premium properly accruable or amortizable in any period with respect to the Discount or Premium Bonds and as to other federal tax consequences and the treatment of OID and bond premium for purposes of state and local taxes on, or based on, income.

PART 12 — STATE NOT LIABLE ON THE SERIES 2010 BONDS

The Act provides that notes and bonds of the Authority are not a debt of the State, that the State is not liable on them and that such notes and bonds are not payable out of any funds other than those of the Authority. The Resolution specifically provides that the Series 2010 Bonds are not a debt of the State and that the State is not liable on them.

PART 13 — COVENANT BY THE STATE

The Act states that the State pledges and agrees with the holders of the Authority’s notes and bonds that the State will not limit or alter the rights vested in the Authority to provide projects, to establish and collect rentals therefrom and to fulfill agreements with the holders of the Authority’s notes and bonds or in any way impair the rights and remedies of the holders of such notes or bonds until such notes or bonds and interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of such notes or bonds are fully met and discharged. Notwithstanding the State’s pledges and agreements contained in the Act, the State may in the exercise of its sovereign power enact or amend its laws which, if determined to be both reasonable and necessary to serve an important public purpose, could have the effect of impairing these pledges and agreements with the Authority and with the holders of the Authority’s notes or bonds.

PART 14 — LEGAL MATTERS

Certain legal matters incidental to the authorization and issuance of the Series 2010 Bonds by the Authority are subject to the approval of Squire, Sanders & Dempsey L.L.P., New York, New York, Bond Counsel, whose approving opinion will be delivered with the Series 2010 Bonds. The proposed form of Bond Counsel’s opinion is set forth in Appendix E hereto.

Certain legal matters will be passed upon for the Institution by its Counsel, Nixon Peabody LLP, New York, New York. Certain legal matters will be passed upon for the Underwriters by their counsel, Edwards Angell Palmer & Dodge LLP, New York, New York.

There is not now pending any litigation restraining or enjoining the issuance or delivery of the Series 2010 Bonds or questioning or affecting the validity of the Series 2010 Bonds or the proceedings and authority under which they are to be issued.

PART 15 — UNDERWRITING

RBC Capital Markets Corporation, as representative of the Underwriters, has agreed, subject to certain conditions, to purchase the Series 2010 Bonds from the Authority at an aggregate purchase price of \$82,956,843.73 and to make a public offering of Series 2010 Bonds at prices that are not in excess of the public offering prices stated on the cover page of this Official Statement. The Underwriters will be obligated to purchase all such Series 2010 Bonds if any are purchased.

The Series 2010 Bonds may be offered and sold to certain dealers (including the Underwriters) at prices lower than such public offering prices, and such public offering prices may be changed, from time to time, by the Underwriters.

PART 16 - VERIFICATION OF MATHEMATICAL COMPUTATIONS

Causey Demgen & Moore Inc., a firm of independent public accountants, will deliver to the Authority its report indicating that it has examined, in accordance with standards established by the American Institute of Certified Public Accountants, the information and assertions provided by the Authority and its representatives. Included in the scope of its examination will be a verification of the mathematical accuracy of (a) the mathematical computations of the adequacy of the cash, the maturing principal amounts and the interest on the Investment Securities deposited with the trustee under the resolution pursuant to which the Refunded Bonds were issued to pay the redemption price of and interest coming due on the Refunded Bonds on the redemption date as described in “PART 5 - THE REFUNDING PLAN,” and (b) the mathematical computations supporting the conclusion of Bond Counsel that the Series 2010 Bonds are not “arbitrage bonds” under the Code and the applicable income tax regulations. Causey Demgen & Moore Inc. will express no opinion on the reasonableness of the assumptions provided to them, the likelihood that the principal of and interest on the Series 2010 Bonds will be paid as described in the schedules provided to them, or the exclusion of the interest on the Series 2010 Bonds from gross income for federal income tax purposes.

PART 17 — CONTINUING DISCLOSURE

In order to assist the Underwriters in complying with Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934 as amended (“Rule 15c2-12”), the Institution has undertaken in a written agreement (the “Continuing Disclosure Agreement”) for the benefit of the Bondholders to provide to Digital Assurance Certification LLC (“DAC”), on behalf of the Authority as the Authority’s disclosure dissemination agent, on or before 165 days after the end of each fiscal year, commencing with the fiscal year of the Institution ending June 30, 2010, for filing by DAC with the Municipal Securities Rulemaking Board (“MSRB”) and its Electronic Municipal Market Access system for municipal securities disclosures, on an annual basis, operating data and financial information of the type hereinafter described which is included in “PART 7 — THE INSTITUTION” of this Official Statement (the “Annual Information”), together with the Institution’s annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America and audited by an independent firm of certified public accountants in accordance with auditing standards generally accepted in the United States of America; provided, however, that if audited financial statements are not then available, unaudited financial statements shall be delivered to DAC for delivery to the MSRB when they become available.

If, and only if, and to the extent that it receives the Annual Information and annual financial statements described above from the Institution, DAC has undertaken in the Continuing Disclosure Agreement, on behalf of and as agent for the Institution and the Authority, to file such information and financial statements, as promptly as practicable, but no later than three business days after receipt of the information by DAC from the Institution, with the MSRB.

The Institution will also undertake in the Continuing Disclosure Agreement to provide to the Authority, the Trustee and DAC, in a timely manner, the notices required to be provided by Rule 15c2-12 and described below (the “Notices”). In addition, the Authority and the Trustee have undertaken, for the benefit of the Bondholders, to provide such Notices to DAC, should the Authority have actual knowledge of the occurrence of a Notice Event (as hereinafter defined). Upon receipt of Notices from the Authority, the Institution or the Trustee, DAC will file the Notices with the MSRB in a timely manner. With respect to the Series 2010 Bonds, DAC has only the duties specifically set forth in the Continuing Disclosure Agreement. DAC’s obligation to deliver the information at the times and with the contents described in the Continuing Disclosure Agreement is limited to the extent the Institution has provided such information to DAC as required by the Continuing Disclosure Agreement. DAC has no duty with respect to the content of any disclosure or Notices made

pursuant to the terms of the Continuing Disclosure Agreement and DAC has no duty or obligation to review or verify any information contained in the Annual Information, Audited Financial Statements, Notices or any other information, disclosures or notices provided to it by the Institution, the Trustee or the Authority and shall not be deemed to be acting in any fiduciary capacity for the Authority, the Institution, the Holders of the Series 2010 Bonds or any other party. DAC has no responsibility for the failure of the Authority to provide to DAC a Notice required by the Continuing Disclosure Agreement or duty to determine the materiality thereof. DAC shall have no duty to determine or liability for failing to determine whether the Institution, the Trustee or the Authority has complied with the Continuing Disclosure Agreement and DAC may conclusively rely upon certifications of the Institution, the Trustee and the Authority with respect to their respective obligations under the Continuing Disclosure Agreement. In the event the obligations of DAC as the Authority's disclosure dissemination agent terminate, the Authority will either appoint a successor disclosure dissemination agent or, alternatively, assume all responsibilities of the disclosure dissemination agent for the benefit of the Bondholders.

The Annual Information will consist of the following: (a) operating data and financial information of the type included in this Official Statement in "PART 7 - THE INSTITUTION" under the headings "OPERATING INFORMATION" and "ANNUAL FINANCIAL STATEMENT INFORMATION" relating to: (1) *student enrollment*, similar to that set forth under the heading "Fall Enrollment;" (2) *student admissions*, similar to that set forth under the heading "First Year Full-Time Applications And Enrollment," "Mean Combined Sat Scores," "Geographic Profile of Entering Freshmen By Percentage of Class" and "Degrees Conferred" (3) *tuition and other student charges*, similar to that set forth under the heading "Student Charges;" (4) *financial aid*, similar to that set forth under the subheading "Sources of Institute Scholarship Grants;" (5) *faculty*, similar to that set forth under the heading "Teaching Faculty;" (6) *employee relations*, including material information about union contracts and, unless such information is included in the audited financial statements of the Institution, retirement plans; (7) *investments*, unless such information is included in the audited financial statements of the Institution; (8) *plant values*, unless such information is included in the audited financial statements of the Institution; and (9) *outstanding long-term indebtedness*, unless such information is included in the audited financial statements of the Institution; together with (b) a narrative explanation, if necessary to avoid misunderstanding and to assist the reader in understanding the presentation of financial and operating data concerning the Institution and in judging the financial and operating condition of the Institution.

The Notices include notices of any of the following events (the "Notice Events") with respect to the Series 2010 Bonds, if material: (1) principal and interest payment delinquencies; (2) non-payment related defaults; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions or events affecting the tax-exempt status of the Series 2010 Bonds; (7) modifications to the rights of holders of the Series 2010 Bonds; (8) bond calls; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Series 2010 Bonds; and (11) rating changes. In addition, DAC will undertake, for the benefit of the Holders of the Series 2010 Bonds, to provide to the MSRB, in a timely manner, notice of any failure by the Institution to provide the Annual Information and annual financial statements by the date required in the Institution's undertaking described above.

The sole and exclusive remedy for breach or default under the Continuing Disclosure Agreement described above is an action to compel specific performance of the undertaking of DAC, the Institution, the Trustee and/or the Authority, and no person, including any Holder of the Series 2010 Bonds, may recover monetary damages thereunder under any circumstances. A breach or default under the Continuing Disclosure Agreement shall not constitute an Event of Default under the Resolution, the Series 2010 Resolution or the Loan Agreement. In addition, if all or any part of Rule 15c2-12 ceases to be in effect for any reason, then the information required to be provided under the Continuing Disclosure Agreement, insofar as the provision of Rule 15c2-12 no longer in effect required the providing of such information, shall no longer be required to be provided.

The foregoing undertaking is intended to set forth a general description of the type of financial information and operating data that will be provided; the description is not intended to state more than general categories of financial information and operating data; and where an undertaking calls for information that no longer can be generated or is no longer relevant because the operations to which it related have been materially changed or discontinued, a statement to that effect will be provided. The Continuing Disclosure Agreement, however, may be amended or modified without consent of the Holders of the Series 2010 Bonds under certain circumstances set forth therein. Copies of the Continuing Disclosure Agreement when executed by the parties thereto upon the delivery of the Series 2010 Bonds will be on file at the principal office of the Authority.

In the past five years, the Institution has not failed to comply, in any material respects, with any previous continuing disclosure undertaking entered into in connection with any tax-exempt offerings.

PART 18 — RATING

The Series 2010 Bonds have been assigned a long-term rating of “A1” by Moody’s Investors Service, Inc. (“Moody’s”). Report of Independent Auditors

To Board of Trustees
Rochester Institute of Technology

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of activities and cash flows present fairly, in all material respects, the financial position of the Rochester Institute of Technology (the "University") at June 30, 2009 and 2008, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the University's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Notes 1 and 3 to the consolidated financial statements, the University adopted SFAS 157, *Fair Value Measurements*, in 2009. Also, as discussed in Notes 1 and 5 to the consolidated financial statements, the University adopted SFAS 117-1, *Endowments of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent management of Institutional Funds Act and Enhanced Disclosures for All Endowment Funds*.

Notes to Consolidated Financial Statements

June 30, 2009 and 2008

(in thousands of dollars)

1. Summary of Significant Accounting Policies

(a) Organization

Rochester Institute of Technology (the "University") is a privately endowed, co-educational university comprised of eight colleges: Applied Science and Technology, Business, Computing and Information Sciences, Engineering, Imaging Arts and Sciences, Liberal Arts, National Technical Institute for the Deaf ("NTID") and Science.

Under an agreement with the U.S. government, the University established NTID in 1968 to provide post-secondary education and technical training for deaf and hard of hearing persons. The federal government pays approximately 74% of total operating costs of NTID including direct operating expenses plus reimbursement to the University for tuition, fees, room and board and indirect costs for NTID students using University facilities. The balance is covered from tuition collected from students and other revenues. The federal appropriation, included in government grants and contracts on the Consolidated Statements of Activities, is applied for on an annual basis and its continuation is subject to the federal government's continued support of the program. Revenues from the federal appropriation total \$63,753 and \$56,947 at June 30, 2009 and 2008, respectively.

The University, which occupies 1,300 acres in Rochester, New York, has approximately 16,500 full and part-time graduate and undergraduate students and approximately 3,100 employees.

(b) University Affiliates

The financial position and results of operations of the following affiliates are consolidated into the financial results of the University:

- The 5257 West Henrietta Road, LLC (the "Inn" or the "LLC"), doing business as the RIT Inn & Conference Center, is a single member limited liability company with the University as its sole member. The Inn is a dual-use 305-room full service hotel; approximately 170 rooms are dedicated to student housing during the academic year. The Inn is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code ("IRC"), but subject to unrelated business income tax on activities not related to the University's exempt purpose.
- Rochester Institute of Technology Global Delivery Corporation ("GDC") is a not-for-profit subsidiary of the University established to strategically develop global instructional delivery opportunities. Included in the GDC affiliate is the American College of Management and Technology ("ACMT"), a not-for-profit entity that delivers instructional services in Croatia. GDC also operates RIT Dubai in conjunction with the Dubai Silicon Oasis Authority to deliver instructional services and grant degrees in the United Arab Emirates. GDC is exempt from taxation under Section 501(c)(3) of the IRC.
- RIT High Technology Incubator, Inc. ("HTI"), doing business as Venture Creations, is a not-for-profit wholly-owned subsidiary of the University. HTI was established to promote an environment for new and technologically innovative business through the use of research created by the University, its faculty, staff and students. HTI is exempt from taxation under Section 501(c)(3) of the IRC.
- Liban, Inc. ("Liban"), a C corporation incorporated in October 2008, was established by RIT to commercially market vehicle health management systems based on technology developed by RIT's Center for Integrated Manufacturing Studies. The software monitors vehicle health and predicts future failures within the major vehicle subsystems. At June 30, RIT was the majority shareholder with a 74% equity interest in the entity, which the University received in consideration for granting specific-purpose, exclusive-use licenses to Liban. Liban is subject to corporate income taxes of the IRC.

(c) Basis of Accounting

The Consolidated Financial Statements of the University are prepared on the accrual basis of accounting in conformity with generally accepted accounting principles in the United States of America. All significant intercompany transactions and accounts have been eliminated.

(d) Classifications of Net Assets

The University reports its net assets and changes therein according to three classifications: unrestricted, temporarily restricted and permanently restricted based upon the existence or absence of donor-imposed restrictions.

Unrestricted Net Assets

Unrestricted net assets represent resources that are generally available for support of the University's activities. Uses of certain unrestricted net assets are committed through contractual agreements. Such amounts consist primarily of matching funds under student loan programs of the federal government and required trustee balances under long-term debt agreements. In addition, grants and contracts received for the performance of certain services or functions are reported in unrestricted net assets. The Board of Trustees, through voluntary resolutions, has set aside portions of the University's unrestricted net assets for long-term investment purposes, acquisition of property, plant and equipment, and ongoing maintenance of plant facilities. Net investment in plant includes net property, plant and equipment less corresponding long-term debt.

Temporarily Restricted Net Assets

Temporarily restricted net assets represent gifts of cash and other assets received with donor stipulations, including contributions via certain deferred giving trusts that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated or implicit time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Consolidated Statements of Activities as net assets released from restrictions.

Contributions to acquire property, plant and equipment are recorded as temporarily restricted net assets and are released from restrictions at the time the asset is placed in service. As a result, \$16,426 and \$21,434 of assets contributed to acquire property, plant and equipment are recorded as temporarily restricted net assets as of June 30, 2009 and 2008, respectively.

Permanently Restricted Net Assets

Permanently restricted net assets represent gifts, deferred giving trusts and pledges in which donors stipulate that the principal be held in perpetuity. The University expends part or all of the income derived from its endowment investments in accordance with donor restrictions and the University's total return spending policy.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as nonoperating increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law.

(e) Operations

Revenues earned and expenses incurred during the fiscal year are classified on the University's Consolidated Statements of Activities as either operating or nonoperating. Operating revenues and expenses consist primarily of those items attributable to the University's education and training programs, auxiliary services and research activities conducted by the University.

Nonoperating activities consist primarily of realized and unrealized gains and losses on investments and other revenue and expenses not directly associated with education and training programs and research activities.

(f) Cash and Cash Equivalents

Cash and cash equivalents are carried at fair value and include cash on deposit with financial institutions and money market funds with maturities of three months or less when purchased. Cash and cash equivalents on deposit with bond trustees include cash, money market funds and U.S. government securities with maturities of three months or less when purchased and are limited as to use for payments of debt principal and interest. Securities and cash and cash equivalents maintained by the University's investment managers as part of the intermediate and long-term investment portfolios are included in investments on the Consolidated Balance Sheets.

(g) Inventories

The University's electronics store inventory is valued at cost using the first-in, first-out ("FIFO") retail method. Other inventories are stated at the lower of cost, generally on a FIFO basis, or market value.

(h) Contributions

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. Contributions to be received after one year are discounted using a risk-free interest rate, which ranges from 2.3% to 5.1%, based upon the fiscal year in which the contribution is to be received. Amortization of discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions. An allowance for potentially uncollectible contributions receivable is provided based upon management's judgment including such factors as prior collection history, type of contribution and nature of fundraising activity.

Contributions of property, plant and equipment are recognized as revenues and assets at their estimated fair value at the date of receipt based upon appraisals or similar valuations. The assets are depreciated over their estimated useful lives.

Contributions of works of art, historical treasures and similar assets held as part of a collection, for education, research or public exhibition rather than for sale, are recognized as revenues and assets at their estimated fair value at the date of receipt based upon appraisals or similar valuations. In addition, purchased works of art, historical treasures and similar assets that are held as part of a collection have been capitalized.

(i) Investments

Investments are recorded at fair value based on quoted market prices, except for certain alternative investments, such as hedge funds and private placements for which quoted market prices may not be available. The estimated fair value of alternative investments is based on valuations provided by external investment managers. The valuations for these alternative investments necessarily involve estimates, appraisals, assumptions and methods which are reviewed by the University and external investment management.

The University does not engage directly in unhedged speculative investments; however, the Board of Trustees has authorized investments in derivatives to maintain asset class ranges, hedge non-U.S. dollar investments and currencies, and provide for defensive portfolio strategies. Derivative investments are recorded at fair value and valuation gains and losses are included in the Consolidated Statements of Activities.

To minimize the risk of loss, externally managed hedge fund investments are diversified by strategy, manager and number of positions. The risk of any derivative exposure associated with an externally managed hedge fund is limited to the amount invested with each manager. Investment managers record derivative investments at fair value. Valuation gains and losses are included on the Consolidated Statements of Activities.

(j) Property, Plant and Equipment

Land, site improvements, buildings, building improvements, equipment, gifts of software and construction-in-progress are stated at cost or fair value (if donated), less accumulated depreciation. Depreciation is recognized using the straight-line method with useful lives of 30 to 50 years for buildings, 10 to 30 years for site improvements, 5 to 20 years for furniture, fixtures and equipment, and 4 to 10 years for software. Land, works of art, historical treasures and similar assets are not depreciated. The cost and accumulated depreciation of property, plant and equipment sold or retired have been eliminated. Costs incurred for maintenance, repairs and renewals of relatively minor items are expensed as incurred.

In July 1998, the University entered into a long-term ground lease with Collegiate Housing Foundation ("the Foundation"), a national not-for-profit organization, for the construction of 768 on-campus residential housing units. Pursuant to this 30-year agreement, the financing and construction of these facilities is the exclusive responsibility of the Foundation and is reflected by the University as an operating lease. The Foundation owns these units and independently financed the construction costs of approximately \$27,000. As a result, the assets, related long-term debt and associated results of operations for the housing units are excluded from the University's financial statements.

(k) Revenue Recognition

Tuition revenue is recognized over the academic term to which it relates. Revenues from auxiliary enterprises are also generally recognized over the academic term, with the exception of Dining Services debit card balances which are included in deferred revenue until spent.

Revenues from grants and contracts are generally recognized as earned, that is, as the related costs are incurred under the grant or contract agreements. Amounts received in advance are reported as deferred revenues until expenditures are incurred.

(l) Classification of Operating Expenses

Operating expenses are reported in the Consolidated Statements of Activities by natural classification.

(m) Income Taxes

The University, a not-for-profit organization, is generally exempt from income taxes on related income under Section 501(c)(3) of the IRC.

(n) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from estimates.

(o) Derivative Instruments

The University maintains an interest rate risk management strategy that provides for maximum flexibility within its debt structure, seeks to lower its cost of capital, and manages risk on a portfolio basis. The University does not hold or issue derivative financial instruments for trading purposes.

All derivative instruments are recognized as assets or liabilities in the Consolidated Balance Sheets and measured at fair value. Changes in the fair value of derivative instruments are included in nonoperating activities in change in value of interest rate swap agreement on the Consolidated Statements of Activities.

The University uses an interest rate swap to hedge exposures to changes in interest rates on its tax-exempt debt. The University is exposed to credit loss in the event of nonperformance by the counterparty to its long-term interest rate swap.

(p) Accounting Pronouncements

Financial Accounting Standards Board Interpretation No. 48 (“FIN 48”), Accounting for Uncertainty in Income Taxes

Effective July 1, 2007, the University adopted FIN 48, an interpretation of Statement of Financial Accounting Standards 109 (SFAS 109) *Accounting for Income Taxes*. As a tax-exempt organization, the University has a very limited number of tax positions subject to FIN 48, and believes its tax positions meet the more-likely-than-not recognition threshold in FIN 48 and, as such, has included the effects of those tax positions in its financial statements.

Statement of Financial Accounting Standards No. 157 (“SFAS 157”), Fair Value Measurements

On July 1, 2008, the University adopted SFAS 157. This standard defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. SFAS 157 also establishes a framework for measuring fair values.

In October 2008, FASB issued FASB Staff Position FSP FAS 157-3, *Determining the Fair Value of a Financial Asset When the Market for That Asset is Not Active* which was effective immediately. FSP FAS 157-3 clarifies the application of SFAS 157 in cases where the market for a financial instrument is not active. The University has considered the guidance provided by FSP FAS 157-3 in its determination of estimated fair values.

Financial Accounting Standards Board Staff Position No. 117-1 (“FAS 117-1”), Endowments of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act and Enhanced Disclosures for All Endowment Funds

In August 2008, FSP 117-1 was issued, and its guidance is effective for fiscal years ending after December 15, 2008. A key component of FSP 117-1 is a requirement to classify the portion of a donor-restricted endowment fund that is not classified as permanently restricted net assets as temporarily restricted net assets until appropriated for expenditure. New York State has not yet adopted the Uniform Prudent Management of Institutional Funds Act (UPMIFA); however, for the fiscal year ended June 30, 2009, the University adopted the disclosure requirements of FSP 117-1.

Financial Accounting Standards No. 165 (“SFAS 165”), Subsequent Events

In June 2009, the FASB issued SFAS No. 165 which addresses the accounting for, and disclosure of, events occurring after the balance sheet date, but before the financial statements are issued or available that are not addressed in other applicable generally accepted accounting principles. Financial statements are considered issued when they are widely distributed to financial statement users, or considered available to be issued when they are complete in a form and format that complies with generally accepted accounting principles and all approvals necessary for issuance have been obtained. Organizations are required to recognize in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the balance sheet. The University is required to disclose the date through which subsequent events have been evaluated as well as whether that date is the date the financial statements were issued or available to be issued.

(q) Risks and Uncertainties

The University's investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least possible that changes in risks in the near term would materially affect the amounts reported in the financial statements.

(r) Reclassification

Certain amounts for 2008 have been reclassified to conform to the current year presentation.

2. Contributions Receivable

Contributions receivable and related allowances for uncollectible receivables and discounts for present value on long-term pledges are summarized as follows at June 30:

	2009	2008
Unconditional promises expected to be collected in		
Less than one year	\$ 7,752	\$ 10,991
One year to five years	12,236	16,044
Over five years	<u>200</u>	<u>1,006</u>
	20,188	28,041

Discount for present value	<u>(859)</u>	<u>(1,533)</u>
	<u>\$ 17,730</u>	<u>\$ 25,052</u>

At June 30, the University had also received certain other conditional promises to give totaling \$3,129. These intentions and conditional promises are not recognized as assets.

3. Investments

Total investments for the fiscal years ended June 30 are as follows:

	2009		2008	
	Cost	Fair Value	Cost	Fair Value
Cash and cash equivalents	\$ 43,740	\$ 43,740	\$ 43,080	\$ 43,080
Fixed income	229,886	237,954	188,222	203,282
Equity securities	196,079	171,325	223,707	260,354
Hedge funds	123,174	154,551	129,621	176,305
Private placements	104,978	95,164	101,830	119,933
Total investments	<u>\$ 697,857</u>	<u>\$ 702,734</u>	<u>\$ 686,460</u>	<u>\$ 802,954</u>

SFAS 157 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets as of the measurement date. An active market is one in which transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis. Market price data is generally obtained from exchange or dealer markets. Investments within Level 1 may include active listed equities and exchange traded funds, option contracts traded in active markets, and certain U.S. government investments and money market securities.

Level 2 – Pricing inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the same term of the assets. Inputs are obtained from various sources including market participants, dealers and brokers. Investments within Level 2 may include investment-grade corporate bonds, comingled funds, less liquid listed equities, options contracts, and certain mortgage products, bank loans, and U.S. government investments.

Rochester Institute of Technology
Notes to Consolidated Financial Statements
June 30, 2009 and 2008

(in thousands of dollars)

Level 3 – Pricing inputs are unobservable and include situations where there is little, if any, market activity for the investment. Investments within Level 3 may include insurance contracts and private equity, real assets and hedge fund limited partnerships.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics, and other factors. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Furthermore, the fair value hierarchy does not correspond to a financial instrument's relative liquidity in the market or to its level of risk. The University assumes that any transfers between levels occur at the beginning of any period.

The following is a summary of the inputs used as of June 30 to value the University's investments, based on the SFAS 157 hierarchy:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 30,745	\$ 12,995	\$ -	\$ 43,740
Fixed income	80,529	157,068	357	237,954
Equity securities	92,286	79,039	-	171,325
Hedge funds	-	-	154,551	154,551
Private placements	-	-	95,164	95,164
Total investments at fair value	<u>\$ 203,560</u>	<u>\$ 249,102</u>	<u>\$ 250,072</u>	<u>\$ 702,734</u>
Interest rate swap ¹	<u>-</u>	<u>(1,415)</u>	<u>-</u>	<u>(1,415)</u>
Total	<u>\$ 203,560</u>	<u>\$ 247,687</u>	<u>\$ 250,072</u>	<u>\$ 701,319</u>

¹ The fair value of the interest rate swap is included in "Deferred revenues and other liabilities" on the Consolidated Balance Sheet for the year ended June 30, 2009.

The following is a reconciliation of the beginning and ending balances of Level 3 investments for the fiscal year ended June 30:

	Level 3			
	Fixed Income	Hedge Funds	Private Placements	Total
Balance as of July 1, 2008	\$ 343	\$ 176,305	\$ 119,933	\$ 296,581
Gains (losses) on investments, net ¹	14	(15,418)	(32,936)	(48,340)
Purchases and sales, net	-	(6,336)	8,167	1,831
Transfers in (out) of Level 3	-	-	-	-
Balance as of June 30, 2009	<u>\$ 357</u>	<u>\$ 154,551</u>	<u>\$ 95,164</u>	<u>\$ 250,072</u>

¹ Realized and unrealized gains and losses are included in investment return in the Statement of Activities. Total unrealized losses included in Level 3 investments held at June 30 was \$40,807.

The fair value of certain hedge fund and private placement investments (collectively referred to as alternative investments), held through limited partnerships or commingled funds are based on current information obtained from the general partner or investment manager or, when available, from readily determinable market values. (The total number of managers in the alternative asset category was 52 and 51 at June 30, 2009 and 2008, respectively.) Factors used by the investment managers or general partners to value such non-marketable investments include, but are not limited to, restrictions affecting marketability, operating results, financial condition of the issuers, transactions of similar issues, industry standard valuation methodologies, and the price of the most recent financing. The University believes that these valuations are a reasonable estimate of fair value as of June 30, 2009 and 2008, but are subject to uncertainty and, therefore, may differ from the value that would have been used had an active market for all of the investments existed.

Total investment return	<u>\$ (127,531)</u>	<u>\$ 29,952</u>

4. Securities Lending

The University participates in a securities lending program in which it lends a portion of its investments to third-party borrowers through a lending agent. All securities on loan are collateralized by investments with a market value of at least 102% of the borrowed securities (or 105% in the case of securities of non-U.S. issuers). The amount of collateral required from borrowers is assessed daily based on the mark-to-market of the related securities on loan. These investments consist primarily of U.S. dollar-denominated fixed income and adjustable rate securities and U.S. government-backed obligations with generally short maturities. Cash collateral received for securities on loan is invested in Mellon GSL DBT II Collateral Fund ("Collateral Fund"), a collateral investment pool managed by the securities lending agent.

Security loans terminate upon notice by either the University or the borrower. Upon termination of the loan, the borrower must return the same, or substantially the same, investment that was borrowed. The securities lending agent bears the risk of delay in recovery of, or even loss of rights in, the securities loaned should the borrower of the securities fail financially. The University bears the risk of loss in the event the securities purchased with cash collateral depreciate in value.

At June 30, the aggregated market value of securities on loan was \$10,969. In connection therewith, the University received cash collateral of \$11,392, which is invested in the Collateral Fund. During the fiscal year ended June 30, the University recorded an unrealized loss of \$452 primarily attributable to impaired securities held by the Collateral Fund. The impaired securities were issued by Sigma Finance Corporation ("Sigma") which was put in receivership in October 2008. The impaired Sigma securities were subsequently removed from the Collateral Fund and transferred to a liquidating trust.

The securities lending transactions as of and for the fiscal years ended June 30 are as follows:

	2009	2008
Investments loaned to brokers	\$ 10,969	\$ 17,658
Investments collateral	11,392	18,362
Income from securities lending	88	109

During the fiscal year ended June 30, 2009 the University discontinued its securities lending program and intends to reduce the balances outstanding consistent with existing maturities of the related investments.

5. Endowment

The University's endowment includes both donor-restricted endowment funds and funds designated by the Board of Trustees to function as endowments. As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Trustees of the University has interpreted the New York State Prudent Management Institutional Funds Act ("SPMIFA") as requiring the preservation of the fair value of the original gift as the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the University classifies as permanently restricted net assets as: a) the original value of gifts donated to the permanent endowment; b) the original value of subsequent gifts to the permanent endowment; and, c) accumulation to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation was added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the University in a manner consistent with the standard of prudence prescribed by the SPMIFA.

In accordance with the SPMIFA, the University considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the University and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the University
- (7) The investment policies of the University

The University has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the University must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds.

To satisfy its long-term rate-of-return objectives, the University relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The University targets a diversified asset allocation that places a greater emphasis on equity-based and alternative investments to achieve its long-term objectives within prudent risk constraints.

The University currently accounts for endowment activity in two investment pools, Pool I and Pool II. Pool I is comprised of contributions, both donor-restricted and board-designated, made to the University for a variety of purposes, as well as contributions transferred from Pool II. Pool II is comprised of contributions, both donor-restricted and board-designated, made to NTID. Both pools have separate investment and spending policies.

Pool I – The University has a policy of appropriating for distribution each year 5% of its endowment fund's average fair value over the prior 20 quarters through March of the preceding fiscal year in which the distribution is planned. The distribution excludes those funds with deficiencies due to unfavorable market fluctuations. Effective as of March 2006 the University amended its spending policy to ensure that the total spending distribution is at least equal to 3.50% but not greater than 5.25% of the beginning of year portfolio market value. During periods when investment return exceeds the distribution, such excess return is added to these investments. Likewise, when investment return is less than the distribution, such deficit is funded by accumulated return. In establishing the distribution policy, the University considered the long-term expected return on its endowment. New gifts to existing funds participate in the spending policy in the quarter that begins subsequent to the date of the gift. New funds participate in the spending policy in the quarter that begins one year subsequent to the date of the gift. Accordingly, over the long term, the University expects the current spending policy to allow its endowment to grow at a rate exceeding expected inflation, consistent with the University's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

Rochester Institute of Technology
Notes to Consolidated Financial Statements
June 30, 2009 and 2008

(in thousands of dollars)

Pool II – The University established a separate investment pool (Pool II) for NTID during 1989 in accordance with the federal program established by Public Law 99-371 (August 4, 1986) to support NTID. Pool II assets are invested in a manner intended to produce price and yield results that are at least equal to a blended benchmark of 70% of the S&P 500 Index and 30% of the Barclays Capital Aggregate Bond Index, assuming a moderate level of investment risk. The federal program stipulates that the investment of annual additions to Pool II is restricted to IRC 501(f) investment organizations. The federal guidelines authorize a spending distribution from Pool II of not more than 50% of current year's investment income (interest and dividends only). After a period of 10 years, the University can elect to invest the funds consistent with the University's overall long-term investment strategy (Pool 1). At June 30, 2009 and 2008, the federal endowment was comprised of 34,909 and 29,119 units of Pool I, respectively, and 46,908 and 49,902 units of Pool II, respectively.

At June 30, 2009, the endowment net asset composition by type of fund consists of the following:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Donor-restricted funds	\$ 85,440	\$ 45,540	\$ 117,750	\$ 248,730
Board-designated funds	281,211	471	-	281,682
Total funds	<u>\$ 366,651</u>	<u>\$ 46,011</u>	<u>\$ 117,750</u>	<u>\$ 530,412</u>

Changes in endowment net assets for the fiscal year ended June 30, 2009, are as follows:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Endowment net assets, beginning of year	\$ 499,788	\$ 63,637	\$ 108,057	\$ 671,482
Investment return:				
Investment income	4,154	4,528	-	8,682
Net depreciation	(127,795)	(11,044)	(2)	(138,841)
Total investment return	<u>(123,641)</u>	<u>(6,516)</u>	<u>(2)</u>	<u>(130,159)</u>
Contributions	-	1,998	9,695	11,693
Amounts appropriated for expenditure	(11,738)	(12,393)	-	(24,131)
Other changes:				
Transfers to create board-designated endowment funds	1,527	-	-	1,527
Releases	715	(715)	-	-
Total other changes	<u>2,242</u>	<u>(715)</u>	<u>-</u>	<u>1,527</u>
Endowment net assets, end of year	<u>\$ 366,651</u>	<u>\$ 46,011</u>	<u>\$ 117,750</u>	<u>\$ 530,412</u>

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or the SPMIFA requires the University to retain as a fund of perpetual duration. Deficiencies of this nature, reported in unrestricted net assets, were \$101 as of June 30, 2009. These deficiencies resulted from unfavorable market fluctuations that occurred shortly after the investment of new permanently restricted contributions and continued appropriation for certain programs deemed prudent by the Board of Trustees. There were no such deficiencies as of June 30, 2008.

7. Asset Retirement Obligations

In accordance with FASB Interpretation No. 47 ("FIN 47"), *Accounting for Conditional Asset Retirement Obligations*, the University recalculates its asset retirement obligations (ARO's) annually, adjusting both the liability, included in deferred revenues and other liabilities, and the associated asset retirement costs, included in property, plant and equipment on the Consolidated Balance Sheets. The following schedule shows the changes in ARO from June 30, 2008 to June 30, 2009:

ARO balance as of June 30, 2008	\$ 14,863
Change in estimate	988
Abatement liability settled	(824)
Accretion expenses	727
ARO balance as of June 30, 2009	<u>\$ 15,754</u>

The above change in estimate was made in conjunction with the associated changes in asset retirement cost and accumulated depreciation as follows:

	Asset Retirement Cost	Accumulated Depreciation
Balance as of June 30, 2008	\$ 4,814	\$ 3,267
Change in estimate	(101)	123

Balance as of June 30, 2009	<u>\$ 4,713</u>	<u>\$ 3,469</u>

8. Benefit Plans

Pension Plan

The University participates in contributory, defined contribution pension plans that are in accordance with IRC Section 403(b). These plans are administered by the Teachers Insurance Annuity Association-College Retirement Equities Fund (TIAA-CREF) and Fidelity Investments for substantially all full-time employees. It is the University's policy to currently fund defined contribution pension costs as they are incurred. Total pension contribution expense for 2009 and 2008 was \$16,484 and \$15,298, respectively.

Postemployment Benefits

The accrued postemployment benefits of the University were \$2,425 and \$2,392 at June 30, 2009 and 2008, respectively.

Postretirement Benefits

The University sponsors a defined benefit postretirement medical plan that covers substantially all employees. Employees may retire if they are at least 55 years old (50 if hired prior to July 1996) with at least 10 years of full-time service (5 years if hired prior to July 1, 1990) and age plus service totals at least 70 at retirement. The plan is contributory and retiree contributions are assumed to increase at the same rate as active employee contributions. The University's postretirement medical plan is not funded.

The University maintains an employer funded Retirement Medical Account ("RMA") for retirees hired on or after January 1, 2004. The funds in the RMAs may be used for Medicare and private medical insurance premiums only. During fiscal year 2008, the RMA contributions for retirees increased and eligibility was extended to all employees under 35 years of age as of January 1, 2008, irrespective of their adjusted date of hire. The impact of this adoption in fiscal year 2009 was a decrease in postretirement benefit expense of \$112 included in other nonoperating activities on the Consolidated Statement of Activities.

For the fiscal year ending June 30, \$2,582 and \$2,787 in postretirement benefit expense was allocated to operating and non-operating activities, respectively, on the University's Consolidated Statements of Activities.

The following table represents the Plan's funded status as of June 30:

	2009	2008
Change in projected benefit obligation		
Postretirement benefit obligation at beginning of year	\$ 98,873	\$ 105,739

Effect on total of service and interest cost components	\$ 1,381	\$ (1,114)
Effect on postretirement benefit obligation	15,955	(13,576)

Benefit Payments

At June 30, the aggregated future estimated postretirement benefit payments, which reflect future services, are as follows:

Fiscal Year(s)	Employer Payments
2010	3,318
2011	3,694
2012	4,043
2013	4,427
2014	4,742
2015-2019	28,628

The University expects to recognize postretirement benefit amortization in fiscal 2010 of \$1,495, comprised of \$894 for prior service credit and \$601 for actuarial gain.

Contributions

The University's contributions to the postretirement benefit plan, net of participant contributions, are estimated to be \$3,318 for fiscal year 2010.

Self-insurance Plans

The University is self-insured for prescription drug and dental benefits. Additionally, on January 1, 2009 the University adopted a self-insured benefit plan for health care. Based on estimates provided by actuaries, the University's obligation for incurred but not reported claims was \$1,343 as of June 30. The University is also self-insured for workers compensation and has established a liability for asserted and unasserted claims totaling \$3,150 and \$2,960 as of June 30, 2009 and 2008, respectively. These amounts are included in accounts payable and accrued expenses on the Consolidated Balance Sheets.

9. Student Loan Advances

Federal Perkins Loan Program advances of \$21,659 and \$21,389 at June 30, 2009 and 2008, respectively, are ultimately refundable to the U.S. government and are classified as liabilities on the University's Consolidated Balance Sheets. Additionally, for the year ended June 30, 2009, RIT advanced \$1,122 to provide additional loans to qualified students under the program. Due to the nature and terms of student loans that are subject to significant restrictions, it is not practicable to determine the fair value of such receivables.

10. Student Aid

Student tuition and fees are presented in the Consolidated Statements of Activities net of scholarships as follows:

	2009	2008
Institutional support	98,447	90,366
Sponsored support	7,646	8,329
	<u>\$ 106,093</u>	<u>\$ 98,695</u>

Institutional support includes financial aid and merit scholarships awarded to students from unrestricted operating resources. Sponsored support includes financial aid and scholarships funded from restricted and University designated resources and external sources, including federal, state or private grants and/or gifts.

The required principal payments for long-term debt for each of the years in the five-year period ending June 30, 2014 and thereafter are presented below. The schedule has been prepared based on the contractual maturities as of the debt outstanding at June 30:

2010	\$ 5,739
2011	11,382
2012	6,239
2013	6,070
2014	6,394
Thereafter	175,098
	<u>\$ 210,922</u>

The estimated fair value of the University's debt was \$217,353 and \$139,986 at June 30, 2009 and 2008, respectively. Estimated fair value is based on quoted market prices for the same or similar issues. The University is not required to settle its debt obligations at fair value.

Tax-Exempt Bonds

The University's tax-exempt bonds are issued through DASNY, a New York State agency serving as a conduit issuer of tax-exempt debt. The total net unamortized premium of tax-exempt revenue bonds was \$3,935 and \$4,858 at June 30, 2009 and 2008, respectively.

Deposits with bond trustees consist of debt service funds and the unexpended proceeds of certain debt. These funds will be used for construction of, or payment of, debt service on certain facilities. Deposits with bond trustees totaling \$60,076 and \$7,678 are included in cash and cash equivalents on deposit with bond trustees and investments in the Consolidated Balance Sheets as of June 30, 2009 and 2008, respectively.

Proceeds from tax-exempt revenue bonds were used as follows:

DASNY 1999 Series – Insured revenue bonds were issued to construct and renovate various academic buildings and upgrade a campus-wide communication network.

DASNY 2002A and 2002 B Series – Insured revenue bonds were issued to construct and renovate various buildings on campus.

DASNY 2006 Series – Insured revenue bonds were issued to advance refund a substantial portion of the outstanding aggregate principal amount of Series 1997 issued to refund the remaining obligation of general and unconditional obligation Series E revenue bonds. Proceeds were also used to renovate on-campus housing facilities and improve the technological infrastructure of the University.

DASNY 2008A Series – During the fiscal year ended June 30, the University entered into an agreement with DASNY whereby DASNY issued \$85,000 in revenue bonds (Series 2008A). This agreement is a general, unsecured obligation of the University. These bonds are comprised of 15 serial bonds and 2 term bonds, issued at a discount of \$648. Proceeds are being used for the construction of a new mixed-use residential on-campus housing complex and retail complex, the renewal, replacement and expansion of existing heating and cooling infrastructure and energy management on the University's campus, and the renovation of academic and administrative buildings.

Taxable Adjustable Rate Bonds

Rochester Institute of Technology Series 2004A taxable adjustable rate bonds were issued to refinance a note payable for the University's subsidiary, The 5257 West Henrietta Road, LLC. The Series 2004 bonds are variable rate demand bonds bearing interest determined weekly by a remarketing agent.

The Series 2004A bonds are subject to tender for purchase at the option of the holders with seven days notice and are subject to mandatory tender for purchase upon conversion to a fixed rate or upon the substitution of the liquidity facility as defined in the bond documents. Purchases are payable from proceeds available from the remarketing of tendered Series 2004A bonds, from monies obtained under the liquidity facility, or from monies furnished by or on behalf of the University in accordance with the bond documents.

Under the agreement, the University has established a self-liquidating agreement consenting to continuously own qualified investments in at least the coverage amount as of each valuation date. The coverage amount is defined as the fair market value of the qualified investments in an amount equal to 120% of the outstanding principal amount of the bonds.

During the fiscal year ended June 30, \$8,755 of Series 2004A bonds were tendered to the trustee and not remarketed. The University drew on its self-liquidity agreement for payment of principal and accrued interest and extinguished the tendered bonds. University management believes that the tenders and failed remarketing was an unprecedented event due primarily to the credit crises in the capital markets.

The total net unamortized premium of taxable adjustable rate bonds was \$54 and \$70 at June 30, 2009 and 2008, respectively.

Capital Leases

The University has entered into various capital equipment and furniture lease agreements.

Interest Rate Swap

In fiscal year 2006 the University entered into an interest rate swap agreement, with a notional amount of \$40,000, to reduce the effective interest rate on its fixed rate debt without the exchange of the underlying principal amount. Under the agreement, the counterparty pays the University a quarterly interest payment based on 70.6% of the weighted average of weekly resets of 5-year LIBOR. The University pays the counterparty a weighted average of weekly resets of the Securities Industry and Financial Markets Association (SIFMA) Municipal Swap Index.

During fiscal year 2009 the University amended its interest rate swap agreement to reflect a decrease in the notional amount to \$38,060 and a change to the amortization schedule. This transaction resulted in a partial termination payment from the counterparty of \$934 which was recorded in nonoperating activities as an adjustment to the change in value of interest rate swap agreement. Under the amended agreement, the quarterly interest swap payments will recommence effective October 1, 2015. The agreement will continue in effect until July 1, 2032.

The University has a collateral posting requirement at its current rating level when the fair value of the swap is greater than or equal to a \$10,250 liability to the University. As of June 30 the fair value of the interest rate swap was a liability of \$1,415 and was recorded in deferred revenue and other liabilities on the Consolidated Balance Sheet. Certain events may trigger an early termination under the agreement at which time the University may be required to make a termination payment to the swap counterparty.

For purposes of reporting fundraising expenses, the University includes costs incurred by its Development Office and a portion specifically identifiable as fundraising expenses within its Alumni Relations Office.

13. Commitments and Contingencies

The University is involved in legal actions arising in the normal course of activities and is subject to periodic audits and inquiries by various regulatory agencies. Although the ultimate outcome of such matters is not determinable at this time, management, after taking into consideration advice of legal counsel, believes that the resolution of pending matters will not have a materially adverse effect, individually or in the aggregate, upon the University's financial statements.

The University is obligated, under certain limited partnership agreements, to make additional capital contributions up to contractual levels. The timing and amounts of the contributions will be determined by the general partners. Such commitments were approximately \$107,680 and \$102,565 at June 30, 2009 and 2008, respectively.

The University was committed under several construction contracts amounting to approximately \$32,686 and \$42,260 at June 30, 2009 and 2008, respectively. These contracts relate to the renovation and construction of various on-campus facilities including projects totaling \$18,151 funded by the University's 2008A Series debt issue.

14. Subsequent Event

Subsequent events have been evaluated through November 13 2009, which is the date the financial statements were available to be issued.

(d) The Authority, for the convenience of the Institution, shall furnish to the Institution statements of the due date, purpose and amount of payments to be made pursuant to the Loan Agreement. The failure to furnish such statements shall not excuse non-payment of the amounts payable under the Loan Agreement at the time and in the manner provided by the Loan Agreement. The Institution shall notify the Authority as to the amount and date of each payment made to the Trustee by the Institution.

(e) The Authority shall have the right in its sole discretion to make on behalf of the Institution any payment required pursuant to the provisions of the Loan Agreement summarized herein which has not been made by the Institution when due. No such payment by the Authority shall limit, impair or otherwise affect the rights of the Authority under the provisions of the Loan Agreement summarized under the heading **“Defaults and Remedies”** below arising out of the Institution’s failure to make such payment and no payment by the Authority shall be construed to be a waiver of any such right or of the obligation of the Institution to make such payment.

(f) The Institution, if it is not then in default under the Loan Agreement, shall have the right to make voluntary payments in any amount to the Trustee. In the event of a voluntary payment, the amount so paid shall be deposited in the Debt Service Fund and applied in accordance with the Resolution or held by the Trustee for the payment of Bonds in accordance with the Resolution. Upon any voluntary payment by the Institution or any payment made pursuant to the provisions of the Loan Agreement summarized under the heading **“Sale of the Project”** below, the Authority agrees to direct the Trustee to purchase or redeem Bonds in accordance with the Resolution or to give the Trustee irrevocable instructions in accordance with the Resolution with respect to such Bonds; **provided, however**, that in the event such voluntary payment is in the sole judgment of the Authority sufficient to pay all amounts then due under the Loan Agreement and under the Resolution, including the purchase or redemption of all Bonds Outstanding, or to pay or provide for the payment of all Bonds Outstanding in accordance the Resolution, the Authority agrees, in accordance with the instructions of the Institution, to direct the Trustee to purchase or redeem all Bonds Outstanding, or to cause all Bonds Outstanding to be paid or to be deemed paid in accordance with the Resolution.

(g) If the Institution elects to purchase Bonds, with the written consent of the Authority, the Institution shall give written notice to the Authority and the Trustee whenever Bonds are to be purchased at the election of the Institution, which written notice shall include the maturity and principal amount of the Bonds to be so purchased. All such purchases shall be subject to the condition that money for the payment of the purchase price therefor is available on the date set for each such purchase.

(Section 9)

Security Interest in Pledged Revenues.

As security for the payment of all liabilities and the performance of all obligations of the Institution pursuant hereto, the Institution does hereby continuously pledge, grant a security interest in, and assign to the Authority the Pledged Revenues, together with the Institution's right to receive and collect the Pledged Revenues and the proceeds of the Pledged Revenues. The Institution represents and warrants that no part of the Pledged Revenues or any right to receive or collect the same or the proceeds thereof is subject to any lien, pledge, security interest or assignment, and that the Pledged Revenues assigned pursuant hereto are legally available to provide security for the Institution's performance under the Loan Agreement. The Institution agrees that it shall not hereafter create or permit the creation of any pledge, assignment, encumbrance, restriction, security interest in or other commitment of or with respect to the Pledged Revenues which is prior or equal to the pledge made by this Section.

(Section 11)

Collection of Pledged Revenues.

(a) Subject to the Loan Agreement, commencing on the date on which the Bonds are first issued and delivered and continuing until no Bonds are Outstanding, the Institution shall deliver to the Trustee for deposit in accordance with Section 5.05 of the Resolution all Pledged Revenues within ten (10) days following the Institution's receipt thereof unless and until there is on deposit in the Debt Service Fund an amount at least equal to the sum of (i) the interest coming due on or prior to the earlier of the next succeeding January 1 or July 1, assuming that Variable Interest Rate Bonds will, from and after the next succeeding date on which the rates at which such Variable Interest Rate Bonds bear interest are to be determined, bear interest at a rate per annum equal to the rate per annum at which such Variable Interest Rate Bonds then bear interest, plus one percent (1%) per annum, (ii) the principal and Sinking Fund Installments of Outstanding Bonds payable on and prior to the next succeeding July 1, and (iii) the Redemption Price or purchase price of Outstanding Bonds theretofore called for redemption or contracted to be purchased (other than Option Bonds tendered or deemed to have been tendered for purchase or redemption), and accrued interest thereon to the date of redemption or purchase. In the event that, pursuant to the Loan Agreement, the Authority notifies the Institution that account debtors are to make payments directly to the Authority or to the Trustee, such payments shall be made directly to the Authority or the Trustee notwithstanding anything contained in this subdivision, but the Institution shall continue to deliver to the Trustee for deposit in accordance with Section 5.05 of the Resolution any payments received by the Institution with respect to the Pledged Revenues.

(b) Notwithstanding anything to the contrary in paragraph (a) summarized above, in the event that, on or prior to the date on which a payment is to be made pursuant to Section 9(a) of the Loan Agreement on account of the principal, Sinking Fund Installments or Redemption Price of or interest on Outstanding Bonds, the Institution has made such payment from its general funds or from any other money legally available to it for such purpose, the Institution shall not be required solely by virtue of paragraph (a) summarized above, to deliver Pledged Revenues to the Trustee.

(c) Any Pledged Revenues collected by the Institution that are not required to be paid to the Trustee pursuant to provisions of the Loan Agreement shall be free and clear of the security interest granted by the Loan Agreement and may be disposed of by the Institution for any of its corporate purposes provided that no Event of Default (as defined in the Loan Agreement) nor any event which but for the passage of time or the receipt of notice or both would be an Event of Default has occurred and is continuing.

(Section 12)

perform any act, enter into any agreement or use or permit the Project to be used in a manner, or for any trade or business unrelated to the educational purposes of the Institution, which could adversely affect the exclusion of interest on the Bonds from federal gross income pursuant to Section 103 of the Code.

(Section 16)

(Section 17)

The Institution covenants that it will (i) maintain its corporate existence, (ii) continue to operate as a non-profit educational organization, (iii) obtain, maintain and keep in full force and effect such governmental approvals, consents, licenses, permits and accreditation as may be necessary for it to continue to so operate, (iv) except as expressly permitted by the Loan Agreement, not dissolve or otherwise dispose of all or substantially all of its assets or consolidate with or merge into another person or permit one or more persons to consolidate with or merge into it. The Institution, with the prior written consent of the Authority, may (A) sell or otherwise transfer all or substantially all of its assets to, or consolidate with or merge into, another organization or corporation which qualifies as an organization described in Section 501(c)(3) of the Code, or any successor provision of federal income tax law, (B) permit one or more corporations or any other organization to consolidate with or merge into it, or (C) acquire all or substantially all of the assets of one or more corporations or other organizations. Notwithstanding the foregoing provisions, no disposition, transfer, consolidation or merger otherwise permitted by the Loan Agreement shall be permitted unless (1) the same would not in the opinion of Bond Counsel adversely affect the exclusion of interest on any Bond from gross income for purposes of federal income taxation, (2) the Institution will not as a result thereof be in default under the Loan Agreement or under any Related Agreement, (3) the surviving, resulting or transferee corporation, as the case may be, is incorporated under the laws of the State and is qualified as an organization described in Section 501(c)(3) of the Code or any successor provision of federal income tax law, and (4) the surviving, resulting or transferee corporation of the Institution assumes in writing all of the obligations of the Institution under the Loan Agreement, under the Continuing Disclosure Agreement, and under the Related Agreements, and furnishes to the Authority (x) a certificate to the effect that upon such sale, transfer, consolidation, merger or acquisition such corporation will be in compliance with each of the provisions of the Loan Agreement and of the Related Agreements, and will meet the requirements of the Act, and (y) such other certificates and documents as the Authority may reasonably require to establish compliance with the Loan Agreement.

(Section 19)

Appendix C

Use and Possession of the Project

Subject to the rights, duties and remedies of the Authority under the Loan Agreement, the Institution shall have sole and exclusive control and possession of and responsibility for (i) the Project, (ii) the operation of the Project and supervision of the activities conducted therein or in connection with any part thereof and (iii) the maintenance, repair and replacement of the Project; **provided, however,** that, except as otherwise limited by the Loan Agreement, the foregoing shall not prohibit use of the Project by persons other than the Institution or its students, staff or employees in furtherance of the Institution's corporate purposes, if such use will not adversely affect the exclusion of interest on any Bonds from gross income for federal income tax purposes.

(Section 20)

Restrictions on Religious Use

The Institution agrees that with respect to the Project or portion thereof, so long as such Project or portion thereof exists and unless and until such Project or portion thereof is sold for the fair market value thereof, such Project or portion thereof shall not be used for sectarian religious instruction or as a place of religious worship or in connection with any part of a program of a school or department of divinity for any religious denomination; **provided, however,** that the foregoing restriction shall not prohibit the free exercise of any religion; **provided, further,** that if at any time after the date of the Loan Agreement, in the opinion of Bond Counsel, the then applicable law would permit the Project or portion thereof to be used without regard to the above stated restriction, said restriction shall not apply to such Project and each portion thereof. The Authority and its agents may conduct such inspections as the Authority deems necessary to determine whether the Project or any portion or real property thereof financed by Bonds is being used for any purpose proscribed by the Loan Agreement. The Institution further agrees that prior to any disposition of any portion of the Project for less than fair market value, it shall execute and record in the appropriate real property records an instrument subjecting, to the satisfaction of the Authority, the use of such portion of such Project to the restriction that (i) so long as such portion of such Project (and, if included in the Project, the real property on or in which such portion of such Project is situated) shall exist and (ii) until such portion of such Project is sold or otherwise transferred to a person who purchases the same for the fair market value thereof at the time of such sale or transfer, such portion of such Project shall not be used for sectarian religious instruction or as a place of religious worship or used in connection with any part of the program of a school or department of divinity of any religious denomination. The instrument containing such restriction shall further provide that such restriction may be enforced at the instance of the Authority or the Attorney General of the State, by a proceeding in any court of competent jurisdiction, by injunction, mandamus or by other appropriate remedy. The instrument containing such restriction shall also provide that if at any time thereafter, in the opinion of Bond Counsel, the then applicable law would permit such portion of the Project, or, if included in the Project, the real property on or in which such portion is situated, to be used without regard to the above stated restriction, then said restriction shall be without any force or effect. For the purposes of the Loan Agreement an involuntary transfer or disposition of the Project or a portion thereof, upon foreclosure or otherwise, shall be considered a sale for the fair market value thereof.

(Section 21)

Sale of the Project

The Institution covenants that it will not transfer, sell or convey the Project or any part thereof or interest therein, including development rights, without the prior approval of the Authority, unless (a) in the opinion of Bond Counsel, the same will not adversely affect the exclusion of interest on any Bond from gross income for federal income tax purposes and (b) the Institution pays to the Trustee either for deposit into the Debt Service Fund, or, pursuant to the Resolution, to be set aside or to purchase Defeasance Securities in accordance with the direction of the Authority.

Notwithstanding the foregoing, the Institution may remove equipment, furniture or fixtures that is part of the Project and was financed with the proceeds of Bonds provided that the Institution substitutes for such equipment, furniture or fixtures additional equipment, furniture or fixtures having a value and utility at least equal to the equipment, furniture or fixtures removed or replaced.

(Section 22)

Maintenance, Repair and Replacement

The Institution agrees that, throughout the term of the Loan Agreement, it shall, at its own expense, hold, operate and maintain the Project in a careful, prudent and economical manner, and keep the same, with the appurtenances and every part and parcel thereof, in good repair, working order and safe condition and shall from time to time make all necessary and proper repairs, replacements and renewals so that at all times the operation thereof may be properly and advantageously conducted. The Institution shall give the Authority not less than fifteen (15) days prior written notice of its intention to make a change or alteration that materially alters the scope or nature of the Project or a portion thereof. The Institution shall have the right to remove or replace any type of fixtures, furnishings and equipment in the Project which may have been financed by the proceeds of the sale of Bonds provided the Institution substitutes for any such removed or replaced fixtures, furnishings and equipment, additional fixtures, furnishings and equipment having equal or greater value and utility than the fixtures, furnishings and equipment so removed or replaced.

The Institution further agrees that it shall pay at its own expense all extraordinary costs of maintaining, repairing and replacing the Project except insofar as funds are made available therefor from proceeds of insurance, condemnation or eminent domain awards.

(Section 23)

Covenant as to Insurance

(a) The Institution agrees to maintain or cause to be maintained insurance with insurance companies or by means of self-insurance, insurance of such type, against such risks and in such amounts as are customarily carried by private colleges and universities located in the State of a nature similar to that of the Institution, which insurance shall include property damage, fire and extended coverage, public liability and property damage liability insurance in amounts estimated to indemnify the reasonably anticipated damage, loss or liability, subject to reasonable deductible provisions. The Institution shall at all times also maintain worker's compensation coverage and disability benefits insurance coverage as required by the laws of the State.

(b) The Institution shall furnish to the Authority annually (1) a certificate or report of an Insurance Consultant that the insurance coverage maintained by the Institution is adequate and in accordance with the standards above, and (2) any certificates of workers' compensation insurance and disability benefits insurance coverage required by the New York State Workers' Compensation Board.

(c) If the Authority shall so request in writing, the Institution shall provide to the Authority summaries or other evidence of its insurance coverage and shall obtain endorsements reasonably requested by the Authority.

(Section 24)

Damage or Condemnation

In the event of a taking of the Project or any portion thereof by eminent domain or condemnation, or of damage or destruction affecting all or part thereof, all property casualty insurance, condemnation or eminent domain proceeds shall, if in excess of \$250,000 and not applied to reimburse the Institution for costs incurred to repair or

Appendix C

restore the same, be paid to the Trustee for deposit in the Construction Fund. All proceeds derived from an award for such taking or from property casualty insurance shall be applied as provided below.

(i) If within one hundred twenty (120) days (or such longer period as the Authority and the Institution may agree) after the Authority receives actual notice or knowledge of the taking or damage, the Institution and the Authority agree in writing that the property or the affected portion thereof shall be repaired, replaced or restored, the Institution shall proceed to repair, replace or restore the same, or the affected portion thereof, including all fixtures, furniture, equipment and effects, to its original condition insofar as possible with such changes and additions as shall be appropriate to the needs of the Institution and approved in writing by the Authority. The funds required for such repair, replacement or restoration shall be paid, subject to such conditions and limitations as the Authority may impose, from the proceeds of insurance, condemnation or eminent domain awards received by reason of such occurrence and to the extent such proceeds are not sufficient, from funds to be provided by the Institution.

(ii) If no agreement for the repair, restoration or replacement of the property or affected portion shall have been reached by the Authority and the Institution within such period, the proceeds then held by the Institution shall be paid the Trustee for deposit in the Debt Service Fund and the proceeds then held in the Construction Fund shall be transferred to the Debt Service Fund, whereupon such proceeds shall be applied to the purchase or redemption of Outstanding Bonds.

(Section 25)

Taxes and Assessments

The Institution shall pay when due at its own expense, and hold the Authority harmless from, all taxes, assessments, water and sewer charges and other impositions, if any, which may be levied or assessed upon the Project or any part thereof, and upon all ordinary costs of operating, maintaining, repairing and replacing such Project and its equipment. The Institution shall file exemption certificates as required by law. The Institution agrees to exhibit to an Authorized Officer of the Authority within ten (10) days after written demand by the Authority, certificates or receipts issued by the appropriate authority showing full payment of all taxes, assessments, water and sewer charges and other impositions; **provided, however**, that the good faith contest of such impositions shall be deemed to be complete compliance with the requirements of the Loan Agreement if the Institution sets aside such reserves as may be required by good accounting practice. Notwithstanding the foregoing, the Authority in its sole discretion, after notice in writing to the Institution, may pay any such charges, taxes and assessments if, in the reasonable judgment of the Authority, the Project or any part thereof would be in substantial danger by reason of the Institution's failure to pay such charges, taxes and assessments of being sold, attached, forfeited, foreclosed, transferred, conveyed, assigned or otherwise subjected to any proceeding, equitable remedy, lien, charge, fee or penalty that would impair (i) the interests or security of the Authority under the Loan Agreement or under the Resolution; (ii) the ability of the Authority to enforce its rights thereunder; (iii) the ability of the Authority to fulfill the terms of any covenants or perform any of its obligations under the Loan Agreement or under the Resolution; or (iv) the ability of the Institution to fulfill the terms of any covenants or perform any of its obligations under the Loan Agreement and the Institution agrees to reimburse the Authority for any such payment, with interest thereon from the date payment was made by the Authority at a rate equal to the highest rate of interest payable on any investment held for the Debt Service Fund on the date such payment was made by the Authority.

(Section 26)

Defaults and Remedies

As used in the Loan Agreement the term "**Event of Default**" shall mean:

(i) the Institution shall (A) default in the timely payment of any amount payable pursuant to the Loan Agreement (other than as described in subsection (B) below, or the payment

(Section 30)

Investment of Moneys

The Institution acknowledges that the Authority may in its sole discretion direct the investment of certain moneys held under the Resolution and the Series Resolution as provided therein and that no representation or warranty has been made by the Authority with respect to interest rates on, or the amount to be earned as a result of, any such investment. Neither the Authority nor the Trustee shall have any liability arising out of or in connection with the making of any investment authorized by the provisions of the Resolution summarized in Appendix D under the heading “**Security for Deposits and Investment of Funds**” in the manner provided therein, or for any loss, direct or indirect, resulting from any such investment. The Authority agrees that it shall direct the making of investments as permitted by the Resolution as soon as practicable when moneys are legally available therefor.

(Section 32)

Limitation on Agreements

The Institution shall not enter into any contract or agreement which impairs the Institution’s ability to comply with the provisions of the Loan Agreement relating to financial obligations of the Institution in any material respect.

(Section 34)

Arbitrage; Tax Exemption

Each of the Institution and the Authority covenants that it shall take no action, nor shall it approve the Trustee’s taking any action or making any investment or use of the proceeds of the Bonds, which would cause the Bonds to be “arbitrage bonds” within the meaning of Section 148(a) of the Code, and any proposed or final regulations thereunder as are applicable to the Bonds at the time of such action, investment or use. Neither the Institution nor any “related person” (as such term is defined for purposes of Section 148 of the Code) shall purchase Bonds other than for delivery to and cancellation by the Trustee, unless the Trustee shall receive an opinion of Bond Counsel to the effect that the purchase by the Institution or by a related person of Bonds will not cause interest on the Bonds to be included in the gross income of the owners of such Bonds for purposes of federal income taxation.

The Institution covenants that it will not take any action or fail to take any action which would cause any representation or warranty of the Institution contained in the Tax Certificate then to be untrue and shall comply with all covenants and agreements of the Institution contained in the Tax Certificate, in each case to the extent required by and otherwise in compliance with such Tax Certificate.

The Authority has undertaken full responsibility for performing rebate calculations that may be required to be made from time to time with respect to the Bonds. Upon request, the Institution covenants that it will provide such information as the Authority deems necessary to calculate the yield on the Bonds and any other information as may be necessary to prepare the rebate calculation to the Authority or an entity which the Authority has designated no less than once a year measured from the date of issuance of the Bonds. The Institution shall be obligated to pay the costs in connection therewith in accordance with the Loan Agreement. The Authority shall retain in its possession, so long as required by the Code, copies of all documents, reports and computations made by it in connection with the calculation of excess earnings and the rebate of all or a portion thereof to the Department of the Treasury of the United States of America, which shall be subject at all reasonable times to the inspection of the Institution and its agents and representatives, any of whom may make copies thereof. Upon written request from the

Institution, the Authority shall as soon as practicable provide the Institution with a copy of such documents, reports and computations.

(Section 35)

Limitation on Authority Rights

As long as no Event of Default has occurred and is continuing, and no event has occurred that, with the giving of notice or lapse of time, or both, would constitute an Event of Default, the Authority will not, without the prior written consent of the Institution (i) change the dates on which an Option Bond is to be tendered for purchase or the period during which a Variable Interest Rate Bond is to bear interest at a particular rate, (ii) convert a Variable Interest Rate Bond to bear interest at a fixed rate to its maturity, (iii) seek the removal or resignation of a Remarketing Agent or appoint a successor Remarketing Agent, (iv) amend or modify the dates on or Redemption Price at which a Variable Interest Rate Bond after its conversion to bear interest at a fixed rate to the maturity date thereof may be redeemed at the election or direction of the Authority in accordance with the Resolution or (v) remarket at a price other than par any Option Bond tendered or deemed to have been tendered for purchase. The Institution may, at any time no Event of Default, or an event that, with the giving of notice or lapse of time, or both, would constitute an Event of Default, has occurred and is continuing, request the Authority to take such action as may be required by the Resolution or the Series Resolution or the Bond Series Certificate to change the dates on which such Option Bonds are to be tendered for purchase or the period during which such Variable Interest Rate Bonds shall bear interest at a particular rate or to convert such Variable Interest Rate Bonds to bear interest at a fixed rate to their maturity.

(Section 36)

Certificate as to Representations and Warranties

The obligations of the Authority under the Loan Agreement and the delivery of the Bonds are conditioned upon the receipt by the Authority at or prior to delivery of the Bonds of a certificate of an Authorized Officer of the Institution acceptable to the Authority to the effect that the representations and warranties contained in the Loan Agreement are true and correct and in full force and effect on and as of the date of delivery of the Bonds as if made on the date of delivery of the Bonds.

(Section 39)

Further Assurances

The Institution, at any and all times, shall, so far as it may be authorized by law, pass, make, do, execute, acknowledge and deliver, all and every such further resolutions, acts, deeds, conveyances, assignments, transfers and assurances as are necessary or desirable for the better assuring, conveying, granting, assigning and confirming all and singular the rights, Pledged Revenues, moneys, securities, funds and security interests by the Loan Agreement or by the Resolution pledged, assigned or granted, or intended so to be, or which the Institution may after the date of the Loan Agreement become bound to pledge, assign or grant to the Authority pursuant to the Loan Agreement.

(Section 42)

Amendments to Loan Agreement

The Loan Agreement may be amended only in accordance with the Resolution and each amendment shall be made by an instrument in writing signed by the Institution and the Authority, an executed counterpart of which shall be filed with the Trustee.

(Section 43)

Appendix C

Termination

The Loan Agreement shall remain in full force and effect until no Bonds are Outstanding and until all other payments, expenses and fees payable under the Loan Agreement by the Institution shall have been made or provision made for the payment thereof; **provided, however**, that the liabilities and the obligations of the Institution under the Loan Agreement relating to the prompt payment of arbitrage rebate and to provide reimbursement for or indemnification against expenses, costs or liabilities made or incurred pursuant to provisions of the Loan Agreement summarized under the headings “**Covenant as to Insurance**” and “**Taxes and Assessments**” above and provisions of the Loan Agreement related to indemnity by the Institution and disclaimer of personal liability shall nevertheless survive any such termination. Upon such termination, the Authority shall promptly deliver such documents as may be reasonably requested by the Institution to evidence such termination and the discharge of the Institution’s duties under the Loan agreement and the release or surrender of any security interests granted by the Institution to the Authority pursuant to the Loan Agreement.

(Section 2 of Schedule D to the Loan Agreement)

Notwithstanding the foregoing, the Institution may issue Non-Recourse Indebtedness without the Authority's consent provided that any assets pledged as collateral or for the re-payment of such indebtedness must have been acquired by the Institution after the issuance of the Series 2008A Bonds.

**SUMMARY OF CERTAIN PROVISIONS
OF THE RESOLUTION**

[THIS PAGE INTENTIONALLY LEFT BLANK]

SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION

The following is a brief summary of certain provisions of the Resolution. This summary does not purport to be complete and reference is made to the Resolution for full and complete statements of such and all provisions. The headings below are not part of the Resolution but have been added for ease of reference only. Defined terms used herein shall have the meanings ascribed to them in Appendix A or in the body of this Official Statement.

Resolution and Bonds Constitute a Contract

It is the intent of the Resolution to authorize the issuance by the Authority, from time to time, of its Rochester Institute of Technology Revenue Bonds in one or more Series, each such Series to be authorized by a separate Series Resolution and, *inter alia*, to be separately secured from each other Series of Bonds. Each such Series of Bonds shall be separate and apart from any other Series of Bonds authorized by a different Series Resolution and the Holders of Bonds of such Series shall not be entitled to the rights and benefits conferred upon the Holders of Bonds of any other Series of Bonds by the respective Series Resolution authorizing such Series of Bonds. With respect to each Series of Bonds, in consideration of the purchase and acceptance of any and all of the Bonds of a Series authorized to be issued under the Resolution and a Series Resolution by those who shall hold or own the same from time to time, the Resolution and such Series Resolution shall be deemed to be and shall constitute a contract among the Authority, the Trustee and the Holders from time to time of such Bonds of a Series, and the pledge and assignment to the Trustee made in the Resolution and the covenants and agreements set forth to be performed by or on behalf of the Authority shall be for the equal and ratable benefit, protection and security of the Holders of any and all of the Bonds of a Series, all of which, regardless of the time or times of their issue or maturity, shall be of equal rank without preference, priority or distinction of any Bonds of such Series over any other Bonds of such Series except as expressly provided in the Resolution or permitted by the Resolution or by a Series Resolution.

(Section 1.03)

Assignment of Certain Rights and Remedies

With respect to each Series of Bonds, as security for the payment of the principal Sinking Fund Installments, if any, and Redemption Price of, and interest on, the Outstanding Bonds of such Series and for the performance of each other obligation of the Authority under the Resolution and under a Series Resolution, the Authority may, and upon the occurrence of an event of default under the Resolution shall, grant, pledge and assign to the Trustee all of the Authority's estate, right, title, interest and claim in, to and under the Loan Agreement, together with all rights, powers, security interests, privileges, options and other benefits of the Authority under such Loan Agreement, including, without limitation, the immediate and continuing right to receive, enforce and collect (and to apply the same in accordance with the Resolution) all Revenues, insurance proceeds, sale proceeds and other payments and other security now or hereafter payable to or receivable by the Authority under the Loan Agreement, and the right to make all waivers and agreements in the name and on behalf of the Authority, as Trustee for the benefit of the Bondholders of such Series, and to perform all other necessary and appropriate acts under the Loan Agreement, subject to the following conditions, that (i) the Holders of such Bonds of such Series, if any, shall not be responsible or liable in any manner or to any extent for the performance of any of the covenants or provisions thereof to be performed by the Authority and (ii) that, unless and until the Trustee, in its discretion exercised following an "Event of Default" under the Loan Agreement that is continuing, so elects, by an instrument in writing delivered to the Authority and the Institution (and then, only to the extent that the Trustee so elects), the Trustee shall not be responsible or liable in any manner or to any extent for the performance of any of the covenants or provisions contained in the Loan Agreement to be performed by the Authority (except to the extent of actions undertaken by the Trustee in the course of its performance of any such covenant or provision) the Authority, however, to remain liable to observe and perform all the conditions and covenants, in the Loan Agreement, provided to be observed and performed by it; and (iii) that any grant, pledge and assignment of money, revenues, accounts, rights or other property of the Institution made with respect to the Loan Agreement pursuant to the Resolution as summarized herein shall secure, in the case of the Loan Agreement, only the payment of the amounts payable under the Loan Agreement.

Appendix D

Any grant, pledge or assignment made pursuant to the Resolution as summarized herein, shall be made by instruments in form and substance reasonably satisfactory to the Trustee executed and delivered by the Authority as soon as practicable after the occurrence of an event of default under the Resolution, but in no event more than thirty (30) days thereafter. The Trustee shall accept such grant, pledge and assignment which acceptance shall be evidenced in writing and signed by an Authorized Officer of the Trustee in form and substance reasonably satisfactory to the Authority. Upon any such grant, pledge or assignment contemplated by the Resolution the Authority may retain the right to (i) the payment of any fees, costs and expenses of the Authority payable pursuant to the applicable Loan Agreement, (ii) the indemnities provided thereby and payments made pursuant to such indemnities and (iii) the exercise of any right or remedy available under such Loan Agreement for the enforcement of the obligations of the Institution to which the Authority has retained such right.

If applicable, at or prior to the initial issuance and delivery of a Series of Bonds, upon delivery to the Trustee of evidence in writing from Authorized Officers of the Authority and the applicable creditors of the Institution with respect to such Series of Bonds to the effect that the Intercreditor Agreement among the Authority, such creditor(s) and the Trustee is in form and substance satisfactory to them (which may be evidenced by the execution thereof by the Authority and such creditor(s)), an Authorized Officer of the Trustee shall, upon determination by the Trustee that such Intercreditor Agreement is in form and substance satisfactory to it (which determination by the Trustee shall not be unreasonably withheld or delayed), execute and deliver to the Authority and such creditor(s) such Intercreditor Agreement. In addition, an Authorized Officer of the Trustee shall execute and deliver to the Authority and such creditor(s) such amendments to or supplements of such Intercreditor Agreement as may be requested by an Authorized Officer of the Authority.

If an event of default under the Resolution has been cured and is no longer continuing, the Trustee, as soon as practicable after the written request of the Authority, shall re-grant and re-assign to the Authority, and release from any pledge made by the Authority pursuant to the Resolution as summarized herein, all of the Authority's estate, right, title, interest and claim in, to and under the Loan Agreement, together with all rights, powers, security interests, privileges, options and other benefits of the Authority thereunder, theretofore granted, pledged or assigned to the Trustee pursuant to the Resolution. The Trustee shall execute such instruments as the Authority may reasonably require to effect or evidence such re-grant, re-assignment or release.

(Section 1.04)

Refunding Bonds

All or any portion of one or more Series of Refunding Bonds may be authenticated and delivered upon original issuance to refund all Outstanding Bonds, one or more Series of Outstanding Bonds, a portion of a Series of Outstanding Bonds or a portion of a maturity of a Series of Outstanding Bonds. The Authority may issue Refunding Bonds of a Series in an aggregate principal amount sufficient, together with other money available therefor, to accomplish such refunding and to make such deposits required by the Resolution and by the Series Resolution authorizing such Series of Refunding Bonds.

The Refunding Bonds of such Series shall be authenticated and delivered by the Trustee only upon receipt by the Trustee (in addition to the documents required by the Resolution) of:

- (a) If the Bonds to be refunded are to be redeemed, irrevocable instructions to the Trustee, satisfactory to it, to give due notice of redemption of all the Bonds to be refunded on a redemption date specified in such instructions;
- (b) Irrevocable instructions to the Trustee, satisfactory to it, to duly give the notice provided for in the defeasance provisions of the Resolution to the Holders of the Bonds being refunded;
- (c) Either (i) money in an amount sufficient to effect payment of the principal at maturity or the applicable Redemption Price of the Bonds to be refunded, together with accrued interest on such Bonds to the maturity or redemption date, which money shall be held by the Trustee or any one or more of the

Paying Agents in a separate fund or account irrevocably in trust for and assigned to the respective Holders of the Bonds to be refunded or (ii) Defeasance Securities in such principal amounts, of such maturities, bearing such interest and otherwise having such terms and qualifications, as shall be necessary to comply with the defeasance provisions of the Resolution, which Defeasance Securities and money shall be held in trust and used only as provided in the defeasance provisions of the Resolution; and

(d) A certificate of an Authorized Officer of the Authority containing such additional statements as may be reasonably necessary to show compliance with the requirements summarized herein.

The proceeds, including accrued interest, of Refunding Bonds shall be applied simultaneously with the delivery of such Refunding Bonds in the manner provided in or as determined in accordance with the Series Resolution authorizing such Refunding Bonds or the Bond Series Certificate relating to such Series of Refunding Bonds.

(Section 2.04)

Additional Obligations

The Authority reserves the right to issue bonds, notes or any other obligations or otherwise incur indebtedness pursuant to other and separate resolutions or agreements of the Authority, so long as such bonds, notes or other obligations are not, or such other indebtedness is not, except as provided in the Resolution, entitled to a charge, lien or right prior or equal to the charge or lien created by the Resolution, or prior or equal to the rights of the Authority and Holders of Bonds as provided by the Resolution.

(Section 2.05)

Redemption and Purchase of Bonds

Authorization of Redemption

Bonds of a Series subject to redemption prior to maturity pursuant to the Resolution or to a Series Resolution or a Bond Series Certificate shall be redeemable, in accordance with the Resolution, at such times, at such Redemption Prices and upon such terms as may otherwise be specified in the Resolution or in the Series Resolution authorizing such Series or the applicable Bond Series Certificate.

(Section 4.01)

Redemption at the Election or Direction of the Authority

In the case of any redemption of Bonds of a Series other than as summarized in the following paragraph, the Authority shall give written notice to the Trustee and each applicable Provider of its election or direction to redeem, of the Series and of the principal amounts of the Bonds of each maturity of such Series to be redeemed. The Series, maturities and principal amounts thereof to be redeemed at the election or direction of the Authority shall be determined by the Authority in its sole discretion, subject to any limitations with respect thereto contained in the Resolution or in the Series Resolution authorizing such Series or the applicable Bond Series Certificate. Such notice shall be given to the Trustee and each applicable Provider at least sixty (60) days prior to the date on which such Bonds are to be redeemed, or such lesser number of days as shall be acceptable to the Trustee. Unless the notice of redemption required by the Resolution provides that the redemption is subject to the condition that money for payment of the Redemption Price is available on the redemption date, such notice shall not be given unless prior to the date such notice is given, the Authority shall have paid or caused to be paid to the Trustee an amount which, in addition to other amounts available therefor held by the Trustee, is sufficient to redeem, on the redemption dates at the Redemption Price thereof, together with interest accrued and unpaid thereon to the redemption date, all of the Bonds of such Series to be so redeemed. For purposes of determining the amount required to be paid pursuant to the preceding sentence when Variable Interest Rate Bonds are to be redeemed, it shall be assumed that for any period for which the rate at which such Bonds will bear interest is unknown such Bonds bear interest at the Maximum Rate

Appendix D

established therefore by the Series Resolution authorizing such Bonds or the Bond Series Certificate applicable thereto.

(Section 4.02)

Redemption Other Than at Authority's Election or Direction

Whenever by the terms of the Resolution the Trustee is required to redeem Bonds of a Series through the application of mandatory Sinking Fund Installments, the Trustee shall select the Bonds of such Series, and maturities to be redeemed in the manner summarized in the following paragraph, give the notice of redemption and pay out of money available therefor the Redemption Price thereof, together with interest accrued and unpaid thereon to the redemption date, to the appropriate Paying Agents in accordance with the terms of the Resolution.

(Section 4.03)

Selection of Bonds to Be Redeemed

Unless otherwise provided in the Series Resolution authorizing the issuance of Bonds of a Series or the Bond Series Certificate relating to such Bonds, in the event of redemption of less than all of the Outstanding Bonds of like Series, maturity and tenor, the Trustee shall assign to each Outstanding Bond of the Series, maturity and tenor to be redeemed a distinctive number for each unit of the principal amount of such Bond equal to the lowest denomination in which the Bonds of such Series are authorized to be issued and shall select by lot, using such method of selection as it shall deem proper in its discretion, from the numbers assigned to such Bonds as many numbers as, at such unit amount equal to the lowest denomination in which the Bonds of such Series are authorized to be issued for each number, shall equal the principal amount of such Bonds to be redeemed. In making such selections the Trustee may draw such Bonds by lot (i) individually or (ii) by one or more groups, the grouping for the purpose of such drawing to be by serial numbers (or, in the case of Bonds of a denomination of more than the lowest denomination in which the Bonds of such Series are authorized to be issued, by the numbers assigned thereto as summarized herein) which end in the same digit or in the same two digits. If in such a case, upon any drawing by groups, the total principal amount of Bonds drawn shall exceed the amount to be redeemed, the excess may be deducted from any group or groups so drawn in such manner as the Trustee may determine. The Trustee may in its discretion assign numbers to aliquot portions of Bonds and select part of any Bond for redemption. The Bonds to be redeemed shall be the Bonds to which were assigned numbers so selected; **provided, however**, that only so much of the principal amount of each such Bond of a denomination of more than the lowest denomination in which the Bonds of such Series are authorized to be issued shall be redeemed as shall equal the lowest denomination in which the Bonds of such Series are authorized to be issued for each number assigned to it and so selected.

For purposes of the Resolution as summarized herein, the lowest denomination in which a Capital Appreciation Bond is authorized to be issued shall be the lowest Accreted Value authorized to be due at maturity on such Bonds and the lowest denomination in which a Deferred Income Bond is authorized to be issued shall be the lowest Appreciated Value on the Interest Commencement Date authorized for such Bonds.

(Section 4.04)

Notice of Redemption

Whenever Bonds of a Series are to be redeemed, the Trustee shall give notice of the redemption of such Bonds in the name of the Authority which notice shall specify: (i) the Bonds to be redeemed which shall be identified pursuant to the Resolution, the maturity dates and interest rates of the Bonds to be redeemed and the date such Bonds were issued; (ii) the numbers and other distinguishing marks of the Bonds to be redeemed, including CUSIP numbers; (iii) the redemption date; (iv) the Redemption Price; (v) the principal amount of each Bond to be redeemed; (vi) the date of publication, if any, of the notice of redemption; (vii) that except in the case of Book-Entry Bonds, such Bonds will be redeemed at the principal corporate trust office of the Trustee giving the address thereof and the name and telephone number of a representative of the Trustee to whom inquiries may be directed; (viii) that no representation is made as to the correctness of the CUSIP number either as printed on the Bonds or as contained

in such notice and that an error in a CUSIP number as printed on such Bond or as contained in such notice shall not affect the validity of the proceedings for redemption; and (ix) if the Authority's obligation to redeem the Bonds is subject to conditions, a statement that describes the condition to such redemption. Any notice of redemption, other than a notice for special or extraordinary redemption provided for in a Series Resolution or Bond Series Certificate, may state that the redemption is conditioned upon receipt by the Trustee, on or prior to the redemption date, of moneys sufficient to pay the Redemption Price of the Bonds to be redeemed, and that if such moneys are not received such notice shall be of no force or effect and such Bonds shall not be required to be redeemed.

Such notice shall further state that on such date there shall become due and payable upon each Bond of a Series to be redeemed the Redemption Price thereof, together with interest accrued and unpaid thereon to the redemption date, and that, from and after such date, payment having been made or provided for, interest thereon shall cease to accrue. Such notice shall be given by mailing a copy of such notice not less than thirty (30) days nor more than forty-five (45) days prior to the redemption date or, in the case of Variable Interest Rate Bonds or Option Bonds, such shorter period as shall be established by the Series Resolution authorizing such Bonds or the Bond Series Certificate relating thereto, but in no event less than fifteen (15) days prior to the redemption date. Such notice shall be sent by first class mail, postage prepaid, to the registered owners of the Bonds which are to be redeemed, at their last known addresses, if any, appearing on the registration books not more than ten (10) Business Days prior to the date such notice is given. Upon giving such notice, the Trustee shall promptly certify to the Authority that it has mailed or caused to be mailed such notice to the Holders of the Bonds to be redeemed in the manner provided in the Resolution. Such certificate shall be conclusive evidence that such notice was given in the manner required by the Resolution. The failure of any Holder of a Bond of a Series to be redeemed to receive such notice shall not affect the validity of the proceedings for the redemption of the Bonds. If directed in writing by an Authorized Officer of the Authority, the Trustee shall also give such notice by publication thereof once in an Authorized Newspaper, such publication to be not less than thirty (30) days nor more than forty-five (45) days prior to the redemption date or, in the case of Variable Interest Rate Bonds or Option Bonds, such shorter period as shall be established by the Series Resolution authorizing such Bonds or the Bond Series Certificate relating thereto, but in no event less than fifteen (15) days prior to the redemption date; **provided, however**, that such publication shall not be a condition precedent to such redemption, and failure to so publish any such notice or a defect in such notice or in the publication thereof shall not affect the validity of the proceedings for the redemption of the Bonds.

(Section 4.05)

Payment of Redeemed Bonds

Notice having been given by mail in the manner provided in the Resolution, the Bonds of a Series or portions thereof so called for redemption shall become due and payable on the redemption date so designated at the Redemption Price, plus interest accrued and unpaid to the redemption date, and, upon presentation and surrender of such Bonds, other than Book Entry Bonds of like Series, maturity and tenor to be redeemed in part, at the office or offices specified in such notice, and, in the case of Bonds presented by other than the registered owner, together with a written instrument of transfer duly executed by the registered owner or his duly authorized attorney, such Bonds, or portions thereof, shall be paid at the Redemption Price plus interest accrued and unpaid to the redemption date. Payment of the Redemption Price shall be made, upon the request of the registered owner of one million dollars (\$1,000,000) or more in principal amount of Bonds to be redeemed, by wire transfer to such registered owner at the wire transfer address in the continental United States to which such registered owner has, at the time such Bonds are surrendered to the Trustee, directed in writing the Trustee to wire such Redemption Price. If there shall be drawn for redemption less than all of the principal amount of a registered Bond of a Series, the Authority shall execute and the Trustee shall authenticate and deliver, upon the surrender of such Bond, without charge to the owner thereof, for the unredeemed balance of the principal amount of the registered Bond so surrendered, Bonds of like Series, maturity and tenor in any of the authorized denominations. If, on the redemption date, money for the redemption of all Bonds of a Series or portions thereof of any like Series, maturity and tenor to be redeemed, together with interest accrued and unpaid thereon to the redemption date, shall be held by the Trustee and Paying Agents so as to be available therefor on such date and if notice of redemption shall have been mailed as aforesaid, then, from and after the redemption date, interest on such Bonds or portions thereof so called for redemption shall cease to accrue and such Bonds shall no longer be considered to be Outstanding under the Resolution. If such money shall not be so

Appendix D

available on the redemption date, such Bonds or portions thereof shall continue to bear interest until paid at the same rate as they would have borne had they not been called for redemption.

(Section 4.06)

Purchase of Purchased Bonds

Whenever Bonds are to be purchased at the election of the Institution, written notice thereof and of the Bonds of the Series and maturity to be so purchased having been given by the Institution to the Authority, the Trustee, and each applicable Provider, the Trustee shall select the particular Bonds of such Series and maturity to be so purchased in the same manner as provided in the Resolution for the selection of Bonds to be redeemed in part. Promptly thereafter the Trustee shall give notice of the purchase of the Bonds at the times and in the manner provided in the Series Resolution authorizing such Bonds or the Bond Series Certificate related thereto. The Trustee shall not give such notice unless prior to the date such notice is given, the Institution has caused to be delivered to the Trustee the written consent to such purchase of the Authority and each applicable Provider. All such purchases may be subject to conditions to the Institution's obligation to purchase such Bonds and shall be subject to the condition that money for the payment of the purchase price therefor is available on the date set for such purchase. Notice of purchase having been given in the manner required by the Series Resolution authorizing the Bonds to be so purchased or the Bond Series Certificate relating thereto, then, if sufficient money to pay the purchase price of such Bonds is held by the Trustee, the purchase price of the Bonds or portions thereof so called for purchase shall become due and payable on the date set for purchase, upon presentation and surrender of such Bonds (other than Book Entry Bonds) to be purchased at the office or offices specified in such notice, and, in the case of Bonds presented by other than the registered owner, together with a written instrument of transfer duly executed by the registered owner or his duly authorized attorney. Payment of the purchase price of other than Book Entry Bonds shall be made, upon the request of the registered owner of one million dollars (\$1,000,000) or more in principal amount of Bonds to be so purchased, by wire transfer to such registered owner at the wire transfer address in the continental United States to which such registered owner has prior to the purchase date directed in writing the Trustee to wire such purchase price. The Authority shall periodically determine the amount which may be required by the Code to be rebated to the Department of the Treasury of the United States of America with respect to each Series of Bonds and direct the Trustee to (i) transfer from any other of the funds and accounts held by the Trustee under the Resolution and deposit to the Arbitrage Rebate Fund such amount as the Authority shall have determined to be necessary in order to enable it to comply with its obligation to rebate money to the Department of the Treasury of the United States of America with respect to such Series of Bonds and (ii) if and to the extent required by the Code, pay out of the Arbitrage Rebate Fund to the Department of the Treasury of the United States of America the amount, if any, required by the Code to be rebated thereto.

For all purposes of the paragraph summarized herein, the Trustee shall be entitled to rely upon an opinion of counsel, which counsel shall be satisfactory to the Trustee, with respect to whether any amendment, change, modification, alteration, termination or waiver adversely affects the interests of any Holders of Bonds of a Series then Outstanding in any material respect.

(d) To surrender any right, power or privilege reserved to or conferred upon the Authority by the terms of the Resolution, provided that the surrender of such right, power or privilege is not contrary to or inconsistent with the covenants and agreements of the Authority contained in the Resolution;

(e) To confirm, as further assurance, any pledge under the Resolution and under the Series Resolution, and the subjection to any lien, claim or pledge created or to be created by the provisions of the Resolution and by the provisions of a Series Resolution, of the Revenues, or any pledge of any other money, securities or funds;

(f) To modify any of the provisions of the Resolution or of any previously adopted Series Resolution or Supplemental Resolution in any other respects, provided that such modifications shall not be effective until after all Bonds of any Series of Bonds Outstanding as of the date of adoption of such Supplemental Resolution or Series Resolution shall cease to be Outstanding, and all Bonds issued under such resolutions shall contain a specific reference to the modifications contained in such subsequent Resolutions;

(g) To modify or amend the Project; or

(h) With the consent of the Trustee, to cure any ambiguity or defect or inconsistent provision in the Resolution or to insert such provisions clarifying matters or questions arising under the Resolution as are necessary or desirable, provided that any such modifications are not contrary to or inconsistent with the Resolution as theretofore in effect, or to modify any of the provisions of the Resolution or of any previously adopted Series Resolution or Supplemental Resolution in any other respect, provided that such modification shall not adversely affect the interests of the Bondholders of a Series in any material respect.

(Section 9.01)

Supplemental Resolutions Effective With Consent of Bondholders

The provisions of the Resolution and of a Series Resolution may also be modified or amended at any time or from time to time by a Supplemental Resolution, subject to the consent of Bondholders of the applicable Series in accordance with and subject to the provisions of the Resolution, such Supplemental Resolution to become effective upon the filing with the Trustee of a copy thereof certified by an Authorized Officer of the Authority. The Trustee shall transmit a copy of such Supplemental Resolution to the Institution upon its becoming effective.

(Section 9.02)

General Provisions Relating to Series Resolutions and Supplemental Resolutions

The Resolution or a Series Resolution shall not be modified or amended in any respect except in accordance with and subject to the provisions of the Resolution. Nothing contained the Resolution shall affect or limit the rights or obligations of the Authority to adopt, make, do, execute or deliver any resolution, act or other instrument pursuant to the provisions of the Resolution summarized under the heading “**Further Assurance**” above, or the right or obligation of the Authority to execute and deliver to the Trustee or any Paying Agent any instrument elsewhere provided in the Resolution or permitted to be delivered to the Trustee or any Paying Agent.

A copy of every Series Resolution and Supplemental Resolution adopted by the Authority, when filed with the Trustee, shall be accompanied by an opinion of Bond Counsel stating that such Series Resolution or Supplemental Resolution has been duly and lawfully adopted in accordance with the provisions of the Resolution, is authorized or permitted by the Resolution and is valid and binding upon the Authority and enforceable in accordance with its terms. The Trustee shall transmit a copy of such Supplemental Resolution to the Institution and the applicable Provider upon its becoming effective.

The Trustee is authorized to accept delivery of a certified copy of any Series Resolution or Supplemental Resolution permitted or authorized pursuant to the provisions of the Resolution and to make all further agreements and stipulations which may be contained therein, and, in taking such action, the Trustee shall be fully protected in relying on the opinion of Bond Counsel that such series resolution or Supplemental Resolution is authorized or permitted by the provisions of the Resolution.

No Series Resolution or Supplemental Resolution changing, amending or modifying any of the rights or obligations of the Trustee or of any Paying Agent or of a Facility Provider shall become effective without the written consent of the Trustee, Paying Agent or Provider affected thereby.

(Section 9.03)

Amendments of Resolution

Powers of Amendment

Any modification or amendment of the Resolution and of the rights and obligations of the Authority and of the Holders of the Bonds under the Resolution or of any Series Resolution, in any particular, may be made by a Supplemental Resolution, with the written consent given as provided in the Resolution and summarized in the following paragraph, (i) of the Holders of at least a majority in principal amount of the Bonds of a Series Outstanding at the time such consent is given or (ii) in case the modification or amendment changes the amount or date of any Sinking Fund Installment, of the Holders of at least a majority in principal amount of the Bonds of the particular Series, maturity and interest rate entitled to such Sinking Fund Installment, Outstanding at the time such consent is given. No such modification or amendment shall permit a change in the terms of redemption or maturity of the principal of any Outstanding Bond of a Series or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or in the rate of interest thereon without the consent of the Holder of such Bond, or shall reduce the percentages or otherwise affect the classes of Bonds the consent of the Holders of which is required to effect any such modification or amendment. For the purposes of the provisions of the Resolution summarized in this paragraph, a Series shall be deemed to be affected by a modification or amendment if the same adversely affects or diminishes the rights of the Holders of Bonds of such Series in any material respect. The Trustee may in its discretion determine whether or not, in accordance with the foregoing provisions, the Bonds of any particular Series or maturity would be affected by any modification or amendment of the Resolution and any such determination shall be binding and conclusive on the Authority and all Holders of Bonds of such Series. The Trustee may receive an opinion of counsel, including an opinion of Bond Counsel, as conclusive evidence as to whether the Bonds of any particular Series or maturity would be so affected by any such modification or amendment of the Resolution. The Trustee shall transmit a copy of such Supplemental Resolution to the Institution upon its becoming effective.

(Section 10.01)

Consent of Bondholders

The Authority may at any time adopt a Supplemental Resolution making a modification or amendment permitted by the provisions of the Resolution summarized in the preceding paragraph to take effect when and as provided in the Resolution. A copy of such Supplemental Resolution (or brief summary thereof or reference thereto in form approved by the Trustee) together with a request to the Bondholders of a Series for their consent thereto in form satisfactory to the Trustee, shall promptly after adoption be mailed by the Authority to such Bondholders (but failure to mail such copy and request to any particular Bondholder shall not affect the validity of the Supplemental

Appendix D

Resolution when consented to as provided in the Resolution). Such Supplemental Resolution shall not be effective unless and until (i) there shall have been filed with the Trustee (a) the written consent of the Holders of the percentages of Outstanding Bonds of a Series specified in the Resolution as summarized in the preceding paragraph and (b) an opinion of Bond Counsel stating that such Supplemental Resolution has been duly and lawfully adopted and filed by the Authority in accordance with the provisions of the Resolution, is authorized or permitted by the Resolution, and is valid and binding upon the Authority and enforceable in accordance with its terms, and (ii) a notice shall have been mailed as provided in the Resolution as summarized below. Each such consent shall be effective only if accompanied by proof of the holding or owning at the date of such consent, of the Bonds of a Series with respect to which such consent is given, which proof shall be such as is permitted by the Resolution. A certificate or certificates by the Trustee filed with the Trustee that it has examined such proof and that such proof is sufficient in accordance with the Resolution shall be conclusive proof that the consents have been given by the Holders of the Bonds of a Series described in the certificate or certificates of the Trustee.

Any consent given by the a Bondholder shall be binding upon the Bondholder giving such consent and, anything in the Resolution to the contrary notwithstanding, upon any subsequent Bondholder and of any Bonds of a Series issued in exchange therefor (whether or not such subsequent Insurer or Holder thereof has notice thereof), unless such consent is revoked in writing by the Bondholder giving such consent or a subsequent Holder thereof by filing with the Trustee, prior to the time when the written statement of the Trustee provided for in the Resolution is filed, such revocation. The fact that a consent has not been revoked may likewise be proved by a certificate of the Trustee filed with the Trustee to the effect that no revocation thereof is on file with the Trustee. At any time after the Holders of the required percentages of Bonds of a Series shall have filed their consents to the Supplemental Resolution, the Trustee shall make and file with the Authority and the Trustee a written statement that such Holders of such required percentages of Bonds have filed such consents. Such written statement shall be conclusive evidence that such consents have been so filed.

At any time thereafter notice, stating in substance that the Supplemental Resolution (which may be referred to as a Supplemental Resolution adopted by the Authority on a stated date, a copy of which is on file with the Trustee) has been consented to by the Holders of the required percentages of Bonds of a Series and will be effective as provided in the Resolution, shall be given to such Bondholders by the Authority by mailing such notice to such Bondholders and, at the discretion of the Authority, by publishing the same at least once not more than ninety (90) days after the Holders of the required percentages of Bonds of a Series shall have filed their consents to the Supplemental Resolution and the written statement of the Trustee provided for in the Resolution is filed (but failure to publish such notice shall not prevent such Supplemental Resolution from becoming effective and binding as provided in the Resolution). The Authority shall file with the Trustee proof of the mailing of such notice, and, if the same shall have been published, of the publication thereof. A transcript, consisting of the papers required or permitted by the Resolution to be filed with the Trustee, shall be proof of the matters therein stated. Such Supplemental Resolution making such amendment or modification shall be deemed conclusively binding upon the Authority, the Trustee, each Paying Agent, and the Holders of all Bonds of such Series upon the filing with the Trustee of proof of the mailing of such notice or at the expiration of thirty (30) days after the filing with the Trustee of the proof of the first publication of such last mentioned notice, if such notice is published, except in the event of a final decree of a court of competent jurisdiction setting aside such Supplemental Resolution in a legal action or equitable proceeding for such purpose commenced within such thirty (30) day period; **provided, however**, that the Authority, the Trustee and any Paying Agent during such thirty (30) day period and any such further period during which any such action or proceeding may be pending shall be entitled in their reasonable discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Resolution as they may deem expedient.

For the purposes of the provisions of the Resolution relating to amendments of the Resolution, the purchasers of the Bonds of a Series, whether purchasing as underwriters or Remarketing Agent, for resale or otherwise, upon such purchase, may consent to a modification or amendment permitted by the Resolution in the manner provided in the Resolution, except that no proof of ownership shall be required, and with the same effect as a consent given by the Holder of such Bonds; **provided, however**, that, if such consent is given by a purchaser who is purchasing as an underwriter or for resale, the nature of the modification or amendment and the provisions for the

purchaser consenting thereto shall be described in the official statement, prospectus, offering memorandum or other offering document prepared in connection with the primary offering, reoffering or resale of the Bonds of such Series by the Authority.

(Section 10.02)

Modifications by Unanimous Consent

The terms and provisions of the Resolution and the rights and obligations of the Authority and of the Holders of the Bonds of a Series may be modified or amended in any respect upon the adoption and filing with the Trustee by the Authority of a copy of a Supplemental Resolution certified by an Authorized Officer of the Authority and the consent of the Holders of all of the Bonds of a Series then Outstanding, such consent to be given as provided in the Resolution, except that no notice to the Bondholders either by mailing or publication shall be required.

(Section 10.03)

Defaults and Remedies

Events of Default

An event of default shall exist under the Resolution and under a Series Resolution (referred to in the Resolution as an “event of default”) if:

(a) With respect to a Series of Bonds, payment of the principal, Sinking Fund Installments or Redemption Price of any Bond shall not be made by the Authority when the same shall become due and payable, either at maturity or by proceedings for redemption or otherwise; or

(b) With respect to a Series of Bonds, payment of an installment of interest on any Bond shall not be made by the Authority when the same shall become due and payable; or

(c) With respect to a Series of Bonds, the Authority shall default in the due and punctual performance of any covenants contained in the Series Resolution authorizing the issuance thereof to the effect that the Authority shall comply with the provisions of the Code applicable to such Bonds necessary to maintain the exclusion of interest therein from gross income under Section 103 of the Code and shall not take any action which would adversely affect the exclusion of interest on such Bonds from gross income under Section 103 of the Code and, as a result thereof, the interest on the Bonds of such Series shall no longer be excludable from gross income under Section 103 of the Code; or

(d) With respect to a Series of Bonds, the Authority shall default in the due and punctual performance of any other of the covenants, conditions, agreements and provisions contained in the Resolution or in such Bonds or in any series resolution on the part of the Authority to be performed and such default shall continue for thirty (30) days after written notice specifying such default and requiring same to be remedied shall have been given to the Authority by the Trustee, which may give such notice in its discretion and shall give such notice at the written request of the Holders of not less than twenty-five per centum (25%) in principal amount of the Outstanding Bonds of such Series, or if such default is not capable of being cured within thirty (30) days, if the Authority fails to commence within said thirty (30) days and diligently prosecute the cure thereof; or

(e) With respect to a Series of Bonds, the Authority shall have notified the Trustee that an “Event of Default” as defined in the Loan Agreement, shall have occurred and be continuing and all sums payable by the Institution under the Loan Agreement shall have been declared to be immediately due and payable, which declaration shall not have been annulled.

(Section 11.02)

Appendix D

Acceleration of Maturity

Upon the happening and continuance of any event of default specified in the Resolution, other than an event of default specified in the Resolution as summarized in paragraph (c) under the heading “**Events of Default**” above, then and in every such case the Trustee may, and upon the written request of the Holders of not less than twenty-five per centum (25%) in principal amount of the Outstanding Bonds of a Series shall, by notice in writing to the Authority, declare the principal of and interest on all of the Outstanding Bonds of such Series to be immediately due and payable. At the expiration of thirty (30) days after notice of such declaration has been given, such principal and interest shall become and be immediately due and payable, anything in the Resolution or in a Series Resolution or in the Bonds of a Series to the contrary notwithstanding. At any time after the principal of such Bonds shall have been so declared to be due and payable, and before the entry of final judgment or decree in any suit, action or proceeding instituted on account of such default, or before the completion of the enforcement of any other remedy under the Resolution, the Trustee shall, with the written consent of the Holders of not less than twenty-five per centum (25%) in principal amount of the Bonds of such Series not then due by their terms and then Outstanding, by written notice to the Authority, annul such declaration and its consequences if: (i) money shall have accumulated in the Debt Service Fund sufficient to pay all arrears of interest, if any, upon all of the Outstanding Bonds of such Series (except the interest accrued on such Bonds since the last interest payment date); (ii) money shall have accumulated and be available sufficient to pay the charges, compensation, expenses, disbursements, advances and liabilities of the Trustee and any Paying Agent; (iii) all other amounts then payable by the Authority under the Resolution and under the Series Resolution (other than principal amounts payable only because of a declaration and acceleration under the Resolution) shall have been paid or a sum sufficient to pay the same shall have been deposited with the Trustee; and (iv) every other default known to the Trustee in the observance or performance of any covenant, condition or agreement contained in the Resolution or in the Series Resolution or in such Bonds (other than a default in the payment of the principal of such Bonds then due only because of a declaration and acceleration under the Resolution) shall have been remedied to the reasonable satisfaction of the Trustee. No such annulment shall extend to or affect any subsequent default or impair any right consequent thereon.

(Section 11.03)

Enforcement of Remedies

Upon the happening and continuance of any event of default specified in the Resolution, then and in every such case, the Trustee may proceed, and upon the written request of the Holders of not less than twenty-five per centum (25%) in principal amount of the Outstanding Bonds of the Series affected thereby, shall proceed (subject to the provisions of the Resolution relating to the compensation of the Trustee or any Paying Agent) to protect and enforce its rights and the rights of the Bondholders under the Resolution or under the applicable Series Resolution or under the laws of the State by such suits, actions or special proceedings in equity or at law, either for the specific performance of any covenant contained under the Resolution or under the Series Resolution or in aid or execution of any power in the Resolution or therein granted, or for an accounting against the Authority as if the Authority were the trustee of an express trust, or for the enforcement of any proper legal or equitable remedy as the Trustee shall deem most effectual to protect and enforce such rights.

In the enforcement of any remedy under the Resolution and under a Series Resolution the Trustee shall be entitled to sue for, enforce payment of, and receive any and all amounts then, or during any default becoming, and at any time remaining, due from the Authority for principal or interest or otherwise under any of the provisions of the Resolution or of a Series Resolution or of the Bonds of a Series, with interest on overdue payments of the principal of or interest on the Bonds at the rate or rates of interest specified in such Bonds, together with any and all costs and expenses of collection and of all proceedings under the Resolution and under a Series Resolution and under such Bonds, without prejudice to any other right or remedy of the Trustee or of the Holders of such Bonds, and to recover and enforce judgment or decree against the Authority but solely as provided in the Resolution, in a Series Resolution and in such Bonds, for any portion of such amounts remaining unpaid, with interest, costs and expenses, and to collect in any manner provided by law, the money adjudged or decreed to be payable.

(Section 11.04)

Limitation of Rights of Individual Bondholders

No Holder of any of the Bonds of a Series shall have any right to institute any suit, action or proceeding in equity or at law for the execution of any trust under the Resolution, or for any other remedy under the Resolution unless such Holder previously shall have given to the Trustee written notice of the event of default on account of which such suit, action or proceeding is to be instituted, and unless also the Holders of not less than twenty-five per centum (25%) in principal amount of the Outstanding Bonds of a Series affected thereby shall have made written request to the Trustee after the right to exercise such powers or right of action, as the case may be, shall have accrued, and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers granted by the Resolution or to institute such action, suit or proceeding in its or their name, and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the costs, expenses, and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time. Such notification, request and offer of indemnity are declared in every such case, at the option of the Trustee, to be conditions precedent to the execution of the powers and trusts of the Resolution or for any other remedy under the Resolution and in equity or at law. It is understood and intended that no one or more Holders of the Bonds of a Series secured by the Resolution and by a Series Resolution shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security of the Resolution or of a Series Resolution or to enforce any right under the Resolution or a Series Resolution except in the manner in the Resolution and any Series Resolution provided, and that all proceedings at law or in equity shall be instituted and maintained for the benefit of all Holders of the Outstanding Bonds of such Series. Notwithstanding any other provision of the Resolution, the Holder of any Bond of a Series shall have the right which is absolute and unconditional to receive payment of the principal of (and premium, if any) and interest on such Bond on the stated maturity expressed in such Bond (or, in the case of redemption, on the redemption date) and to institute suit for the enforcement of any such payment, and such right shall not be impaired without the consent of such Holder.

(Section 11.08)

Defeasance

(a) If the Authority shall pay or cause to be paid to the Holders of Bonds of a Series the principal, Sinking Fund Installments, if any, or Redemption Price of and interest thereon, at the times and in the manner stipulated therein, in the Resolution, and in the applicable Series Resolution and Bond Series Certificate, then the pledge of the Revenues or other money and securities pledged to such Bonds and all other rights granted by the Resolution to such Bonds shall be discharged and satisfied. In such event, the Trustee shall, upon the request of the Authority, execute and deliver such documents to evidence such discharge and satisfaction as may be reasonably required by the Authority, and all money or securities held by it pursuant to the Resolution and to the applicable Series Resolution which are not required for the payment or redemption of Bonds of such Series shall be paid or delivered by the Trustee as follows: first, to the Arbitrage Rebate Fund, the amount required to be deposited therein in accordance with the direction of an Authorized Officer of the Authority; second, to the applicable Provider the Provider Payments which have not been repaid, pro rata based upon the respective Provider Payments then unpaid to each such Provider; third, to the Authority the amount certified by an Authorized Officer of the Authority to be then due or past due pursuant to the Loan Agreement for fees and expenses of the Authority or pursuant to any indemnity; and, then, the balance thereof to the Institution. Such securities so paid or delivered shall be released from any trust, pledge, lien, encumbrance or security interest created by the Resolution or by the applicable Loan Agreement.

(b) Bonds for the payment or redemption of which money shall have been set aside and shall be held in trust by the Trustee (through deposit of money for such payment or redemption or otherwise) at the maturity or redemption date thereof shall be deemed to have been paid within the meaning and with the effect expressed in the Resolution. All Outstanding Bonds of any Series or any maturity within such Series or a portion of a maturity within a Series shall prior to the maturity or redemption date thereof be deemed to have been paid within the meaning and with the effect expressed in the preceding paragraph (a) if (i) in case any of said Bonds are to be redeemed on any date prior to their maturity, the Authority shall have given to the Trustee, in form satisfactory to it, irrevocable instructions to give as provided in the Resolution notice of redemption on said date of such Bonds, (ii) there shall have been deposited with the Trustee either money in an amount which shall be sufficient, or Defeasance Securities the principal of and interest on which when due will, provide money which, together with the money, if

Appendix D

any, deposited with the Trustee at the same time, shall be sufficient to pay when due the principal, Sinking Fund Installments, if any, or Redemption Price, if applicable, and interest due and to become due on said Bonds on and prior to the redemption date or maturity date thereof, as the case may be, (iii) the Trustee shall have received the written consent to such defeasance of each applicable Provider which has given written notice to the Trustee and the Authority that amounts advanced under a Credit Facility or Liquidity Facility issued by it or the interest thereon have not been repaid to such Provider, and (iv) in the event said Bonds are not by their terms subject to redemption within the next succeeding sixty (60) days, the Authority shall have given the Trustee, in form satisfactory to it, irrevocable instructions to give, as soon as practicable, by first class mail, postage prepaid, to the Holders of said Bonds at their last known addresses, appearing on the registration books, and, if directed by the Authorized Officer of the Authority, by publication, at least twice, at an interval of not less than seven (7) days between publications, in an Authorized Newspaper, a notice to the Holders of such Bonds that the deposit required by clause (ii) above has been made with the Trustee and that said Bonds are deemed to have been paid in accordance with the Resolution and stating such maturity or redemption date upon which money is to be available for the payment of the principal, Sinking Fund Installments, if any, or Redemption Price, if applicable, of and interest on said Bonds. The Authority shall give written notice to the Trustee of its selection of the Series and maturity the payment of which is to be made in accordance with the Resolution. The Trustee shall select the Bonds of like Series and maturity payment of which shall be made in accordance with the Resolution in the manner provided in the Resolution. Neither Defeasance Securities nor money deposited with the Trustee pursuant to the provisions of the Resolution summarized in this paragraph nor principal or interest payments on any such Defeasance Securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal, Sinking Fund Installments, if any, or Redemption Price, if applicable, of and interest on said Bonds; **provided, however**, that any money received from such principal or interest payments on such Defeasance Securities deposited with the Trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in Defeasance Securities maturing at times and in amounts sufficient to pay when due the principal, Sinking Fund Installments, if any, or Redemption Price, if applicable, of and interest to become due on said Bonds on and prior to such redemption date or maturity date thereof, as the case may be; **provided, further**, that money and Defeasance Securities may be withdrawn and used by the Authority for any purpose upon (i) the simultaneous substitution therefor of either money in an amount which shall be sufficient, or Defeasance Securities the principal of and interest on which when due will provide money which without regard to reinvestment, together with the money, if any, held by or deposited with the Trustee at the same time, shall be sufficient to pay when due the principal, Sinking Fund Installments, if any, or Redemption price, if applicable, and interest due and to become due on such Bonds on and prior to the redemption date or maturity date thereof, as the case may be, and (ii) receipt by the Trustee of a letter or other written report of a firm of independent certified public accountants verifying the accuracy of the arithmetical computations which establish the adequacy of such money and Defeasance Securities for such purpose. Any income or interest earned by, or increment to, the investment of any such money so deposited, shall, to the extent certified by the Trustee to be in excess of the amounts required by the Resolution to pay the principal, Sinking Fund Installments, if any, or Redemption Price, if applicable, of and interest on such Bonds, as realized, be paid by the Trustee as follows: first, to the Arbitrage Rebate Fund, the amount required to be deposited therein in accordance with the direction of an Authorized Officer of the Authority; second, to each applicable Provider the Provider Payments which have not been repaid, pro rata, based upon the respective Provider Payments then unpaid to each Provider; third, to the Authority the amount certified by an Authorized Officer of the Authority to be then due or past due pursuant to the Loan Agreement for fees and expenses of the Authority or pursuant to any indemnity; and, then, the balance thereof to the Institution, and any such money so paid by the Trustee shall be released of any trust, pledge, lien, encumbrance or security interest created by the Resolution or by the applicable Loan Agreement.

(c) For purposes of determining whether Variable Interest Rate Bonds shall be deemed to have been paid prior to the maturity or redemption date thereof, as the case may be, by the deposit of money, or Defeasance Securities and money, if any, in accordance with the provisions of the Resolution summarized in clause (ii) of the second sentence of the preceding paragraph (b), the interest to come due on such Variable Interest Rate Bonds on or prior to the maturity date or redemption date thereof, as the case may be, shall be calculated at the Maximum Interest Rate permitted by the terms thereof; **provided, however**, that if on any date, as a result of such Variable Interest Rate Bonds having borne interest at less than such Maximum Interest Rate for any period, the total amount of money and Defeasance Securities on deposit with the Trustee for the payment of interest on such Variable Interest Rate Bonds is in excess of the total amount which would have been required to be deposited with the Trustee on such date in respect of such Variable Interest Rate Bonds in order to satisfy the provisions of the Resolution summarized in clause (ii) of the second sentence of the preceding paragraph (b), the Trustee shall, if

requested by the Authority, pay the amount of such excess as follows: first, to the Arbitrage Rebate Fund, the amount required to be deposited therein in accordance with the direction of an Authorized Officer of the Authority; second, to each applicable Provider the Provider Payments which have not been repaid, pro rata, based upon the respective Provider Payments then unpaid to each Provider; third, to the Authority the amount certified by an Authorized Officer of the Authority to be then due or past due pursuant to the Loan Agreement for fees and expenses of the Authority or pursuant to any indemnity; and, then, the balance thereof to the Institution, and any such money so paid by the Trustee shall be released of any trust, pledge, lien, encumbrance or security interest created by the Resolution or by the applicable Loan Agreement.

(d) Option Bonds of a Series shall be deemed to have been paid in accordance with the provisions of the Resolution summarized in clause (ii) of the second sentence of the paragraph (b) of this section only if, in addition to satisfying the requirements of clauses (i) and (iii) of such sentence, there shall have been deposited with the Trustee money in an amount which shall be sufficient to pay when due the maximum amount of principal of and premium, if any, and interest on such Bonds which could become payable to the Holders of such Bonds upon the exercise of any options provided to the Holders of such Bonds; **provided, however**, that if, at the time a deposit is made with the Trustee pursuant to the provisions of the Resolution summarized in the preceding paragraph (b), the options originally exercisable by the Holder of an Option Bond are no longer exercisable, such Bond shall not be considered an Option Bond for purposes of the provisions summarized in this paragraph. If any portion of the money deposited with the Trustee for the payment of the principal of and premium, if any, and interest on Option Bonds is not required for such purpose, the Trustee shall, if requested by the Authority, pay the amount of such excess as follows: first, to the Arbitrage Rebate Fund, the amount required to be deposited therein in accordance with the direction of an Authorized Officer of the Authority; second, to each applicable Provider the Provider Payments which have not been repaid, pro rata, based upon the respective Provider Payments then unpaid to each Provider; third, to the Authority the amount certified by an Authorized Officer of the Authority to be then due or past due pursuant to the Loan Agreement for fees and expenses of the Authority or pursuant to any indemnity; and, then, the balance thereof to the Institution, and any such money so paid by the Trustee shall be released of any trust, pledge, lien, encumbrance or security interest created by the Resolution or by the applicable Loan Agreement.

(e) Anything in the Resolution to the contrary notwithstanding, any money held by the Trustee or a Paying Agent in trust for the payment and discharge of any of the Bonds of a Series or the interest thereon which remain unclaimed for one (1) year after the date when all of the Bonds of such Series have become due and payable, either at their stated maturity dates or by call for earlier redemption, if such money were held by the Trustee or Paying Agent at such date, or for one (1) year after the date of deposit of such money if deposited with the Trustee or Paying Agent after said date when all of the Bonds of such Series become due and payable, shall, at the written request of the Authority, be repaid by the Trustee or Paying Agent to the Authority as its absolute property and free from trust, and the Trustee or Paying Agent shall thereupon be released and discharged with respect thereto and the Holders of Bonds shall look only to the Authority for the payment of such Bonds; **provided, however**, that, before being required to make any such payment to the Authority, the Trustee or Paying Agent may, at the expense of the Authority, cause to be published in an Authorized Newspaper a notice that such money remain unclaimed and that, after a date named in such notice, which date shall be not less than thirty (30) nor more than sixty (60) days after the date of publication of such notice, the balance of such money then unclaimed shall be returned to the Authority.

(Section 12.01)

Credit Facility Provider as Holder

If provided in or authorized by the Series Resolution authorizing the issuance of a Series of Bonds, the Authority may provide for the rights of the Provider of a Credit Facility in connection with Bonds of such Series, which rights may include that, whenever by the terms of the Resolution the Holders of any percentage in principal amount of Outstanding Bonds may exercise any right or power, consent to any amendment, change, modification or waiver, or request or direct the Trustee to take an action, such Provider may be deemed to be the Holder of such Bonds.

_____, 2010

Dormitory Authority of the
State of New York
515 Broadway
Albany, New York 12207

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance of \$78,085,000 aggregate principal amount of Rochester Institute of Technology Revenue Bonds, Series 2010 (the "Series 2010 Bonds") by the Dormitory Authority of the State of New York (the "Authority"), a body corporate and politic constituting a public benefit corporation of the State of New York, created and existing under and pursuant to the Constitution and statutes of the State of New York, including the Dormitory Authority Act, being Title 4 of Article 8 of the Public Authorities Law of the State of New York, as amended to the date hereof (the "Act"). We have also examined such certificates, documents, records and matters of law as we have deemed necessary for the purpose of rendering the opinions hereinafter set forth.

The Series 2010 Bonds are issued under and pursuant to the Act, and the Rochester Institute of Technology Revenue Bond Resolution and the Series 2010 Resolution Authorizing Up To \$85,000,000 Rochester Institute of Technology Revenue Bonds, Series 2010, both adopted on September 22, 2010 (collectively, the "Resolution"). The Series 2010 Bonds are being issued for the purposes set forth in the Resolution. Capitalized terms used and not otherwise defined herein have the respective meanings given to them in the Resolution or the Loan Agreement (as defined herein).

The Series 2010 Bonds are dated their date of delivery and bear interest from such date payable on January 1, 2011 and semi-annually thereafter on July 1 and January 1 in each year until final maturity thereof. The Series 2010 Bonds mature on the date and in the years and amounts, and bear interest at the rates and are subject to redemption and purchase prior to maturity, all as set forth in the Bond Series Certificate executed in connection therewith.

The Authority and Rochester Institute of Technology (the "Institution") have entered into a Loan Agreement, dated as of September 22, 2010 (the "Loan Agreement"), providing, among other things, for a loan to the Institution for the purposes permitted thereby and by the Resolution. Pursuant to the Loan Agreement, the

Appendix E

Institution is required to make payments sufficient to pay the principal and Sinking Fund Installments, if any, and the redemption and purchase price of, and interest on the Series 2010 Bonds, which payments have been pledged by the Authority to the Trustee for the benefit of the Holders of the Series 2010 Bonds.

We are of the opinion that:

1. The Authority is a body corporate and politic constituting a public benefit corporation of the State of New York, with the right and lawful authority and power to adopt the Resolution and to issue the Series 2010 Bonds thereunder.

2. The Resolution has been duly and lawfully adopted by the Authority. The Resolution is in full force and effect, and is a legal, valid and binding obligation of the Authority enforceable in accordance with its terms.

3. The Series 2010 Bonds have been duly and validly authorized and issued in accordance with the Constitution and statutes of the State of New York, including the Act, and in accordance with the Resolution. The Series 2010 Bonds are legal, valid and binding special obligations of the Authority payable as provided in the Resolution, are enforceable in accordance with their terms and the terms of the Resolution and are entitled to the equal benefits of the Resolution and the Act.

4. The Authority has the right and lawful authority and power to enter into the Loan Agreement and the Loan Agreement has been duly authorized, executed and delivered by the Authority and constitutes the legal, valid and binding obligation of the Authority enforceable in accordance with its terms.

5. Assuming compliance by the Authority and the Institution with the covenants described below, interest on the Series 2010 Bonds is excluded from gross income for federal income tax purposes. The interest on the Series 2010 Bonds will not be treated as a specific preference item for purposes of computing the federal alternative minimum tax. However, we note a portion of the interest on Series 2010 Bonds earned by certain corporations may be subject to the federal alternative minimum tax, which is based in part on adjusted current earnings.

We are further of the opinion that the difference between the principal amount of the Series 2010 Bonds maturing on July 1, 2028 and July 1, 2032 (“Discount Bonds”) and the initial offering price to the public (excluding bond houses, brokers or similar persons acting in the capacity of underwriters or wholesalers) at which a substantial amount of such Discount Bonds of the same maturity was sold constitutes original issue discount (“OID”). For federal income tax purposes, OID accrues to the owner of a Discount Bond over the period to maturity based on the constant yield method, compounded semiannually (or over a shorter permitted compounding interval selected by the owner). The portion of OID that accrues during the period of ownership of a Discount Bond (i) is interest excluded from the owner’s gross income for federal income tax purposes to the same extent and subject to the same considerations discussed above, as other interest on the Series 2010 Bonds, and (ii) is added to the owner’s tax basis for purposes of determining gain or loss on the maturity, redemption, prior sale or other disposition of that Discount Bond. A purchaser of a Discount Bond at its issue price in the initial public offering who holds that Discount Bond to maturity will realize no gain or loss upon the retirement of that Discount Bond. Initial purchasers of the Series 2010 Bonds maturing on July 1, 2011 through July 1, 2025, inclusive, and July 1, 2040, whose initial adjusted basis in such Bonds exceeds the respective principal amount of such Bonds (“Premium Bonds”) will have bond premium to the extent of that excess. For federal income tax purposes, bond premium is amortized over the period to maturity of a Premium Bond, based on the yield to maturity of that Premium Bond (or, in the case of a Premium Bond callable prior to its stated maturity, the amortization period and yield must be determined on the basis of an earlier call date that results in the lowest yield on that Premium Bond), compounded semiannually. No portion of that bond premium is deductible by the owner of a Premium Bond. For purposes of determining the owner’s gain or loss on the sale, redemption (including redemption at maturity) or other disposition of a Premium Bond, the owner’s tax basis in the Premium Bond is reduced by the amount of bond premium that accrues during the period of ownership.

6. We are also of the opinion that interest on the Series 2010 Bonds is exempt, under existing law, from personal income taxes of the State of New York and its political subdivisions, including The City of New York and the City of Yonkers.

With respect to the opinions in paragraphs 5 and 6, the Internal Revenue Code of 1986 (the “Code”) imposes certain requirements that must be met subsequent to the issuance and delivery of the Series 2010 Bonds for interest thereon to be and remain excluded from gross income for federal income tax purposes. Noncompliance with such requirements could cause the interest on the Series 2010 Bonds to be included in gross income retroactively to the date of issue of the Series 2010 Bonds. The Authority and the Institution have covenanted to take all actions necessary to maintain, and to avoid taking any actions that would impair, the exclusion of the interest on the Series 2010 Bonds from gross income for federal income tax purposes pursuant to Section 103(a) of the Code.

In rendering the opinion set forth in paragraphs 5 and 6, we have relied upon representations made by the Institution with respect to certain material facts within their knowledge and also upon the opinion of Nixon Peabody LLP, counsel to the Institution, and we have made no independent investigation thereof regarding, among other matters, the current qualification of the Institution as an organization described in Section 501(c)(3), and exempt from federal income tax pursuant to Section 501(a) of the Code. We note that such opinion is subject to a number of qualifications and limitations. Failure of the Institution to be organized and operated in accordance with the Internal Revenue Service’s requirements for maintenance of its status as an organization described in Section 501(c)(3), and exempt from federal income tax pursuant to Section 501(a), of the Code may result in interest on the Series 2010 Bonds being included in gross income for federal income tax purposes, possibly retroactively from the original delivery of the Series 2010 Bonds.

We have examined an executed Series 2010 Bond and, in our opinion, the form of said bond and its execution are regular and proper.

Except as stated in paragraphs 5 and 6 above, we express no opinion as to any other federal or state tax consequences of the ownership or disposition of the Series 2010 Bonds. Furthermore, we express no opinion as to any federal, state or local tax law consequences with respect to the Series 2010 Bonds, or the interest thereon, if any action is taken with respect to the Series 2010 Bonds or the proceeds thereof upon the advice or approval of other bond counsel.

The opinions contained in paragraphs 2, 3 and 4 above are qualified to the extent that the enforceability of the Resolution, the Series 2010 Bonds and the Loan Agreement may be limited by bankruptcy, insolvency, moratorium, reorganization or other laws affecting creditors’ rights generally or as to the availability of any particular remedy.

In connection with the delivery of this opinion, we are not passing upon the authorization, execution and delivery of the Loan Agreement by the Institution. We have assumed the due authorization, execution and delivery of the Loan Agreement by the Institution.

We express no opinion in this letter as to the accuracy, completeness, fairness or sufficiency of the Official Statement, or any appendices thereto.

Very truly yours,
