2	6/3/2019	Eric VanAlstyne	Atlantic Testing Laboratories	Corporate Development Manager	<p>1. During the NYS Life Sciences Pre-submission Conference on 5/30/19 a question was asked “Is the design builder responsible for the Special Inspections?” The response was that DASNY will procure the Special Inspection services. Upon review of the NYS Life Sciences Public Health Laboratory RFQ page 5 section 2.2; it states the design builder shall provide; n) Construction Testing and Quality Management Programs. Please clarify what construction testing and inspection services the Design Builder will be responsible for and what services will be included in the Special Inspection Services procured by DASNY?</p> <p>2. Is the Design Builder required during the RFQ stage to list the third party testing laboratory as part of the Design Build Team Organization?</p>	<p>1. RFQ Page 5 section 2.2 Under Scope of Services by the Design-Builder item (n) states “Construction Testing and Quality Management Program “ The intent of this statement was that the Design- Builder shall be responsible for all testing and quality control of all system installations such as plumbing, electrical, HVAC etc. The Special Inspection requirements are listed on Page B-61 of the Draft Contract section 1.11 under NYS SPECIAL INSPECTIONS AND TESTS and will be hired by DASNY.</p> <p>2. No, the third party Inspecting Agency will be hired by DASNY.</p>	6/7/2019
3	6/6/2019	Alex Smith	Tutor Perini Building Corp	Senior Business Development Coordinator	<p>1. Section 3.1, Tab 6, Attachment 5, the link within the RFQ for Attachment 5 Financial Viability Risk Assessment Form did not work. Please provide form.</p> <p>2.
