

Careers @ DASNY

DASNY

Serving at DASNY is not just a job, it is a mission. It is our mission to help make New York's communities sustainable, resilient and inclusive.

Why DASNY?

New York State's capital project development authority

The Dormitory Authority of the State of New York (DASNY) is a public benefit corporation that provides financing and construction services to the health and education institutions that strengthen New York State's communities. DASNY is among the largest issuers of low-cost, tax-exempt bonds in the nation and one of its biggest public builders.

In order for New York's economy to flourish, the State must be an attractive place for people to live, work and learn. DASNY contributes to this effort by providing the highest level of service to its clients. By doing more for clients, DASNY delivers more for all New Yorkers fulfilling its public mission.

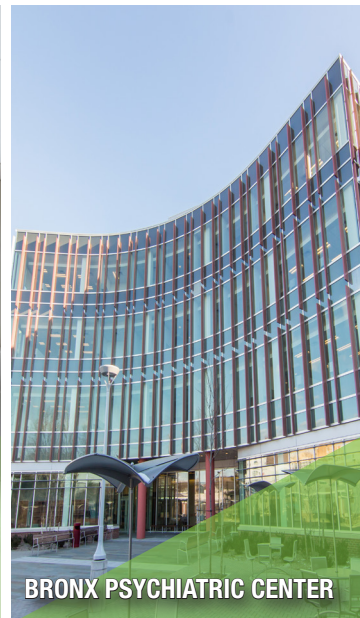

DASNY's two primary lines of business – public finance and construction – combine into a powerful force. The projects it delivers create thousands of jobs while enhancing communities, improving service delivery, and positioning New York in a better place to compete for the best companies and the brightest minds.

DASNY places a priority on ensuring people living in communities throughout the state, regardless of circumstance, get a chance at higher opportunity.

By working at DASNY, you help create the foundation that enables New York to compete in the 21st century.

DASNY's work falls into four categories: Science, Health, Education and Resiliency.

SCIENCE:

Researchers inside CUNY's Advanced Science Research Center. The approximately \$700 million facility is the highest value project in DASNY's history.

EDUCATION:

In 2021, DASNY's largest issue for a private, not-for-profit higher education institution was \$233 million.

HEALTH:

The low-cost financing DASNY provides to hospitals, nursing homes and other organizations enables the transformation of health care delivery across New York State. (Photo Courtesy: University at Buffalo)

RESILIENCY:

DASNY's work with the Governor's Office of Storm Recovery (GOSR) and other agencies is preparing communities for increasingly powerful storms.
