BENEATH EVERYTHING YOU DO, there lies a mission. It animates the plans you make; the budgets you develop; the employees you hire; the words you write on your website.

YOU HELP NEW YORK THRIVE.

Think about it. Hospitals help New York thrive by promoting health. Colleges do it by educating students to seize tomorrow's opportunities. Research centers do it by facilitating scientific discovery. Emergency organizations get New Yorkers back on their feet after a disaster.

Many organizations. Many people served. One grand mission.

It is also our mission.

WE CREATE THE FOUNDATION THAT HELPS NEW YORK THRIVE.

75+ YEARS OF INSPIRING CONFIDENCE.

In 1944, no one could have imagined what DASNY would become—or how many markets it would serve. Today, DASNY's success in helping New York State meet its greatest challenges has institutions like yours coming to us because of your confidence in our track record.

We consistently rank among America's top municipal bond issuers, rising to #1 status in several recent years.

Our staff and consultants routinely—and successfully—manage more than 1000 construction projects worth more than \$8 billion.

Our clients include some of the most prestigious institutions from a range of endeavors: health care, scientific research, education, resiliency, sustainability and more.

To your project, we bring a distinctive blend of advantages that maximize your benefit and fulfill your objectives:

A FULL MENU OF SERVICES. While many firms provide financial, design and construction services, dasny provides all of them while adding a unique understanding of New York's regulatory environment. You can make us your single point of contact for the entire project, or select precisely the services that meet your requirements.

YOUR BEST INTEREST. As a public benefit corporation, we are empowered to make every decision in your best interest.

DEPTH OF EXPERTISE. Together, our architects, engineers, financial analysts and other staff hold 160 professional licenses or certifications and more than 100 advanced degrees.

SERVICES DESIGNED FOR EFFICIENCY. Beyond the menu-of-services approach, dasny engages in a variety of project delivery methods—to minimize your cost and streamline your project schedule.

ECONOMIES OF SCALE. Our size and stature typically enable us to facilitate the best available pricing.

“As a prominent builder of infrastructure and consistently one of the number one issuers of tax-exempt bonds in the nation, we are continually innovating, improving our processes, expanding our services, and aggressively focusing on diversity.”

Portia Lee
Managing Director, Public Finance & Portfolio Monitoring - DASNY

DASNY’s distinction in the municipal bond markets gives you substantial advantages in financing your project:

TAX EXEMPTIONS. Interest on most DASNY bonds is excluded from federal, New York State and local taxable income.

LOW COST OF CAPITAL. Interest rates on DASNY bonds are typically lower than commercial loan rates and those of taxable bonds.

MULTIPLE FUNDING OPTIONS. Clients have used DASNY bond financing for construction projects and tax-exempt leasing for state-of-the-art equipment. We regularly issue bonds tailored to institutions in the health and education sectors. And we routinely customize funding structures to meet your objectives.

EXPERT SUPPORT. Our deep knowledge and experience enables DASNY’s professional team to guide you through the process, and we stay in contact even after your bonds are issued.

Advantages like these spring from DASNY’s robust presence in the municipal bond market—and a track record that inspires investor confidence. Since DASNY’s first bond issue in 1949, we have issued more than \$162.8 billion on behalf of our clients.

PLANNING, DESIGN & QUALITY ASSURANCE

Designed to meet your objectives.

Client needs, program objectives, sustainability standards, regulatory objectives and budget constraints: Meeting so many parameters can test the ability of even the most accomplished firms. It calls for the rigor and extensive experience that DASNY planners, architects, engineers and project managers have brought to the oversight of every project for more than eight decades. Our meticulous process includes:

OVERSIGHT FOR COST SAVINGS. Our long experience as liaisons between design professionals and construction teams makes for a seamless process, saving you time and money. We monitor the design and construction documents for compliance with your goals and budget, life safety and code compliance, constructability, completeness of scope and other requirements.

PROFESSIONALS OF DISTINCTION. Our in-house design staff includes registered architects, professional engineers, LEED-accredited professionals and others. Meanwhile, our list of term contract architects and engineers includes some of the most respected practitioners in New York State. We have the staff and expertise to get your job done.

REGULATORY EXPERTISE. Everywhere in New York State, public work requires compliance with local, state and federal regulation. DASNY's relationship with those agencies, and understanding of the process, streamline approvals on even the most complex projects.

“We see DASNY as an extension of our staff; we rely on their guidance navigating complexities of the contracting and regulatory environment.”

CONSTRUCTION

On-site advocates.

In DASNY, you get unmatched expertise to oversee your project while selecting precisely the services you need. Whatever the specifics, our professionals emphasize the elements that routinely make projects a success:

RIGOROUS COST CONTROL. Before construction begins, we assign a team of cost control analysts to analyze and maintain cost control through to project completion. These guardians manage change orders, negotiate them as they arise, and engage in meticulous document review.

COMPLIANCE WITH STANDARDS. DASNY's code compliance team works in all project phases to ensure compliance with the complex array of codes and regulations, in areas from asbestos abatement to safety and environmental remediation.

SOPHISTICATED SCHEDULING ANALYSIS. DASNY uses state-of-the-art analytical tools to evaluate construction schedules, keeping projects on time and on budget.

EXPERT ON-SITE SUPERVISION. Many clients find it a challenge to oversee work at building sites. Project Managers and Field Representatives work daily with the complexities of construction in New York. DASNY's supervision relieves you from the administrative burden of on-site management.

Your project is unique. So are its construction challenges. That calls for a partner whose solutions are just as unique. DASNY's trademark flexibility and experience deliver solutions while navigating the labyrinth of costs, schedules and standards

“DASNY-managed projects, such as CUNY's Advanced Science Research Center, develop a larger science community, contributing to society and providing jobs for New Yorkers.”

DASNY CAN HELP
YOU REACH THE
GOVERNOR'S 30% MWBE
UTILIZATION RATE.

Diversity at DASNY is not just about meeting mandates. It's about bringing top talent, multiple perspectives and best solutions to every project. This is why a commitment to—business enterprises owned by minorities, women, small and service-disabled veterans—permeates everything we do.

DIVERSITY IN FINANCE. We set and meet mwbe and sdvob participation goals for public clients.

DIVERSITY IN CONSTRUCTION AND PROFESSIONAL SERVICES. We require all contractors and providers to use qualified mwbe and sdvob firms. New York State's construction-related goal for mwbe participation is 30%.

DIVERSITY IN PROCUREMENT. Our Procurement and Opportunity Programs team serves as our watchdog for mwbe issues. It approves every mwbe utilization plan, reviews actual mwbe participation on every project, and reaches out to prime contractors who need more mwbe firms to meet their goals.

By weaving mwbes and sdvobs into all we do, we broaden opportunity for all New Yorkers—and bring an unprecedented level of excellence to your project.

“DASNY is creating new capacity for New York State MWBE and SDVOB firms to grow and succeed. We are building the institutions New Yorkers need to access best-in-class health care and world-class schools. Our Procurement and Opportunity Programs team integrates inclusion on every DASNY project, creating diverse and vibrant communities.”
