

## The DASNY Capital Management Plan (CMP)

DASNY's Capital Management Plan offers new growth opportunities for MWBEs and SDVOBs by providing project-specific lines of credit, surety bonding and back-office support to help them successfully bid on and execute DASNY construction projects as prime contractors.

DASNY is partnering with community non-profit LISC NYC and The Cayemitte Group, a full-service insurance and surety bond brokerage, to launch the innovative program.

“DASNY is committed to promoting inclusion by supporting businesses owned by minorities, women and service-disabled veterans, and to ensuring our partners reflect the diversity of New York State.”

Reuben R. McDaniel, III  
President & CEO | DASNY

**This unique program is supported with an initial investment of \$10 million by the non-profit Local Initiatives Support Corporation (LISC) NYC.**

**The Capital Management Plan helps MWBE/SDVOB companies access capital needed to compete as prime contractors on DASNY projects.**

- Enables program participants to purchase construction, plumbing and electrical supplies at competitive terms and pricing on DASNY projects.
- Helps MWBEs/SDVOBs secure the surety bonding and capital access required for construction projects over \$100,000 through a revolving loan fund.
- Facilitates timely payments on project-related expenses with back-office supports, including financial management and funds control.
- Builds capacity needed to manage larger projects through training.

The program is administered in partnership with a NYS certified MBE, The Cayemitte Group, a full-service insurance and surety bond brokerage firm.
