The Bank of New York Mellon, New York, New York is the Trustee and Paying Agent for the Series 2017 Bonds.

Redemption: *The Series 2017 Bonds are subject to redemption and purchase in lieu of optional redemption prior to maturity as more fully described herein.*

Tax Matters: In the opinion of Hawkins Delafield & Wood LLP, Co-Bond Counsel to DASNY, under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein, (i) interest on the Series 2017A Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) interest on the Series 2017A Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations. Interest on the Series 2017B Bonds is included in gross income for Federal income tax purposes pursuant to the Code. In addition, in the opinion of Hawkins Delafield & Wood LLP, under existing statutes, interest on the Series 2017 Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York). See "PART 11 – TAX MATTERS" herein regarding certain other considerations.

The Series 2017 Bonds are offered when, as, and if issued and received by the Underwriters. The offer of the Series 2017 Bonds may be subject to prior sale, or withdrawn or modified at any time without notice. The offer is subject to the approval of legality by DASNY's Co-Bond Counsel, Hawkins Delafield & Wood LLP, New York, New York, and McGlashan Law Firm, P.C., New York, New York, and to certain other conditions. Certain legal matters will be passed upon for the University by its General Counsel, Terrance Nolan, Esq., and by its special counsel, Ropes & Gray LLP, New York, New York. Certain legal matters will be passed upon for the Underwriters by their counsel, Katten Muchin Rosenman LLP, New York, New York. The purpose of this Official Statement, including the cover page, the inside cover page and appendices, is to provide information about DASNY and the University, in connection with the offering by DASNY of (i) \$450,170,000 principal amount of its New York University Revenue Bonds, Series 2017A (Tax-Exempt) (the “Series 2017A Bonds”) and (ii) \$227,835,000 principal amount of its New York University Revenue Bonds, Series 2017B (Taxable) (the “Series 2017B Bonds” and, together with the Series 2017A Bonds, the “Series 2017 Bonds”).

The following is a brief description of certain information concerning the Series 2017 Bonds, DASNY and the University. A more complete description of such information and additional information that may affect decisions to invest in the Series 2017 Bonds is contained throughout this Official Statement, which should be read in its entirety. Certain terms used in this Official Statement are defined in Appendix A hereto.

Purpose of the Issue

The Series 2017A Bonds are being issued to (i) finance or refinance the Costs of the Series 2017 Project, (ii) provide for the payment of the maturing principal or redemption price of and interest due on certain of the outstanding bonds listed on APPENDIX G- “SUMMARY OF REFUNDED BONDS-Refunded DASNY Bonds” hereto and (iii) to pay certain Costs of Issuance of the Series 2017A Bonds. The Series 2017B Bonds are being issued to (i) finance or refinance the Costs of the Series 2017 Project, (ii) provide for the payment of the maturing principal or redemption price of and interest due on certain of the outstanding bonds listed on APPENDIX G- “SUMMARY OF REFUNDED BONDS-Refunded DASNY Bonds” hereto and all of the outstanding bonds listed on APPENDIX G- “SUMMARY OF REFUNDED BONDS-Refunded NYC IDA Bonds” hereto, (iii) to pay capitalized interest on the Series 2017 Bonds and (iv) to pay certain Costs of Issuance of the Series 2017A Bonds and the Series 2017B Bonds. See “PART 4 - ESTIMATED SOURCES AND USES OF FUNDS,” “PART 5 - THE SERIES 2017 PROJECT,” and “PART 6 – THE REFUNDING PLAN.” The sale and issuance of the Series 2017A Bonds will not be conditioned on the sale and issuance of the Series 2017B Bonds and the sale and issuance of the Series 2017B Bonds will not be conditioned on the sale and issuance of the Series 2017A Bonds.

Authorization of Issuance

The Series 2017 Bonds will be issued pursuant to the Resolution, the Series 2017 Resolutions and the Act. In addition to the Series 2017 Bonds, the Resolution authorizes the issuance of other Series of Bonds (collectively, the “Bonds”) to pay other Costs of one or more projects, to pay the Costs of Issuance of such Series of Bonds and to refund all or a portion of Outstanding Bonds or other notes or bonds of DASNY issued on behalf of the University. The Bonds permitted to be issued under the Resolution include Capital Appreciation Bonds, Deferred Income Bonds, Option Bonds and Variable Interest Rate Bonds. All Bonds issued under the Resolution rank on a parity with each other and are secured equally and ratably with each other. There is no limit on the amount of additional Bonds that may be issued under the Resolution, which Bonds may be issued at any time after the scheduled delivery date of the Series 2017 Bonds. See “PART 7- THE UNIVERSITY - FINANCIAL STATEMENT INFORMATION – Investments - Outstanding Long-Term Debt and Other Obligations.”

The Series 2017 Bonds

The Series 2017 Bonds will be dated their date of delivery and will bear interest from such date (payable July 1, 2017 and on each January 1 and July 1 thereafter) at the rates and will mature at the times and in the principal amounts set forth on the inside cover page of this Official Statement. See “PART 3 - THE SERIES 2017 Bonds - Description of the Series 2017 Bonds.”

Payment of the Series 2017 Bonds

The Series 2017 Bonds and all other Bonds which have been and may be issued under the Resolution are special obligations of DASNY payable solely from the Revenues, which consist of certain payments to be made by the University under the Loan Agreement. The Revenues are pledged and assigned to the Trustee. See “PART 2 - SOURCE OF PAYMENT AND SECURITY FOR THE SERIES 2017 Bonds - Payment of the Series 2017 Bonds.”

Security for the Series 2017 Bonds

The Series 2017 Bonds are secured equally and ratably with all other Bonds which have been and may be issued under the Resolution by the pledge and assignment to the Trustee of the Revenues, the proceeds of the Bonds and, except as otherwise provided in the Resolution, all funds and accounts established under the Resolution (with the exception of the Arbitrage Rebate Fund or any fund or account established for the payment of the purchase price or Redemption Price of Option Bonds tendered for purchase or redemption). See “PART 2 - SOURCE OF PAYMENT AND SECURITY FOR THE SERIES 2017 Bonds - Security for the Series 2017 Bonds” and “PART 7 - THE UNIVERSITY - FINANCIAL STATEMENT INFORMATION - Investments - Outstanding Long-Term Debt and Other Obligations.”

The Loan Agreement is a general, unsecured obligation of the University. No security interest in any revenues or assets of the University has been granted by the University to DASNY under the Loan Agreement. However, the University has granted security interests in certain revenues and assets of the University to secure certain of the University’s outstanding indebtedness other than the Bonds. In addition, pursuant to the Loan Agreement, the University may incur Debt secured by a lien and pledge of revenues of the University without granting to DASNY any security interest in any revenues to secure the University’s obligations under the Loan Agreement. See “PART 2 - SOURCE OF PAYMENT AND SECURITY FOR THE SERIES 2017 Bonds - Security for the Series 2017 Bonds” and “PART 7 - THE UNIVERSITY - FINANCIAL STATEMENT INFORMATION - Investments - Outstanding Long-Term Debt and Other Obligations.”

The University

The University is a private, co-educational, non-sectarian, not-for-profit institution of higher education chartered by the Regents of the University of the State of New York and is an organization described in Section 501(c)(3) of the Code. The University’s principal facilities are located in New York, New York. See “PART 7 - THE UNIVERSITY” and “APPENDIX B – NEW YORK UNIVERSITY CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED AUGUST 31, 2016 AND 2015.”

DASNY

DASNY is a public benefit corporation of the State, created for the purpose of financing and constructing a variety of public-purpose facilities for certain educational, governmental and not-for-profit corporations. See “PART 8 - DASNY.”

PART 2 - SOURCE OF PAYMENT AND SECURITY FOR THE SERIES 2017 BONDS

Set forth below is a narrative description of certain contractual provisions relating to the source of payment of and security for the Series 2017 Bonds. These provisions have been summarized and this description does not purport to be complete. Reference should be made to the Act, the Loan Agreement and the Resolution and the Series 2017 Resolutions. Copies of the Loan Agreement, the Resolution and the Series 2017 Resolutions are on file with DASNY and the Trustee. See also “APPENDIX C - SUMMARY OF CERTAIN PROVISIONS OF THE LOAN AGREEMENT” and “APPENDIX D - SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION,” for a more complete statement of the rights, duties and obligations of the parties thereto.

Payment of the Series 2017 Bonds

The Series 2017 Bonds and all other Bonds which have been and may be issued under the Resolution will be special obligations of DASNY. The principal, Sinking Fund Installments, if any, Purchase Price and Redemption Price of and interest on the Series 2017 Bonds and all other Bonds issued under the Resolution are payable solely from the Revenues, which consist of payments to be made by the University pursuant to the Loan Agreement on account of the principal, Sinking Fund Installments, if any, Purchase Price and Redemption Price of and interest on the Bonds. The Revenues and the right to receive them have been pledged to the Trustee for the benefit of the Bondholders.

The Loan Agreement is a general, unsecured obligation of the University and obligates the University to make payments to satisfy the principal and Sinking Fund Installments, if any, of and interest on Outstanding Bonds. Payments made by the University in respect of interest on fixed-rate Outstanding Bonds are to be made on the fifth Business Day immediately preceding a July 1 and January 1 interest payment date and, in the case of payments in connection with Variable Interest Rate Bonds, three days prior to an interest payment date, in each case in an amount equal to the interest coming due on the next succeeding interest payment date. Payments by the University in respect of principal and Sinking Fund Installments are to be made on the fifth Business Day preceding the date on which such principal becomes due or the date on which a Sinking Fund Installment becomes due.

Pursuant to the Loan Agreement, DASNY has directed the University, and the University has agreed, to make such payments directly to the Trustee. Such payments are to be applied by the Trustee to the payment of the principal of and interest on the Outstanding Bonds, including the Series 2017 Bonds.

Security for the Series 2017 Bonds

The Series 2017 Bonds are secured equally with all other Bonds issued under the Resolution by the pledge of the Revenues, the proceeds of the Bonds and, except as otherwise provided in the Resolution, all funds and accounts established by the Resolution and any Series Resolution, other than the Arbitrage Rebate Fund and any fund established for the payment of the Purchase Price of Option Bonds tendered for purchase.

The Series 2017 Bonds will not be a debt of the State of New York (the “State”) nor will the State be liable thereon. DASNY has no taxing power. Neither the State nor DASNY has any responsibility to make payments with respect to the Series 2017 Bonds except for DASNY’s responsibility to make payments from money received from the University pursuant to the Loan Agreement and from amounts held in the funds and accounts under the Resolution and pledged therefor.

The Loan Agreement and the obligation of the University to make payments under the Loan Agreement are general, unsecured obligations of the University. The obligations of the University to make payments or cause the same to be made under the Loan Agreement are absolute and unconditional and the amount, manner and time of making such payments are not to be decreased, abated, postponed or delayed for any cause or by reason of the happening or non-happening of any event, irrespective of any defense or any right of set-off, recoupment or

counterclaim which the University may otherwise have against DASNY, the Trustee or any Bondholder for any cause whatsoever.

No security interest in any revenues or assets of the University has been granted by the University to DASNY under the Loan Agreement. However, the University has granted security interests in certain revenues and assets of the University to secure certain of the University's outstanding indebtedness other than the Bonds. See "PART 7 - THE UNIVERSITY - FINANCIAL STATEMENT INFORMATION - Investments - Outstanding Long-Term Debt and Other Obligations," for a description of such indebtedness of the University secured by certain pledged revenues. In the event of a default under any debt instrument secured by such pledged revenues, the holder or trustee under such debt instrument (including DASNY as the holder of such other debt) will have the right to collect a portion or all of such pledged revenues, and apply the revenues so collected to the payment of amounts due under such debt instrument. Any revenues so collected and applied will not be available for satisfying any of the University's obligations under the Loan Agreement.

Events of Default and Acceleration

The following are events of default under the Resolution: (i) a default by DASNY in the payment of the principal, Sinking Fund Installment, Purchase Price or Redemption Price of or interest on any Bond; (ii) a default by DASNY in the due and punctual performance of any covenants, conditions, agreements or provisions contained in the Bonds or in the Resolution which continues for 30 days after written notice thereof is given to DASNY by the Trustee (such notice to be given in the Trustee's discretion or at the written request of the Holders of not less than 25% in principal amount of Outstanding Bonds); (iii) with respect to the Bonds of a Series, a default by DASNY in the due and punctual performance of any covenant or agreement contained in the Series Resolution authorizing the issuance of such Series of Bonds to comply with the provisions of the Code applicable to such Bonds necessary to maintain the exclusion of interest on such Bonds from gross income for purposes of federal income taxation; or (iv) an "Event of Default," as defined in the Loan Agreement, has occurred and is continuing and all sums payable by the University under the Loan Agreement have been declared immediately due and payable (unless such declaration has been annulled). Unless all sums payable by the University under the Loan Agreement are declared immediately due and payable, an event of default under the Loan Agreement is not an event of default under the Resolution.

The Resolution provides that, if an event of default (other than as described in clause (iii) of the preceding paragraph) occurs and continues, the Trustee, upon the written request of Holders of not less than 25% in principal amount of the Outstanding Bonds by written notice to DASNY, is to declare the principal of and interest on all the Outstanding Bonds to be due and payable. At the expiration of 30 days from the giving of such notice, such principal and interest will become due and payable. The Trustee shall, with the written consent of the Holders of not less than 25% in principal amount of Bonds not yet due by their terms and then Outstanding, annul such declaration and its consequences under the terms and conditions specified in the Resolution with respect to such annulment.

Notwithstanding any other provision of the Resolution to the contrary, upon DASNY's failure to observe, or refusal to comply with, the covenant described in clause (iii) of the first paragraph under this subheading, upon the direction of the Holders of not less than 25% in principal amount of the Outstanding Bonds of the Series affected thereby, the Trustee is to exercise the rights and remedies provided to the Holders of the Bonds under the Resolution. However, the Resolution provides that in no event may the Trustee, whether or not it is acting at the direction of the Holders of 25% or more in principal amount of the Outstanding Bonds of the Series affected thereby, declare the principal of a Series of Bonds, and the interest accrued thereon, to be due and payable immediately as a result of DASNY's failure or refusal to observe or comply with such covenant.

The Resolution provides that the Trustee is to give notice in accordance with the Resolution of each event of default known to the Trustee to each Facility Provider and to the University within five days, and to the Holders within 30 days, in each case after obtaining knowledge of the occurrence thereof, unless such default has been remedied or cured before the giving of such notice. However, except in the case of default in the payment of principal, Sinking Fund Installment or Redemption Price of or interest on any of the Bonds, the Trustee will be protected in withholding such notice thereof to the Holders if the Trustee in good faith determines that the withholding of such notice is in the best interests of the Holders of the Bonds.

Issuance of Additional Bonds

In addition to the Outstanding Bonds and the Series 2017 Bonds, the Resolution authorizes the issuance of other Series of Bonds to finance one or more projects and for other specified purposes, including to refund Outstanding Bonds or other notes or bonds of DASNY issued on behalf of the University. The Bonds which may be issued include Capital Appreciation Bonds, Deferred Income Bonds, Option Bonds and Variable Interest Rate Bonds. All Bonds issued under the Resolution will rank on a parity with each other and will be secured equally and ratably with each other. There is no limit on the amount of additional Bonds that may be issued under the Resolution. Additional Bonds may be issued at any time on or after the scheduled delivery date of the Series 2017 Bonds.

General

The Series 2017 Bonds will not be a debt of the State and the State will not be liable on the Series 2017 Bonds. DASNY has no taxing power. DASNY has never defaulted in the timely payment of principal of or interest on its bonds or notes. See "PART 8 - DASNY."

PART 3 - THE SERIES 2017 BONDS

Set forth below is a narrative description of certain provisions relating to the Series 2017 Bonds. These provisions have been summarized and this description does not purport to be complete. Reference should be made to the Resolution, the Series 2017 Resolutions and the Loan Agreement, copies of which are on file with DASNY and the Trustee. See also "APPENDIX C - SUMMARY OF CERTAIN PROVISIONS OF THE LOAN AGREEMENT" AND "APPENDIX D - SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION" for a more complete description of certain provisions of the Series 2017 Bonds.

Description of the Series 2017 Bonds

The Series 2017 Bonds will be issued pursuant to the Resolution and the Series 2017 Resolutions, will be dated their date of delivery, will bear interest from such date (payable July 1, 2017 and on each January 1 and July 1 thereafter) at the rates, and will mature at the times set forth on the inside cover page of this Official Statement.

The Series 2017 Bonds will be issued as fully registered bonds in denominations of \$5,000 or any integral multiple thereof ("Authorized Denominations"). The Series 2017 Bonds will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), pursuant to DTC's Book-Entry Only System. Purchasers of beneficial interests in the Series 2017 Bonds will be made in book-entry form, without certificates. If at any time the Book-Entry Only System is discontinued for the Series 2017 Bonds, the Series 2017 Bonds will be exchangeable for other fully registered Series 2017 Bonds in any other Authorized Denominations of the same Series, maturity and interest rate, if applicable, without charge except the payment of any tax, fee or other governmental charge to be paid with respect to such exchange, subject to the conditions and restrictions set forth in the Resolution. See "Book-Entry Only System" herein and "APPENDIX D - SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION."

Interest on the Series 2017 Bonds will accrue based upon a 360-day year of twelve 30-day months.

Interest on the Series 2017 Bonds of a Series will be payable by check or draft mailed to the registered owners or, at the option of the registered owner of at least \$1,000,000 of Series 2017 Bonds of such Series, by wire transfer to the wire transfer address within the continental United States to which the registered owner has instructed the Trustee to make such payment at least five Business Days prior to the Record Date. If the Series 2017 Bonds are not registered in the name of DTC or its nominee, Cede & Co., the principal and Redemption Price of such Bonds will be payable at the principal corporate trust office of The Bank of New York Mellon, New York, New York, the Trustee and Paying Agent. The principal, Redemption Price and purchase price of and interest on the Series 2017 Bonds is payable in lawful money of the United States of America.

Redemption Provisions

The Series 2017 Bonds are subject to optional and mandatory redemption as described below.

Optional Redemption

Series 2017A Bonds

The Series 2017A Bonds maturing on or before July 1, 2027 are not subject to optional redemption prior to maturity. The Series 2017A Bonds maturing after July 1, 2027, are subject to redemption prior to maturity, at the election of DASNY, on or after July 1, 2027, in any order, in whole or in part at any time, at a Redemption Price equal to 100% of the principal amount thereof, plus accrued interest to the date of redemption.

Series 2017B Bonds

The Series 2017B Bonds will be subject to redemption prior to maturity on any Business Day, in any order at the option of DASNY, as a whole or in part (i) before July 1, 2027 at the Make-Whole Redemption Price described below, and (ii) on or after July 1, 2027, at a Redemption Price equal to 100% of the principal amount thereof, plus accrued interest to the date of redemption.

The “Make-Whole Redemption Price” is the greater of (i) 100% of the principal amount of the Series 2017B Bonds to be redeemed and (ii) the sum of the present value of the remaining scheduled payments of principal and interest to the maturity date of the Series 2017B Bonds to be redeemed, not including any portion of those payments of interest accrued and unpaid as of the date on which the Series 2017B Bonds are to be redeemed, discounted to the date on which such Series 2017B Bonds are to be redeemed on a semiannual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate (as defined below) plus 20 basis points, plus, in each case, accrued and unpaid interest on the Series 2017B Bonds to be redeemed on the redemption date. The Trustee may retain, at the expense of the University, an independent accounting firm or financial advisor to determine the Make-Whole Redemption Price and perform all actions and make all calculations required to determine the Make-Whole Redemption Price. The Trustee, DASNY and the University may conclusively rely on such accounting firm’s or financial advisor’s calculations in connection with, and determination of, the Make-Whole Redemption Price, and neither the Trustee nor DASNY nor the University will have any liability for their reliance.

The “Treasury Rate” is, as of any redemption date, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two Business Days prior to the redemption date (excluding inflation indexed securities) (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the redemption date to the maturity date of the Series 2017B Bonds to be redeemed. However, if the period from the redemption date to such maturity date is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.

Mandatory Redemption

Series 2017A Bonds

The Series 2017A Bonds maturing on July 1, 2043, are also subject to redemption, in part, on each July 1 of the years and in the respective principal amounts set forth below, at a Redemption Price equal to 100% of the principal amount thereof to be redeemed from mandatory Sinking Fund Installments, plus accrued interest to the date of redemption, which are required to be made in amounts sufficient to redeem on July 1 of each year the principal amount of the Series 2017A Bonds specified for each of the years shown below:

Series 2017A Bonds
 Maturing on July 1, 2043

<u>Year</u>	<u>Principal Amount</u>
2041	\$8,405,000
2042	8,820,000
2043 [†]	2,175,000

[†]Final maturity.

There will be credited against and in satisfaction of all or a portion of a Sinking Fund Installment payable on any date, the principal amount of Series 2017A Bonds entitled to such Sinking Fund Installment (A) purchased with money in the Debt Service Fund pursuant to the Resolution, (B) redeemed at the option of DASNY, (C) purchased by the University or DASNY and delivered to the Trustee for cancellation or (D) deemed to have been paid in accordance with the Resolution. Series 2017A Bonds purchased with money in the Debt Service Fund will be applied against and in fulfillment of the Sinking Fund Installment of the Series 2017A Bonds so purchased payable on the next succeeding July 1. Series 2017A Bonds redeemed at the option of DASNY, purchased by DASNY or the University (other than from amounts on deposit in the Debt Service Fund) and delivered to the Trustee for cancellation or deemed to have been paid in accordance with the Resolution will be applied in satisfaction, in whole or in part, of one or more Sinking Fund Installments as DASNY may direct in its discretion. To the extent DASNY's obligation to make Sinking Fund Installments in a particular year is so satisfied, the likelihood of redemption through mandatory Sinking Fund Installments of a Bondholder's Series 2017A Bonds of the maturity entitled to such Sinking Fund Installment will be reduced for such year.

Series 2017B Bonds

The Series 2017B Bonds maturing on July 1, 2034 are also subject to redemption, in part, on each July 1 of the years and in the respective principal amounts set forth below, at a Redemption Price equal to 100% of the principal amount thereof to be redeemed from mandatory Sinking Fund Installments, plus accrued interest to the date of redemption, which are required to be made in amounts sufficient to redeem on July 1 of each year the principal amount of the Series 2017B Bonds specified for each of the years shown below:

Series 2017B Bonds
 Maturing on July 1, 2034

<u>Year</u>	<u>Principal Amount</u>
2033	\$4,815,000
2034 [†]	4,990,000

[†]Final maturity.

The Series 2017B Bonds maturing on July 1, 2039 are also subject to redemption, in part, on each July 1 of the years and in the respective principal amounts set forth below, at a Redemption Price equal to 100% of the principal amount thereof to be redeemed from mandatory Sinking Fund Installments, plus accrued interest to the date of redemption, which are required to be made in amounts sufficient to redeem on July 1 of each year the principal amount of the Series 2017B Bonds specified for each of the years shown below:

Series 2017B Bonds
Maturing on July 1, 2039

<u>Year</u>	<u>Principal Amount</u>
2035	\$5,170,000
2036	11,255,000
2037	29,220,000
2038	34,320,000
2039 [†]	35,680,000

[†]Final maturity.

The Series 2017B Bonds maturing on July 1, 2047 are also subject to redemption, in part, on each July 1 of the years and in the respective principal amounts set forth below, at a Redemption Price equal to 100% of the principal amount thereof to be redeemed from mandatory Sinking Fund Installments, plus accrued interest to the date of redemption, which are required to be made in amounts sufficient to redeem on July 1 of each year the principal amount of the Series 2017B Bonds specified for each of the years shown below:

Series 2017B Bonds
Maturing on July 1, 2047

<u>Year</u>	<u>Principal Amount</u>
2043	\$7,090,000
2044	9,665,000
2045	10,065,000
2046	10,485,000
2047 [†]	10,920,000

[†]Final maturity.

There will be credited against and in satisfaction of all or a portion of a Sinking Fund Installment payable on any date, the principal amount of Series 2017B Bonds entitled to such Sinking Fund Installment (A) purchased with money in the Debt Service Fund pursuant to the Resolution, (B) redeemed at the option of DASNY, (C) purchased by the University or DASNY and delivered to the Trustee for cancellation or (D) deemed to have been paid in accordance with the Resolution. Series 2017B Bonds purchased with money in the Debt Service Fund will be applied against and in fulfillment of the Sinking Fund Installment of the Series 2017B Bonds so purchased payable on the next succeeding July 1. Series 2017B Bonds redeemed at the option of DASNY, purchased by DASNY or the University (other than from amounts on deposit in the Debt Service Fund) and delivered to the Trustee for cancellation or deemed to have been paid in accordance with the Resolution will be applied in satisfaction, in whole or in part, of one or more Sinking Fund Installments as DASNY may direct in its discretion. To the extent DASNY's obligation to make Sinking Fund Installments in a particular year is so satisfied, the likelihood of redemption through mandatory Sinking Fund Installments of a Bondholder's Series 2017B Bonds of the maturity entitled to such Sinking Fund Installment will be reduced for such year.

Selection of Series 2017 Bonds to be Redeemed

In the case of redemptions of less than all of the Series 2017 Bonds of a Series other than through mandatory Sinking Fund Installments, DASNY will select the maturities and, if applicable, the interest rates, of such Series 2017 Bonds to be redeemed. The Series 2017A Bonds of each maturity to be redeemed in part will be selected by the Trustee, by lot, using such method of selection as the Trustee considers proper in its discretion. The Series 2017B Bonds of each maturity to be redeemed in part will be redeemed pro rata within such maturities.

If the Series 2017B Bonds are registered in book-entry only form and so long as DTC or a successor securities depository is the sole registered owner of the Series 2017B Bonds, if less than all of the Series 2017B Bonds of a maturity are called for redemption, the particular Series 2017B Bonds of such maturity or portions thereof to be

redeemed will be selected on a pro rata pass-through distribution of principal basis in accordance with the DTC procedures.

It is the intention of DASNY that redemption allocations made by DTC be made on a pro rata pass-through distribution of principal basis as described above. However, neither DASNY, nor the University nor the Underwriters of the Series 2017B Bonds can provide any assurance that DTC, DTC's direct and indirect participants or any other intermediary will allocate the redemption of the Series 2017B Bonds on such basis. If the DTC operational arrangements do not allow for the redemption of the Series 2017B Bonds on a pro rata pass-through distribution of principal basis as discussed above, then the Series 2017B Bonds will be selected for redemption, in accordance with the DTC procedures, by lot.

If the Series 2017B Bonds are not registered in book-entry only form, any redemption of less than all of a maturity of the Series 2017B Bonds will be allocated among the registered owners of the Series 2017B Bonds of such maturity, as nearly as practicable, taking into consideration the Authorized Denominations of the Series 2017B Bonds, on a pro rata basis.

Notice of Redemption and its Effect

Notice of the redemption of the Series 2017 Bonds will be given by the Trustee in the name of DASNY to the registered owners of the Series 2017 Bonds to be redeemed by first-class mail, postage prepaid, not less than 30 days nor more than 45 days prior to the redemption date, but the failure of any registered owners to receive notice mailed in accordance with the Resolution will not affect the validity of the proceedings for the redemption of the Series 2017 Bonds. Any such notice may contain conditions to DASNY's obligation to redeem the Series 2017 Bonds. See "APPENDIX D - SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION."

DASNY's obligation to optionally redeem a Series 2017 Bond may be conditioned upon the availability of sufficient money to pay the Redemption Price for all of the Series 2017 Bonds to be redeemed on the redemption date. If sufficient money is available on the redemption date to pay the Redemption Price and if notice has been mailed and the conditions, if any, to such redemption have been satisfied or waived by DASNY, then interest on the Series 2017 Bonds called for redemption will cease to accrue from and after the redemption date and such Series 2017 Bonds will no longer be considered to be Outstanding under the Resolution.

Purchase in Lieu of Optional Redemption

The Series 2017 Bonds are also subject to purchase prior to maturity, at the election of DASNY upon direction from the University, at the time that such Series 2017 Bonds are subject to optional redemption, in any order, in whole or in part at any time, at a purchase price (the "Purchase Price") equal to (i) in the case of the Series 2017A Bonds, 100% of the principal amount of the Series 2017A Bonds to be purchased, and (ii) in the case of the Series 2017B Bonds, prior to July 1, 2027, the Make-Whole Redemption Price, and thereafter, 100% of the principal amount of the Series 2017B Bonds to be purchased, plus, in each case, accrued interest to the date of purchase (the "Purchase Date").

Notice of Purchase and its Effect

Notice of purchase of the Series 2017 Bonds will be given in the name of DASNY to the registered owners of the Series 2017 Bonds to be purchased by first-class mail, postage prepaid, not less than 30 days nor more than 45 days prior to the Purchase Date specified in such notice. The Series 2017 Bonds to be purchased are required to be tendered on the Purchase Date to the Trustee. Series 2017 Bonds to be purchased that are not so tendered will be deemed to have been properly tendered for purchase. Such purchase will not operate to extinguish the indebtedness of DASNY evidenced thereby or modify the terms of the Series 2017 Bonds and such Series 2017 Bonds need not be cancelled, but will remain Outstanding under the Resolution and continue to bear interest.

DASNY's obligation to purchase a Series 2017 Bond may be conditioned upon the availability of sufficient money to pay the Purchase Price for all of the Series 2017 Bonds to be purchased on the Purchase Date. If sufficient money is available on the Purchase Date to pay the Purchase Price of the Series 2017 Bonds to be purchased, the former registered owners of such Series 2017 Bonds will have no claim thereunder or under the Resolution or otherwise for payment of any amount other than the Purchase Price. If sufficient money is not available on the

Purchase Date for payment of the Purchase Price, the Series 2017 Bonds tendered or deemed tendered for purchase will continue to be registered in the name of the registered owners on the Purchase Date, who will be entitled to the payment of the principal of and interest on such Series 2017 Bonds in accordance with their respective terms.

If not all of the Outstanding Series 2017 Bonds of a Series, maturity and, if applicable, interest rate, are to be purchased, the Series 2017 Bonds of such Series, maturity and interest rate to be purchased will be selected in the same manner as Series 2017 Bonds of a Series, maturity and interest rate to be optionally redeemed in part are to be selected.

For a more complete description of the redemption and other provisions relating to the Series 2017 Bonds, see “APPENDIX D - SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION.” Also, see “Book-Entry Only System” below for a description of the notices of redemption to be given to Beneficial Owners of the Series 2017 Bonds when the Book-Entry Only System is in effect.

Book-Entry Only System

The Depository Trust Company (“DTC”), New York, New York, will act as securities depository for the Series 2017 Bonds. The Series 2017 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Series 2017 Bond certificate will be issued for each Series, maturity and, if applicable, interest rate, of the Series 2017 Bonds, totaling in the aggregate the principal amount of the Series 2017 Bonds, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). The DTC Rules applicable to its Direct and Indirect Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Series 2017 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2017 Bonds on DTC’s records. The ownership interest of each actual purchaser of a Series 2017 Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2017 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2017 Bonds, except in the event that use of the book-entry system for such Series 2017 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2017 Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Series 2017 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no

knowledge of the actual Beneficial Owners of the Series 2017 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2017 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Series 2017 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2017 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the security documents. For example, Beneficial Owners of the Series 2017 Bonds may wish to ascertain that the nominee holding the Series 2017 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Trustee and request that copies of notices be provided directly to them.

Redemption notices will be sent to DTC. If less than all of the Series 2017 Bonds within a particular maturity of the Series 2017 Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Series 2017 Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to DASNY as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2017 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Series 2017 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from DASNY or the Trustee on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Direct and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee or DASNY, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of DASNY or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Series 2017 Bonds at any time by giving reasonable notice to DASNY or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, the Series 2017 Bond certificates are required to be printed and delivered.

DASNY may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, the Series 2017 Bond certificates will be printed and delivered to DTC.

The information herein concerning DTC and DTC's book-entry-only system has been obtained from sources that DASNY believes to be reliable, but DASNY takes no responsibility for the accuracy thereof.

Each person for whom a Direct Participant or Indirect Participant acquires an interest in the Series 2017 Bonds, as nominee, may desire to make arrangements with such Direct Participant or Indirect Participant to receive a credit balance in the records of such Direct Participant or Indirect Participant, and may desire to make arrangements with such Direct Participant or Indirect Participant to have all notices of redemption or other communications to DTC, which may affect such persons, to be forwarded in writing by such Direct Participant or Indirect Participant and to have notification made of all interest payments. **NONE OF DASNY, NOR THE TRUSTEE, NOR THE UNIVERSITY WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO ANY DIRECT OR INDIRECT PARTICIPANT OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE SERIES 2017 BONDS.**

So long as Cede & Co. is the registered owner of the Series 2017 Bonds, as nominee for DTC, references herein to the Bondholders or registered owners of the Series 2017 Bonds (other than under "PART 11 - TAX MATTERS" herein) mean Cede & Co., as aforesaid, and do not mean the Beneficial Owners of the Series 2017 Bonds.

When reference is made to any action which is required or permitted to be taken by the Beneficial Owners, such reference will only relate to those permitted to act (by statute, regulation or otherwise) on behalf of such Beneficial Owners for such purposes. When notices are given, they will be sent by the Trustee to DTC only.

For every transfer and exchange of Series 2017 Bonds, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto.

DASNY, in its sole discretion and without the consent of any other person, may terminate the services of DTC with respect to the Series 2017 Bonds if DASNY determines that (i) DTC is unable to discharge its responsibilities with respect to the Series 2017 Bonds, or (ii) a continuation of the requirement that all of the Outstanding Bonds be registered in the registration books kept by the Trustee in the name of Cede & Co., as nominee of DTC, is not in the best interests of the Beneficial Owners. In the event that no substitute securities depository is found by DASNY or restricted registration is no longer in effect, Series 2017 Bond certificates will be delivered as described in the Resolution.

NEITHER DASNY, THE UNIVERSITY NOR THE TRUSTEE WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DIRECT PARTICIPANTS, TO INDIRECT PARTICIPANTS, OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (I) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DIRECT PARTICIPANT, OR ANY INDIRECT PARTICIPANT, (II) ANY NOTICE THAT IS PERMITTED OR REQUIRED TO BE GIVEN TO THE OWNERS OF THE SERIES 2017 BONDS UNDER THE RESOLUTIONS; (III) THE SELECTION BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY PERSON TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OR PURCHASE IN LIEU OF REDEMPTION OF THE SERIES 2017 BONDS; (IV) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OR REDEMPTION PREMIUM, IF ANY, OR INTEREST DUE WITH RESPECT TO THE SERIES 2017 BONDS; (V) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE OWNER OF THE SERIES 2017 BONDS; OR (VI) ANY OTHER MATTER.

PART 7 - THE UNIVERSITY

GENERAL INFORMATION

Introduction

New York University (the “University” or “NYU”) is a private, not-for-profit institution of higher education and is an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. The University was founded in 1831 by a group of private citizens and is recognized nationally and internationally as a leader in scholarship and education.

NYU is one of the largest private institutions of higher education in the United States. It has more than 5,000 full-time faculty – including recipients of Nobel Prizes, Abel Prizes, National Medals of Science, Technology, the Arts and the Humanities, Pulitzer Prizes and other top honors – and approximately 27,400 undergraduate and 24,300 graduate and professional students. It includes 19 schools, colleges, institutes and programs in eight major locations in New York City: the Washington Square campus in Greenwich Village; the Institute of Fine Arts at 1 East 78th Street near the Metropolitan Museum of Art; the School of Professional Studies at the Midtown Center at 11 West 42nd Street and the Woolworth Building located at 15 Barclay Street (as well as at Washington Square); the Rory Meyers College of Nursing and the College of Dentistry on First Avenue between East 24th and 26th Streets; the School of Medicine on First Avenue between East 30th and 34th Streets; the Institute for the Study of the Ancient World at 15 East 84th Street; and the downtown Brooklyn area, where the Tandon School of Engineering and the Center for Urban Science and Progress (CUSP) are located. Certain of the University’s research facilities, notably the Institute of Environmental Medicine, are located in Sterling Forest, near Tuxedo, New York, approximately 45 miles northwest of the main Washington Square campus.

NYU is distinguished by its significant global network – an integrated system that permits faculty and students to move among NYU sites throughout the world in pursuit of their scholarly interests and education. Each of these sites is staffed and managed by NYU. In addition to the University’s historic campus in New York’s Greenwich Village neighborhood, its growing presence in downtown Brooklyn, and its “Health Corridor” along First Avenue, the network includes a comprehensive, degree-granting, liberal arts and science university in Abu Dhabi (“NYU Abu Dhabi”); a comprehensive, degree-granting liberal arts and science university in Shanghai (“NYU Shanghai”); and eleven other global academic sites on six continents where students may study away for a semester or more. The University’s global network was recognized in 2011 with the Senator Paul Simon Award for Campus Internationalization by NAFSA: Association of International Educators (the former National Association of Foreign Student affairs). NYU was ranked in 2016 as a top 40 world university by *US News and World Report*, the *Times Higher Education* and the Shanghai Jiao Tong University.

As a private university, NYU is governed by a board of trustees. It derives its operating funds from tuition, room and board charges, budgeted distributions from its endowment, grants from private foundations and government, gifts from friends, alumni, corporations and other private philanthropic sources and revenue from patient care through faculty group practices.

The University is committed to a policy of equal treatment in every aspect of its relations with faculty, students and staff members, without regard to age, citizenship status, color, disability, marital or parental status, national origin, race, ethnicity, religion, sex or sexual orientation, gender and/or gender identity or veteran or military status.

The University is a member of the Association of American Universities and is accredited by the Middle States Commission on Higher Education (formerly a unit of the Middle States Association of Colleges and Schools). Graduate and professional accrediting agencies recognize its degrees in all categories.

Governance

The University is governed by a self-perpetuating board of trustees (the “Board”) which is responsible for directing the affairs of the University. Campuses and Global Network

New York Campus

The primary location for undergraduate and graduate study is at the Washington Square campus in Greenwich Village, New York, New York. Undergraduate and graduate study is also conducted at other NYU locations in Manhattan and in

downtown Brooklyn, New York. The University's student residence hall system accommodates approximately 11,800 undergraduate and graduate students. University apartment buildings provide housing for approximately 2,900 faculty members, staff and graduate students. The School of Medicine houses approximately 1,340 faculty members, staff and students near the School of Medicine.

The University offers multiple sports and recreational facilities to University students, faculty, staff and alumni. These facilities accommodate a wide range of individual and group sports and recreational activities, in addition to serving as home for the University's intercollegiate teams.

Global Network

The University offers students various study away and global exchange programs. These include "portal" campuses in Abu Dhabi and Shanghai (fully staffed, degree granting campuses where an entire course of study can be completed) in addition to the main campus in New York. In addition to the three portal campuses, the University has centers in Accra, Berlin, Buenos Aires, Florence, London, Madrid, Paris, Prague, Sydney, Tel Aviv and Washington, DC.

In 2007, the University entered into an agreement with the Government of Abu Dhabi to develop a research and degree-granting campus of the University in Abu Dhabi. The campus is operated to the academic excellence standards applicable at the University. The Government of Abu Dhabi provided land, funding and financing for the development, construction and equipping of NYU Abu Dhabi and continues to provide funding for its maintenance and operation. NYU Abu Dhabi's permanent campus on Saadiyat Island, Abu Dhabi opened in Fall 2014. The campus comprises 40 acres of academic, research, administrative, student support and ancillary activity space, as well as student, faculty and staff housing. In total, NYU Abu Dhabi enrolls approximately 1,040 full-time students, including a new class of approximately 322 students who entered in Fall 2016.

In 2011, the University entered into an agreement with the Shanghai Municipal Education Commission ("SMEC"), Pudong New Area and East China Normal University ("ECNU") to create NYU Shanghai, a comprehensive research university with a liberal arts and science undergraduate college at its core. It is operated through an entity in which the University has 50% control, although the University maintains full control over NYU Shanghai's academics and academic support operations. NYU Shanghai opened in Fall 2013. It is included in the University's Consolidated Financial Statements only to the extent that financial aid is provided to NYU Shanghai students or NYU Shanghai incurs expenses payable by the University. In Fall 2014, NYU Shanghai moved its campus from ECNU to a new, 550,000-square-foot permanent campus in the Pudong district of Shanghai that was built with the support of the Pudong New Area government. NYU Shanghai has enrolled approximately 1080 students since opening, including a new class of approximately 274 students who entered in Fall 2016. The University's agreement with SMEC and ECNU will expire at the end of the 2017-2018 academic year but is expected to be renewed.

NYU Langone Medical Center

The School of Medicine operates with NYU Hospitals Center (the "Hospitals Center" or "NYUHC") as the academic medical center known as NYU Langone Medical Center. The University is the sole corporate member of NYU Langone Health System (the "Health System"), a 501(c)(3) tax-exempt entity, which is the sole corporate member of the Hospitals Center and, pursuant to an affiliation agreement effective as of April 1, 2017, NYU Winthrop Hospital ("Winthrop"), each of which is a 501(c)(3) tax-exempt entity. None of the Health System, NYUHC or Winthrop is obligated with respect to any of the University's indebtedness, and the University has no responsibility or liability for the indebtedness or other obligations of the Health System, NYUHC or Winthrop. The Health System, NYUHC and Winthrop are separate legal entities, but their financial statements are consolidated with those of the University in accordance with accounting standards.

Student Admissions

The following table sets forth the number of applicants who have applied for full-time freshman admission to undergraduate schools at the University, the number of those applicants accepted, and the number of such successful applicants who enrolled for the most recent five academic years.

2012 – 2013	45,276	15,206	33.6%	5,291	34.8%

Note: Academic years shown above reflect data applicable to the Fall semester’s entering freshmen bachelor’s degree candidates and two-year programs’ candidates reported in the most recently filed U.S. Department of Education Integrated Postsecondary Education Data System (IPEDS) Report. The data include NYU Abu Dhabi, which enrolled its first class in Fall 2010, and NYU Shanghai, which enrolled its first class in Fall 2013. NYU Abu Dhabi and NYU Shanghai are not reported in IPEDS because IPEDS excludes any branch campus located in a foreign country. The Tandon School of Engineering is reported for the first time in the academic year 2014-2015 numbers. NYU received over 67,000 undergraduate applications for the New York, Abu Dhabi and Shanghai campuses in Fall 2017, which is the highest number of such applications received by NYU for Fall admission to date. The Fall 2017 applications include over 1,200 more international student applications than were received the prior year. Preliminary data shows an admission rate below 30% and yield above 35% for the Fall 2017 freshman class. Over 9,000 students applied for Early Decision admission for the academic year 2017-2018, which reflects a 10% increase over the prior year.

Historically, the number of undergraduate applicants seeking admission to the University has substantially exceeded the number of acceptances. For graduate studies at the University, applications for admission have also historically exceeded the number of acceptances.

As indicated in the following table of charges for selected major divisions by academic years, tuition and fees vary from one school, college or institute of the University to another. In most of the schools, colleges and institutes, there is a flat rate for a full-time program and a per-point rate for courses constituting less than or more than a full program.

¹Tuition Only

The University is working on long-term strategies to alter the trajectory of college costs at NYU. As an important first step, in February 2016 the Board approved the smallest year-over-year increase in cost-of-attendance in 20 years, which

included a reduction of the planned Fall 2016 tuition increase from 3.5% to 2.9%, and a freeze on room and board costs for fiscal year ending August 31, 2017.

Tuition and fee charges, net of financial aid, as a percentage of total operating revenues for the University, excluding the School of Medicine, were approximately 53.6% in the fiscal year ended August 31, 2016 and were approximately 55% in the fiscal year ended August 31, 2015. Auxiliary enterprise revenues, which include dormitory and board charges, as a percentage of total operating revenues for the University, were approximately 14.8% in fiscal year ended August 31, 2016 and were approximately 14.7% in the fiscal year ended August 31, 2015.

Student Financial Aid

The University's admissions and financial aid programs are designed to enable qualified students to attend the University regardless of their financial circumstances. Undergraduate and graduate students receive financial aid from loans, employment, government and private sources, and University funds. Financial aid provided from the Federal and State governments is an important source of funds for students who otherwise might not be able to attend the University because of insufficient financial means. The following table sets forth the sources of financial aid for students at the University (including NYU Abu Dhabi and NYU Shanghai) for the past five academic years for which data are available:

Note: Totals above may not foot, due to rounding

1. NYU Grants include scholarships, fellowships, resident assistant dollars and stipends.
2. Federal Aid includes grants, student and parent loans and federal College Work-Study Program.
3. Tandon School of Engineering was formerly known as NYU Polytechnic School of Engineering which merged with and into the University on January 1, 2014. Its student financial aid systems were not fully integrated into NYU until the summer term of the academic year 2013-2014. The figures shown here for academic year 2013-2014 only include Tandon School of Engineering headcount and financial aid awards as it relates to the summer term. The figures shown here for academic years 2014-2016 include Tandon School of Engineering headcount and financial aid awards as it relates to all terms.
4. Financial aid includes grants for NYU Shanghai students that are not included in the University's consolidated financial statements.

As a part of the Federal Aid program for the fiscal year ended August 31, 2016, approximately 3,569 students participated in the federal College Work-Study Program with income totaling approximately \$6.1 million, and held part-time employment on and off campus to help meet their costs of education.

State Aid to the University

The University benefits from a New York State program under which State aid is allocated to independent post-secondary institutions based on the number of certain academic degrees conferred in the preceding year. Specified dollar amounts are received for each bachelor degree, master degree and doctoral degree awarded. The University uses these funds to support the student aid budget. Future payments by the State are dependent on the enactment of annual appropriations and the ability of the State to pay the sums appropriated. The following table sets forth the State aid received for the past five New York State fiscal years, which ended on March 31st:

FINANCIAL STATEMENT INFORMATION

University Finances

The University's Board reviews and approves the University's budget for each academic year and generally requires the University to have a balanced operating budget. Capital budgets also are prepared annually with the requirement that all capital spending be covered either by current receipts, gifts and pledges, or by approved borrowing sources.

The University's financial statements are prepared in accordance with generally accepted accounting principles and the University's consolidated audited financial statements as of August 31, 2016 are included as Appendix B to this Official Statement. Because the University has a controlling interest in the Health System, accounting standards require that the financial statements of the University and the Health System, which is the sole corporate member of NYUHC, be presented on a consolidated basis.¹ See "PART 1 - INTRODUCTION - The University" and Note 1 in "APPENDIX B - NEW YORK UNIVERSITY CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED AUGUST 31, 2016 AND 2015." Supplemental Schedules to the audited Consolidated Financial Statements set forth information about each component consolidated entity, and the information in the Supplemental Schedules in the columns entitled "University" and "School of Medicine" represents the financial information with respect to the University. Only the University is obligated under the Resolution to make payments with respect to the Series 2017 Bonds. None of the Health System, NYUHC or Winthrop is liable for any obligations of the University, and the University is not liable for any obligations of the Health System, NYUHC or Winthrop.

The following tables summarize the unrestricted revenues and expenditures and other changes in net assets and the balance sheets for the University for the past five completed fiscal years. The information in the tables for the fiscal years ended on August 31, 2012, 2013, 2014, 2015 and 2016 was derived from the consolidating information in the columns entitled "University" and "School of Medicine" included in the Supplemental Schedules to the audited Consolidated Financial Statements in Appendix B. The University's audited Consolidated Financial Statements should be read in conjunction with the Supplemental Schedules.

Substantially all University employees are covered by retirement programs. These plans include various defined contribution plans and multi-employer defined benefit plans, and two University-sponsored defined benefit plans. The majority of University employees are covered by defined contribution plans. The University also provides certain health care and life insurance benefits for eligible retired employees. See Notes 12 and 13 in "APPENDIX B - NEW YORK UNIVERSITY CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED AUGUST 31, 2016 AND 2015."

The performance of the University's investments as of August 31, 2016 is described under "Investments" below. There has been no material adverse change in the operating results of the University since August 31, 2016.

[REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

¹ As disclosed in Note 1 of the audited Consolidated Financial Statements attached as Appendix B to this Official Statement, the Hospitals Center and NYU Lutheran Medical Center merged effective as of January 1, 2016, with the Hospitals Center as the successor entity. In addition, effective April 1, 2017, the Health System became the sole corporate member of NYU Winthrop Hospital, which had assets of \$1.107 billion and total revenues of \$1.384 billion in NYU Winthrop Hospital's fiscal year ended December 31, 2016.

Grants and Contracts

The University has long been a center of research and training programs. Government grants and contracts provide most of the funds for sponsored programs although additional amounts come from industry, foundations and interested individuals. For the fiscal year ended August 31, 2016, approximately \$802 million was provided to the University for research and other sponsored programs, including \$383 million (unaudited) from federal, state and city government grants and contracts, including the School of Medicine. See Note 15 in “APPENDIX B - NEW YORK UNIVERSITY CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED AUGUST 31, 2016 AND 2015.” In comparison, for the fiscal year ended August 31, 2015, approximately \$756 million was provided to the University for research and other sponsored programs, including \$377 million (unaudited) from federal, state and city government grants and contracts. \$339 million, \$349 million and \$358 million (unaudited) was provided to the University from federal, state and city government grants and contracts for fiscal years 2012, 2013, and 2014, respectively. Since the fiscal year ended August 31, 2012, the University has experienced a 13.1% cumulative increase in federal, state and city/local grants and contracts.

Fundraising and Development (Unaudited)

During fiscal year ended August 31, 2016, the schools and units of the University raised \$506 million in total cash and gross pledges, which include conditional promises to give.

In 2013, NYU launched the Momentum Campaign to raise more than \$1 billion for scholarships and fellowships before August 31, 2017. The effort focuses on undergraduate and graduate financial aid, endowment funds, and expendable funds to support the neediest and most deserving students at the University. To date, the Momentum Campaign has raised more than \$750 million.

(Unaudited)

¹As of August 31, 2016. Figures above include gross pledges and conditional promises to give.

²School of Medicine also includes the NYU Med Growth Fund (FY2006-2008).

³The gifts and pledges to the Hospitals Center are not available to pay obligations of the University.

Note: Totals may not foot due to rounding.

The chart above references gifts and pledges as of the fiscal year in which the gifts were received. Cumulative write-downs and write-offs for the pledges made between fiscal years ended August 31, 2006 and 2016 are less than 2% of original gifts and pledges from the same time period.

Investment in Plant

The University’s physical plant (including the School of Medicine) includes approximately 15 million gross square feet. The book value of the University’s investment in plant, net of accumulated depreciation, was approximately \$5.3 billion at August 31, 2016. The following is a summary of the University’s investment in plant at the end of each of the last five fiscal years:

Property, Plant, and Equipment

As of August 31

(in thousands – net of accumulated depreciation, including School of Medicine)

2014	4,195,616
2013	4,007,965
2012	3,605,859

The University carries all-risk property insurance coverage on its buildings and their contents, excluding land. Such insurance presently provides coverage of \$5.25 billion for any one occurrence and has no co-insurance clause. The deductible amount currently is \$250,000 for each occurrence at the Washington Square campus and \$100,000 at the School of Medicine and Brooklyn campuses. Also, the University carries general liability insurance coverage in the amount of \$600 million with a self-insured retention of \$500,000 per claim, which the University's management believes to be sufficient for its operations. The University self-insures its workers compensation risk up to \$500,000 per claim. The School of Medicine purchases a large deductible worker's compensation insurance policy with a \$350,000 per claim deductible. The University purchases statutory commercial excess insurance for claims in excess of the \$500,000 self-insured retention. The University's property insurance policy protects NYU against damages from fire, flood, earthquake and other natural disasters. NYU also purchases cyber risk coverage and coverage for the evacuation of faculty, students and affiliates from international locations. .

Investments

The University maintains long-term investments (primarily endowment funds invested in a long-term pool) and short-term investments (primarily working capital).

Long-Term Investments

The following table summarizes the market value of the University's long-term investments broken down by restriction at August 31, 2016:

Long-Term Investments at August 31, 2016

(in thousands – includes School of Medicine)

Total	<u>\$3,615,417</u>

¹ Majority is accumulated earnings on permanently restricted endowments

At August 31, 2016, approximately \$3.587 billion of the long-term investments were endowment funds.

Endowment Funds

Endowment funds comprise gifts to the University that are not wholly expendable on a current basis as well as funds that have been designated and approved by the University as endowment funds or for specific projects. Management of the endowment funds has historically attempted to achieve a return at least equal to inflation plus the University's spending policy rate, while incurring an acceptable level of risk. The University invests its endowment according to an investment policy approved by the Board, which is designed to allow asset growth while providing a predictable flow of return to support operations. This policy permits the University to appropriate for expenditure the total returns on the endowment at approved spending rates (approximately 5% in fiscal years 2012, 2013, 2014, 2015 and 2016). Distributions are currently calculated using the prior year distribution adjusted for the change in the New York Metro Area Consumer Price Index (CPI). To preserve the endowment's purchasing power, caps further limit spending as follows: (1) the distribution of

endowment investment returns to support operations may not exceed the prior year's distribution by more than 10%, unless the increase was the result of new gifts to the endowment; and (2) if the results of using only the average market value of either the final four quarters alone or the final eight quarters alone would be a decline in the distribution from the prior year's distribution, then the distribution may not exceed the previous year's level.

In June 2015, the University hired a new Chief Investment Officer who, with the Investment Committee, has been restructuring the University's investment portfolio to reflect a redesigned strategic asset allocation. The asset allocation as of August 31, 2016 is included in the table below.

1. Data for fiscal years ended August 31, 2012 and 2013 exclude investments of the former NYU Polytechnic. In fiscal years ended August 31, 2014 and 2015, the investments include investments of NYU Polytechnic both before and after its merger with NYU. These funds are reflected in the Gifts & Additions column in the year in which they were first included.
2. NYUHC's endowment funds are pooled with those of the University for all periods and accounted for approximately \$26.4 million of the Ending Market Value at August 31, 2016 and approximately \$0.03 million of Liquidations and Transfers. The investments of NYUHC are not available to pay obligations of the University.
3. Liquidations and Transfers are defined as funds distributed from endowment funds for designated uses.

Liquidity and Short-Term Investments

The University's short-term investments for the last three fiscal years typically fluctuated from a low of approximately \$200 million immediately prior to the start of the academic year to a high of approximately \$900 million after tuition was collected. The majority of working capital is invested in short-term bank deposits that can be liquidated in one to seven

days. The University also holds long-term investments in an unrestricted endowment fund that can be liquidated in less than 30 days, in the amount of approximately \$781 million as of August 31, 2016.

The University is party to contractual unsecured loan agreements or lines of credit with four banks. The Bank of America facility has maximum availability of \$300 million and expires in mid-2017. The J.P.Morgan Chase Bank facility has maximum availability of \$250 million and expires in mid-2018. The Wells Fargo facility has maximum availability of \$200 million and expires at the end of 2018. The US Bank facility has maximum availability of \$50 million and expires in mid-2017.

As of August 31, 2016, approximately \$57.4 million was outstanding under the Bank of America facility, approximately \$21.5 million was outstanding under the J.P. Morgan Chase Bank facility and approximately \$10.6 million was outstanding under the Wells Fargo facility. No amounts were outstanding under the US Bank facility. As of April 30, 2017, approximately \$257.6 million was outstanding in the aggregate under the four credit facilities. The proposed plan of financing for the Series 2017 Bonds includes repayment of approximately \$192.2 million of this outstanding amount.

Outstanding Long-Term Debt and Other Obligations

At August 31, 2016, the long-term debt of the University (excluding the Health System) was \$3.492 billion, excluding outstanding balances on the lines of credit. All of this indebtedness is a general obligation of the University, unsecured except as described below. See Note 9 in “APPENDIX B - NEW YORK UNIVERSITY CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED AUGUST 31, 2016 AND 2015.”

At August 31, 2016, the University’s outstanding DASNY bonds totaled approximately \$2.938 billion.

The University is obligated to repay to DASNY the loans made to the University from the proceeds of DASNY’s bonds. The various agreements between the University and DASNY entered into in connection with the loans obligate the University to make payments in amounts and at times sufficient to make timely payment of the principal of and interest on the DASNY bonds issued to finance the loans. All of the University’s outstanding indebtedness (excluding the Health System) to DASNY issued prior to the Series 2008 Bonds, outstanding in the aggregate principal amount of \$267.8 million at August 31, 2016, is secured by a pledge of tuition and fees for academic instruction. The Series 2016A, Series 2015A, Series 2014A, Series 2013A, Series 2013B, Series 2012A, Series 2012B, Series 2009A, Series 2009B, Series 2008A, Series 2008B, Series 2008C, Taxable Series 2016B, Taxable Series 2012C and Taxable Series 2008D Bonds issued by DASNY are general obligations of the University to DASNY. The Taxable Series 2015, Taxable Series 2010 and Taxable Series 2009 are issued by the University are general obligations of the University. The 2007 New York City Industrial Development Agency (“NYCIDA”) Civic Facility Refunding Revenue Bonds (2007 Polytechnic University Project) issued by NYCIDA and assumed by the University are general obligations of the University. A portion of the Series 2017 Bonds bonds are expected to defease and refund the outstanding NYCIDA bonds and refund and defease all or portions of certain outstanding DASNY bonds.

At August 31, 2016, the University’s outstanding long-term indebtedness other than DASNY bonds totaled approximately \$553.7 million (excludes outstanding balances on the lines of credit).

Additional Borrowing Plans

The University expects to complete all capital projects that are currently in progress. Those projects that are being funded with a portion of the Series 2017 Bonds are expected to be completed over the next 24 to 36 months. The financing of these projects is subject to satisfactory progress on these projects and market conditions. The University continues in the ordinary course to consider additional borrowings in support of its programs, the needs of its students and its other educational and charitable activities.

Future Development Plan

On July 25, 2012, the New York City Council approved the University’s Uniform Land Use Review Procedure (“ULURP”) application for the development of four new buildings and the removal of three existing buildings on two superblocks owned by NYU at the Washington Square campus. The project is known as the “NYU Core Plan.”

Currently, the University is planning the construction of one new 735,000-square-foot building and associated improvements on the South Block at 181 Mercer Street. The Board has authorized borrowings up to \$136 million to cover eligible expenditures to date at 181 Mercer Street. Additional debt associated with the project will require approval by the Board. At this time, there are no further specific plans for development under the NYU Core Plan, however, the University may pursue development approved under the Plan in the future. None of the proceeds of the Series 2017 Bonds will be used to finance these proposed projects.

LITIGATION AND CONTINGENT LIABILITIES

Funds expended by the University under government grants and contracts are subject to audit and claims for reimbursement by governmental agencies. The University also is a defendant in various legal actions arising out of the normal course of its operations. Although the outcome of any such claims or actions cannot be currently determined, the University's administration is of the opinion that the eventual liability therefrom, if any, will not have a material effect on the financial position of the University or on its ability to make required debt service payments.

PART 8 – DASNY

Background, Purposes and Powers

DASNY is a body corporate and politic constituting a public benefit corporation. DASNY was created in 1944 to finance and build dormitories at State teachers' colleges to provide housing for the large influx of students returning to college on the G.I. Bill following World War II. Over the years, the State Legislature has expanded DASNY's scope of responsibilities. Today, pursuant to the Dormitory Authority Act, DASNY is authorized to finance, design, construct or rehabilitate facilities for use by a variety of public and private not-for-profit entities.

DASNY provides financing services to its clients in three major areas: public facilities; not-for-profit healthcare; and independent higher education and other not-for-profit institutions. DASNY issues State-supported debt, including State Personal Income Tax Revenue Bonds and State Sales Tax Revenue Bonds, on behalf of public clients such as The State University of New York, The City University of New York, the Departments of Health and Education of the State, the Office of Mental Health, the Office of People with Developmental Disabilities, the Office of Alcoholism and Substance Abuse Services, the Office of General Services, and the Office of General Services of the State on behalf of the Department of Audit and Control. Other public clients for whom DASNY issues debt include Boards of Cooperative Educational Services ("BOCES"), State University of New York, the Workers' Compensation Board, school districts across the State and certain cities and counties that have accessed DASNY for the purpose of providing court facilities. DASNY's private clients include independent colleges and universities, private hospitals, certain private secondary schools, special education schools, facilities for the aged, primary care facilities, libraries, museums, research centers and government-supported voluntary agencies, among others.

To carry out its programs, DASNY is authorized to issue and sell negotiable bonds and notes to finance the construction of facilities for such institutions, to issue bonds or notes to refund outstanding bonds or notes and to lend funds to such institutions. At March 31, 2017, DASNY had approximately \$47.9 billion aggregate principal amount of bonds and notes outstanding. DASNY also is authorized to make tax-exempt leases, with its Tax-Exempt Leasing Program (TELP). As part of its operating activities, DASNY also administers a wide variety of grants authorized by the State for economic development, education and community improvement and payable to both public and private grantees from proceeds of State Personal Income Tax Revenue Bonds issued by DASNY.

DASNY is a conduit debt issuer. Under existing law, and assuming continuing compliance with tax law, interest on most bonds and notes issued by DASNY has been determined to be excludable from gross income for federal tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended. All of DASNY's outstanding bonds and notes, both fixed and variable rate, are special obligations of DASNY payable solely from payments required to be made by or for the account of the client institution for which the particular special obligations were issued. DASNY has no obligation to pay its special obligations other than from such payments. DASNY has always paid the principal of and interest on all of its obligations on time and in full; however, as a conduit debt issuer, payments on DASNY's special obligations are solely

dependent upon payments made by DASNY's client for which the particular special obligations were issued and the security provisions relating thereto.

DASNY also offers a variety of construction services to certain educational, governmental and not-for-profit institutions in the areas of project planning, design and construction, monitoring project construction, purchasing of furnishings and equipment for projects, interior design of projects and designing and managing projects to rehabilitate older facilities.

In connection with the powers described above, DASNY has the general power to acquire real and personal property, give mortgages, make contracts, operate certain facilities and fix and collect rentals or other charges for their use, contract with the holders of its bonds and notes as to such rentals and charges, borrow money and adopt a program of self-insurance.

DASNY has a staff of approximately 507 employees located in three main offices (Albany, New York City and Buffalo) and at approximately 46 field sites across the State.

PART 11 - TAX MATTERS

Series 2017A Bonds

General

In the opinion of Hawkins Delafield & Wood LLP, Co-Bond Counsel to DASNY, under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein, (i) interest on the Series 2017A Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) interest on the Series 2017A Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations. In rendering such opinion, Hawkins Delafield & Wood LLP has relied on certain representations, certifications of fact, and statements of reasonable expectations made by, as applicable, DASNY, the University and others in connection with the Series 2017A Bonds, and Hawkins Delafield & Wood LLP has assumed compliance by, as applicable, DASNY and the University with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the Series 2017A Bonds from gross income under Section 103 of the Code. In addition, in rendering such opinion, Hawkins Delafield & Wood LLP has relied on the opinion of the University's general counsel regarding, among other matters, the current qualifications of the University as an organization described in Section 501(c)(3) of the Code.

In addition, in the opinion of Hawkins Delafield & Wood LLP, under existing statutes, interest on the Series 2017A Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York).

Hawkins Delafield & Wood LLP renders its opinion under existing statutes and court decisions as of the issue date, and assumes no obligation to update, revise or supplement its opinion to reflect any action hereafter taken or not taken, or any facts or circumstances that may hereafter come to its attention, or changes in law or in interpretations thereof that may hereafter occur, or for any other reason. Hawkins Delafield & Wood LLP expresses no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for Federal income tax purposes of interest on the Series 2017A Bonds, or the exemption from personal income taxes of interest on the Bonds under state and local tax law.

Reference is made to Appendix E hereto for the proposed form of opinion, in substantially final form, expected to be rendered by Hawkins Delafield & Wood LLP in connection with the issuance of the Series 2017A Bonds.

Certain Ongoing Federal Tax Requirements and Covenants

The Code establishes certain ongoing requirements that must be met subsequent to the issuance and delivery of the Series 2017A Bonds in order that interest on the Series 2017A Bonds be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to use and expenditure of gross proceeds of the Series 2017A Bonds, yield and other restrictions on investments of gross proceeds, and the arbitrage rebate requirement that certain excess earnings on gross proceeds be rebated to the Federal government. Noncompliance with such requirements may cause interest on the Series 2017A Bonds to become included in gross income for Federal income tax purposes retroactive to their issue date, irrespective of the date on which such noncompliance occurs or is discovered. DASNY and the University have covenanted to comply with certain applicable requirements of the Code to assure the exclusion of interest on the Series 2017A Bonds from gross income under Section 103 of the Code.

Certain Collateral Federal Tax Consequences

The following is a brief discussion of certain collateral Federal income tax matters with respect to the Series 2017A Bonds. It does not purport to address all aspects of Federal taxation that may be relevant to a particular owner of a Series 2017A Bond. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the Federal tax consequences of owning and disposing of the Series 2017A Bonds.

Prospective owners of the Series 2017A Bonds should be aware that the ownership of such obligations may result in collateral Federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security and railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is excluded from gross income for Federal income tax purposes. Interest on the Series 2017A Bonds may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

Original Issue Discount

“Original issue discount” (“OID”) is the excess of the sum of all amounts payable at the stated maturity of a Series 2017A Bond (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates) over the issue price of that maturity. In general, the “issue price” of a maturity means the first price at which a substantial amount of the Series 2017A Bonds of that maturity was sold (excluding sales to bond houses, brokers, or similar persons acting in the capacity as underwriters, placement agents, or wholesalers). In general, the issue price for each maturity of the Series 2017A Bonds is expected to be the initial public offering price set forth on the inside cover page of this Official Statement. Hawkins, Delafield & Wood LLP is of the opinion that, for any Series 2017A Bonds having OID (a “Discount Bond”), OID that has accrued and is properly allocable to the owners of the Discount Bonds under Section 1288 of the Code is excludable from gross income for Federal income tax purposes to the same extent as other interest on the Series 2017A Bonds.

In general, under Section 1288 of the Code, OID on a Discount Bond accrues under a constant yield method, based on periodic compounding of interest over prescribed accrual periods using a compounding rate determined by reference to the yield on that Discount Bond. An owner's adjusted basis in a Discount Bond is increased by accrued OID for purposes of determining gain or loss on sale, exchange, or other disposition of such Bond. Accrued OID may be taken into account as an increase in the amount of tax-exempt income received or deemed to have been received for purposes of determining various other tax consequences of owning a Discount Bond even though there will not be a corresponding cash payment.

Owners of Discount Bonds should consult their own tax advisors with respect to the treatment of OID for Federal income tax purposes, including various special rules relating thereto, and the state and local tax consequences of acquiring, holding, and disposing of Discount Bonds.

Bond Premium

In general, if an owner acquires a Series 2017A Bond for a purchase price (excluding accrued interest) or otherwise at a tax basis that reflects a premium over the sum of all amounts payable on the Series 2017A Bond after the acquisition date (excluding certain "qualified stated interest" that is unconditionally payable at least annually at prescribed rates), that premium constitutes "bond premium" on that Series 2017A Bond (a "Premium Bond"). In general, under Section 171 of the Code, an owner of a Premium Bond must amortize the bond premium over the remaining term of the Premium Bond, based on the owner's yield over the remaining term of the Premium Bond determined based on constant yield principles (in certain cases involving a Premium Bond callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such bond). An owner of a Premium Bond must amortize the bond premium by offsetting the qualified stated interest allocable to each interest accrual period under the owner's regular method of accounting against the bond premium allocable to that period. In the case of a tax-exempt Premium Bond, if the bond premium allocable to an accrual period exceeds the qualified stated interest allocable to that accrual period, the excess is a nondeductible loss. Under certain circumstances, the owner of a Premium Bond may realize a taxable gain upon disposition of the Premium Bond even though it is sold or redeemed for an amount less than or equal to the owner's original acquisition cost. Owners of any Premium Bonds should consult their own tax advisors regarding the treatment of bond premium for Federal income tax purposes, including various special rules relating thereto, and state and local tax consequences, in connection with the acquisition, ownership, amortization of bond premium on, sale, exchange, or other disposition of Premium Bonds.

Information Reporting and Backup Withholding

Information reporting requirements apply to interest paid on tax-exempt obligations, including the Series 2017A Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with, a Form W-9, "Request for Taxpayer Identification Number and Certification," or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to "backup withholding," which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a "payor" generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a Series 2017A Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the Series 2017A Bonds from gross income for Federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner's Federal income tax once the required information is furnished to the Internal Revenue Service.

Miscellaneous

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the Federal or state level, may adversely affect the tax-exempt status of interest on the Series 2017A Bonds under Federal or state law or otherwise prevent beneficial owners of the Series 2017A Bonds from realizing the full current benefit of the tax status of such interest. In addition, such legislation or actions (whether currently proposed, proposed in the future, or enacted) and such decisions could affect the market price or marketability of the Series 2017A Bonds.

Prospective purchasers of the Series 2017A Bonds should consult their own tax advisors regarding the foregoing matters.

Series 2017B Bonds

General

In the opinions of Co-Bond Counsel, interest on the Series 2017B Bonds (the “Taxable Bonds”) (i) is included in gross income for Federal income tax purposes pursuant to the Code and (ii) is exempt, under existing statutes, from personal income taxes imposed by the State of New York or any political subdivisions thereof (including The City of New York).

The following discussion is a summary of the principal United States Federal income tax consequences of the acquisition, ownership and disposition of the Taxable Bonds by original purchasers of the Taxable Bonds who are U.S. Holders (as defined below). This summary is based on the Code, Treasury regulations, revenue rulings and court decisions, all as now in effect and all subject to change at any time, possibly with retroactive effect. This summary assumes that the Taxable Bonds will be held as “capital assets” under the Code, and it does not discuss all of the United States Federal income tax consequences that may be relevant to a holder in light of its particular circumstances or to holders subject to special rules, such as insurance companies, financial institutions, tax-exempt organizations, dealers in securities or foreign currencies, persons holding the Taxable Bonds as a position in a “hedge” or “straddle” for United States Federal income tax purposes, holders whose functional currency (as defined in Section 985 of the Code) is not the United States dollar, holders who acquire Taxable Bonds in the secondary market, or individuals, estates and trusts subject to the tax on unearned income imposed by Section 1411 of the Code. Each prospective purchaser of the Taxable Bonds should consult with its own tax advisor concerning the United States Federal income tax and other tax consequences to it of the acquisition, ownership and disposition of the Taxable Bonds as well as any tax consequences that may arise under the laws of any state, local or foreign tax jurisdiction.

As used herein, the term “U.S. Holder” means a beneficial owner of a Taxable Bond that is for United States Federal income tax purposes (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity created or organized in or under the laws of the United States or of any political subdivision thereof, (iii) an estate the income of which is subject to United States Federal income taxation regardless of its source or (iv) a trust whose administration is subject to the primary jurisdiction of a United States court and which has one or more United States fiduciaries who have the authority to control all substantial decisions of the trust.

U.S. Holders—Interest Income

In the opinion of Hawkins Delafield & Wood, LLP, co-bond counsel to DASNY, (i) interest on the Taxable Bonds is not excludable from gross income for United States Federal income tax purposes; and (ii) interest on the Taxable Bonds is exempt, under existing statutes, from personal income tax imposed by the State of New York or any political subdivision thereof (including The City of New York).

Bond Premium

In general, if a U.S. Holder acquires a Taxable Bond for a purchase price (excluding accrued interest) or otherwise at a tax basis that reflects a premium over the sum of all amounts payable on the Taxable Bond after the acquisition date (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates), that premium constitutes “bond premium” on that Taxable Bond (a “Taxable Premium Bond”). In general, if a U.S. Holder of a Taxable Premium Bond elects to amortize the premium as “amortizable bond premium” over the remaining term of the Taxable Premium Bond, determined based on constant yield principles (in certain cases involving a Taxable Premium Bond callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the highest yield on such bond), the amortizable premium is treated as an offset to interest income; the U.S. Holder will make a corresponding adjustment to such holder’s basis in the Taxable Premium Bond. Any such election applies to all debt instruments of the U.S. Holder (other than tax-exempt bonds) held at the beginning of the first taxable year to which the election applies and to all such debt instruments thereafter acquired, and is irrevocable without the Internal Revenue Service’s consent. A U.S. Holder of a Taxable Premium Bond that so elects to amortize bond premium does so by offsetting the qualified stated interest allocable to each interest accrual period under the U.S. Holder’s regular method of Federal tax accounting against the bond premium allocable to that period. If the bond premium allocable

to an accrual period exceeds the qualified stated interest allocable to that accrual period, the excess is treated as a bond premium deduction under Section 171(a)(1) of the Code, subject to certain limitations. If a Taxable Premium Bond is optionally callable before maturity at a price in excess of its stated redemption price at maturity, special rules may apply with respect to the amortization of bond premium. Under certain circumstances, the U.S. Holder of a Taxable Premium Bond may realize a taxable gain upon disposition of the Taxable Premium Bond even though it is sold or redeemed for an amount less than or equal to the U.S. Holder's original acquisition cost.

U.S. Holders of any Taxable Premium Bonds should consult their own tax advisors with respect to the treatment of bond premium for Federal income tax purposes, including various special rules relating thereto, and state and local tax consequences, in connection with the acquisition, ownership, and disposition of Taxable Premium Bonds.

U.S. Holders—Disposition of Taxable Bonds

Except as discussed above, upon the sale, exchange, redemption, or other disposition (which would include a legal defeasance) of a Taxable Bond, a U.S. Holder generally will recognize taxable gain or loss in an amount equal to the difference between the amount realized (other than amounts attributable to accrued interest not previously includable in income) and such U.S. Holder's adjusted tax basis in the Taxable Bond. A U.S. Holder's adjusted tax basis in a Taxable Bond generally will equal such U.S. Holder's initial investment in the Taxable Bond, increased by any OID included in the U.S. Holder's income with respect to the Taxable Bond and decreased by the amount of any payments, other than qualified stated interest payments, received and bond premium amortized with respect to such Taxable Bond. Such gain or loss generally will be long-term capital gain or loss if the Taxable Bond was held for more than one year.

U.S. Holders—Defeasance

U.S. Holders of the Taxable Bonds should be aware that, for Federal income tax purposes, the deposit of moneys or securities in escrow in such amount and manner as to cause the Taxable Bonds to be deemed to be no longer outstanding under the resolution of the Taxable Bonds (a "defeasance"), could result in a deemed exchange under Section 1001 of the Code and a recognition by such owner of taxable income or loss, without any corresponding receipt of moneys. In addition, for Federal income tax purposes, the character and timing of receipt of payments on the Taxable Bonds subsequent to any such defeasance could also be affected. U.S. Holders of the Taxable Bonds are advised to consult with their own tax advisors regarding the consequences of a defeasance for Federal income tax purposes, and for state and local tax purposes.

U.S. Holders—Backup Withholding and Information Reporting

In general, information reporting requirements will apply to non-corporate U.S. Holders with respect to payments of principal, payments of interest, and the accrual of OID on a Taxable Bond and the proceeds of the sale of a Taxable Bond before maturity within the United States. Backup withholding at a rate provided for in the Code, will apply to such payments and to payments of OID unless the U.S. Holder (i) is a corporation or other exempt recipient and, when required, demonstrates that fact, or (ii) provides a correct taxpayer identification number, certifies under penalties of perjury, when required, that such U.S. Holder is not subject to backup withholding and has not been notified by the Internal Revenue Service that it has failed to report all interest and dividends required to be shown on its United States Federal income tax returns.

Any amounts withheld under the backup withholding rules from a payment to a beneficial owner, and which constitutes over-withholding, would be allowed as a refund or a credit against such beneficial owner's United States Federal income tax provided the required information is furnished to the Internal Revenue Service.

Miscellaneous

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the Federal or state level, may adversely affect the tax-exempt status of interest on the Taxable Bonds under state law and could affect the market price or marketability of the Taxable Bonds.

Prospective purchasers of the Taxable Bonds should consult their own tax advisors regarding the foregoing matters.

The proposed form of the opinion of Hawkins, Delafield & Wood LLP, Co-Bond Counsel, relating to the Series 2017B Bonds is set forth in Appendix E hereto.

PART 12 - STATE NOT LIABLE ON THE SERIES 2017 BONDS

The Act provides that notes and bonds of DASNY are not a debt of the State that the State is not liable on them and that such notes or bonds are not payable out of any funds other than those of DASNY. The Resolution specifically provides that the Series 2017 Bonds are not a debt of the State and that the State is not liable on them.

PART 13 - COVENANT BY THE STATE

The Act states that the State pledges and agrees with the holders of DASNY's notes and bonds that the State will not limit or alter the rights vested in DASNY to provide projects, to establish and collect rentals therefrom and to fulfill agreements with the holders of DASNY's notes and bonds or in any way impair the rights and remedies of the holders of such notes or bonds until such notes or bonds and interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of such notes or bonds are fully met and discharged. Notwithstanding the State's pledges and agreements contained in the Act, the State may in the exercise of its sovereign power enact or amend its laws which, if determined to be both reasonable and necessary to serve an important public purpose, could have the effect of impairing these pledges and agreements with DASNY and with the holders of DASNY's notes or bonds.

Report of Independent Auditors

To the Board of Trustees of
New York University

We have audited the accompanying consolidated financial statements of New York University ("NYU"), which comprise the consolidated balance sheets as of August 31, 2016 and 2015, and the related consolidated statements of activities and cash flows for the years then ended.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to NYU's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NYU's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of NYU as of August 31, 2016 and 2015, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The consolidating information on pages 47 through 57 in Appendix A – Supplemental Schedules is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The consolidating information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidating information is fairly stated, in all material respects, in relation to the consolidated financial statements taken as a whole. The consolidating information is presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position, changes in net assets and cash flows of the individual companies and is not a required part of the consolidated financial statements. Accordingly, we do not express an opinion on the financial position, changes in net assets and cash flows of the individual companies.

1. Description of New York University

Founded in 1831, New York University (NYU) is a private institution of higher education, research, and patient care located primarily in New York City. NYU is recognized both nationally and internationally as a leader in scholarship and is a member of the distinguished Association of American Universities.

The consolidated reporting entities for NYU consist of the University and NYU Health Operations (Health Operations), which represents the operations of NYU Langone Health System (Health System), and NYU School of Medicine (NYUSoM).

The University

The University includes nineteen colleges and divisions each with its own traditions, programs and faculty. The schools, in order of founding date, are the College of Arts and Science, School of Law, NYU School of Medicine (reported as a part of NYU Health Operations), College of Dentistry, Graduate School of Arts and Science, Steinhardt School of Culture, Education and Human Development, Leonard N. Stern School of Business, Courant Institute of Mathematical Sciences, School of Continuing and Professional Studies, Institute of Fine Arts, Robert F. Wagner Graduate School of Public Service, Post-Graduate Medical School, Silver School of Social Work, Tisch School of the Arts, Gallatin School of Individualized Study, College of Nursing, the Institute for the Study of the Ancient World, NYU Abu Dhabi, and NYU Tandon School of Engineering (formerly Polytechnic University founded in 1854). The University also operates academic program sites and research programs in other parts of the United States and abroad.

In addition to the colleges and divisions, NYU began operating NYU Shanghai in fall 2013, which grants NYU degrees, as a joint venture with East China Normal University. The NY-based activities of NYU Shanghai are reported in the University's balance sheets and statement of activities.

NYU's balance sheets and statements of activities also include balances for NYU's affiliates such as the Institute for Fine Arts Foundation, NYU School of Business Foundation and NYU School of Law Foundation.

NYU Health Operations

The Health System is the sole corporate member of NYU Hospitals Center (Hospitals Center). The Hospitals Center operates the Tisch Hospital, a 705-bed acute care facility and a major center for specialized procedures in cardiovascular services, neurosurgery, cancer treatment, reconstructive surgery and transplantation; NYU Hospital for Joint Diseases, a 190-bed acute care facility specializing in orthopedic, neurologic, and rheumatologic services; NYU Lutheran Medical Center, a 450-bed acute care hospital in Brooklyn, New York; and several ambulatory facilities, including the Laura and Isaac Perlmutter Cancer Center, the Ambulatory Care Center, the Center for Musculoskeletal Care and Hassenfeld Children's Center.

The NYU School of Medicine is reported as part of NYU Health Operations.

In addition to the Hospitals Center, the Health System's wholly owned subsidiaries consist of Lutheran Augustana Center for Extended Care and Rehabilitation, a 240-bed skilled nursing facility; Lutheran CHHA, Inc., a certified home health agency; Community Care Organization, Inc., a licensed home care agency; Shore Hill Housing, Sunset Gardens Housing and Harbor Hill Housing, which provides senior housing and rent subsidies for people meeting requirements

defined by the US Department of Housing and Urban Development; and Sunset Bay Community Services, Inc., which provides senior services and day care services.

CCC550 is solely owned by the Hospitals Center and provides professional liability insurance to the Hospitals Center and to physicians employed by the NYUSoM. CCC550 is subject to taxation in accordance with section 29 of the Exempt Insurance Act in Barbados.

On April 1, 2015, the Hospitals Center completed an affiliation agreement (Affiliation) with Lutheran Medical Center and its subsidiary entities (Lutheran) which is included in the NYU Langone Health System. Prior to the Affiliation, the University was the sole corporate member of the Hospitals Center. With the closing of the Affiliation, the University became the sole corporate member of the Health System but did not assume any responsibility or liability for the financial obligations of the Health System. The NYU Board of Trustees appoints the members of the Health System Board, who are the same individuals who serve on the Hospitals Center Board and the NYUSoM Advisory Board.

In December 2015, the Hospitals Center and Lutheran Medical Center received a Certificate of Need approval from the New York State Department of Health for a full asset merger, with the Hospitals Center as the successor entity. The merger became effective on January 1, 2016, upon receipt of regulatory approvals.

The change in control of Lutheran was accounted for as a business combination in accordance with Accounting Standards Codification (ASC), Topic 805, *Business Combinations*, and ASC 958-805-05, *Acquisition by a Not-for-Profit Entity*. NYU recorded \$305,237 of unrestricted non-operating income in the 2015 consolidated statement of activities which represents Lutheran's net assets at March 31, 2015 and the excess of the fair value of assets acquired over the fair value of liabilities assumed. No consideration was exchanged for the acquisition.

In 2015, Lutheran changed its fiscal year end from December 31 to August 31 to conform to NYU's year end. As a result of this change, obtaining revenues and changes in net assets as though the acquisition occurred at the beginning of fiscal year 2015 was impracticable.

The following is a summary of the Lutheran activity included in the 2015 consolidated statements of activities:

2. Summary of Significant Accounting Policies

Basis of Presentation

The consolidated financial statements of NYU have, in all material respects, been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements include the accounts of NYU, as well as its separately incorporated affiliates. NYU and, generally, all of its affiliates are exempt from federal income taxes under the provisions of Section 501(c) (3) of the Internal Revenue Code.

NYU prepares its consolidated financial statements in accordance with the provisions of ASC Topic 958, *Not for Profit Entities*. This standard focuses on the entity as a whole and requires classification of net assets as unrestricted, temporarily restricted or permanently restricted, as determined by the existence or absence of restrictions placed on the assets' uses by donors or by provision of law. A description of the net assets classifications follows:

Permanently Restricted net assets include gifts, pledges, trusts, and gains explicitly required by donors to be retained in perpetuity, while allowing the use of the investment return for general or specific purposes, in accordance with donor provisions.

Temporarily Restricted net assets include contributions and investment return that can be expended when donor or legal restrictions have been met. Contributions receivable that do not carry a purpose restriction are deemed to be time restricted. Temporary restrictions are removed either through the passage of time or because certain actions are taken by NYU that fulfill the restrictions or both.

Unrestricted net assets are the remaining net assets of NYU that are used to carry out its missions of education, research and patient care which are not subject to donor restrictions.

Operations

Tuition and fees are derived from degree programs as well as executive and continuing education programs. Tuition and fee revenue is recognized as operating income in the period in which it is earned. Tuition and fee receipts received in advance are recorded as deferred revenue. Net tuition and fees are computed after deducting certain scholarships and fellowships awarded to students. Revenues and expenses related to conducting programmatic activities and provision of services by NYU are classified as operating in the consolidated statement of activities. Investment return relating to management-designated endowment funds and the related endowment appropriation, as well as changes in pension and postretirement obligations and unusual or nonrecurring activity, are classified as nonoperating in the consolidated statement of activities.

Contributions

Contributions, including unconditional promises to give, are recognized as revenue in the period received at their fair value. Contributions receivable are reported at their discounted present value, using an estimated interest rate for the year in which the promise was received and considering market and credit risk as applicable (2.4% in 2016 and 2.3% in 2015). Amortization of the discount is recorded as additional contribution revenue. Conditional promises to give are not recognized as revenue until the conditions on which they depend are substantially met. Allowances are recorded for estimated uncollectible contributions based upon management's judgment and analysis of the creditworthiness of the donors, past collection experience and other relevant factors.

Cash and Cash Equivalents

Cash and cash equivalents include cash and all highly-liquid debt instruments with original maturities of three months or less when purchased. This does not include pooled investments with less than three months to maturity held within the long-term investment portfolio. The carrying amount of cash and cash equivalents approximates fair value due to the short-term maturity of the instruments.

Deposits with Trustees

Deposits with trustees consist of unexpended bond proceeds (to fund various construction projects) held by the trustee, the Dormitory Authority of the State of New York (DASNY), of \$355,408 and \$9,563 as well as debt service reserve funds held by NYU of \$59,519 and \$61,315 at August 31, 2016 and 2015, respectively.

Land, Buildings, and Equipment

Land, buildings, and equipment are carried at their acquisition or construction cost. If donated, these assets are recorded at their fair value on the date of the gift. Buildings and equipment are depreciated over their estimated useful lives (buildings and building improvements 10-55 years, equipment 3-10 years) using the straight-line method.

Collections

The University does not assign a value to collection items. Collection items are generally held for educational purposes and are not disposed of for financial gain or otherwise encumbered in any manner.

Asset Retirement Obligation

NYU recognizes asset retirement obligations on future events, such as the abatement of asbestos and removal of lead-based paint and petroleum bulk storage tanks from buildings. The fair value of the liability for a conditional asset retirement obligation is recognized in the period in which it

New York University

Notes to Consolidated Financial Statements

August 31, 2016 and 2015

(in thousands of dollars)

occurred, provided that it can be reasonably estimated. Corresponding asset retirement costs (net of accumulated depreciation) have been included in land, buildings, and equipment.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingencies at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain amounts in the 2015 consolidated financial statements have been reclassified to conform to the current year's presentation.

New Authoritative Pronouncements

In April 2015, the FASB issued Accounting Standard Update ("ASU") 2015-3, *Simplifying the Presentation of Debt Issuance Costs*. This standard requires all costs incurred to issue debt to be presented in the balance sheet as a direct deduction from the carrying value of the associated debt liability. The standard is effective for fiscal years beginning after December 15, 2016. In fiscal year 2015, NYU early adopted this standard, and this presentation is reflected on the consolidated balance sheet as of August 31, 2016 and 2015.

In January 2016, the FASB issued ASU 2016-1, *Financial Instruments – Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*. This guidance primarily affects the accounting for equity investments, financial liabilities under the fair value option, and the presentation and disclosure requirements for financial instruments. Certain financial institutions and companies with large equity investment portfolios that are not currently being measured at fair value through the income statement are most affected by the new standard. The new standard also allows entities that are not public business entities and do not carry financial instruments at fair value in the statement of financial position to no longer be required to disclose the fair value and significant assumptions used to estimate the fair value of such financial instruments. The standard is effective for fiscal years beginning after December 15, 2018 for non-public business entities. NYU early adopted the portion of the standard that eliminates the disclosure requirement for financial instruments that are not recorded at fair value. As such, NYU has removed the disclosures of fair value of debt as of August 31, 2016 and 2015.

In May 2015, the FASB issued ASU 2015-7, *Fair Value Measurement and Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. This guidance requires entities to present investments that use net asset value ("NAV") as a practical expedient for valuation purposes separately from other investments categorized in the fair value hierarchy described in Note 4. The standard is effective for fiscal years beginning after December 15, 2016. NYU is evaluating the impact this will have on the 2017 consolidated financial statements.

In May 2014, the FASB issued ASU 2014-9, *Revenue from Contracts with Customers*. This standard implements a single framework for recognition of all revenue earned from customers. This framework ensures that entities appropriately reflect the consideration to which they expect to be entitled in exchange for goods and services by allocating transaction price to identified performance obligations and recognizing revenue as performance obligations are satisfied. Qualitative and quantitative disclosures are required to enable users of financial statements to

New York University

Notes to Consolidated Financial Statements

(in thousands of dollars)

understand the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The standard is effective for fiscal years beginning after December 15, 2017. NYU is evaluating the impact this will have on the 2019 consolidated financial statements.

In August 2016, the FASB issued ASU 2016-14, *Presentation of Financial Statements for Not-for-Profit Entities*. This standard marks the completion of the first phase of a larger project aimed at improving not-for-profit financial reporting. Under the new guidance, the existing three categories of net assets will be replaced with a simplified model that combines temporarily restricted and permanently restricted net assets into a single category called “net assets with donor restrictions” and renames unrestricted net assets as “net assets without donor restrictions.” There will be new reporting requirements for expenses and additional disclosures to describe an organization’s liquidity. The standard is effective for fiscal years beginning after December 15, 2017. NYU is currently assessing the impact this standard will have on their 2019 consolidated financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases*. Under the new guidance, lessees will be required to recognize the following for all leases (with the exception of leases with a term of twelve months or less) at the commencement date: (a) a lease liability, which is a lessee’s obligation to make lease payments arising from a lease, measured on a discounted basis; and (b) a right-of-use asset, which is an asset that represents the lessee’s right to use, or control the use of, a specified asset for the lease term. The guidance requires a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. The standard is effective for fiscal years beginning after December 15, 2018. NYU is currently assessing the impact this standard will have on their 2020 consolidated financial statements.

3. Patient Care Revenue

The Health Operations have agreements with third party payors that provide for payments at amounts different from its established rates (i.e. gross charges). Payment arrangements include prospective determined rates per discharge, reimbursed costs, discounted charges and per diem payments.

Patient care services rendered are recorded in the period in which the service is performed, net of contractual and other allowances that represent differences between gross charges and the estimated receipts under such programs. Patient care revenue for the Health Operations is reported at the estimated net realizable amounts due from patients, third-party payors and others for services rendered and includes estimated retroactive revenue adjustments due to ongoing and future audits, reviews and investigations. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined. Patient accounts receivable are also reduced for allowances for uncollectible accounts.

The process for estimating the ultimate collection of receivables involves significant assumptions and judgments. The Health Operations has implemented a quarterly standardized approach to estimate and review the collectability of receivables based on the payor classification and the period for which the receivables have been outstanding. Past due balances over 90 days from the date of billing and in excess of a specified amount are considered delinquent and are reviewed for collectability. Account balances are written off against the allowance when management feels it is probable the receivable will not be recovered. Historical collection and payor reimbursement

(in thousands of dollars)

experience is an integral part of the estimation process related to reserves for doubtful accounts. In addition, the Health Operations assesses the current state of its billing functions in order to identify any known collection or reimbursement issues and assess the impact, if any, on reserve estimates. The Health Operations believes that the collectability of its receivables is directly linked to the quality of its billing processes, most notably those related to obtaining the correct information in order to bill effectively for the services it provides. Revisions in reserve for doubtful accounts estimates are recorded as an adjustment to bad debt expense. The Health Operations' allowance for uncollectible accounts are \$135,532 and \$123,279 at August 31, 2016 and 2015 respectively, and have remained consistent as a percentage of accounts receivables net of contractual allowances.

Patient service revenue for the Health Operations, net of contractual allowances and discounts, is as follows for the years ended August 31, 2016 and 2015:

	2016	2015
Gross charges	\$ 16,046,055	\$ 12,054,956
Allowances	<u>(11,598,476)</u>	<u>(8,567,648)</u>
Patient service revenue, net of contractual allowances	4,447,579	3,487,308
Bad debt	<u>(91,799)</u>	<u>(48,566)</u>
Total net patient service revenue	<u>\$ 4,355,780</u>	<u>\$ 3,438,742</u>

The Health Operations has established estimates, based on information presently available, of amounts due to or from Medicare and non-Medicare payors for adjustments to current and prior years' payment rates, based on industry-wide and Health Operations-specific data. The net amounts due to third party payors at August 31, 2016 and 2015 are \$33,624 and \$85,609, respectively. Additionally, certain payors' payment rates for various years have been appealed by the Health Operations. If the appeals are successful, additional income applicable to those years may be realized.

The Hospitals Center's Medicare cost reports have been audited by the Medicare fiscal intermediary through December 31, 2012; however, final settlements are pending for 2003, 2004, and 2011. Lutheran's Medicare cost reports have been audited by the Medicare fiscal intermediary through December 31, 2013; however, final settlements are pending for the years 2007 to 2013.

Health Operations grants credit without collateral to its patients, most of who are local residents and are insured under third-party payor arrangements. The mix of patient service revenue, net of contractual allowances from patients and third party payors for the years ended August 31, 2016 and 2015 are as follows:

The mix of receivables (net of contractual allowances) from patients and third party payors at August 31, 2016 and 2015 are as follows:

	2016		2015	
	Health System	NYUSoM	Health System	NYUSoM
Medicare	11 %	12 %	12 %	12 %
Medicaid	3	1	3	1

The Health System provides significant amounts of partially or totally uncompensated patient care. For accounting purposes, such uncompensated care is treated either as charity care or bad debt expense.

The Health System's charity care policy, in accordance with the New York State Department of Health's guidelines, ensures the provision of quality health care to the community served while carefully considering the ability of the patient to pay. The policy has sliding fee schedules for inpatient, ambulatory and emergency services provided to the uninsured and under-insured patients that qualify. Patients are eligible for the charity care fee schedule if they meet certain income and liquid asset tests. Since payment of the difference between the Hospitals Center's standard charges and the charity care fee schedules is not sought, these forgone charges for charity care are not reported as revenue. Total forgone charges for charity care totaled \$129,396 and \$55,200 for fiscal year 2016 and 2015, respectively. This equated to an approximate cost of \$33,909 and \$14,763 for the years ended August 31, 2016 and 2015, respectively which is based on a ratio of cost to charges during the respective years.

New York State regulations provide for the distribution of funds from an indigent care pool, which is intended to partially offset the cost of bad debts and services provided to the uninsured. The funds are distributed based on each hospital's level of bad debt and charity care in relation to all other hospitals. Subsidy payments recognized as revenue amounted to approximately \$45,312 and \$27,769 for 2016 and 2015, respectively, and are included in net patient service revenue in the accompanying consolidated statement of activities.

Patients who do not qualify for sliding scale fees and all uninsured inpatients who do not qualify for Medicaid assistance are billed at the Hospitals Center's and Lutheran's full rates. Uncollected balances for these patients are categorized as bad debts. Similarly, at NYUSoM, those balances which are deemed uncollectible based on an inability or unwillingness to pay are written off. Uncollected balances for these patients are categorized as bad debts and totaled \$91,799 and \$48,566 for the years ended August 31, 2016 and 2015, respectively.

Fair Value Measurements

Authoritative guidance of fair value measurements, ASC Topic 820, *Fair Value Measurements and Disclosures*, *Fair Value Measurements*, establishes a hierarchy of valuation methodologies based on the extent to which asset valuations are observable in the marketplace. The following describes the hierarchy of methodologies used to measure fair value of investments:

New York University

Notes to Consolidated Financial Statements

August 31, 2016 and 2015

(in thousands of dollars)

Fair value for Level 1 is based on quoted prices in actively traded markets that NYU has the ability to access for identical assets and liabilities. Market price data is generally obtained from exchange or dealer markets. NYU does not adjust the quoted price for such assets and liabilities.

Fair value for Level 2 is based on quoted prices for instruments similar to those held by NYU in actively traded markets, quoted prices for identical instruments held by NYU in markets that are not actively traded and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Inputs are obtained from various sources including market participants, dealers and brokers.

Fair value for Level 3 is based on valuation techniques used to assess prices that are unobservable as the assets trade infrequently or not at all.

Investments included in Level 3 primarily consist of NYU's ownership in alternative investments (principally limited partnership interests in Public Equity, Hedge Funds, Credit, Natural Resources, Private Equity, Real Estate, and other similar funds). The net asset value (NAV) of the securities held by limited partnerships that do not have readily determinable fair values are determined by the general partner and are based on appraisals or other estimates that require varying degrees of judgment. If no public market exists for the investment securities, the fair value is determined by the general partner taking into consideration, among other things, the cost of the securities, prices of recent significant placements of securities of the same issuer and subsequent developments concerning the companies to which the securities relate. NYU has performed due diligence around these investments to ensure NAV is an appropriate measure of fair value as of August 31, 2016 and 2015.

If NYU has the ability to redeem from an alternative investment up to 90 days beyond the measurement date at NAV, the alternative investment is generally categorized as Level 2. If the redemption period extends beyond 90 days, the investment is categorized as Level 3. Funds for which NYU does not have discretion for timing of withdrawals are categorized as Level 3.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while NYU believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

Asset Classes

NYU invests across a broad range of asset classes, including Public Equity, Hedge Funds, Credit, Natural Resources, Private Equity, Real Estate, Fixed Income, and Cash and other. NYU may invest directly in the securities of these asset classes, or indirectly through interests in funds and limited partnerships. Securities held directly by NYU are valued at their observable market prices. The value of holdings in funds and limited partnerships are in accordance with the valuations provided by their investment managers. Funds and limited partnerships may make investments in securities that are publicly traded, which are generally valued based on observable market prices. Managers of investment funds and limited partnerships value those investments based upon the best information available for a given circumstance and may incorporate assumptions that are the investment manager's best estimates after consideration of a variety of internal and external factors.

NYU maintains an investment pool for its long-term investments which include its endowment and similar funds. The pool is managed to achieve the maximum long-term return given prudent risk parameters. NYU relies on a total return strategy, the objective of which is to achieve a long-term rate of return consisting of a combination of current income and capital appreciation, recognizing that changes in market conditions and interest rates will result in varying strategies in an attempt to optimize results. Investment return (realized and unrealized net gains or losses, interest and dividends) and the appropriation for the approved endowment distribution for board-designated endowment funds are reported as nonoperating activities in the consolidated statement of activities. Investment return and the appropriation for the approved endowment distribution for true endowment funds are reported as temporarily restricted activities in the consolidated statement of activities.

NYU's Board of Trustees has authorized a spending policy designed to allow asset growth while providing a predictable flow of return to support operations. Distributions from the endowment to support operations (approximately 5% in 2016 and 2015) are calculated using the prior year distribution adjusted for the change in the New York Metro Area Consumer Price Index (CPI). To preserve the endowment's purchasing power, caps further limit spending as follows: 1) the distribution of endowment return to support operations may not exceed the prior year's distribution by more than 10%, unless the increase was the result of new gifts to the endowment, and 2) if the results of using only the average market value of either the final four quarters alone or the final eight quarters alone would be a decline in the distribution from the prior year's distribution, then the distribution may not exceed the previous year's level.

A reasonable estimate of the fair value of loans receivable from students under government loan programs could not be made because the notes cannot be sold and can only be assigned to the U.S. Government or its designees. The fair value of loans receivable from students under NYU's loan programs approximates carrying value.

Student loans consist primarily of Federal advances to the University under Perkins and other Federal Loan Programs which totaled \$79,470 and \$80,030 at August 31, 2016 and 2015, respectively. NYU records a liability on its consolidated balance sheet for these advances.

This excludes \$18,771 and \$24,858 of capitalized interest (net of income earned on deposits with bond trustees) for the years ended August 31, 2016 and 2015, respectively, which is included in land, buildings, and equipment, net.

In conjunction with the current debt agreements, various security agreements were executed by the Hospitals Center. The agreements include pledging, as collateral, a security interest in the Hospitals Center's property, plant and equipment, and gross receipts and also place limitations on the use of certain assets.

10. Obligations With Financial Institutions & Other Leasing Obligation

At August 31, 2016, the Obligated Group has three contractually committed bank credit agreements which total \$700,000 and expire from December 2016 to June 2018. The interest is accrued for all three lines of credit at rates based on LIBOR. The amounts outstanding under these agreements are \$89,404 and \$316,628 as of August 31, 2016 and 2015, respectively.

At August 31, 2016, the Hospitals Center has four unsecured lines of credit totaling \$500,000 which expire from March 2018 to April 2019. The interest is accrued for all four lines of credit at interest rates based on LIBOR. The amounts outstanding on these lines of credit as of August 31, 2016 are \$145,101. There were no amounts outstanding as of August 31, 2015.

In May 2014, the Hospitals Center entered into a loan agreement with a bank totaling \$150,000. The loan requires fixed monthly principal and interest payments at a variable rate equal to the Prime Rate in effect through May 2019. The amount outstanding on the loan was \$138,749 and \$143,750 at August 31, 2016 and 2015, respectively. The proceeds of the loan are to be used to finance capital and other general corporate purposes.

Other Leasing Obligation

In June 2013, NYUSoM entered into a lease agreement for four floors in a building which required construction of certain structural elements to customize them for use as laboratory and vivarium spaces. These activities and the cap on the construction allowances from the landlord resulted in NYUSoM being considered the accounting owner of these four floors.

During construction, NYUSoM capitalized the total cost to construct the four floors as construction in progress and recorded a related liability as other leasing obligations on the consolidated balance sheet. In August 2016, NYUSoM completed construction of the four floors and met the criteria for sale-leaseback accounting. The lessor assets of \$146,603 were de-capitalized and the related liability was de-obligated from the consolidated balance sheet and prepaid rent totaling \$9,456 will be amortized over the remaining life of the lease.

11. Professional Liabilities

The Hospitals Center has been self-insured for professional liabilities since 2005 through its wholly owned, segregated cell captive company, CCC550. Beginning October 1, 2015, Lutheran is also covered for its professional liability coverage through CCC550. These CCC550 policies are written on an occurrence basis.

CCC550 also provides insurance coverage to certain voluntary attending physicians (“VAPs”) servicing NYUSoM and the Hospitals Center. The cost of this insurance coverage is the responsibility of such physicians.

CCC550’s loss reserves are reported on a discounted basis and comprise estimates for known reported losses and loss expenses plus a provision for losses incurred but not reported. Losses are actuarially determined and are based on the loss experience of the insured. In management’s opinion, recorded reserves for self-insured exposures are adequate to cover the ultimate net cost of losses incurred to date; however, the provision is based on estimates and may ultimately be settled for a significantly greater or lesser amount.

Prior to October 1, 2015, Lutheran purchased its primary and excess professional liability coverage through a commercial insurer on a claims made basis and has recorded an estimated liability and corresponding receivable related to these policies on the consolidated balance sheets as of August 31, 2016 and 2015 (Note 5).

The Health System’s total professional liabilities recorded on the consolidated balance sheet as of August 31, 2016 and August 31, 2015 are as follows:

	2016	2015
Professional Liabilities		
CCC550 professional liabilities	\$ 386,903	\$ 278,452

12. Retirement Plans

Substantially all NYU employees are covered by retirement plans. These plans include various defined contribution plans, multi-employer defined benefit plans and four NYU-sponsored defined benefit plans. NYU contributes to its defined contribution and multi-employer defined benefit plans based on rates required by union or other contractual arrangements. Expenses related to NYU's defined contribution plans are \$172,810 and \$155,500 in 2016 and 2015, respectively.

Contributions to defined benefit plans are intended to provide not only for benefits attributed to service to date, but also for those expected to be earned in the future. Contributions to the four defined benefit plans are made in amounts sufficient to meet the minimum funding requirements set forth in the Employee Retirement Income Security Act of 1974, plus such additional amounts as the sponsors may deem appropriate. Pension benefits under these four plans are based on participants' final average compensation levels and years of service.

The following tables provide information with respect to the defined benefit plans for the years ended August 31:

The pension assets seek to: (1) provide retirement benefits to its eligible participants and beneficiaries; and (2) achieve full funding of the pension liability, in such a timeframe and in such a way that risk and contribution levels are manageable for the sponsor, and maintain it thereafter. The pension liability growth rate together with the desire to achieve and maintain a fully-funded level (100%) implies a minimum absolute rate of return to be met through either: (1) sponsor contributions, (2) pension assets growth, or (3) a combination thereof. The pension assets attempt to achieve, after taking into account the sponsor's budgeted contributions, a return sufficient to meet the desired funded level over a reasonable timeline, while incurring an acceptable level of risk.

The strategy for achieving and maintaining a fully funded pension liability may vary with the prevailing funded level and other parameters related to the overall goal. Therefore, the asset allocation process is designed to be dynamic and employ a liability-driven investment philosophy, which reframes risk and performance relative to the pension liability. This approach is expected to enable pension assets to more reliably track the value of the pension liability, with less funded level volatility, than would a static total-return investment. At low funding levels, the pension assets will focus on generating return, subject to risk tolerance and contribution policy; as the funding level rises, the objective of the pension assets will move gradually toward managing funded level volatility. Target allocations at the funded level are 60-75% Equity and 25-40% Fixed Income. The expected long-term rate of return assumption is determined by adding expected inflation to expected long-term real returns of various asset classes, weighing the asset class returns by the plans' investment in each class, and taking into account expected volatility and correlation between the returns of various asset classes. NYU management believes 6%-7% is a reasonable estimate of long-term rates of return on plan assets for 2016 and will continue to evaluate the actuarial assumptions and adjust them as necessary.

Contributions:

Annual contributions to the plans are determined by NYU based upon calculations prepared by the plans' actuaries. Contributions totaling \$47,000 were made to the Lutheran plan in September 2016 and no additional contributions are expected for fiscal year 2017. Total expected contributions for all other plans in fiscal year 2017 are \$15,500.

Multi-Employer Benefit Plans:

NYU participates in multi-employer defined benefit pension plans. NYU makes cash contributions to these plans under the terms of collective-bargaining agreements that cover its union employees based on a fixed rate and hours worked per week by the covered employees. The risks of participating in these multi-employer plans are different from other single-employer plans in the following aspects: (1) assets contributed to the multi-employer plan by one employer may be used to provide benefits to employees of other participating employers; (2) if a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers; and (3) if NYU chooses to stop participating in some of its multi-employer plans, NYU may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a withdrawal liability. The measurement dates for the following plans are as of June 30 and December 31, as applicable.

NYU has contributed cash and recorded expenses for the following multi-employer defined benefit plans for the years ended August 31, 2016 and 2015:

NYU's contributions to the United Wire Pension Fund, the Local 153 Pension Fund, the Local 30 Pension Fund, and the Building Service 32BJ Pension Fund represent less than 5% of total plan contributions. The Health & Welfare Plans provide medical benefits (health, dental, prescription, vision) for active employees and retirees. Eligibility for benefit coverage level and type is dependent upon their status as an active employee or retiree.

The Pension Protection Act zone status indicates the plan's funded status of either at least 80% funded (green) or less than 80% funded (yellow or red). A zone status of red requires the plan sponsor implement a Funding Improvement Plan (FIP) or Rehabilitation Plan (RP).

13. Other Postretirement Benefits

NYU has five health and welfare plans that provide certain health care and life insurance benefits for eligible retired employees. NYU employees may become eligible for these benefits if they reach the age and service requirements of the plan while working for NYU. The costs related to these plans are accrued during the period the employees provide service to NYU.

The plans' investment objectives seek a positive long-term total rate of return to meet NYU's current and future plan obligations. The asset allocations for the plans combine tested theory and informed market judgments to balance investment risks with the need for high returns.

The expected long-term rate of return assumption is determined by adding expected inflation to expected long-term real returns of various asset classes, taking into account expected volatility and correlation between the returns of various asset classes. NYU management believes that 6%-7% is a reasonable range of long-term rates of return on plan assets for 2016 and will continue to evaluate the actuarial assumptions and adjust them as necessary.

14. Grants and Contracts

Grant and contract revenues represent reimbursements of costs incurred in direct support of research and other sponsored activities. Additionally, such sponsored grants and contracts generally provide for the recovery of indirect costs supporting these activities. Indirect costs, included in grant and contract revenues, are recovered at rates established in advance by NYU through negotiations with the federal government and other private sponsors and amount to \$135,348 and \$138,595 for the years ended August 31, 2016 and 2015, respectively.

15. Hospital Affiliations

NYUSoM has three affiliation agreements with the New York City Health and Hospitals Corporation to provide general care and mental health services. The three agreements are with Woodhull Medical and Mental Health Center and Cumberland Diagnostic and Treatment Center, Bellevue Hospital Center and Gouverneur Healthcare Services and Coler Rehabilitation and Nursing Care Center and Henry J Carter Specialty Hospital and Nursing Facility and are effective for July 1, 2015 through June 30, 2020.

NYU Hospitals Center has an affiliation agreement with Sunset Park Health Council, Inc., a New York not-for-profit corporation, d/b/a Lutheran Family Health Centers (LFHC). The LFHC is a designated Level 3 Medical Home and a Federally Qualified Health Center and has been established as a “co-operator” with NYU Hospitals Center. A new affiliation agreement is currently being negotiated between NYU Hospitals Center and LFHC and is expected to be executed in fiscal 2017.

16. Allocated Expenses

Certain expenses incurred by NYU are allocated to specific program and support service activities on the basis of utilization of the underlying assets. Expenses included in this allocation are operation and maintenance of plant, interest on indebtedness, and depreciation and amortization. The allocation of these expenses, which are included in total operating expenses for the years ended August 31, 2016 and 2015, are presented below:

Prior to the merger with NYU, the NYU Tandon School of Engineering (formerly Polytechnic University) was granted cy-pres relief by the Attorney General's office. As a result, \$48,247 of permanently restricted net assets was reclassified to unrestricted net assets in order to satisfy the requirements of the Title IV responsibility ratios and the debt service coverage ratio. In August 2015, this \$48,247 was restored to permanently restricted net assets.

NYU's investment pools include individual endowed funds established for a variety of purposes. Pooled assets include both donor restricted endowment funds and funds designated by the Board of Trustees to function as endowments.

NYU classifies as permanently restricted net assets: (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment required by the applicable donor gift instrument. Accumulated unspent earnings from the permanently restricted endowments are classified as temporarily restricted net assets. Board-designated endowments, as well as any accumulated losses on any individual permanently restricted endowment (underwater endowment), are classified as unrestricted net assets.

NYU defines the appropriation of endowment net assets for expenditure as the authorization of its investment spending rate as approved annually by the Board of Trustees (see Note 4). However, when donors have expressly stipulated the payout percentage of earnings on endowments that differs from NYU policies, the donors' intent prevails. In making a determination to appropriate or accumulate, NYU adheres to the standard of prudence prescribed by New York Prudent Management of Institutional Funds Act (NYPMIFA) and considers the following factors: the duration and preservation of the endowment fund; NYU's mission and the purpose of the endowment fund; general economic conditions; the possible effect of inflation or deflation; the expected total return from income and the appreciation of investments; other resources of NYU; where appropriate and circumstances would otherwise warrant, alternatives to expenditures of the endowment fund giving due consideration to the effect that such alternatives may have on NYU; and the investment policy of NYU.

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the original value of the gift donated to the permanent endowment (underwater endowment). Deficits of this nature are reported as a reduction of unrestricted net assets. These deficits resulted from unfavorable market fluctuations that eroded accumulated gains for the permanently restricted endowments as well as the continued appropriation of certain programs which was deemed prudent by the University's Board of Trustees. Current and future gains will be classified as increases in unrestricted net assets until the shortfalls previously charged to unrestricted net assets have been eliminated and the individual endowment funds are returned to their required levels as stipulated by donors.

18. Commitments and Contingencies

In the normal course of business, NYU leases facilities under operating leases. Minimum rental payments under these agreements over the next five years and thereafter are as follows:

	Rental Lease Payments
Year Ending August 31,	
2017	\$ 196,128
2018	173,603
2019	169,172
2020	148,187
2021	141,197
Thereafter	1,033,472

Rent expense is \$219,921 and \$199,428 for the years ended August 31, 2016 and 2015, respectively.

NYU is self-insured for workers' compensation benefits. The University purchases an excess workers' compensation insurance policy with a retention of \$500 per claim. In connection with being self-insured, the University has maintained a surety bond in the amount of \$11,749 at August 31, 2016. Additionally, the Hospitals Center has maintained stand-by letters of credit aggregating approximately \$27,466 and \$26,891 at August 31, 2016 and 2015, respectively. Cash and marketable securities collateralize the letters of credit.

NYU is a defendant in various legal actions arising from the normal course of its operations and amounts expended under government grants and contracts are subject to audit by governmental agencies. In addition, amounts received for patient care from Medicare and Medicaid are subject to audit. Although the final outcome of such actions and audits cannot be determined, management believes that eventual liability, if any, will not have a material effect on NYU's consolidated financial position.

19. Superstorm Sandy

On October 29, 2012, Superstorm Sandy struck New York City causing widespread damage to the main campus facilities of the Medical Center. The Medical Center incurred business interruption losses during the period that facilities were shut down or being repaired. In addition, the Medical Center incurred costs to replace and repair damage to or demolish properties.

Commercial Insurance

The Medical Center had insurance policies in effect at the time of Superstorm Sandy for business interruption, property, casualty, and other insurance coverage subject to various limitations and deductibles. The University, on behalf of the Medical Center, has initiated lawsuits to recover additional insurance proceeds but the ultimate outcome cannot be determined at this time and therefore, no revenue has been recorded for the years ended August 31, 2016 and 2015.

Federal Disaster Recovery Assistance

The Federal Emergency Management Agency (FEMA) committed significant aid to the Medical Center to assist in the recovery process and to mitigate losses which may occur as a result of future storms. In 2014, FEMA awarded the Medical Center a fixed capped Public Assistance Grant (the Capped Grant) in the amount of \$1,130,073. The Medical Center will receive 90% of the awarded amount (\$1,017,066) for the performance of an agreed upon scope of work less amounts received from commercial insurance. This agreed upon scope of work is for the repair and replacement of eligible damage and for hazard mitigation projects for Medical Center properties. Through August 31, 2016 the Medical Center has received \$786,217 under the Capped Grant and \$230,849 remains available for drawdown for eligible expenditures.

Disaster recovery reimbursement revenues relate to repairs and replacement and are recognized as allowable costs are incurred. Cash received in advance of spending is recorded as deferred revenue with a corresponding balance in assets limited as to use – disaster recovery.

The Medical Center recognized \$530,748 as a temporarily restricted disaster recovery award for future mitigation in fiscal 2014. The net assets are released from restriction as the costs are incurred. For the years ended August 31, 2016 and 2015, the Medical Center released \$142,120 and \$92,258, respectively, from restriction for hazard mitigation.

In addition to the Capped Grant award, FEMA continues to work with the Medical Center to finalize additional awards related to eligible disaster expenses that are not included in the Capped Grant.

20. Subsequent Events

NYU performed an evaluation of subsequent events through May 8, 2017.

In October 2016, NYUSoM took possession of a 25 story office tower under a lease agreement, which has a 30 year term with two 10 year options to renew. The office space will be converted into medical offices to expand the NYUSoM ambulatory footprint in Manhattan. The future minimum lease payments under the 30 year term of this agreement total \$647,256.

On April 1, 2017, the Health System became the sole member of Winthrop-University Hospital Association (“NYU Winthrop”), a 591 bed inpatient acute care facility located in Mineola, New York. NYU Winthrop is not a member of the Obligated Group. The Health System has committed to expend at least \$100 million through a subordinated, non-interest bearing loan to NYU Winthrop to improve the operations of the Winthrop System and realize cost efficiencies. In the second phase, which is scheduled to occur no later than April 1, 2022, NYU Winthrop will merge with and into the Hospitals Center and the loan will be forgiven.

SUMMARY OF CERTAIN PROVISIONS OF THE LOAN AGREEMENT

THIS PAGE INTENTIONALLY LEFT BLANK

SUMMARY OF CERTAIN PROVISIONS OF THE LOAN AGREEMENT

The following is a brief summary of certain provisions of the Loan Agreement pertaining to the Bonds and the Project. Such summary does not purport to be complete and reference is made to the Loan Agreement for full and complete statements of such and all provisions. Defined terms used herein shall have the meanings ascribed to them in Appendix A.

Construction of Projects

The University agrees that, whether or not there is sufficient money available to it under the provisions of the Resolution and under the Loan Agreement, the University shall complete the acquisition, design, construction, reconstruction, rehabilitation and improving or otherwise providing and furnishing and equipping of each Project, substantially in accordance with the Contract Documents relating thereto. Subject to the conditions of the Loan Agreement, the Authority will, to the extent of money available in the applicable Construction Fund, cause the University to be reimbursed for, or pay, any costs and expenses incurred by the University which constitute Costs of the Project, provided such costs and expenses are approved by an Authorized Officer of the Authority.

(Section 5)

Amendment of a Project; Cost Increases; Additional Bonds

A Project may be amended by the University with the prior written consent of an Authorized Officer of the Authority, which consent will not be unreasonably withheld, to decrease, increase or otherwise modify the scope thereof. Any such increase may provide for the addition of any further acquisition, design, construction, reconstruction, rehabilitation, renovation, improving, or otherwise providing furnishing and equipping of a Project which the Authority is authorized to undertake.

(Section 6)

Financial Obligations of the University; General and Unconditional Obligation; Voluntary Payments

Except to the extent that money is available therefor under the Resolution or the Loan Agreement, including money in the Debt Service Fund (other than money required to pay the Redemption Price or purchase price of Outstanding Bonds theretofore called for redemption or contracted to be purchased, plus interest accrued to the date of redemption or purchase), and excluding interest accrued but unpaid on investments held in the Debt Service Fund, the University pursuant to the Loan Agreement unconditionally agrees to pay, so long as Bonds are Outstanding, to or upon the order of the Authority, from its general funds or any other moneys legally available to it:

(a) On or before the date of delivery of the Bonds of a Series, the Authority Fee agreed to by the Authority and the University in connection with issuance of the Bonds of such Series;

(b) On or before the date of delivery of Bonds of a Series, such amount, if any, as is required, in addition to the proceeds of such Bonds available therefor, to pay the Costs of Issuance of such Bonds, and other costs in connection with the issuance of such Bonds;

(c) Three days (or the preceding Business Day if such day is not a Business Day) prior to an interest payment date on Outstanding Variable Interest Rate Bonds, the interest coming due on such Variable Interest Rate Bonds on such interest payment date, assuming that such Bonds will, from and after the next succeeding date on which the rates at which such Bonds bear interest are to be determined, bear interest at a rate per annum equal to the rate per annum for such Bonds on the immediately preceding Business Day, plus one percent (1%) per annum;

(d) On the fifth Business Day immediately preceding the July 1 and January 1 on which interest becomes due on Outstanding Bonds, other than Variable Interest Rate Bonds, the interest becoming due on such July 1 or January 1 interest payment date for such Bonds;

(h) Promptly after notice from the Authority, but in any event not later than fifteen (15) days after such notice is given, the amount set forth in such notice as payable to the Authority (i) for the Authority Fee then unpaid, (ii) to reimburse the Authority for payments made by it pursuant to the Loan Agreement and any expenses or liabilities incurred by the Authority pursuant to the Loan Agreement, (iii) to reimburse the Authority for any external costs or expenses incurred by it attributable to the issuance of a Series of Bonds or the financing or construction of a Project, including but not limited to any fees or other amounts payable under a Remarketing Agreement, a Credit Facility or a Liquidity Facility; (iv) for the costs and expenses incurred to compel full and punctual performance by the University of all the provisions of the Loan Agreement or the Resolution in accordance with the terms thereof, and (v) for the fees and expenses of the Trustee and any Paying Agent in connection with performance of their duties under the Resolution;

(i) Promptly upon demand by an Authorized Officer of the Authority (a copy of which shall be furnished to the Trustee), all amounts required to be paid by the University as a result of an acceleration pursuant to the Loan Agreement;

(j) Promptly upon demand by an Authorized Officer of the Authority, the difference between the amount on deposit in the Arbitrage Rebate Fund available to be rebated in connection with the Bonds of a Series or otherwise available therefor under the Resolution and the amount required to be rebated to the Department of the Treasury of the United States of America in accordance with the Code in connection with the Bonds of such Series;

(k) By 5:00 P.M., New York City time, on the date Option Bonds are tendered for purchase by the Holders thereof or on the date Variable Rate Bonds are subject to mandatory tender for purchase, as the case may be, the amount, in immediately available funds, required to pay the purchase price of Option Bonds or Variable Rate Bonds tendered for purchase and not remarketed or remarketed at less than the principal amount thereof and which is not to be paid from money to be made available pursuant to a Liquidity Facility; *provided, however*, that if such notice is given to the University by 10:00 A.M., New York City time, then such amount shall be paid, in immediately available funds, by 12:30 P.M., New York City time, on such day; *provided, further*, that, if such notice is given to the University after 3:00 P.M., New York City time, then such amount shall be paid, in immediately available funds, by 10:00 A.M., New York City time, on the next succeeding day; and

(l) Promptly upon demand by an Authorized Officer of the Authority, all amounts required to be paid by the Authority to a Counterparty in accordance with an Interest Rate Exchange Agreement or to reimburse the Authority for any amounts paid to a Counterparty in accordance with an Interest Rate Exchange Agreement.

Subject to the provisions of the Resolution and the Loan Agreement, the University shall receive a credit against the amount required to be paid by the University during a Bond Year pursuant to paragraph (e) above on

account of any Sinking Fund Installments if, prior to the date notice of redemption is given pursuant to the Resolution with respect to Bonds to be redeemed through Sinking Fund Installments during the next succeeding Bond Year, either (i) the University delivers to the Trustee for cancellation one or more Bonds of the Series and maturity to be so redeemed or (ii) the Trustee, at the direction of the Authority, has purchased one or more Bonds of the maturity to be so redeemed from amounts on deposit in the Debt Service Fund in accordance with the Resolution during such Bond Year. The amount of the credit shall be equal to the principal amount of the Bonds so delivered.

The Authority directs the University, and the University agrees, to make the payments required by paragraphs (c), (d), (e), (f), (i) and (j) above directly to the Trustee for deposit and application in accordance with the Resolution, the payments required by paragraph (b) above directly to the Trustee for deposit in a Construction Fund or other fund established under the Resolution, as directed by an Authorized Officer of the Authority, the payments required by paragraphs (a), (g) and (h) above directly to the Authority and the payments required by paragraphs (k) and (l) above to or upon the order of the Authority.

Notwithstanding any provision in the Loan Agreement or in the Resolution to the contrary (except as otherwise specifically provided for in the Loan Agreement), all money paid by the University to the Trustee pursuant to the Loan Agreement or otherwise held by the Trustee shall be applied in reduction of the University's indebtedness to the Authority thereunder first with respect to interest and then, with respect to the principal amount of such indebtedness, but only to the extent that, with respect to interest on such indebtedness, such money is applied by the Trustee for the payment of interest on Outstanding Bonds, and, with respect to the principal of such indebtedness, such money has been applied to, or are held for, payments in reduction of the principal amount of Outstanding Bonds and as a result thereof Bonds have been paid or deemed to have been paid in accordance with the Resolution. Except as otherwise provided in the Resolution, the Trustee shall hold such money in trust in accordance with the applicable provisions of the Resolution for the sole and exclusive benefit of the Holders of Bonds, regardless of the actual due date or applicable payment date of any payment to the Holders of Bonds.

The obligations of the University to make payments or cause the same to be made under the Loan Agreement shall be absolute and unconditional and the amount, manner and time of making such payments shall not be decreased, abated, postponed or delayed for any cause or by reason of the happening or non-happening of any event, irrespective of any defense or any right of set-off, recoupment or counterclaim which the University may otherwise have against the Authority, the Trustee or any Bondholder for any cause whatsoever including, without limiting the generality of the foregoing, failure of the University to complete a Project or the completion thereof with defects, failure of the University to occupy or use a Project, any declaration or finding that the Bonds or any Series of Bonds or the Resolution is invalid or unenforceable or any other failure or default by the Authority or the Trustee; *provided, however*, that nothing in the Loan Agreement shall be construed to release the Authority from the performance of any agreements on its part contained in the Loan Agreement or any of its other duties or obligations, and in the event the Authority shall fail to perform any such agreement, duty or obligation, the University may institute such action as it may deem necessary to compel performance or recover damages for non-performance. Notwithstanding the foregoing, the Authority shall have no obligation to perform its obligations under the Loan Agreement to cause advances to be made to reimburse the University for, or to pay, the Costs of a Project beyond the extent of money in the account within the Construction Fund established for such Project.

The Loan Agreement and the obligations of the University to make payments under the Loan Agreement are general obligations of the University.

An Authorized Officer of the Authority, for the convenience of the University, shall furnish to the University statements of the due date, purpose and amount of payments to be made pursuant to the Loan Agreement. The failure to furnish such statements shall not excuse non-payment of the amounts payable under the Loan Agreement at the time and in the manner provided thereby. The University shall notify the Authority as to the amount and date of each payment made to the Trustee by the University.

The Authority shall have the right in its sole discretion to make on behalf of the University any payment required pursuant to the Loan Agreement which has not been made by the University when due. No such payment by the Authority shall limit, impair or otherwise affect the rights of the Authority under the provisions of the Loan

Agreement summarized below under the caption “*Defaults and Remedies*” arising out of the University’s failure to make such payment and no payment by the Authority shall be construed to be a waiver of any such right or of the obligation of the University to make such payment.

The University, if it is not then in default under the Loan Agreement, shall have the right to make voluntary payments in any amount to the Trustee. In the event of a voluntary payment, the amount so paid shall be deposited in the Debt Service Fund and applied in accordance with the Resolution or held by the Trustee for the payment of Bonds in accordance with the Resolution. Upon any voluntary payment by the University, the Authority agrees to direct the Trustee to purchase or redeem Bonds in accordance with the Resolution or to give the Trustee irrevocable instructions in accordance with the Resolution with respect to such Series of Bonds; *provided, however*, that in the event such voluntary payment is in the sole judgment of the Authority sufficient to pay all amounts then due under the Loan Agreement and under the Resolution, including the purchase or redemption of all Bonds Outstanding, or to pay or provide for the payment of all Bonds Outstanding in accordance with the Resolution, the Authority agrees, in accordance with the instructions of the University, to direct the Trustee to purchase or redeem all Bonds Outstanding, or to cause all Bonds Outstanding to be paid or to be deemed paid in accordance with the Resolution.

(Section 9)

Consent to Pledge and Assignment

The University consents to and authorizes the assignment, transfer or pledge by the Authority to the Trustee of (i) the Authority’s rights to receive the payments required to be made pursuant to paragraphs (c), (d), (e), (f) and (i) of the provisions of the Loan Agreement summarized above under the caption “*Financial Obligations of the University; General and Unconditional Obligation; Voluntary Payments*”, (ii) any or all security interests that may be granted by the University under the second paragraph of the provisions of the Loan Agreement summarized below under the caption “*Management Consultant*” and (iii) all funds and accounts established by the Resolution and pledged thereby in each case to secure any payment or the performance of any obligation of the University under the Loan Agreement or arising out of the transactions contemplated in the Loan Agreement whether or not the right to enforce such payment or performance shall be specifically assigned by the Authority to the Trustee. The University further agrees that the Authority may pledge and assign to the Trustee any and all of the Authority’s rights and remedies under the Loan Agreement. Upon any pledge and assignment by the Authority to the Trustee authorized by the Loan Agreement, the Trustee shall be fully vested with all of the rights of the Authority so assigned and pledged and may thereafter exercise or enforce, by any remedy provided therefor by the Loan Agreement or by law, any of such rights directly in its own name. Any such pledge and assignment shall be limited to the Authority’s rights (x) to receive payments required to be made pursuant to paragraphs (c), (d), (e), (f) and (i) of the provisions of the Loan Agreement summarized above under the caption “*Financial Obligations of the University; General and Unconditional Obligation; Voluntary Payments*”, (y) in any security interest that may be granted by the University pursuant to the second paragraph of the provisions of the Loan Agreement summarized below under the caption “*Management Consultant*” and (z) to enforce all other obligations required to be performed by the University pursuant to the Loan Agreement. Any realization upon any pledge made or security interest that may be granted in accordance with the second paragraph of the provisions of the Loan Agreement summarized below under the caption “*Management Consultant*” shall not, by operation of law or otherwise, result in cancellation or termination of the Loan Agreement or the obligations of the University pursuant thereto.

(Section 10)

Management Consultant

The University shall (i) at the request of the Authority made at any time the rating on any Outstanding Bonds or on any of the University’s long term unsecured, unenhanced debt obligations is reduced by a Rating Service to below, in the case of Moody’s Investor Service, Inc. (“**Moody’s**”), “A1” or, in the case of Fitch, Inc (“**Fitch**”) or Standard & Poor’s Rating Services (“**S&P**”), “A+”, or (ii) if the rating on any Outstanding Bonds or on any of the University’s long term unsecured, unenhanced debt obligations is reduced by a Rating Service to below, in the case of Moody’s “A2” or, in the case of Fitch or S&P, “A”, or (iii) if any rating is suspended or withdrawn by a Rating Service, engage, at the University’s expense, a Management Consultant within sixty (60) days after such

request, reduction, suspension or withdrawal, unless the Authority has waived such obligation which it may do in its sole discretion. The Management Consultant shall review the fees and tuition, operations and management of the University and any other matter deemed appropriate by the Authority and make such recommendations with respect to such fees and tuition, operations, management and other matters. Copies of the report and recommendations of the Management Consultant (the “**Report**”) shall be delivered to the Authority, the Trustee, and the University’s President and General Counsel no later than one hundred twenty (120) days following the date of engagement of such Management Consultant. The President of the University shall promptly cause the Report to be sent to each member of the University’s Board of Trustees and to the members of each committee of the Board of Trustees as the President, on the advice of the General Counsel, shall consider appropriate. The University shall:

(i) not later than (30) days after receipt of the Report by the University’s President deliver to the Authority, the Trustee, each member of the Board of Trustees and the members of each committee to which the Report was delivered, a written report setting forth the University’s comment and reaction to the Report;

(ii) not later than sixty (60) days after receipt of the Report by the University’s President, deliver to the Authority and the Trustee, a plan approved by either the University’s Board of Trustees or the Executive Committee of the Board of Trustees setting forth in reasonable detail the following:

- (a) the steps the University proposes to take to implement the recommendations contained in the Report;
- (b) the timetable on which the University proposes to implement such recommendations; and
- (c) with respect to any recommendations that the University does not plan to implement, an explanation of the University’s reasons therefor, including any legal or regulatory restrictions or impediments to implementation of any such recommendations, and any business, financial or other factors that in the reasonable judgment of the University affect the feasibility of implementing any such recommendations; and

(iii) within thirty (30) days after the end of each fiscal quarter of the University, deliver a written report to the Authority and the Trustee demonstrating the progress made by the University in implementing the recommendations. The University shall continue to deliver such reports until it gives written notice to the Authority and the Trustee that, in the University’s reasonable judgment, either (1) the recommendations to have been implemented have been fully implemented or (2) it is no longer feasible to implement any recommendation that has not yet been implemented.

Notwithstanding the foregoing provisions of this section, the University in lieu of engaging a Management Consultant or implementation of the recommendations contained in the Report may elect to provide security in form and substance acceptable to the Authority in its sole discretion for the University’s obligations under the Loan Agreement.

(Section 12)

Tax-Exempt Status of the University

The University represents that: (i) it is an organization described in Section 501(c)(3) of the Code, or corresponding provisions of prior law and is not a “private foundation,” as such term is defined under Section 509(a) of the Code; (ii) it has received a letter or other notification from the Internal Revenue Service to that effect; (iii) such letter or other notification has not been amended, modified, limited or revoked; (iv) it is in compliance with all terms, conditions and limitations, if any, contained in such letter or other notification; (v) the facts and circumstances which form the basis of such letter or other notification as represented to the Internal Revenue Service continue to exist; and (vi) it is exempt from federal income taxes under Section 501(a) of the Code, except for the payment of unrelated business income tax.

(Section 13)

Use and Control of Projects; Restrictions on Religious Use

Subject to the rights, duties and remedies of the Authority under the Loan Agreement, the University shall have sole and exclusive control and possession of and responsibility for (i) the Projects; (ii) the operation of the Projects and supervision of the activities conducted therein or in connection with any part thereof; and (iii) the maintenance, repair and replacement of the Projects; *provided, however*, that (A) except as otherwise limited by the Loan Agreement, the foregoing shall not prohibit use of a Project by persons other than the University or its students, staff and employees in furtherance of the University's corporate purposes if such use will not adversely affect the exclusion of interest on any Bonds from gross income for federal income tax purposes, and (B) the foregoing is not intended and shall not be construed to prohibit the University from disposing of any Project or part thereof subject only to the limitations and restrictions set forth in the Loan Agreement.

The University agrees that with respect to any Project or portion thereof, so long as such Project or portion thereof exists and unless and until such Project or portion thereof is sold for the fair market value thereof, such Project or portion thereof shall not be used for sectarian religious instruction or as a place of religious worship or in connection with any part of a program of a school or department of divinity for any religious denomination; *provided, however*, that the foregoing restriction shall not prohibit the free exercise of any religion; and *provided, further*, that if at any time hereafter, in the opinion of Bond Counsel, the then applicable law would permit a Project or portion thereof to be used without regard to the above stated restriction, said restriction shall not apply to such Project and each portion thereof. The Authority and its agents may conduct such inspections as an Authorized Officer of the Authority deems necessary to determine whether any Project or any portion or real property thereof financed by Bonds is being used for any purpose proscribed by the Loan Agreement. The University further agrees that prior to any disposition of any portion of a Project for less than fair market value, it shall execute and record in the appropriate real property records an instrument subjecting, to the satisfaction of the Authority, the use of such portion of such Project to the restriction that (i) so long as such portion of such Project (and, if included in the Project, the real property on or in which such portion of such Project is situated) shall exist and (ii) until such portion of such Project is sold or otherwise transferred to a person who purchases the same for the fair market value thereof at the time of such sale or transfer, such portion of such Project shall not be used for sectarian religious instruction or as a place of religious worship or used in connection with any part of the program of a school or department of divinity of any religious denomination. The instrument containing such restriction shall further provide that such restriction may be enforced at the instance of the Authority or the Attorney General of the State, by a proceeding in any court of competent jurisdiction, by injunction, mandamus or by other appropriate remedy. The instrument containing such restriction shall also provide that if at any time thereafter, in the opinion of Bond Counsel, the then applicable law would permit such portion of a Project, or the real property on or in which such portion is situated, to be used without regard to the above stated restriction, then said restriction shall be without any force or effect. For the purposes of the Loan Agreement an involuntary transfer or disposition of a Project or a portion thereof, upon foreclosure or otherwise, shall be considered a sale for the fair market value thereof.

(Sections 17 and 18)

Maintenance, Repair and Replacement.

The University agrees that, throughout the term of the Loan Agreement, it shall, at its own expense, hold, operate and maintain the Projects in a careful, prudent and economical manner, and keep the same, with the appurtenances and every part and parcel thereof, in good repair, working order and safe condition and shall from time to time make all necessary and proper repairs, replacements and renewals so that at all times the operation of the Projects may be properly and advantageously conducted. The University shall have the right to remove or replace any type of fixtures, furnishings and equipment in the Projects which may have been financed by the proceeds of the sale of Bonds provided the University substitutes for any removed or replaced fixtures, furnishings and equipment, additional fixtures, furnishings and equipment having equal or greater value and utility than the fixtures, furnishings and equipment so removed or replaced.

The University further agrees that it shall pay at its own expense all extraordinary costs of maintaining, repairing and replacing the Projects except insofar as funds are made available therefor from proceeds of insurance, condemnation or eminent domain awards.

(Section 19)

Covenant as to Insurance

The University agrees to maintain or cause to be maintained insurance with insurance companies or by means of self-insurance, insurance of such type, against such risks and in such amounts as are customarily carried by private colleges and universities located in the State of a nature similar to that of the University, which insurance shall include property damage, fire and extended coverage, public liability and property damage liability insurance in amounts estimated to indemnify the reasonably anticipated damage, loss or liability, subject to reasonable deductible provisions. The University shall at all times also maintain worker's compensation coverage as required by the laws of the State.

The University shall furnish to the Authority annually a report of an Insurance Consultant that the insurance coverage maintained by the University is adequate and in accordance with the standards above.

If the Authority shall so request in writing, the University shall provide to the Authority summaries or other evidence of its insurance coverage and shall obtain endorsements reasonably requested by the Authority.

(Section 20)

Reports and Financial Information

The University shall, if and when requested by an Authorized Officer of the Authority, render to the Authority and the Trustee reports with respect to all repairs, replacements and maintenance made to each Project. In addition, the University shall, if and when requested by an Authorized Officer of the Authority, render such other reports concerning the condition of each Project as an Authorized Officer of the Authority may request. The University shall also furnish annually, not later than one hundred sixty-five (165) days after the end of the University's fiscal year, to the Trustee, the Authority and to such other parties as an Authorized Officer of the Authority may reasonably designate, including Rating Services, (i) a certificate stating whether the University is in compliance with the provisions of the Loan Agreement, (ii) copies of its financial statements audited by a nationally recognized independent public accountant selected by the University and acceptable to an Authorized Officer of the Authority and prepared in conformity with generally accepted accounting principles applied on a consistent basis, except that such audited financial statements may contain such changes as are concurred in by such accountants, and (iii) such other statements, reports and schedules describing the finances, operation and management of the University and such other information reasonably required by an Authorized Officer of the Authority.

(Section 23)

(b) the University defaults in the due and punctual performance of any other covenant contained in the Loan Agreement and such default continues for thirty (30) days after written notice requiring the same to be remedied shall have been given to the University by the Authority or the Trustee, or, if such default is not capable of being cured within thirty (30) days, the University fails to commence within said thirty (30) days to cure the same and to diligently prosecute the cure thereof;

(c) as a result of any default in payment or performance required of the University under the Loan Agreement or any Event of Default under the Loan Agreement, whether or not declared, continuing or cured, the Authority shall be in default in the payment or performance of any of its obligations under the Resolution or an "event of default" (as defined in the Resolution) shall have been declared under the Resolution so long as such default or event of default shall remain uncured or the Trustee, a Facility Provider or Holders of the Bonds shall be seeking the enforcement of any remedy under the Resolution as a result thereof;

(d) the University shall be in default under any agreement entered into with the issuer of or in connection with a Liquidity Facility or a Credit Facility (which default has not been waived or cured) if the University's obligations thereunder are secured by a lien upon, security interest in or pledge of property which is equal or prior to any lien upon, security interest in or pledge of such property given or made pursuant to the Loan Agreement and, upon such default, (A) the principal of any indebtedness thereunder may be declared to be due and payable or (B) the lien security interest or pledge may be foreclosed or realized upon;

(e) the University shall (i) be generally not paying its debts as they become due, (ii) file, or consent by answer or otherwise to the filing against it of, a petition under the United States Bankruptcy Code or under any other bankruptcy or insolvency law of any jurisdiction, (iii) make a general assignment for the benefit of its general creditors, (iv) consent to the appointment of a custodian, receiver, trustee or other officer with similar powers of itself or of any substantial part of its property, (v) be adjudicated insolvent or be liquidated, or (vi) take corporate action for the purpose of any of the foregoing;

(f) a court or governmental authority of competent jurisdiction shall enter an order appointing, without consent by the University, a custodian, receiver, trustee or other officer with similar powers with respect to it or with respect to any substantial part of its property, or an order for relief shall be entered in any case or proceeding for liquidation or reorganization or otherwise to take advantage of any bankruptcy or insolvency law of any jurisdiction, or ordering the dissolution, winding-up or liquidation of the University, or any petition for any such relief shall be filed against the University and such petition shall not have been stayed or dismissed within ninety (90) days;

(g) the charter of the University shall be suspended or revoked;

(h) a petition shall be filed by the University with the Board of Regents of the University of the State, the legislature of the State or other governmental authority having jurisdiction over the University to dissolve the University;

(i) an order of dissolution of the University shall be made by the Board of Regents of the University of the State, the legislature of the State or other governmental authority having jurisdiction over the University which order shall remain undismissed or unstayed for an aggregate of thirty (30) days;

(j) a petition shall be filed with a court having jurisdiction for an order directing the sale, disposition or distribution of all or substantially all of the property belonging to the University which petition shall remain undismissed or unstayed for an aggregate of ninety (90) days;

(k) an order of a court having jurisdiction shall be made directing the sale, disposition or distribution of all or substantially all of the property belonging to the University, which order shall remain undismissed or unstayed for the earlier of (x) three (3) Business Days prior to the date provided for in such order for such sale, disposition or distribution or (y) an aggregate of thirty (30) days from the date such order shall have been entered; or

(l) a final judgment for the payment of money, at least \$1,000,000 of which is not covered by insurance or reserves set aside by the University, which in the reasonable judgment of the Authority will adversely affect the rights of the Holders of the Bonds shall be rendered against the University and at any time after forty-five (45) days from the entry thereof, (i) such judgment shall not have been discharged or paid, or (ii) the University shall not have taken and be diligently prosecuting an appeal therefrom or from the order, decree or process upon which or pursuant to which such judgment shall have been granted or entered, and shall not have caused, within forty-five (45) days, the execution of or levy under such judgment, order, decree or process or the enforcement thereof to have been stayed pending determination of such appeal.

Upon the occurrence of an Event of Default the Authority may take any one or more of the following actions:

(a) declare all sums payable by the University under the Loan Agreement immediately due and payable;

(b) direct the Trustee to withhold any and all payments, advances and reimbursements from the proceeds of Bonds or any Construction Fund or otherwise to which the University may otherwise be entitled under the Loan Agreement and in the Authority's sole discretion apply any such proceeds or money for such purposes as are authorized by the Resolution;

(c) withhold any or all further performance under the Loan Agreement;

(d) maintain an action against the University under the Loan Agreement to recover any sums payable by the University or to require its compliance with the terms of the Loan Agreement;

All rights and remedies given or granted to the Authority in the Loan Agreement are cumulative, non-exclusive and in addition to any and all rights and remedies that the Authority may have or may be given by reason of any law, statute, ordinance or otherwise, and no failure to exercise or delay in exercising any remedy shall effect a waiver of the Authority's right to exercise such remedy thereafter.

At any time before the entry of a final judgment or decree in any suit, action or proceeding instituted on account of any Event of Default or before the completion of the enforcement of any other remedies under the Loan Agreement, the Authority may annul any declaration made or action taken pursuant to the Loan Agreement and its consequences if such Events of Default shall be cured. No such annulment shall extend to or affect any subsequent default or impair any right consequent thereto.

(Section 26)

Termination

The Loan Agreement shall remain in full force and effect until no Bonds are Outstanding and until all other payments, expenses and fees payable under the Loan Agreement by the University shall have been made or provision made for the payment thereof; ***provided, however,*** that the liabilities and the obligations of the University to provide reimbursement for or indemnification against expenses, costs or liabilities made or incurred pursuant to the Loan Agreement and the obligations of the University under the Loan Agreement shall nevertheless survive any such termination. Upon such termination, an Authorized Officer of the Authority shall deliver such documents as may be reasonably requested by the University to evidence such termination and the discharge of its duties under the Loan Agreement, and the release or surrender of any security interests granted by the University to the Authority pursuant to the Loan Agreement.

SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION

THIS PAGE INTENTIONALLY LEFT BLANK

SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION

The following is a brief summary of certain provisions of the Resolution pertaining to the Series 2017 Bonds and the Project. Such summary does not purport to be complete and reference is made to the Resolution for full and complete statements of such and all provisions. Defined terms used herein shall have the meanings ascribed to them in Appendix A.

Contract with Bondholders

With respect to the Bonds, in consideration of the purchase and acceptance of any and all of the Bonds authorized to be issued under the Resolution by those who shall hold or own the same from time to time, the Resolution shall be deemed to be and shall constitute a contract among the Authority, the Trustee and the Holders from time to time of such Bonds, and the pledge and assignment made to the Trustee in the Resolution and the covenants and agreements set forth to be performed by or on behalf of the Authority shall be for the equal and ratable benefit, protection and security of the Holders of any and all of such Bonds, all of which, regardless of the time or times of their issue or maturity, shall be of equal rank without preference, priority or distinction of any such Bonds, over any other Bonds except as expressly provided in or permitted by the Resolution.

(Section 1.03)

Pledge of Revenues

The proceeds from the sale of the Bonds, the Revenues, and all funds and accounts established by the Resolution and any Series Resolution, excluding the Arbitrage Rebate Fund and any fund established for the payment of the purchase price of Option Bonds tendered for purchase, are pledged and assigned to the Trustee as security for the payment of the principal and Redemption Price of and interest on the Bonds and as security for the performance of any other obligation of the Authority under the Resolution and any Series Resolution, all in accordance with the provisions of the Resolution and any Series Resolution. The pledge made by the Resolution is valid, binding and perfected from the time when the pledge attaches and the proceeds from the sale of the Bonds, the Revenues and the funds and accounts established by the Resolution and any Series Resolution which are pledged thereby shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of such pledge shall be valid, binding and perfected as against all parties having claims of any kind in tort, contract or otherwise against the Authority irrespective of whether such parties have notice thereof. No instrument by which such pledge is created nor any financing statement need be recorded or filed. The Bonds shall be special obligations of the Authority payable solely from and secured by a pledge of the proceeds from the sale of the Bonds, the Revenues and the funds and accounts established by the Resolution and are pledged thereby, which pledge shall constitute a first lien thereon.

(Section 5.01)

Establishment of Funds and Accounts

The following funds are established by the Resolution and shall be held and maintained by the Trustee:

Construction Fund;
Debt Service Fund; and
Arbitrage Rebate Fund.

In addition to the accounts and subaccounts, if any, required to be established by the Resolution or by any Series Resolution or any Bond Series Certificate, the Authority may for purposes of internal accounting establish such other accounts or subaccounts as the Authority or the Trustee deems proper, necessary or desirable. All money at any time deposited in any fund, account or subaccount created and pledged by the Resolution or by any Series Resolution or required thereby to be created shall be held in trust for the benefit of the Holders of Bonds, but shall nevertheless be disbursed, allocated and applied solely for the uses and purposes provided in the Resolution;

provided, however, that the proceeds derived from the remarketing of Option Bonds tendered or deemed to have been tendered for purchase in accordance with the Series Resolution authorizing the issuance of such Bonds or the Bond Series Certificate relating to such Bonds or derived from a Liquidity Facility relating to such Bonds, and any fund or account established by or pursuant to such Series Resolution for the payment of the purchase price of Option Bonds so tendered or deemed to have been tendered, shall not be held in trust for the benefit of the Holders of the Bonds other than such Option Bonds and are pledged by the Resolution for the payment of the purchase price of such Option Bonds.

(Section 5.02)

Application of Bond Proceeds and Allocation Thereof

Upon the receipt of the proceeds from the sale of a Series of Bonds, the Authority shall apply such proceeds as specified in the Resolution and in the Series Resolution authorizing such Series or the Bond Series Certificate relating to such Series.

Accrued interest, if any, received upon the delivery of a Series of Bonds shall be deposited in the Debt Service Fund unless all or any portion of such amount is to be otherwise applied as specified in the Series Resolution authorizing such Series or the Bond Series Certificate relating to such Series.

(Section 5.03)

Application of Money in the Construction Fund

As soon as practicable after the delivery of each Series of Bonds, there shall be deposited in the Construction Fund the amount required to be deposited therein pursuant to the Series Resolution authorizing the issuance of such Series or the Bond Series Certificate relating to such Series. Except as otherwise provided in the Resolution and in any applicable Series Resolution or Bond Series Certificate, money deposited in the Construction Fund shall be used only to pay the Costs of Issuance and the Costs of the Projects.

Upon receipt by the Trustee of a certificate relating to the completion of a Project, the money, if any, then remaining in the Construction Fund relating to such Project, after making provision in accordance with the direction of an Authorized Officer of the Authority for the payment of any Costs of Issuance and Costs of the Project then unpaid, shall be paid or applied by the Trustee as follows and in the following order of priority:

First: Upon the direction of an Authorized Officer of the Authority, to the Arbitrage Rebate Fund, the amount set forth in such direction; and

Second: To the Debt Service Fund, to be applied in accordance with the Resolution, any balance remaining.

(Section 5.04)

Deposit and Allocation of Revenues

The Revenues and any other money, which by any of the provisions of the Loan Agreement are required to be paid to the Trustee, shall upon receipt by the Trustee be deposited or paid by the Trustee as follows in the following order of priority:

First: To the Debt Service Fund (i) in the case of Revenues received during the period from the beginning of each Bond Year until December 31 thereof, the amount, if any, necessary to make the amount in the Debt Service Fund equal to (a) the interest on Outstanding Bonds payable on or prior to the next succeeding January 1, including the interest estimated by the Authority to be payable on any Variable Interest Rate Bond on and prior to the next succeeding January 1, assuming that such Variable Interest Rate Bond will bear interest, from and after the next date on which the rate at which such Variable Interest Rate Bond bears interest is to be adjusted, at a rate per annum equal to the rate per annum at which such Bonds then bear interest, plus one percent (1%) per annum, (b) the Sinking Fund Installments of Outstanding

Option Bonds and Variable Interest Rate Bonds payable on or prior to the next succeeding January 1 and (c) the purchase price or Redemption Price of Outstanding Bonds theretofore contracted to be purchased or called for redemption pursuant to the Resolution on or prior to the next succeeding January 1, plus accrued interest thereon to the date of purchase or redemption; and (ii) in the case of Revenues received thereafter and until the end of such Bond Year, the amount, if any, necessary to make the amount in the Debt Service Fund equal to (a) the interest on and the principal and Sinking Fund Installments of Outstanding Bonds payable on and prior to the next succeeding July 1, including the interest estimated by the Authority to be payable on any Variable Interest Rate Bond on and prior to the next succeeding July 1, assuming that such Variable Interest Rate Bond will bear interest, from and after the next date on which the rate at which such Variable Interest Rate Bond bears interest is to be adjusted, at a rate per annum equal to the rate per annum at which such Bonds then bear interest, plus one percent (1%) per annum and (b) the purchase price or Redemption Price of Outstanding Bonds theretofore contracted to be purchased or called for redemption pursuant to the Resolution on or prior to the next succeeding July 1, plus accrued interest thereon to the date of purchase or redemption;

Second: To reimburse, pro rata, each Provider for Provider Payments which are then unpaid, in proportion to the respective Provider Payments then unpaid to each Provider; and

Third: Upon the direction of an Authorized Officer of the Authority, to the Arbitrage Rebate Fund the amount set forth in such direction;

Fourth: To the Authority, unless otherwise paid, such amounts as are payable to the Authority for: (i) any expenditures of the Authority for fees and expenses of auditing, and fees and expenses of the Trustee and Paying Agents, all as required by the Resolution, (ii) all other expenditures reasonably and necessarily incurred by the Authority in connection with the financing of the Projects, including expenses incurred by the Authority to compel full and punctual performance of all the provisions of the Loan Agreement in accordance with the terms thereof, and (iii) any fees of the Authority; but only upon receipt by the Trustee of a certificate signed by an Authorized Officer of the Authority, stating in reasonable detail the amounts payable to the Authority pursuant to this paragraph Fourth.

The Trustee shall notify the Authority and the University promptly after making the above payments of any balance of Revenues then remaining on the immediately succeeding July 1. After making the above required payments, the balance, if any, of the Revenues then remaining shall, upon the direction of an Authorized Officer of the Authority, be paid by the Trustee to the Construction Fund or the Debt Service Fund, or paid to the University, in the respective amounts set forth in such direction. Any amounts paid to the University shall be free and clear of any pledge, lien, encumbrance or security interest created by the Resolution or by the Loan Agreement.

(Section 5.05)

Debt Service Fund

The Trustee shall on or before the Business Day preceding each interest payment date pay to itself and any other Paying Agents out of the Debt Service Fund:

- (i) the interest due and payable on all Outstanding Bonds on such interest payment date;
- (ii) the principal amount due and payable on such interest payment date on all Outstanding Bonds; and
- (iii) the Sinking Fund Installments or other amounts related to a mandatory redemption, if any, due and payable on all Outstanding Bonds on such interest payment date.

The amounts paid out pursuant to this subdivision shall be irrevocably pledged to and applied to such payments.

Notwithstanding the first paragraph of this subdivision, the Authority may, at any time subsequent to July 1 of any Bond Year but in no event less than forty-five (45) days prior to the succeeding date on which a Sinking Fund

Installment is scheduled to be due, direct the Trustee to purchase, with money on deposit in the Debt Service Fund, at a price not in excess of par plus interest accrued and unpaid to the date of such purchase, Term Bonds to be redeemed from such Sinking Fund Installment. In addition, the University pursuant to the Loan Agreement may deliver, at any time subsequent to July 1 of any Bond Year, but in no event less than forty-five (45) days prior to the succeeding date on which a Sinking Fund Installment is scheduled to be due, to the Trustee for cancellation one or more Term Bonds of the Series and maturity to be so redeemed on such date from such Sinking Fund Installment. Any Term Bond so purchased and any Term Bond purchased by the University and delivered to the Trustee in accordance with the Resolution shall be canceled upon receipt thereof by the Trustee and evidence of such cancellation shall be given to the Authority. The principal amount of each Term Bond so canceled shall be credited against the Sinking Fund Installment due on such date; *provided, however*, that such Term Bond is canceled by the Trustee prior to the date on which notice of redemption is given.

Money in the Debt Service Fund in excess of the amount required to pay the principal and Sinking Fund Installments of Outstanding Bonds payable on and prior to the next succeeding July 1, the interest on Outstanding Bonds payable on and prior to the earlier of the next succeeding interest payment date assuming that a Variable Interest Rate Bond will bear interest, from and after the next date on which the rate at which such Variable Interest Rate Bond bears interest is to be adjusted, at a rate per annum equal to the rate per annum at which such Bonds then bear interest, plus one percent (1%) per annum, and the purchase price or Redemption Price of Outstanding Bonds theretofore contracted to be purchased or called for redemption, plus accrued interest thereon to the date of purchase or redemption, shall be applied by the Trustee in accordance with the direction of an Authorized Officer of the Authority to the purchase of Outstanding Bonds of any Series at purchase prices not exceeding the Redemption Price applicable on the next interest payment date on which such Bonds are redeemable, plus accrued and unpaid interest to such date, at such times, at such purchase prices and in such manner as an Authorized Officer of the Authority shall direct. If sixty (60) days prior to the end of a Bond Year an excess, calculated as aforesaid, exists in the Debt Service Fund, such money shall be applied by the Trustee in accordance with the direction of an Authorized Officer of the Authority given pursuant to the Resolution to the redemption of Bonds as provided in the Resolution, at the Redemption Prices specified in the applicable Series Resolution authorizing the issuance of the Bonds to be redeemed or the Bond Series Certificate relating to such Bonds.

(Section 5.06)

Arbitrage Rebate Fund

The Trustee shall deposit to the Arbitrage Rebate Fund any money delivered to it by the University for deposit therein and, notwithstanding any other provisions of the Resolution, shall transfer to the Arbitrage Rebate Fund, in accordance with the directions of an Authorized Officer of the Authority, money on deposit in any other funds held by the Trustee under the Resolution at such times and in such amounts as set forth in such directions.

Money on deposit in the Arbitrage Rebate Fund shall be applied by the Trustee in accordance with the direction of an Authorized Officer of the Authority to make payments to the Department of the Treasury of the United States of America at such times and in such amounts as the Authority shall determine to be required by the Code to be rebated to the Department of the Treasury of the United States of America. Money which an Authorized Officer of the Authority determines to be in excess of the amount required to be so rebated shall, first, be applied to reimburse pro rata, each Provider for money advanced under a Credit Facility or a Liquidity Facility, including interest thereon, which is then unpaid in proportion to the respective amounts advanced by each Provider, and, then be deposited to any fund or account established under the Resolution in accordance with the written direction of such Authorized Officer.

(Section 5.07)

Application of Money in Certain Funds for Retirement of Bonds

Notwithstanding any other provisions of the Resolution, if at any time the amounts held in the Debt Service Fund are sufficient to pay the principal or Redemption Price of all Outstanding Bonds and the interest accrued and unpaid and to accrue on such Bonds to the next date on which all such Bonds are redeemable, or to make provision pursuant to the Resolution for the payment of the Outstanding Bonds at the maturity or redemption dates thereof, the Trustee shall so notify the Authority and the University. Upon receipt of such notice, the Authority may (i) direct

the Trustee to redeem all such Outstanding Bonds, whereupon the Trustee shall proceed to redeem or provide for the redemption of such Outstanding Bonds in the manner provided for redemption of such Bonds by the Resolution and by each Series Resolution as provided in the Resolution, or (ii) give the Trustee irrevocable instructions in accordance with the Resolution and make provision for the payment of the Outstanding Bonds at the maturity or redemption dates thereof in accordance therewith.

(Section 5.08)

Investment of Funds and Accounts

Money held under the Resolution by the Trustee, if permitted by law, shall, as nearly as may be practicable, be invested by the Trustee, upon direction of the Authority given or confirmed in writing, signed by an Authorized Officer of the Authority (which direction shall specify the amount thereof to be so invested), in Government Obligations, Federal Agency Obligations or Exempt Obligations, *provided, however*, that each such investment shall permit the money so deposited or invested to be available for use at the times at which the Authority reasonably believes such money will be required for the purposes of the Resolution.

In lieu of the investments of money in obligations authorized in the preceding paragraph, the Trustee shall, to the extent permitted by law, upon direction of the Authority given or confirmed in writing, signed by an Authorized Officer of the Authority, invest money in the Construction Fund in any Permitted Investment; *provided, however*, that each such investment shall permit the money so deposited or invested to be available for use at the times at which the Authority reasonably believes such money will be required for the purposes of the Resolution *provided, further*, that (x) any Permitted Collateral required to secure any Permitted Investment shall have a market value, determined by the Trustee or its agent periodically, but no less frequently than weekly, at least equal to the amount deposited or invested including interest accrued thereon, (y) the Permitted Collateral shall be deposited with and held by the Trustee or an agent of the Trustee approved by an Authorized Officer of the Authority, and (z) the Permitted Collateral shall be free and clear of claims of any other person..

Permitted Investments purchased as an investment of money in any fund or account held by the Trustee under the provisions of the Resolution shall be deemed at all times to be a part of such fund or account and the income or interest earned, profits realized or losses suffered by a fund or account due to the investment thereof shall be retained in, credited or charged, as the case may be, to such fund or account.

In computing the amount in any fund or account held by the Trustee under the provisions of the Resolution, Permitted Investments shall be valued at par or the market value thereof, plus accrued interest, whichever is lower.

Notwithstanding anything to the contrary in the Resolution, the Authority, in its discretion, may direct the Trustee to, and the Trustee shall, sell, present for redemption or exchange any investment held by the Trustee pursuant to the Resolution and the proceeds thereof may be reinvested as provided in the Resolution. Except as otherwise provided in the Resolution, the Trustee shall sell at the best price obtainable, or present for redemption or exchange, any investment held by it pursuant to the Resolution whenever it shall be necessary in order to provide money to meet any payment or transfer from the fund or account in which such investment is held. The Trustee shall advise the Authority and the University on or before the fifteenth (15th) day of each calendar month, of the amounts required to be on deposit in each fund and account under the Resolution and of the details of all investments held for the credit of each fund and account in its custody under the provisions of the Resolution as of the end of the preceding month and as to whether such investments comply with the provisions of the Resolution. The details of such investments shall include the par value, if any, the cost and the current market value of such investments as of the end of the preceding month. The Trustee shall also describe all withdrawals, substitutions and other transactions occurring in each such fund and account in the previous month.

No part of the proceeds of any Series of Bonds or any other funds of the Authority shall be used directly or indirectly to acquire any securities or investments the acquisition of which would cause any Bond to be an "arbitrage bond" within the meaning of Section 148(a) of the Code.

(Section 6.02)

Tax Exemption; Rebates

In order to maintain the exclusion from gross income for purposes of federal income taxation of interest on the Authorized Bonds issued as Tax-Exempt Bonds (the “Tax-Exempt Authorized Bonds”), the Authority shall comply with the provisions of the Code applicable to such Tax-Exempt Authorized Bonds, including without limitation, the provisions of the Code relating to the computation of the yield on investments of the “gross proceeds” of such Tax-Exempt Authorized Bonds, as such term is defined in the Code, reporting of the earnings on such gross proceeds, rebates of earnings on such gross proceeds to the Department of the Treasury of the United States of America, and use, ownership or management of the facilities financed by such gross proceeds. In furtherance of the foregoing, the Authority shall comply with the provisions of the Tax Certificate and with such written instructions as may be provided by Bond Counsel or a special tax counsel.

The Authority shall not take any action or fail to take any action which would cause any Tax-Exempt Authorized Bond to be an “arbitrage bond” within the meaning of Section 148(a) of the Code; nor shall the Authority use or permit the use, directly or indirectly, of any part of the proceeds of any Tax-Exempt Authorized Bonds to acquire any security or obligation the acquisition of which would cause any such Tax-Exempt Authorized Bond to be an “arbitrage bond” within the meaning of Section 148(a) of the Code.

The Authority shall make any and all payments required to be made to the United States Department of Treasury in connection with the Tax-Exempt Authorized Bonds pursuant to Section 148(f) of the Code from amounts on deposit in the Arbitrage Rebate Fund and available therefor.

(Section 6.01 of the Series 2017 Resolutions)

Creation of Liens

Except as permitted by the Resolution, the Authority shall not create, cause to be created or suffer or permit the creation of any lien or charge prior or equal to that of the Bonds on the proceeds from the sale of the Bonds, the Revenues, the rights of the Authority to receive payments to be made under the Loan Agreement that are to be deposited with the Trustee or the funds and accounts established by the Resolution or by any Series Resolution which are pledged thereby; *provided, however*, that nothing contained in the Resolution shall prevent the Authority from (i) issuing bonds, notes or other obligations or otherwise incurred indebtedness under another and separate resolution so long as the charge or lien created thereby is not prior to the charge or lien created by the Resolution, and (ii) incurring obligations with respect to a Credit Facility or a Liquidity Facility which are secured by a lien upon and pledge of the Revenues of equal priority with the lien created and the pledge made by the Resolution.

(Section 7.06)

Amendment of Loan Agreement

Except as expressly otherwise provided in Section 7.11 of the Resolution, the Loan Agreement may not be amended, changed, modified, altered or terminated nor may any provision thereof be waived if any such amendment, change, modification, alteration, termination or waiver would adversely affect the interest of the Holders of Outstanding Bonds in any material respect unless consented to in writing by (a) the Holders of at least a majority in aggregate principal amount of the Bonds then Outstanding, or (b) in case less than all of the several Series of Bonds then Outstanding are affected by the modifications or amendments, the Holders of not less than a majority in aggregate principal amount of the Bonds of each Series so affected then Outstanding; *provided, however*, that if such amendment, change, modification, alteration, termination or waiver will, by its terms, not take effect so long as any Bonds of any specified Series remain Outstanding, the consent of the Holders of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds under the Resolution; *provided, further*, that no such amendment, change, modification, alteration, termination will reduce the percentage of the aggregate principal amount of Outstanding Bonds the consent of the Holders of which is a requirement for any such amendment, change, modification, alteration or termination, or decrease the amount of any payment required to be made by the University under the Loan Agreement that is to be deposited with the Trustee or extend the time of payment thereof. Any consent given pursuant to the Resolution by the Holders of Bonds shall, except as otherwise provided in the Resolution, be given in the same manner required by the Resolution.

The Loan Agreement may be amended, changed, modified or altered (i) to make changes necessary or appropriate in connection with the acquisition, construction, reconstruction, rehabilitation and improvement, or otherwise providing, furnishing and equipping of any facilities constituting a part of any Project or to otherwise amend the Project or (ii) with the consent of the Trustee, to cure any ambiguity, or to correct or supplement any provisions contained in the Loan Agreement which may be defective or inconsistent with any other provisions contained in the Resolution or in the Loan Agreement. Except as otherwise provided in the Resolution, the Loan Agreement may be amended, changed, modified or altered without the consent of the Holders of Outstanding Bonds or the Trustee. Prior to execution by the Authority of any amendment, a copy thereof certified by an Authorized Officer of the Authority shall be filed with the Trustee.

For the purposes of the Resolution, the purchasers of Bonds, whether purchasing as underwriters, Remarketing Agent or otherwise for resale, may upon such purchase consent to an amendment, change, modification, alteration, termination or waiver permitted in the manner provided in the Resolution, except that no proof of ownership shall be required, and with the same effect as a consent given by the Holder of such Bonds; **provided, however**, that, if such consent is given by a purchaser who is purchasing as an underwriter or Remarketing Agent or for resale, the nature of the amendment, change, modification, alteration, termination or waiver and the provisions for the purchaser consenting thereto shall be described in the official statement, prospectus, offering memorandum or other offering document prepared in connection with the initial offering, reoffering or resale of the Bonds of such Series. In addition, the Holder of an Outstanding Auction Rate Bond shall be deemed to have consented to an amendment, change, modification, alteration or termination permitted by the Resolution if (i) the Trustee has mailed notice of such proposed amendment to the Holder of such Bonds in the same manner required by Article X of the Resolution for an amendment to the Resolution, (ii) on the first Auction Date for such Bond occurring at least twenty (20) days after the date on which the aforementioned notice is given by the Trustee the interest rate determined on such date is the Winning Bid Rate and (iii) there is delivered to the Authority and the Trustee an opinion of Bond Counsel to the effect that such amendment shall not adversely affect the validity of such Auction Rate Bond or any exemption from federal income tax to which the interest on such Auction Rate Bond would otherwise be entitled. As used in this paragraph the following terms shall have the respective meanings: **“Auction Rate Bond”** means a Variable Interest Rate Bond that is not an Option Bond, and that bears interest at rates determined by periodic auctions in accordance with procedures therefore established by the Series Resolution authorizing such Bond or the Bond Series Certificate related thereto; **“Auction Date”** means, with respect to particular any Auction Rate Bond, the date on which an auction is held or required to be held for such Bond in accordance with the procedures established therefore; and **“Winning Bid Rate”** when used with respect to an auction held for any particular Auction Rate Bond, shall have the meaning given to such term in the Series Resolution authorizing such Auction Rate Bond or the Bond Series Certificate related thereto, or, if not otherwise defined, means the lowest rate specified in any purchase bid submitted in such auction, which, if selected, would cause the aggregate principal amount of Auction Bonds offered to be sold in such auction to be subject to purchase bids at rates no greater than the rate specified in such purchase bid.

For the purposes of the Resolution, a Series shall be deemed to be adversely affected by an amendment, change, modification, alteration or termination of the Loan Agreement or the waiver of any provision thereof if the same adversely affects or diminishes the rights of the Holders of the Bonds of such Series in any material respect. The Trustee may in its discretion determine whether or not, in accordance with the foregoing provisions, Bonds of any particular Series would be adversely affected in any material respect by any amendment, change, modification, alteration, termination or waiver and any such determination shall be binding and conclusive on the University, the Authority and all Holders of Bonds.

For all purposes of the Resolution, the Trustee shall be entitled to rely upon an opinion of counsel, which counsel shall be satisfactory to the Trustee, with respect to whether any amendment, change, modification, alteration, termination or waiver adversely affects the interests of any Holders of Bonds then Outstanding in any material respect.

Bonds owned or held by or for the account of the Authority or the University shall not be deemed Outstanding for the purpose of the consent provided for in the Resolution , and neither the Authority nor the University shall be entitled with respect to such Bonds to give any such consent. At the time of any consent, the Authority shall furnish the Trustee a certificate of an Authorized Officer, upon which the Trustee may rely, describing all Bonds so to be excluded.

(Section 7.11)

Modification and Amendment Without Consent

The Authority may adopt at any time or from time to time Series Resolutions or Supplemental Resolutions for any one or more of the following purposes, and any such Series Resolution or Supplemental Resolution shall become effective in accordance with its terms upon the filing with the Trustee of a copy thereof certified by an Authorized Officer of the Authority:

(a) To provide for the issuance of a Series of Bonds pursuant to the provisions of the Resolution and to prescribe the terms and conditions pursuant to which such Bonds may be issued, paid or redeemed;

(b) To add additional covenants and agreements of the Authority for the purpose of further securing the payment of the Bonds, provided such additional covenants and agreements are not contrary to or inconsistent with the covenants and agreements of the Authority contained in the Resolution;

(c) To prescribe further limitations and restrictions upon the issuance of Bonds and the incurring of indebtedness by the Authority which are not contrary to or inconsistent with the limitations and restrictions thereon theretofore in effect;

(d) To surrender any right, power or privilege reserved to or conferred upon the Authority by the terms of the Resolution, provided that the surrender of such right, power or privilege is not contrary to or inconsistent with the covenants and agreements of the Authority contained in the Resolution;

(e) To confirm, as further assurance, any pledge under the Resolution, and the subjection to any lien, claim or pledge created or to be created by the provisions of the Resolution, of the Revenues or of any other money, securities or funds;

(f) To modify any of the provisions of the Resolution or of any previously adopted Series Resolution or Supplemental Resolution in any other respects, provided that such modifications shall not be effective until after all Bonds of any Series of Bonds Outstanding as of the date of adoption of such Supplemental Resolution or Series Resolution shall cease to be Outstanding, and all Bonds issued under such resolutions shall contain a specific reference to the modifications contained in such subsequent Resolutions; or

(g) To modify or amend a Project; or

(h) With the consent of the Trustee, to cure any ambiguity or defect or inconsistent provision in the Resolution or to insert such provisions clarifying matters or questions arising under the Resolution as are necessary or desirable, provided that any such modifications are not contrary to or inconsistent with the Resolution as theretofore in effect,

or to modify any of the provisions of the Resolution or of any previously adopted Series Resolution or Supplemental Resolution in any other respect, provided that such modification shall not adversely affect the interests of the Holders in any material respect.

(Section 9.01)

Supplemental Resolutions Effective With Consent of Bondholders

The provisions of the Resolution may also be modified or amended at any time or from time to time by a Supplemental Resolution, subject to the consent of Bondholders in accordance with and subject to the provisions of the Resolution, such Supplemental Resolution to become effective upon the filing with the Trustee of a copy thereof certified by an Authorized Officer of the Authority.

(Section 9.02)

Powers of Amendment

Any modification or amendment of the Resolution and of the rights and obligations of the Authority and of the Holders of the Bonds under the Resolution, in any particular, may be made by a Supplemental Resolution, with the written consent given as set forth in the provision of the Resolution summarized below under the caption "*Consent of Bondholders*", (i) of the Holders of at least a majority in principal amount of the Bonds Outstanding at the time such consent is given, or (ii) in case less than all of the several Series of Bonds then Outstanding are affected by the modification or amendment, of Holders of at least a majority in principal amount of the Bonds of each Series so affected and Outstanding at the time such consent is given, or (iii) in case the modification or amendment changes the amount or date of any Sinking Fund Installment, of the Holders of at least a majority in principal amount of the Bonds of the particular Series, maturity and interest rate entitled to such Sinking Fund Installment Outstanding at the time such consent is given; *provided, however*, that if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like Series, maturity and tenor remain Outstanding, the consent of the Holders of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds under the Resolution. No such modification or amendment shall permit a change in the terms of redemption or maturity of the principal of any Outstanding Bond or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof, or in the rate of interest thereon without the consent of the Holder of such Bond, or shall reduce the percentages or otherwise affect the classes of Bonds the consent of the Holders of which is required to effect any such modification or amendment. For the purposes of the Resolution, a Series shall be deemed to be affected by a modification or amendment if the same adversely affects or diminishes the rights of the Holders of Bonds of such Series in any material respect. The Trustee may in its discretion determine whether or not, in accordance with the foregoing provisions, the Bonds of any particular Series or maturity would be affected by any modification or amendment of the Resolution and any such determination shall be binding and conclusive on the Authority and all Holders of Bonds. The Trustee may receive an opinion of counsel, including an opinion of Bond Counsel, as conclusive evidence as to whether Bonds of any particular Series or maturity would be so affected by any such modification or amendment of the Resolution.

(Section 10.01)

Consent of Bondholders

The Authority may at any time adopt a Supplemental Resolution making a modification or amendment permitted by the provisions of the Resolution to take effect when and as provided in the Resolution. A copy of such Supplemental Resolution (or brief summary thereof or reference thereto in form approved by the Trustee) together with a request to the Holders for their consent thereto in form satisfactory to the Trustee, shall promptly after adoption be mailed by the Authority to the Holders (but failure to mail such copy and request will not affect the validity of the Supplemental Resolution when consented to as provided below). Such Supplemental Resolution shall not be effective unless and until (i) there shall have been filed with the Trustee (a) the written consents of Holders of the percentages of Outstanding Bonds specified in the provision of the Resolution summarized above under the caption "*Powers of Amendment*" and (b) an opinion of Bond Counsel stating that such Supplemental Resolution has been duly and lawfully adopted and filed by the Authority in accordance with the provisions of the Resolution, is authorized or permitted thereby, and is valid and binding upon the Authority and enforceable in accordance with its terms, and (ii) a notice shall have been mailed as provided in the Resolution. Each such consent shall be effective only if accompanied by proof of the holding or owning at the date of such consent, of the Bonds with respect to which such consent is given, which proof shall be such as is permitted by the Resolution. A certificate or certificates by the Trustee filed with the Trustee that it has examined such proof and that such proof is sufficient in accordance with the Resolution shall be conclusive that the consents have been given by the Holders described in such certificate or certificates of the Trustee. Any consent shall be binding upon the Holder of the Bonds giving such consent and, anything in the Resolution to the contrary notwithstanding, upon any subsequent Holder of such Bonds and of any Bonds issued in exchange therefor (whether or not such subsequent Holder thereof has notice thereof), unless such consent is revoked in writing by the Holder of such Bonds giving such consent or a subsequent Holder thereof by filing with the Trustee, prior to the time when the written statement of the Trustee provided for below is filed, such revocation. The fact that a consent has not been revoked may likewise be proved by a certificate of the Trustee filed with the Trustee to the effect that no revocation thereof is on file with the Trustee. At any time after the Holders of the required percentages of Bonds shall have filed their consents to the Supplemental Resolution, the

Trustee shall make and file with the Authority and the Trustee a written statement that the Holders of such required percentages of Bonds have filed such consents. Such written statement shall be conclusive that such consents have been so filed. At any time thereafter notice, stating in substance that the Supplemental Resolution (which may be referred to as a Supplemental Resolution adopted by the Authority on a stated date, a copy of which is on file with the Trustee) has been consented to by the Holders of the required percentages of Bonds and will be effective as provided in the Resolution, shall be given to the Bondholders by the Authority by mailing such notice to the Bondholders and, at the discretion of the Authority, by publishing the same at least once not more than ninety (90) days after the Holders of the required percentages of Bonds shall have filed their consents to the Supplemental Resolution and the written statement of the Trustee in the Resolution provided for is filed (but failure to publish such notice shall not prevent such Supplemental Resolution from becoming effective and binding as in this paragraph provided). Such Supplemental Resolution making such amendment or modification shall be deemed conclusively binding upon the Authority, the Trustee, each Paying Agent and the Holders of all Bonds upon the filing with the Trustee of proof of the mailing of such notice or at the expiration of thirty (30) days after the filing with the Trustee of the proof of the first publication of such last mentioned notice, except in the event of a final decree of a court of competent jurisdiction setting aside such Supplemental Resolution in a legal action or equitable proceeding for such purpose commenced within such thirty (30) day period; *provided, however*, that the Authority, the Trustee and any Paying Agent during such thirty (30) day period and any such further period during which any such action or proceeding may be pending shall be entitled in their reasonable discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Resolution as they may deem expedient.

For the purposes of the Resolution, the purchasers of the Bonds of a Series, whether purchasing as underwriters, Remarketing Agent or otherwise for resale, upon such purchase, may consent to a modification or amendment permitted under the headings above titled, "Powers of Amendment" or "Consent of Bondholders" in the manner provided in the Resolution, except that no proof of ownership shall be required, and with the same effect as a consent given by the Holder of such Bonds; *provided, however*, that, if such consent is given by a purchaser who is purchasing as an underwriter, Remarketing Agent or otherwise for resale, the nature of the modification or amendment and the provisions for the purchaser consenting thereto shall be described in the official statement, prospectus, offering memorandum or other offering document prepared in connection with the primary offering of the Bonds of such Series by the Authority.

(Section 10.02)

Modifications by Unanimous Consent

The terms and provisions of the Resolution and the rights and obligations of the Authority and of the Holders of the Bonds under the Resolution may be modified or amended in any respect upon the adoption and filing with the Trustee by the Authority of a copy of a Supplemental Resolution certified by an Authorized Officer and the consent of the Holders of all of the Bonds then Outstanding, such consent to be given as provided in the Resolution, except that no notice to Bondholders either by mailing or publication shall be required.

(Section 10.03)

Events of Default

Each of the following constitutes an "event of default" under the Resolution and each Series Resolution:

(a) Payment of the principal, Sinking Fund Installment or Redemption Price of or interest on any Bond shall not be made when the same shall become due and payable, either at maturity or by proceedings for redemption or otherwise; or

(b) With respect to the Bonds of any Series, the Authority shall default in the due and punctual performance of any covenants contained in the Series Resolution authorizing the issuance thereof to the effect that the Authority shall comply with the provisions of the Code applicable to such Bonds necessary to maintain the exclusion of interest therein from gross income under Section 103 of the Code and shall not take any action which would adversely affect the exclusion of interest on such Bonds from gross income under Section 103 of the Code and, as a result thereof, the interest on the Bonds of such Series shall no longer be excludable from gross income under Section 103 of the Code; or

(c) The Authority shall default in the due and punctual performance of any other of the covenants, conditions, agreements and provisions contained in the Resolution or in the Bonds or in any Series Resolution on the part of the Authority to be performed and such default shall continue for thirty (30) days after written notice specifying such default and requiring same to be remedied shall have been given to the Authority by the Trustee, which may give such notice in its discretion and shall give such notice at the written request of the Holders of not less than twenty-five percent (25%) in principal amount of the Outstanding Bonds, or, if such default is not capable of being cured within thirty (30) days, if the Authority fails to commence to cure such default within said thirty (30) days and diligently prosecutes the cure thereof; or

(d) The Authority shall have notified the Trustee that an “Event of Default”, as defined in the Loan Agreement shall have occurred and is continuing and all sums payable by the University under the Loan Agreement shall have been declared to be immediately due and payable, which declaration shall not have been annulled and the Authority shall have notified the Trustee of such “Event of Default.”

(Section 11.02)

Acceleration of Maturity

Upon the happening and continuance of any event of default (other than under paragraph (b) of the provision of the Resolution summarized above under the caption “*Event of Default*”), then and in every such case the Trustee may, and upon the written request of the Holders of not less than twenty-five percent (25%) in principal amount of the Outstanding Bonds shall, by a notice in writing to the Authority, declare the principal of and interest on all of the Outstanding Bonds to be immediately due and payable. At the expiration of thirty (30) days from the giving of notice of such declaration, such principal and interest shall become and be immediately due and payable, anything in the Resolution or in the Bonds or any Series Resolution to the contrary notwithstanding. At any time after the principal of the Bonds shall have been so declared to be due and payable, and before the entry of final judgment or decree in any suit, action or proceeding instituted on account of such default, or before the completion of the enforcement of any other remedy under the Resolution, the Trustee shall, with the written consent of the Holders of not less than twenty-five percent (25%) in principal amount of the Bonds not then due by their terms and then Outstanding, by written notice to the Authority, annul such declaration and its consequences if: (i) money shall have accumulated in the Debt Service Fund sufficient to pay all arrears of interest, if any, upon all of the Outstanding Bonds (except the interest accrued on such Bonds since the last interest payment date); (ii) money shall have accumulated and be available sufficient to pay the charges, compensation, expenses, disbursements, advances and liabilities of the Trustee and any Paying Agent; (iii) all other amounts then payable by the Authority under the Resolution and under each Series Resolution (other than principal amounts payable only because of a declaration and acceleration under the Resolution) shall have been paid or a sum sufficient to pay the same shall have been deposited with the Trustee; and (iv) every other default known to the Trustee in the observance or performance of any covenant, condition or agreement contained in the Resolution, the Series Resolution or in the Bonds (other than a default in the payment of the principal of such Bonds then due only because of a declaration under the Resolution) shall have been remedied to the reasonable satisfaction of the Trustee. No such annulment shall extend to or affect any subsequent default or impair any right consequent thereon.

(Section 11.03)

Enforcement of Remedies

Upon the happening and continuance of any event of default, then and in every such case, the Trustee may proceed, and, upon the written request of the Holders of not less than twenty-five percent (25%) in principal amount of the Outstanding Bonds or, in the case of the happening and continuance of an event of default described in paragraph (b) of the provision of the Resolution summarized above under the caption “*Events of Default*”, upon the written request of the Holders of not less than twenty-five percent (25%) in principal amount of the Outstanding Bonds of the Series affected thereby, shall proceed (subject to the provisions of the Resolution regarding indemnification of the Trustee), to protect and enforce its rights and the rights of the Holders of the Bonds under the laws of the State or under the Resolution or under any Series Resolution by such suits, actions or special proceedings in equity or at law, either for the specific performance of any covenant contained under the Resolution or any Series Resolution or in aid or execution of any power therein granted, or for an accounting against the Authority as if the Authority were the trustee of an express trust, or for the enforcement of any proper legal or equitable remedy as the Trustee shall deem most effectual to protect and enforce such rights.

In the enforcement of any remedy under the Resolution and under each Series Resolution the Trustee shall be entitled to sue for, enforce payment of, and receive any and all amounts then, or during any default becoming, and at any time remaining, due from the Authority for principal or interest or otherwise under any of the provisions of the Resolution or of any Series Resolution or of the Bonds, with interest on overdue payments of the principal or of interest on the Bonds at the rate or rates of interest specified in such Bonds, together with any and all costs and expenses of collection and of all proceedings under the Resolution and under any Series Resolution and under such Bonds, without prejudice to any other right or remedy of the Trustee or of the Holders of such Bonds, and to recover and enforce judgment or decree against the Authority but solely as provided in the Resolution and in any Series Resolution and in such Bonds, for any portion of such amounts remaining unpaid, with interest, costs and expenses, and to collect in any manner provided by law, the money adjudged or decreed to be payable.

(Section 11.04)

Priority of Payments After Default

If at any time the money held by the Trustee under the Resolution and under each Series Resolution shall not be sufficient to pay the principal of and interest on the Bonds as the same become due and payable (either by their terms or by acceleration of maturity under the provisions of the Resolution), such money together with any money then available or thereafter becoming available for such purpose, whether through exercise of the remedies provided for in the Resolution or otherwise, shall be applied (after first depositing in the Arbitrage Rebate Fund all amounts required to be deposited therein and then paying all amounts owing to the Trustee under the Resolution) as follows:

(a) Unless the principal of all the Bonds has become or been declared due and payable, all such money shall be applied:

First: To the payment to the persons entitled thereto of all installments of interest then due, in the order of the maturity of the installments of such interest, and, if the amount available shall not be sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference;

Second: To the payment to the persons entitled thereto of the unpaid principal, Sinking Fund Installments or Redemption Price of any Bonds which shall have become due whether at maturity or by call for redemption, in the order of their due dates, and, if the amount available shall not be sufficient to pay in full all amounts due on any date, then to the payment thereof ratably, according to the amount of principal, Sinking Fund Installments or Redemption Price due on such date, to the persons entitled thereto, without any discrimination or preference.

(b) If the principal of all of the Bonds has become or been declared due and payable, all such money shall be applied to the payment of the principal and interest then due and unpaid upon the Bonds, without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto, without any discrimination or preference except as to the difference in the respective rates of interest specified in the Bonds.

Whenever money is to be applied by the Trustee pursuant to the provisions of the Resolution, such money shall be applied by the Trustee at such times, and from time to time, as the Trustee in its sole discretion shall determine, having due regard to the amount of such money available for application and the likelihood of additional money becoming available for such application in the future. The setting aside of such money in trust for application in accordance with the Resolution shall constitute proper application by the Trustee, and the Trustee shall incur no liability whatsoever to the Authority, to any Bondholder or to any other person for any delay in applying any such money so long as the Trustee acts with reasonable diligence, having due regard to the circumstances, and ultimately applies the same in accordance with such provisions of the Resolution as may be applicable at the time of application by the Trustee. Whenever the Trustee shall exercise such discretion in applying such money, it shall fix the date (which shall be on an interest payment date unless the Trustee shall deem another date more suitable) upon which such application is to be made, and upon such date interest on the amounts of

principal to be paid on such date shall cease to accrue. The Trustee shall give such notice as it may deem appropriate of the fixing of any such date. The Trustee shall not be required to make payment to the Holder of any Bond unless such Bond shall be presented to the Trustee for appropriate endorsement.

(Section 11.05)

Termination of Proceedings

In case any proceedings commenced by the Trustee on account of any default shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Trustee, then and in every such case the Authority, the Trustee, each Provider, the University and the Bondholders shall be restored to their former positions and rights under the Resolution, respectively, and all rights, remedies, powers and duties of the Trustee shall continue as though no such proceeding had been commenced.

(Section 11.06)

Bondholders' Direction of Proceedings

Anything in the Resolution to the contrary notwithstanding, the Holders of a majority in principal amount of the Outstanding Bonds or in the case of an event of default described in subparagraph (b) under the heading "Event of Default" above, the Holders of a majority in principal amount of the Outstanding Bonds of the Series affected thereby shall have the right by an instrument in writing executed and delivered to the Trustee, to direct the method and place of conducting all remedial proceedings to be taken by the Trustee under the Resolution and under each Series Resolution, provided such direction shall be in accordance with law or the provisions of the Resolution and of each Series Resolution and the Trustee shall have the right to decline to follow any such direction which in the opinion of the Trustee would be unjustly prejudicial to Bondholders not parties to such direction.

(Section 11.07)

Limitation of Rights of Individual Bondholders

No Holder of any of the Bonds shall have any right to institute any suit, action or proceeding in equity or at law for the execution of any trust under the Resolution, or for any other remedy under the Resolution unless such Holder previously shall have given to the Trustee written notice of the event of default on account of which such suit, action or proceeding is to be instituted, and unless also the Holders of not less than twenty-five per centum (25%) in principal amount of the Outstanding Bonds, or, in the case of an event of default under paragraph (b) of the provision of the Resolution summarized above under the caption "*Event of Default*", the Holders of not less than twenty-five per centum (25%) in principal amount of the Outstanding Bonds of the Series affected thereby, shall have made written request to the Trustee after the right to exercise such powers or right of action, as the case may be, shall have accrued, and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers granted by the Resolution or to institute such action, suit or proceeding in its or their name, and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the costs, expenses, and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time. Such notification, request and offer of indemnity are declared in every such case, at the option of the Trustee, to be conditions precedent to the execution of the powers and trusts of the Resolution or for any other remedy under the Resolution and in equity or at law. It is understood and intended that no one or more Holders of the Bonds secured by the Resolution shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security of the Resolution or to enforce any right under the Resolution except in the manner provided in the Resolution, and that all proceedings at law or in equity shall be instituted and maintained for the benefit of all Holders of the Outstanding Bonds. Notwithstanding any other provision of the Resolution, the Holder of any Bond shall have the right which is absolute and unconditional to receive payment of the principal of (and premium, if any) and interest on such Bond on the stated maturity expressed in such Bond (or, in the case of redemption, on the redemption date) and to institute suit for the enforcement of any such payment, and such right shall not be impaired without the consent of such Holder.

(Section 11.08)

Defeasance

If the Authority shall pay or cause to be paid to the Holders of the Bonds of a Series the principal, Sinking Fund Installments, if any, or Redemption Price of and interest thereon, at the times and in the manner stipulated therein, in the Resolution, and in the applicable Series Resolution and Bond Series Certificate, then the pledge of the Revenues or other money and securities pledged to such Bonds and all other rights granted by the Resolution to such Bonds shall be discharged and satisfied. In such event, the Trustee shall, upon the request of the Authority, execute and deliver such documents to evidence such discharge and satisfaction as may be reasonably required by the Authority, and all money or securities held by it pursuant to the Resolution and to the applicable Series Resolution which are not required for the payment or redemption of Bonds of such Series shall be paid or delivered by the Trustee as follows: first, to the Arbitrage Rebate Fund, the amount required to be deposited therein in accordance with the direction of an Authorized Officer of the Authority; second, to each Provider, the Provider Payments which have not been repaid, pro rata, based upon the respective Provider Payments then unpaid to each Provider; third, to the Authority the amount certified by an Authorized Officer of the Authority to be then due or past due pursuant to the Loan Agreement for fees and expenses of the Authority or pursuant to any indemnity; and, then, the balance thereof to the University. The securities so paid or delivered shall be released from any trust, pledge, lien, encumbrance or security interest created by the Resolution or by the Loan Agreement.

Bonds for the payment or redemption of which money shall have been set aside and shall be held in trust by the Trustee (through deposit of money for such payment or redemption or otherwise) at the maturity or redemption date thereof shall be deemed to have been paid within the meaning and with the effect expressed in the preceding paragraph. All Outstanding Bonds of any Series or any maturity within a Series or a portion of a maturity within a Series shall prior to the maturity or redemption date thereof be deemed to have been paid within the meaning and with the effect expressed in the preceding paragraph if (a) in case any of such Bonds are to be redeemed on any date prior to their maturity, the Authority shall have given to the Trustee, in form satisfactory to it, irrevocable instructions to give as provided in the Resolution notice of redemption on said date of such Bonds, (b) there shall have been deposited with the Trustee either money in an amount which shall be sufficient, or Defeasance Securities the principal of and interest on which when due will provide money which, together with the money, if any, deposited with the Trustee at the same time, shall be sufficient to pay when due the principal, Sinking Fund Installments, if any, or Redemption Price, if applicable, and interest due and to become due on such Bonds on and prior to the redemption date or maturity date thereof, as the case may be, (c) the Trustee shall have received the written consent to such defeasance of each Provider which has given written notice to the Trustee and the Authority that amounts advanced under a Credit Facility or Liquidity Facility issued by it or the interest thereon have not been repaid to such Provider, and (d) in the event such Bonds are not by their terms subject to redemption within the next succeeding sixty (60) days, the Authority shall have given the Trustee, in form satisfactory to it, irrevocable instructions to give, as soon as practicable, by first class mail, postage prepaid, to the Holders of said Bonds at their last known addresses appearing on the registration books, and, if directed by an Authorized Officer of the Authority, by publication, at least twice, at an interval of not less than seven (7) days between publications, in an Authorized Newspaper, a notice to the Holders of such Bonds that the deposit required by (b) above has been made with the Trustee and that such Bonds are deemed to have been paid in accordance with the Resolution and stating such maturity or redemption date upon which money is to be available for the payment of the principal, Sinking Fund Installments, if any, or Redemption Price, if applicable, of and interest on such Bonds. The Trustee shall select the Bonds of like Series and maturity payment of which shall be made in the manner provided in the Resolution. Neither the Defeasance Securities nor money deposited with the Trustee pursuant to the Resolution nor principal or interest payments on any such Defeasance Securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal, Sinking Fund Installments, if any, or Redemption Price, if applicable, of and interest on such Bonds; *provided, however*, that any money received from such principal or interest payments on such Defeasance Securities deposited with the Trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in Defeasance Securities maturing at times and in amounts sufficient to pay when due the principal, Sinking Fund Installments, if any, or Redemption Price, if applicable, of and interest to become due on such Bonds on and prior to such redemption date or maturity date thereof, as the case may be; *provided further*, that money and Defeasance Securities may be withdrawn and used by the Authority for any purpose upon (i) the simultaneous substitution therefor of either money in an amount which shall be sufficient, or Defeasance Securities the principal of and interest on which when due will provide money which without regard to reinvestment, together with the money, if any, held by or deposited with the Trustee at the same time, shall be sufficient to pay when due the principal, Sinking Fund Installments, if any, or Redemption Price, if applicable, and interest due and to become

due on such Bonds on and prior to the redemption date or maturity date thereof, as the case may be, and (ii) receipt by the Trustee of a letter or other written report of a firm of independent certified public accountants verifying the accuracy of the arithmetical computations which establish the adequacy of such money and Defeasance Securities for such purpose. Any income or interest earned by, or increment to, the investment of any such money so deposited, shall, to the extent certified by the Trustee to be in excess of the amounts required by the Resolution to pay the principal, Sinking Fund Installments, if any, or Redemption Price, if applicable, of and interest on such Bonds, as realized, be paid by the Trustee as follows: first, to the Arbitrage Rebate Fund, the amount required to be deposited therein in accordance with the direction of an Authorized Officer of the Authority; second, to each Provider, the Provider Payments which have not been repaid, pro rata, based upon the respective Provider Payments then unpaid to each Provider; third, to the Authority the amount certified by an Authorized Officer of the Authority to be then due or past due pursuant to the Loan Agreement for fees and expenses of the Authority or pursuant to any indemnity; and, then, the balance thereof to the University, and any such money so paid by the Trustee shall be released of any trust, pledge, lien, encumbrance or security interest created by the Resolution or by the Loan Agreement.

For purposes of determining whether Variable Interest Rate Bonds shall be deemed to have been paid prior to the maturity or redemption date thereof, as the case may be, by the deposit of money, or Defeasance Securities and money, if any, in accordance with clause (b) of the preceding paragraph, the interest to come due on such Variable Interest Rate Bonds on or prior to the maturity date or redemption date thereof, as the case may be, shall be calculated at the Maximum Interest Rate permitted by the terms thereof; *provided, however*, that if on any date, as a result of such Variable Interest Rate Bonds having borne interest at less than such Maximum Interest Rate for any period, the total amount of money and Defeasance Securities on deposit with the Trustee for the payment of interest on such Variable Interest Rate Bonds is in excess of the total amount which would have been required to be deposited with the Trustee on such date in respect of such Variable Interest Rate Bonds in order to satisfy clause (b) of the preceding paragraph, the Trustee shall pay the amount of such excess as follows: first, to the Arbitrage Rebate Fund, the amount required to be deposited therein in accordance with the direction of an Authorized Officer of the Authority; second, to each Provider, the Provider Payments which have not been repaid, pro rata, based upon the respective Provider Payments then unpaid to each Provider; third, to the Authority the amount certified by an Authorized Officer of the Authority to be then due or past due pursuant to the Loan Agreement for fees and expenses of the Authority or pursuant to any indemnity; and, then, the balance thereof to the University, and any such money so paid by the Trustee shall be released of any trust, pledge, lien, encumbrance or security interest created by the Resolution.

Option Bonds shall be deemed to have been paid in accordance with the Resolution only if, in addition to satisfying the requirements of clauses (a) and (b) above, there shall have been deposited with the Trustee money in an amount which shall be sufficient to pay when due the maximum amount of principal of and premium, if any, and interest on such Bonds which could become payable to the Holders of such Bonds upon the exercise of any options provided to the Holders of such Bonds; *provided, however*, that if, at the time a deposit is made with the Trustee pursuant to the Resolution, the options originally exercisable by the Holder of an Option Bond are no longer exercisable, such Bond shall not be considered an Option Bond for purposes the Resolution. If any portion of the money deposited with the Trustee for the payment of the principal of and premium, if any, and interest on Option Bonds is not required for such purpose, the Trustee shall, if requested by the Authority, pay the amount of such excess as follows: first, to the Arbitrage Rebate Fund, the amount required to be deposited therein in accordance with the direction of an Authorized Officer of the Authority; second, to each Provider, the Provider Payments which have not been repaid, pro rata, based upon the respective Provider Payments then unpaid to each Provider; third, to the Authority the amount certified by an Authorized Officer of the Authority to be then due or past due pursuant to the Loan Agreement for fees and expenses of the Authority or pursuant to any indemnity; and, then, the balance thereof to the University, and any such money so paid by the Trustee shall be released of any trust, pledge, lien, encumbrance or security interest created by the Resolution.

Anything in the Resolution to the contrary notwithstanding, any money held by the Trustee or Paying Agent in trust for the payment and discharge of any of the Bonds of a Series or the interest thereon which remain unclaimed for one (1) year after the date when all of the Bonds of such Series have become due and payable either at their stated maturity dates or by call for earlier redemption, if such money were held by the Trustee or Paying Agent at such date, or for one (1) year after the date of deposit of such money if deposited with the Trustee or Paying Agent, after such date when all of the Bonds of such Series become due and payable, shall, at the written request of

the Authority, be repaid by the Trustee or Paying Agent to the Authority as its absolute property and free from trust, and the Trustee or Paying Agent shall thereupon be released and discharged and the Holders shall look only to the Authority for payment of such Bonds; *provided, however,* that, before being required to make any such payment to the Authority, the Trustee or Paying Agent may, at the expense of the Authority cause to be published in an Authorized Newspaper a notice that such money remain unclaimed and that, after a date named in such notice, which date shall be not less than thirty (30) nor more than sixty (60) days after the date of publication of such notice, the balance of such money then unclaimed shall be returned to the Authority.

FORM OF APPROVING OPINION OF HAWKINS DELAFIELD & WOOD LLP,
CO-BOND COUNSEL TO DASNY FOR THE SERIES 2017 BONDS

Upon delivery of the Series 2017 Bonds, Hawkins Delafield & Wood LLP, Co-Bond Counsel to DASNY, proposes to issue its legal opinion in substantially the following form:

HAWKINS DELAFIELD & WOOD LLP
28 LIBERTY STREET
NEW YORK, NEW YORK 10005

Dormitory Authority of the
State of New York
515 Broadway
Albany, New York 12207

Ladies and Gentlemen:

We, as Co-Bond Counsel to the Dormitory Authority of the State of New York (the "Authority"), a body corporate and politic of the State of New York (the "State"), constituting a public benefit corporation created and existing under the Dormitory Authority Act, being Chapter 524 of the Laws of New York of 1944, as amended (the "Act"), have examined a record of proceedings relating to the issuance of \$450,170,000 aggregate principal amount of New York University Revenue Bonds, Series 2017A (Tax-Exempt) (the "Series 2017A Bonds") and \$227,835,000 aggregate principal amount of New York University Revenue Bonds, Series 2017B (Taxable) (the "Series 2017B Bonds" and together with the Series 2017A Bonds, the "Series 2017 Bonds").

The Series 2017 Bonds are issued under and pursuant to the Act, the New York University Revenue Bond Resolution adopted by the Authority on May 28, 2008 (the "Bond Resolution"), as supplemented by the Series 2017A Resolution Authorizing the Issuance of a Series of New York University Revenue Bonds and the Series 2017B Resolution Authorizing the Issuance of a Series of New York University Revenue Bonds, each adopted by the Authority on April 12, 2017 (collectively, the "Series 2017 Resolutions"). The Bond Resolution and the Series 2017 Resolutions are herein collectively referred to as the "Resolutions." Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Resolutions.

The Series 2017 Bonds are dated, mature, are payable, bear interest and are subject to redemption and purchase as provided in the Resolutions and the respective Bond Series Certificate of the Authority fixing the terms and the details of such Series 2017 Bonds (collectively, the "Series 2017 Certificates").

The Authority has reserved the right to issue additional bonds on the terms and conditions and for the purposes stated in the Bond Resolution. Under and subject to the provisions of the Bond Resolution, the Series 2017 Bonds and all bonds heretofore and hereafter issued under the Bond Resolution (the "Bonds") rank and will rank equally as to security and payment.

We are of the opinion that:

1. The Authority has been duly created and is validly existing under the Act and has the right, power and authority to adopt the Resolutions and the Resolutions have been duly and lawfully adopted by the Authority, are in full force and effect and are valid and binding upon the Authority and enforceable in accordance with their terms.
2. The Bond Resolution creates the valid pledge which it purports to create of the proceeds of the sale of the Bonds, the Revenues and all funds and accounts established by the Bond Resolution (other than the Arbitrage Rebate Fund, as defined in the Bond Resolution), including the investments thereof and the proceeds of such investments, if any, subject only to the provisions of the Bond Resolution permitting the application thereof to the purposes and on the terms and conditions set forth in the Bond Resolution.

3. The Series 2017 Bonds have been duly and validly authorized and issued by the Authority and are valid and binding special obligations of the Authority, payable solely from the sources provided therefor in the Resolutions.

4. The Series 2017 Bonds are not a debt of the State of New York, and the State of New York is not liable thereon, nor shall the Series 2017 Bonds be payable out of funds of the Authority other than those pledged for the payment of the Series 2017 Bonds.

5. The Loan Agreement, dated as of May 28, 2008 (the "Loan Agreement"), between the Authority and New York University (the "University"), has been duly authorized, executed and delivered by the Authority and, assuming due authorization, execution and delivery thereof by the University, constitutes a legal, valid and binding obligation of the Authority enforceable in accordance with its terms.

6. Under existing statutes and court decisions, (i) interest on the Series 2017A Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and (ii) interest on the Series 2017A Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations. For any Series 2017A Bonds having original issue discount ("OID"), OID that has accrued and is properly allocable to the owners of such Bonds under Section 1288 of the Code is excludable from gross income for Federal income tax purposes to the same extent as other interest on the Series 2017A Bonds.

The Code establishes certain ongoing requirements that must be met subsequent to the issuance and delivery of the Series 2017A Bonds in order that interest on the Series 2017A Bonds be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to use and expenditure of gross proceeds of the Series 2017A Bonds, yield and other restrictions on investments of gross proceeds, and the arbitrage rebate requirement that certain excess earnings on gross proceeds be rebated to the Federal government. Noncompliance with such requirements may cause interest on the Series 2017A Bonds to become included in gross income for Federal income tax purposes retroactive to their issue date, irrespective of the date on which such noncompliance occurs or is discovered. In rendering the opinion in paragraph 6, we have relied on certain representations, certifications of fact, and statements of reasonable expectations made by the Authority, the University and others in connection with the Series 2017A Bonds, and we have assumed compliance by the Authority and the University with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the Series 2017A Bonds from gross income under Section 103 of the Code. In addition, we have relied on the opinion of counsel to the University regarding, among other matters, the current qualifications of the University as an organization described in Section 501(c)(3) of the Code.

7. Interest on the Series 2017B Bonds is included in gross income for Federal income tax purposes pursuant to the Code.

8. Under existing statutes, interest on the Series 2017 Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York).

We express no opinion regarding any other Federal or state tax consequences with respect to the Series 2017 Bonds. We render this opinion under existing statutes and court decisions as of the issue date, and assume no obligation to update, revise or supplement our opinion to reflect any action hereafter taken or not taken, or any facts or circumstances that may hereafter come to our attention, or changes in law or in interpretations thereof that may hereafter occur, or for any other reason. We express no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for Federal income tax purposes of interest on the Series 2017A Bonds, or the exemption from personal income taxes of interest on the Series 2017 Bonds under state and local tax law.

In rendering this opinion, we are advising you that the enforceability of rights and remedies with respect to the Series 2017 Bonds, the Resolutions and the Loan Agreement may be limited by bankruptcy, insolvency and other laws affecting creditors' rights or remedies heretofore or hereafter enacted and is subject to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

We have examined an executed Series 2017A Bond and Series 2017B Bond and, in our opinion, the forms of said Bonds and their execution are regular and proper.

Very truly yours,

FORM OF APPROVING OPINION OF MCGLASHAN LAW FIRM, P.C.,
CO-BOND COUNSEL TO DASNY FOR THE SERIES 2017 BONDS

Upon delivery of the Series 2017 Bonds, McGlashan Law Firm, P.C., Co-Bond Counsel to DASNY, proposes to issue its legal opinion in substantially the following form:

NEW YORK, NEW YORK 10017

Dormitory Authority of the
State of New York
515 Broadway
Albany, New York 12207

Ladies and Gentlemen:

We, as Co-Bond Counsel to the Dormitory Authority of the State of New York (the "Authority"), a body corporate and politic of the State of New York (the "State"), constituting a public benefit corporation created and existing under the Dormitory Authority Act, being Chapter 524 of the Laws of New York of 1944, as amended (the "Act"), have examined a record of proceedings relating to the issuance of \$450,170,000 aggregate principal amount of New York University Revenue Bonds, Series 2017A (Tax-Exempt) (the "Series 2017A Bonds") and \$227,835,000 aggregate principal amount of New York University Revenue Bonds, Series 2017B (Taxable) (the "Series 2017B Bonds" and together with the Series 2017A Bonds, the "Series 2017 Bonds").

The Series 2017 Bonds are issued under and pursuant to the Act, the New York University Revenue Bond Resolution adopted by the Authority on May 28, 2008 (the "Bond Resolution"), as supplemented by the Series 2017A Resolution Authorizing the Issuance of a Series of New York University Revenue Bonds and the Series 2017B Resolution Authorizing the Issuance of a Series of New York University Revenue Bonds, each adopted by the Authority on April 12, 2017 (collectively, the "Series 2017 Resolutions"). The Bond Resolution and the Series 2017 Resolutions are herein collectively referred to as the "Resolutions." Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Resolutions.

The Series 2017 Bonds are dated, mature, are payable, bear interest and are subject to redemption and purchase as provided in the Resolutions and the respective Bond Series Certificate of the Authority fixing the terms and the details of such Series 2017 Bonds (collectively, the "Series 2017 Certificates").

The Authority has reserved the right to issue additional bonds on the terms and conditions and for the purposes stated in the Bond Resolution. Under and subject to the provisions of the Bond Resolution, the Series 2017 Bonds and all bonds heretofore and hereafter issued under the Bond Resolution (the "Bonds") rank and will rank equally as to security and payment.

We are of the opinion that:

1. The Authority has been duly created and is validly existing under the Act and has the right, power and authority to adopt the Resolutions and the Resolutions have been duly and lawfully adopted by the Authority, are in full force and effect and are valid and binding upon the Authority and enforceable in accordance with their terms.

2. The Bond Resolution creates the valid pledge which it purports to create of the proceeds of the sale of the Bonds, the Revenues and all funds and accounts established by the Bond Resolution (other than the Arbitrage Rebate Fund, as defined in the Bond Resolution), including the investments thereof and the proceeds of such investments, if any, subject only to the provisions of the Bond Resolution permitting the application thereof to the purposes and on the terms and conditions set forth in the Bond Resolution.

3. The Series 2017 Bonds have been duly and validly authorized and issued by the Authority and are valid and binding special obligations of the Authority, payable solely from the sources provided therefor in the Resolutions.

4. The Series 2017 Bonds are not a debt of the State of New York, and the State of New York is not liable thereon, nor shall the Series 2017 Bonds be payable out of funds of the Authority other than those pledged for the payment of the Series 2017 Bonds.

5. The Loan Agreement, dated as of May 28, 2008 (the "Loan Agreement"), between the Authority and New York University (the "University"), has been duly authorized, executed and delivered by the Authority and, assuming due authorization, execution and delivery thereof by the University, constitutes a legal, valid and binding obligation of the Authority enforceable in accordance with its terms.

In rendering this opinion, we are advising you that the enforceability of rights and remedies with respect to the Series 2017 Bonds, the Resolutions and the Loan Agreement may be limited by bankruptcy, insolvency and other laws affecting creditors' rights or remedies heretofore or hereafter enacted and is subject to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

We have examined an executed Series 2017A Bond and Series 2017B Bond and, in our opinion, the forms of said Bonds and their execution are regular and proper.

Very truly yours,
