

Questions received on Safety Training Services and DASNYS's responses:

1. Section 3.1, Tab 5. - In the Safety Training Services checklist, column of Additional Safety Training, Confined Space and Fall Protection are both listed. We offer both Four (4) Hour Confined Space Awareness Seminars and Eight (8) Hour Confined Space Operations/Attendant/Supervisor courses. We also offer Four (4) Hour Fall Protection Awareness and Eight (8) Hour Fall Protection Training. Could you please specify which of the Confined Space and Fall Protection courses the DASNYS is requesting?

Response:

DASNYS would likely only utilize the four (4) hour awareness courses for Confined Space and/or Fall Protection.

2. Section 4.1, Tab 2 - Provide fee structure for the delivery of courses at DASNYS offices, firm's facility (if applicable), or online courses. You must include a list of your firm's New York State locations where classes could be held. Include any additional costs associated with conducting training sessions (e.g. travel, printing, training materials, etc.). Is there an estimated group size per course?

Response:

There is a maximum group size of 40. Actual class sizes will vary based on topic and timing. Class size could be as little as five (5), again depending on the topic.
