ARTICLE II – BIDS AND PROPOSALS
--

1. The date and time of bid opening or the proposal due date will be given by the Notice to Bidders or the Request for Proposal
2. All bids and proposals are to be submitted on forms provided by the Dormitory Authority
3. All bids must be sealed. Telegraphic or telephone bids will not be considered.
4. The Bidder or Proposer must provide all information as required by the Notice to Bidders or Request for Proposals.
5. Each bid shall be construed to be completely in accordance with the Specifications unless the Bidder explains all deviations in detail on a separate letterhead attached to the Bid.

6. Prices and information required by the Notice to Bidders or the Request for Proposals, except the signature of the bidder, or Proposer should be typewritten or printed legibly. Submissions written in pencil may be rejected.
7. In all Notice to Bidders and Request for Proposals, the words "or equal" are understood to appear after each reference to a Commodity giving manufacturer's name or catalog reference. Should "or equal" Commodities not be accepted, this will be stated clearly in the Notice to Bidders or the Request for Proposal. If bidding or proposing Commodities other than those specified, the Bidder or Proposer must in every instance give the trade designation of the Commodity, manufacturer's name and detailed specifications of the Commodity to be furnish. Comparable products will be considered if proof of comparability is provided. The Owner's decision as to acceptance of the product as an "or equal" will be final. The burden of proof and all costs related thereto concerning the "or equal" nature of the substitute item, whether approved or disapproved, shall be borne by the Contractor.
8. The Dormitory Authority reserves the right to award a contract, or contracts, on the basis of the lowest bid for each item set forth in the Notice to Bidders or as in the case of Requests for Proposals, on the basis of the proposal judged to be the "best value".
9. When bids are requested on a by-item or by-lot basis, a Bidder must designate the item or lot cost or a no charge. Items or lots left undesignated will be determined as not being bid
10. The Bidder must insert the price per unit specified, and the price extension for each item in this bid if required. In the event of a discrepancy between the unit price and the extension, the unit price will govern. Prices must be extended in decimals, not fractions
11. Prices must be net, including transportation, delivery charges and applicable taxes fully prepaid by Contractor to the designation(s) indicated.
12. Bidders are cautioned to verify their bids before submission, as bids and amendments to bids or requests for withdrawal of bids received by the Authority after the time specified for the bid opening may not be considered. Should any error appear in the Specifications or Drawings, such error should be brought to the attention of the Owner immediately.
13. All bids will be opened publicly.

14. A Late Bid will be returned to the sender unopened and will not be considered in awarding a contract.
15. Before making an award:
 - A) The Dormitory Authority reserves the right before making an award to make investigations as to whether or not the Commodities, qualifications or facilities offered by the Bidder or Proposer meet the requirements set forth in the Notice to Bidders or Request for Proposal and are sufficient to insure the proper performance of the Contract.
 - B) If required by the Supplemental Specifications, the Bidder or Proposer agrees to furnish the Owner a Performance Bond and/or Labor and Material Payment Bond in the amount and form approved by the Owner, the cost thereof to be paid for by the Owner. The cost of such Bonds shall be included by the Bidder or Proposer in the bid or proposal amount. The cost of such Bonds shall be included by the Bidder or Proposer in the bid or proposal offered in compliance with Article XIV, Section 11 - Contract Security.
16. The Dormitory Authority reserves the right to reject any and all bids or proposals in whole or in part and to waive technicalities, irregularities and omissions, if, in its judgment, the best interest of the Dormitory Authority will be served.
17. Contracts shall be awarded to the lowest responsible Bidder or the responsible Proposer that submits the Proposal judged to be the "best value".
18. The Dormitory Authority reserves the right to make awards within one hundred twenty (120) days after the date of the bid opening or proposal due date, during which period bids or proposals shall not be withdrawn.
19. If two or more bidders submit identical bids as to price, the decision of the Dormitory Authority to award a Contract to one or more of such identical bidders shall be final.
20. A Contract awarded by the Dormitory Authority shall be deemed executory only to the extent of moneys available, and no liability shall be incurred by the Authority beyond the moneys available therefore.
21. All bids shall be received with the understanding that the acceptance thereof in writing by the Dormitory Authority shall constitute the Contract between the Bidder and the Dormitory Authority. The mailing of either a Contract award or of a Purchase Order to the address on the bid shall be sufficient notice of such acceptance.

22. Unless otherwise specified, the quantities listed in the Notice to Bidders or Request for Proposal are subject to change to conform with the Dormitory Authority requirements. The quantities listed are estimated only and the Contract shall be for the quantities actually ordered.
23. Unless terminated or cancelled by the Dormitory Authority, Contracts will remain in force for the period specified or until all Commodities ordered before the termination date shall have been satisfactorily delivered and accepted.
24. Unless otherwise authorized in writing by the Dormitory Authority, no Commodities are to be shipped or delivered until an official Purchase Order or Contract is received from the Dormitory Authority.
25. Without the prior consent, in writing, of the Dormitory Authority, the Contractor shall not assign, transfer, convey, sublet or otherwise dispose of the Contract or the right, title, duties or interest therein or the power to execute any Contract to any other person, company or corporation.
26. It is hereby understood between the parties hereto that the relationship created by the Contract Documents between the Dormitory Authority and the Contractor is one of independent contractor and it is in no way to be construed as creating an agency relationship between said parties nor is it to be construed as in any way or under any circumstances to be creating or appointing the Contractor as an agent of the Authority for any purpose whatsoever.
27. If the same or a smaller quantity of a Commodity is sold by a Contractor holding a contract with the State of New York for such Commodity at a price below the state contract price, the price to the Dormitory Authority shall be reduced to the lower amount

ARTICLE III -SAMPLES

1. The Dormitory Authority reserves the right to request a representative sample of a Commodity at any time. The sample shall be furnished within a reasonable period of time as specified by the Authority.

2. If the sample, in the judgment of the Dormitory Authority, is not in accordance with the requirements of the specifications and Notice to Bidders or the Request for Proposal, the Dormitory Authority may in its sole discretion permit a period of time for a reworking of the sample or reject the bid or proposal.
3. When samples are required, failure to submit them in accordance with instructions may be sufficient cause for rejecting a bid or proposal.
4. When an accepted sample exceeds the minimum Specifications, all Commodities delivered will be of same quality and identity as the sample.
5. Samples must be submitted free of charge and be identified with the firm's name, address and the Dormitory Authority Bid or Proposal number.
6. All samples are subject to tests in the manner and place designated by the Dormitory Authority. Samples consumed or made useless by testing will not be returned to the Bidder or Proposer.
7. Where testing has not impaired the sample, the unsuccessful Bidders or Proposer shall, at no charge to the Dormitory Authority, remove said sample within fourteen (14) days from date of notification. Failure to remove samples within the designated period shall constitute abandonment of the sample and its disposition shall be at the discretion of the Dormitory Authority.
8. The Dormitory Authority may hold samples during the entire term of the Contract for comparison with deliveries.
9. A Notice to Bidders or Request for Proposal may indicate that the Commodity to be purchased must be equal to a sample on display in a designated place. Failure on the part of the Bidder or Proposer to examine such sample shall NOT entitle him to any relief from the conditions imposed in the Notice to Bidders, Specifications and other Contract Documents.

ARTICLE IV - DRAWINGS

1. Rough and shop drawings shall be furnished as deemed necessary and required by the Specifications. Such drawings shall be consistent with the Contract Documents and shall be considered as forming part of the Specifications and the Contract to which they relate.
2. All lettering on the drawings shall be considered a part of the drawings.

3. Approval by the Dormitory Authority of shop drawings for any Commodity or a facility in which a Commodity is to be located, will not relieve the Contractor from responsibility for furnishing the same of a proper dimension, size, quantity and quality, to efficiently perform the work and carry out the requirements and intent of the layout or descriptive drawings forming part of the Contract Documents. Such approval shall not relieve the Contractor from responsibility for errors of any sort in the shop drawings. The Contractor will take actual measurements of the areas in which Commodities are to be located. If the shop drawings deviate, or are intended to deviate from the layout or descriptive drawings or Specifications or other Contract Documents, the Contractor shall advise the Dormitory Authority, in writing, at the time the shop drawings are submitted stating the difference in value between the Contract requirements and that denoted by said shop drawings.
4. Rough and shop drawings will be examined by the Dormitory Authority and, if necessary, will be returned to the Contractor for correction. After the corrections have been made, the Contractor shall resubmit to the Dormitory Authority as many copies as required for final approval.
5. All drawings and copies thereof shall become the property of the Dormitory Authority and such drawings shall not be used on any other project unless permitted in writing by the Authority.

ARTICLE V - DELIVERY

1. Delivery must be made as ordered and in accordance with the Contract Documents. Unless otherwise specified, delivery shall be made within thirty (30) days of receipt of Purchase Order by the Contractor. The decision of the Dormitory Authority as to reasonable compliance with delivery terms shall be final.
2. Delivery dates are approximate and reflect current construction schedules. Contractors are required prior to initiation of production to verify delivery schedules with the Dormitory Authority. Should a schedule change be necessary at that time the Contractor will be given a new schedule not to exceed six (6) months beyond the original delivery date, as shown on the Purchase Order and the Dormitory Authority shall incur no additional charges.

3. The Dormitory Authority will not schedule any deliveries for Saturdays, Sundays or legal holidays, unless mutually agreed to by the Contractor and the Dormitory Authority.
4. Commodities shall be securely and properly packed for shipment, storage and stocking in new shipping containers and according to accepted commercial practice, without extra charge for packing cases, baling or sacks. The container shall remain the property of the Dormitory Authority unless otherwise specified in the Contract Documents.
5. Point of Destination: All deliveries shall be unloaded at the location stated in the Contract Documents.
6. Commodities purchased at a price f.o.b. shipping point plus transportation charge are understood to be purchased on an f.o.b. point of destination basis. Title shall not pass until Commodities have been received and accepted at the destination.
7. Deliveries shall be accompanied by packing lists that conform to itemized listings provided on the Purchase Order.
8. When Commodities are rejected, they must be removed by the Contractor from the premises within five days of notification. Rejected items left longer than five days will be regarded as abandoned and the Dormitory Authority shall have the right to dispose of them as its own property.
9. Upon failure of the Contractor to deliver Commodities or services within the time specified or failure to make prompt replacement of rejected Commodities when so requested, the Dormitory Authority may arrange for those Commodities or services to be provided by other sources. On all such procurements the Contractor agrees to reimburse the Dormitory Authority promptly for costs in excess of the Contract cost. Should the cost be less than the Contract price, the Contractor shall have no claim to the difference. The Dormitory Authority may deduct such purchases from Contract quantity.

ARTICLE VI - CONTRACTS INVOLVING INSTALLATION

1. The Contractor shall clean up and remove all debris and rubbish resulting from their Work. Labor and materials (including any subcontracted labor or materials) shall be at the Contractor's expense. Upon completion of all Work the premises shall be left broom clean, except for carpeted areas, which shall be vacuumed leaving the buildings in good repair and order.
2. Commodities, tools or materials may be stored at the site only upon the approval of the Dormitory Authority and at the sole risk of the Contractor.
3. Work shall be performed so as to cause the least inconvenience and with proper consideration for the rights of other contractors. The Contractor shall coordinate and promptly perform the Work to meet the progress of the Project.
4. Installation shall include but not be limited to all Work necessary to move equipment into and within the building(s); also the removal and resetting of any removable windows or doors necessary for moving equipment into and within the building(s).
5. Bidders shall acquaint themselves with conditions at the site by on-site inspection and shall assume all responsibility and expense at all times for delivery, distribution, placement and installation in the areas designated.
6. All materials used in installation shall be of the highest quality and shall be free from all defects, which would mar the appearance of the Commodity or render it structurally unsound.
7. The Contractor shall furnish adequate protection from damage to all Work and to other Work on the premises and to the premises and shall be responsible for the repair or replacement of all such damage of any kind to the satisfaction of the Owner.

8. Any labor, materials or means whose employment, or utilization during the course of the Contract may tend to or in any way cause or result in strike, work stoppages, delays, suspension of work or similar troubles by workmen employed by the Contractor, its subcontractors or material suppliers, or by any of the trades working in or about the buildings and premises where work is being performed under this Contract, or by other Contractors, their subcontractors or material suppliers pursuant to other contracts shall not be allowed. Any violation by the Contractor of this requirement may in the sole judgment of the Owner be considered as proper and sufficient cause for declaring the Contractor to be in default, and for the Owner to take action against the Contractor as set forth in the General Conditions Article VIII entitled "Termination" or such other action as the Owner may deem proper.
9. The Contractor shall provide the appropriate insurance as set out in Article XIV.
10. Without invalidating the Contract, the Owner may order Extra Work or make changes by altering, adding to, or deducting from the Work, the Contract consideration being adjusted accordingly. No claims for Extra Work shall be allowed unless such Extra Work is ordered in writing by the Owner. No changes in the Work shall be made unless such Work is ordered in writing by the Owner or Owner's Representative. If the time for completion is affected by this change, the revised time for completion shall be included the change order. The Owner may order the Contractor to perform the Extra Work and proceed under the Dispute Article.
11. The amount by which the Contract consideration is to be increased or decreased by any change order may be determined by the Owner by one (1) or more of the following methods:

- A. By applying the applicable unit price or prices contained in the Contract.
- B. By estimating the fair and reasonable cost of the extra work:
- i. Labor, including all wages, required wage supplements and insurance required by law, paid to employees below the rank of superintendent directly employed at the Project. Wages are the prevailing rate of wages defined in the Contract Documents and supplemental updates.
 - ii. Premiums or taxes paid by the Contractor for worker's compensation insurance, unemployment insurance, FICA tax and other payroll taxes as required by law, net of actual and anticipated refunds and rebates.
 - iii. Materials, Equipment, excluding hand tools, which in the judgment of the Owner, would have been or will be employed in the Work. The Owner may employ the use of rental rates it deems most appropriate from the "Green Book", the "Blue Book", or from the Associated General Contractors of America. In no case will the equipment rental cost exceed the purchase price of the equipment. Self-owned equipment is defined to include equipment rented from Contractor-controlled or loosely affiliated companies. It is the duty of the Contractor to utilize either rented or self-owned equipment that is of a nature and size appropriate for the Work to be performed. The Owner reserves the right to determine reasonable and appropriate equipment sizing, and at the Owner's discretion, it may adjust the costs allowed to reflect a smaller or less elaborate piece of equipment more suitable for performance of the extra Work.
- C. By determining the actual cost of the Extra Work in the same manner as in paragraph 11.B. of this section, except that the actual costs of the Contractor shall be used in lieu of estimated costs.

12. The Owner shall have the option of determining by which method the Contractor shall proceed with said Extra Work. Wages are the prevailing rate of wages defined in the Contract Documents and supplemental updates. The Contractor will submit a signed and notarized Labor Rate Worksheet(s) to the Owner to be used to determine hourly rates for various classifications of workers. The Contractor agrees to provide documentation verifying costs and calculations at the Owner's request.
13. Regardless of the method used by the Owner in determining the value of a change order, the Contractor shall, within the time-frame given by the Owner, submit to the Owner or Owner's Representative a detailed breakdown of the Contractor's estimate of the value of the omitted or Extra Work.
14. Unless otherwise specifically provided for in a change order, the compensation specified therein for Extra Work includes full payment for the Extra Work covered thereby, and the Contractor waives all rights to any other compensation for said Extra Work, damage or expense.
15. The Contractor shall furnish satisfactory bills, payrolls and vouchers covering all items of cost and when requested by the Owner shall give the Owner access to all accounts and records relating thereto, including records of subcontractors and material suppliers.
16. At the completion of the Project Work, the Owner will address increased bonding costs, if any, which may have resulted from Owner-issued changes in the Work, upon submission of satisfactory proof of Contractor's increased costs. The Owner will not pay overhead and profit on any increased costs for bonding.
17. At the completion of the Project Work, the Owner will address increased contractual liability insurance premium costs, if any, which may have resulted from changes in the Work upon submission of satisfactory proof of the Contractor's increased costs. The Owner will not pay overhead and profit on any increased costs for contractual liability insurance.

For the benefit of the Contractor add an additional sum equal to ten percent of the first Ten Thousand Dollars (\$10,000) of the subcontractor base cost, plus five percent of the next Ninety Thousand Dollars (\$90,000) of the Subcontractor base cost, plus three percent of any sum in excess of One Hundred Thousand Dollars (\$100,000) of the subcontractor base cost, as depicted in the below Example C.

22. No allowance shall be made for extra work performed by a Subcontractor not under direct contract with the Contractor. No allowance shall be paid on the premium portion of overtime pay. Where the Extra Work involves both an increase and a reduction in similar or related Work, the overhead and profit allowance shall be applied only to the cost of the increase that exceeds the cost of the reduction.
23. Il change orders shall be processed, executed and approved in a written form that is acceptable to the Authority.

ARTICLE VII – PAYMENTS

1. The Dormitory Authority will make payments after receipt of the Contractor's invoice and verification of the ordered Commodities or services.
2. In any case where a question of nonperformance of a Contract arises or any failure in any respect to conform to the Contract, payment may be withheld in whole or in part at the discretion of the Dormitory Authority. Should the amount withheld be finally paid, the Dormitory Authority may take a cash discount originally offered as if no delay in payment had occurred.
3. Any claim against a Contractor may be deducted by the Dormitory Authority from any money due the Contractor. If no deduction is made, the Contractor shall pay the Dormitory Authority the amount of such claim on demand. Submission of an invoice and payment thereof by the Dormitory Authority shall not preclude the Dormitory Authority from receiving upon demand a price adjustment in any case where the Commodities delivered are later found to deviate from the Specifications, Notice to Bidders or other Contract Documents. Any deliveries made which do not meet the requirements of the Specifications, Notice to Bidders or other Contract Documents may be rejected.
4. Owner's Right to Audit and Inspection of Records: The Contractor shall maintain and keep, for a period of at least six (6) years after the date of final payment, all records and other data relating to the Work, including records of Subcontractors and material suppliers. The Owner or the Owner's Representative shall have the right to inspect and audit all records and other data of the Contractor, Subcontractors and material suppliers relating to the Work.

5. Electronic Payments Program: The Dormitory Authority reserves the right to implement an electronic payment program (“Electronic Payment Program”) for all payments due to Contractor hereunder. Prior to implementing an Electronic Payment Program, the Dormitory Authority shall provide the Contractor written notice one hundred twenty days prior to the effective date of such Electronic Payment Program (“Electronic Payment Effective Date”). Commencing on or after the Electronic Payment Effective Date, all payments due hereunder by the Contractor shall only be rendered electronically, unless payment by paper check is expressly authorized by the Dormitory Authority. Commencing on or after the Electronic Payment Effective Date Contractor further acknowledges and agrees that the Dormitory Authority may withhold any request for payment hereunder, if the Contractor has not complied with the Dormitory Authority’s Policies and Procedures relating to its Electronic Payment Program in effect at such time, unless payment by paper check is expressly authorized by the Dormitory Authority.

ARTICLE VIII - TERMINATION

1. Termination for Cause: In the event that any provision of the Contract is violated by the Contractor, the Owner may serve written notice upon the Contractor, and upon the Contractor’s surety, if any, of the Owner’s intention to terminate the Contract, said notice shall contain the reasons for said intention to terminate the Contract upon a date specified by the Owner. If said violation or delay shall not cease or arrangements satisfactory to the Owner shall not be made, the Contract shall terminate upon the date so specified by the Owner. In the event of any said termination, the Owner may take over the Work and prosecute same to completion by Contract or otherwise for the account and at the expense of the Contractor, and the Contractor and Contractor’s surety shall be liable to the Owner for all costs occasioned the Owner thereby. In the event of said termination the Owner may take possession of and may utilize any Commodities, as may be on the premises and necessary or useful in completing the Work.

2. Termination for Convenience of Owner: The Owner, at any time, may terminate the Contract in whole or in part. Any said termination shall be effected by delivering to the Contractor a notice of termination specifying the extent to which performance of Work under the Contract is terminated and the date upon which said termination becomes effective. Upon receipt of the notice of termination, the Contractor shall act promptly to minimize the expenses resulting from said termination. The Owner shall pay the contractor the costs actually incurred by the Contractor up to the effective date of said termination, but in no event shall the Contractor be entitled to compensation in excess of the total consideration of the Contract. In the event of said termination the Owner may take over the Work and prosecute same to completion by Contract or otherwise and may take possession of and may utilize such Commodities as may be on the premises and necessary or useful in completing the Work.
3. Failure of the Contractor to secure such insurance or to maintain adequate levels of coverage shall not render the Additional Insured or their agents and employees responsible for any losses; and the Additional Insured, their agents and employees shall have no such Liability.
8. Neither the procurement nor the maintenance of any type of insurance by the Owner, the Contractor or the Construction Manager shall in any way be construed or deemed to limit, discharge, waive or release the Contractor from any of the obligations or risks accepted by the Contractor or to be a limitation on the nature or extent of said obligations and risks.

9. Builder's Risk Insurance

- A. The Owner shall, except as otherwise herein specified, at all times during the period of construction and until physical completion, procure and maintain at the cost and expense of the Owner Builder's Risk insurance written on an all risk basis against direct physical loss, including flood or earthquake, or damage to property of the Work and on all materials, equipment, machinery and supplies to be made a part of the Work in the names of the Owner, said amount of insurance to be procured and maintained on a one hundred percent (100%) replacement-value basis on the insurable portion of the Work. Loss, if any, is to be made adjustable with and payable to the Owner.

- B. In instances when the Client is the New York State Office of Mental Health, the New York State Office for People with Developmental Disabilities or other client not covered under a preexisting Builder's Risk insurance policy with the Authority, the Contractor shall be responsible for providing Builder's Risk insurance described in Paragraph A of Article XIV, Section 9. All Builder's Risk policies shall be issued by insurance companies authorized to conduct such business under the laws of the State of New York and shall be written for the benefit of the State of New York and the Dormitory Authority of the State of New York and the Contractor and Subcontractors as their interest may appear and shall run until the date of Project Completion. Policies expiring on a fixed date before Project Completion must be renewed and re-filed not less than (30) thirty days before such expiration date. Such policy shall not be changed by endorsement without the knowledge and consent of the Owner and in particular no notice of cancellation by the insurer shall be effective until (60) sixty day after such notice is actually received by the Owner.
- C. The Owner shall, in the Owner's sole discretion, have power to adjust and to settle with the insurer any loss or claim under said insurance. The above is not intended to be a complete, full or accurate description of the coverage provided by the policies of insurance, copies of which are on file with the Owner. This Section 9 is not intended to create or give any rights to the Contractor or Subcontractors other than those that may be made available to the Contractor and Subcontractors under the terms of said policies. The Owner assumes no obligation to obtain insurance other than that evidenced by said policies and the Owner makes no representation or guarantee as to the effect and coverage under said policies. The Contractor and Subcontractors shall not violate, or permit to be violated, any term or condition of said policies and shall at all times satisfy the safety requirements of the Owner and of the insurance companies issuing the aforementioned policies.

10. Effect of Procurement of Insurance

Neither the procurement nor the maintenance of any type of insurance by the Owner, the Contractor, and the Construction Manager, shall in any way be construed or be deemed to limit, discharge, waive or release the Contractor from any of the obligations and risks accepted by the Contractor or to be a limitation on the nature or extent of said obligations and risks.

11. Contract Security

The Contractor shall furnish, upon request, a surety bond in an amount at least equal to one hundred percent (100%) of the contract price as security for the faithful performance of the Contract and also a labor and material payment bond in the form set forth in the Contract in an amount at least equal to one hundred percent (100%) of the contract price for the payment of all persons performing labor or providing materials in connection with the Work. The surety on said bond shall be a surety company rated B+ by A. M. Best and satisfactory to the Owner.

12. Additional or Substitute Bond

If at any time the Owner shall become dissatisfied with any surety or sureties upon the performance bond, or the labor and material payment bond, or if for any other reason said bonds shall cease to be adequate security to the Owner, the Contractor shall, within five (5) days after notice from the Owner to do so, substitute an acceptable bond or bonds in such form and sum and signed by such other surety or sureties as may be satisfactory to the Owner. The Contractor shall pay the premiums on said bond or bonds. No further payments shall be deemed due nor shall be made until the new surety or sureties shall have furnished an acceptable bond or bonds to the Owner.

13. Failure to Comply with Provisions of Article XIII

The Contract may, at the sole option of the Owner, be declared void and of no effect if the Contractor fails to comply with the provisions of Article XIII.

ARTICLE XVIII – STANDARD PROVISIONS

1 Tax Exemption

The Owner is exempt from payment of Federal, State, local taxes, and sales and compensating use taxes of the State of New York and of cities and counties on all materials and supplies incorporated into the completed Work. These taxes are not to be included in bids. This exemption does not apply to tools, machinery, equipment or other property leased by or to the Contractor or a subcontractor, or to supplies and materials which, even though they are consumed, are not incorporated into the completed Work, and the Contractor and subcontractors shall be responsible for and pay any and all applicable taxes, including sales and compensating use taxes, on said leased tools, machinery, equipment or other property and upon all said unincorporated supplies and materials. The Contractor shall, on request, disclose to the Owner the date/time data definitions used by or in the Work.

In the event of any breach of this warranty, Contractor shall restore the Work to the same level of performance as warranted herein, or repair or replace the Work with conforming product so as to minimize interruption to Client's ongoing business processes, time being of the essence, at Contractor's sole cost and expense. This warranty does not extend to correction of Client's errors in data entry or data conversion. This warranty shall survive beyond termination or expiration of the Contract.

Nothing in this warranty shall be construed to limit any rights or remedies otherwise available under this Contract.

ARTICLE XIX- AFFIRMATIVE ACTION FOR CONTRACTS

1. The Contractor agrees, in addition to any other nondiscrimination provision of the Contract and at no additional cost to the Owner, to fully comply with and cooperate in the implementation of an Affirmative Action Plan designed to provide for equal employment opportunities for Minorities and Women, and a goal oriented Utilization Plan for Minority/Women Business Enterprise (M/WBE) participation in the performance of the Work, in such form and substance as herein stated. The Contractor further agrees to incorporate all Affirmative Action provisions of the Contract in all subcontracts, regardless of tier.
2. The Contractor must submit to the Owner, and the prospective Subcontractors must submit to the Contractor, an Affirmative Action Plan which demonstrates its best efforts to provide for equal employment opportunities for Minorities and Women, and a goal oriented Utilization Plan for MBE/WBE participation in the performance of the Work, in such form and substance as may be required by the Owner. A meeting to review these submissions may be scheduled by the Owner.
3. These Affirmative Action provisions shall be deemed supplementary to, and not in lieu of the nondiscrimination provisions required by N.Y.S. Labor Law or other applicable Federal, State or local laws.
4. In Accordance with Article 15A of the Executive Law and in conformance with the Regulations promulgated by the Minority and Women's Business Development Division of the New York State Department of Economic Development, the Contractor agrees to be bound by the following clauses. In any circumstances of uncertainty or conflict, the Regulations of the Minority and Women's Business Development Division supersede this information.
 - A. Utilization Plan; Waivers
 - i. The Contractor shall submit to the Owner a Utilization Plan on forms provided by the Owner within 72 hours of notification of being the low bidder or successful proposer. The Utilization Plan shall list all subcontractors and suppliers the Contractor intends to use on the Contract and indicate which ones are M/WBEs. The Utilization Plan shall be prepared to achieve the participation goals indicated in the Notice to Bidders or the Request for Proposal.

- ii. The Owner will review the Utilization Plan and will issue to the Contractor a written notice of acceptance or deficiency within twenty (20) days of its receipt. A notice of deficiency shall include (i) the name of any M/WBE which is not acceptable for the purpose of complying with the M/WBE participation goals and the reasons why it is not acceptable; (ii) elements of the Contract scope of work which the Owner has determined can be reasonably structured by the Contractor to increase the likelihood of participation in the Contract by M/WBEs; and (iii) other information which the Owner determines to be relevant to the Utilization Plan.
- iii. The Contractor shall respond to the notice of deficiency within seven (7) business days of receipt by submitting to the Owner a written remedy in response to the notice of deficiency. If the submission of the written remedy is not timely or is found by the Owner to be inadequate, the Owner shall notify the Contractor and direct the Contractor to submit, within five (5) business days, a request for a partial or total waiver of M/WBE participation goals on forms provided by the Owner. Failure to file the waiver form in a timely manner may be grounds for disqualification of the bid or proposal.
- iv. The Contractor who has made good faith efforts to obtain commitments from M/WBE subcontractors and suppliers prior to submitting its Utilization Plan may submit a request for waiver at the same time it submits its Utilization Plan. If a request for waiver is submitted with the Utilization Plan and is not accepted by the Owner at that time, the provisions of clauses 2) and 3), regarding the notice of deficiency and written remedy will apply. In this case, the Contractor may submit a second request for waiver as directed by the Owner.
- v. If the Contractor does not submit a Utilization Plan, remedy deficiencies in a Utilization Plan, submit a request for waiver, or if the Owner determines that the Utilization Plan does not indicate that the M/WBE participation goals will be met and/or that the Contractor has failed to document good faith efforts, the Owner may disqualify the Contractor as being not-responsible.
- vi. The Contractor shall attempt to utilize, in good faith, any MBE or WBE identified within its Utilization Plan, at least to the extent indicated in the Plan.

B. Administrative Hearing on Disqualification

- i. If the Owner disqualifies a bid for any of the reasons set forth in A.5) above, the Contractor shall be entitled to an administrative hearing, on the record, before a hearing officer appointed by the Owner to review the determination of disqualification of the bid and determination of non-responsibility of the Contractor.
- ii. The hearing officer's determination shall be the final determination of the Owner. Such final administrative determination shall be reviewable by a proceeding brought pursuant to Article 78 of the Civil Practice Law and Rules, provided such proceeding is commenced within thirty (30) days of notice given by certified mail, return receipt requested, rendering such final administrative determination in accordance with the provisions of Section 313 of the Executive Law.

C. Good Faith Efforts

In order to show that it has made good faith efforts to comply with the M/WBE participation goals of this Contract, the Contractor shall submit such documentation as will enable the Owner to make a determination in accordance with the criteria set forth in Section 313 of the Executive Law and the Rules and Regulations promulgated thereunder.

D. Compliance Reports

The Contractor shall submit, and shall require subcontractors to submit, compliance reports on forms and at intervals established by the Owner. Reports not submitted at such times as required by the Owner shall be cause for the Owner to delay implementing scheduled payments to the Contractor.

E. Contractor's Failure to Meet M/WBE Participation Goals

- i. If the Contractor, after making good faith efforts, is unable to comply with a Contract's M/WBE participation goals, the Contractor may submit a request for a partial or total waiver on forms provided by the Owner documenting good faith efforts by the Contractor to meet such goals. If the documentation required with the request for waiver is complete, the Owner shall evaluate the request and issue a written notice of acceptance or denial within twenty (20) days of receipt.
- ii. If the Owner, upon review of the Contractor's Utilization Plan and compliance reports, determines that the Contractor is failing or refusing to comply with the Contract's M/WBE participation goals, and no waiver has been issued in regards to such non-compliance, the Owner may issue a notice of deficiency to the Contractor. The Contractor must respond to the notice to deficiency within seven (7) days of receipt. Such response may include a request for partial or total waiver of M/WBE participation goals.

F. Contractor and Owner Complaints; Arbitration

- i. Subsequent to the award of this Contract, if the Contractor submits a request for waiver of M/WBE participation goals and the Owner denies the request or fails to respond in any way within twenty (20) days of receiving it, or if the Contractor has received a written determination from the Owner that the Contractor is failing or refusing to comply with goals, the Contractor may file a complaint with the Director, Division of Minority and Women's Development in the Department of Economic Development ("Director"), according to the provisions of Section 316 of the Executive Law. The complaint must be filed within twenty (20) days of the Owner's receipt of the request for waiver, if the Owner has not responded in that time, or within twenty (20) days of a notification that the request has been denied by the Owner or within twenty (20) days of receipt of notification from the Owner that the Contractor is failing or refusing to comply with goals.
- ii. If the Contractor fails or refuses to comply with goals for participation by M/WBEs

as established by this Contract, the Owner may file a complaint with the Director

pursuant to Section 316 of the Executive Law.

- iii. A complaint shall set forth the facts and circumstances giving rise to the complaint together with a demand for relief.
- iv. The party filing a complaint, whether the Contractor or the Owner, shall deliver a copy to the other party. Both the complaint and the copy shall be delivered by either personal service or by certified mail, return receipt requested.
- v. Upon receipt of a complaint the Director shall provide the party against whom the complaint has been filed with an opportunity to respond to the complaint. If within thirty (30) days of receipt of the complaint the Director is unable to resolve the complaint to the satisfaction of the Owner and the Contractor, the complaint shall be referred to the American Arbitration Association for resolution pursuant to Section 316 of the Executive Law and the applicable requirements of Article 75 of the Civil Practice Law and Rules.
- vi. Upon conclusion of the arbitration proceeding, the arbitrator will submit to the Director his or her award regarding the alleged violation of the Contract or refusal of the Owner to grant a waiver request by the Contractor. The award of the arbitrator with respect to the alleged violation of the Contract or the refusal of the Owner to grant a waiver shall be final and may be vacated or modified only as provided by Article 75 of the Civil Practice Law and Rules.
- vii. Upon conclusion of the arbitration proceedings and the rendition of an award, the arbitrator will also recommend to the Director a remedy including, if appropriate, the imposition of sanctions, fines or penalties. The Director will either (i) adopt the recommendation of the arbitrator; (ii) determine that no sanctions, fines or penalties should be imposed; or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty.

- viii. The Director, within ten (10) days of receipt of the arbitrator's award and recommendations, will issue a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail, return receipt requested. The determination of the Director as to the imposition of fines, sanctions, or penalties shall be reviewable pursuant to Article 78 of the Civil Practice Law and Rules.
- ix. The determination of the Owner or the Contractor to proceed with a complaint shall not preclude the Owner, in its discretion, from pursuing any other remedies, which it may have pursuant to law and contract.

G. Subcontracts

The Contractor will include the provisions of paragraphs C. and F. above in every subcontract, in such manner that such provisions will be binding upon the subcontractor as to work in connection with this Contract.

Upon such finding, the Owner may exercise its termination right, such termination constituting a termination for cause, by providing written notification to the Contractor in accordance with the terms of Article VIII, herein.

A contractor, affiliate, subcontractor or affiliate of a subcontractor must be certified as having a valid certificate of authority if such person makes, or has made, aggregate sales delivered within New York State of more than \$300,000 during the four quarterly periods ending on the last day of February, May, August, and November which immediately precede the quarterly period in which this certification is made. A contractor or vendor must use Form ST-220, Contractor Certification, to make this certification before the contract may be approved.

2. When directed by the OWNER, prior to the award of any Contract, the selected vendor shall, within ten days following either oral or written notice that it must comply, submit, in the form provided by the OWNER, a duly executed New York State Vendor Responsibility Questionnaire to the OWNER at the following address:

4. Duly executed New York State Vendor Responsibility Questionnaires submitted to the OWNER or any other Contracting Agency shall be effective for a period of six months from their execution provided that the facts attested therein have remained unchanged.
5. Continuing Integrity

Contractor shall at all times during the Contract term remain responsible. Contractor agrees, if requested by the President of Owner or his or her designee, to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability, prior performance, and organizational and financial capacity.

The President of Owner or his or her designee, in his or her sole discretion, reserves the right to suspend any or all activities under this Contract, at any time, when he or she discovers information that calls into question the responsibility of Contractor. In the event of such suspension, Contractor will be given written notice outlining the particulars of such suspension. Upon issuance of such notice, Contractor must comply with the terms of the suspension order. Contract activity may resume at such time as the President of Owner or his or her designee issues a written notice authorizing a resumption of performance under the Contract. Notwithstanding any other provision of this Contract, upon written notice to Contractor, and a reasonable opportunity to be heard with the appropriate Owner officials or staff, the Contract may be terminated by the President of Owner or his or her designee at Contractor's expense where Contractor is determined by the President of Owner or his or her designee to be non-responsible. In such event, the President of Owner or his or her designee may complete the contractual requirements in any manner her or she may deem advisable and pursue available legal or equitable remedies for breach.

6. Iran Divestment

1. Promptly comply with said order.
 2. File with the Owner within fifteen (15) working days after being ordered to perform the Work claimed by the Contractor to be Extra Work or within fifteen (15) working days after commencing performance of the Work, whichever date shall be earlier, or within fifteen (15) working days after the said action or omission on the part of the Owner occurred, a written notice of the basis of the Contractor's claim, including estimated cost, and request for a determination thereof.
 3. Proceed diligently, pending and subsequent to the determination of the Owner with respect to any said disputed matter, with the performance of the Work in accordance with all instructions of the Owner.
- B. No claim for Extra Work shall be allowed unless the same was done pursuant to a written order of the Owner. The Contractor's failure to comply with any or all parts of this Article shall be deemed to be:
1. a conclusive and binding determination on the part of the Contractor that said order, Work, action or omission does not involve Extra Work and is not contrary to the terms and provisions of the Contract,
 2. a waiver by the Contractor of all claims for additional compensation or damages as a result of said order, Work, action or omission.

- C. The value of claims for Extra Work, if allowed, shall be determined by the methods described in the Contract.

Claims for Delay

No claims for increased costs, charges, expenses or damages of any kind shall be made by the Contractor against the Owner for any delays or hindrances from any cause whatsoever; provided that the Owner, in the Owner's discretion, may compensate the Contractor for any said delays by extending the time for completion of the Work as specified in the Contract.

Finality of Decisions

- A. Any decision or determination of the Consultant, Owner or the Owner's Representative shall be final, binding and conclusive on the Contractor unless the Contractor shall, within ten (10) working days after said decision, make and deliver to the Owner a verified written statement of the Contractor's contention that said decision is contrary to a provision of the Contract. The Owner shall determine the validity of the Contractor's contention. Pending the decision of the Owner, the Contractor shall proceed in accordance with the original decision.
- B. Wherever it is required in the Contract that an application must be made to the Owner or a determination made by the Owner, the decision of the Owner on said application or the determination of the Owner under the Contract shall be final, conclusive and binding upon the Contractor unless the Contractor, within ten (10) working days after receiving notice of the Owner's decision or determination, files a written statement with the Owner that the Contractor reserves the Contractor's rights in connection with the matters covered by said decision or determination.

Claims for Additional Compensation

- A. Any claims submitted under this article for extra work or increased costs, charges, expenses or damages of any kind must be submitted in writing within 30 days of the occurrence.

“I hereby certify that the value assigned the work performed and the materials supplied that comprise the claim attached hereto represents the actual value of said work and material pursuant to the Contract (and all authorized changes thereto) between the undersigned and the Dormitory Authority of the State of New York.”

- C. Any Information representing the actual value of the work performed and materials supplied contained in the Claim that constitutes “a false representation”, as such term is defined in Article I, of the General Conditions, may subject the undersigned party to criminal charges, including New York State Penal Law Sections 175.35 (Offering a False Instrument for Filing) and 210.40 (False Statement) and/or Title 18 U.S.C. Sections 1001 (False and Fraudulent Statements) and/or Termination of the Contract for Cause.

General Provisions of Laws Covering Workers on Article 8 Public Work Contracts

Introduction

The Labor Law requires public work contractors and subcontractors to pay laborers, workers, or mechanics employed in the performance of a public work contract not less than the prevailing rate of wage and supplements (fringe benefits) in the locality where the work is performed.

Responsibilities of the Department of Jurisdiction

A Department of Jurisdiction (Contracting Agency) includes a state department, agency, board or commission; a county, city, town or village; a school district, board of education or board of cooperative educational services; a sewer, water, fire, improvement and other district corporation; a public benefit corporation; and a public authority awarding a public work contract.

The Department of Jurisdiction (Contracting Agency) awarding a public work contract MUST obtain a Prevailing Rate Schedule listing the hourly rates of wages and supplements due the workers to be employed on a public work project. This schedule may be obtained by completing and forwarding a "Request for wage and Supplement Information" form (PW 39) to the Bureau of Public Work. The Prevailing Rate Schedule MUST be included in the specifications for the contract to be awarded and is deemed part of the public work contract.

Upon the awarding of the contract, the law requires that the Department of Jurisdiction (Contracting Agency) furnish the following information to the Bureau: the name and address of the contractor, the date the contract was let and the approximate dollar value of the contract. To facilitate compliance with this provision of the Labor Law, a copy of the Department's "Notice of Contract Award" form (PW 16) is provided with the original Prevailing Rate Schedule.

The Department of Jurisdiction (Contracting Agency) is required to notify the Bureau of the completion or cancellation of any public work project. The Department's PW 200 form is provided for that purpose.

Both the PW 16 and PW 200 forms are available for completion [online](#).

Hours

No laborer, worker, or mechanic in the employ of a contractor or subcontractor engaged in the performance of any public work project shall be permitted to work more than eight hours in any day or more than five days in any week, except in cases of extraordinary emergency. The contractor and the Department of Jurisdiction (Contracting Agency) may apply to the Bureau of Public Work for a dispensation permitting workers to work additional hours or days per week on a particular public work project.

There are very few exceptions to this rule. Complete information regarding these exceptions is available on the ["Request for a dispensation to work overtime" form \(PW30\)](#) and ["4 Day / 10 Hour Work Schedule" form \(PW 30.1\)](#).

Wages and Supplements

The wages and supplements to be paid and/or provided to laborers, workers, and mechanics employed on a public work project shall be not less than those listed in the current Prevailing Rate Schedule for the locality where the work is performed. If a prime contractor on a public work project has not been provided with a Prevailing Rate Schedule, the contractor must notify the Department of Jurisdiction (Contracting Agency) who in turn must request an original Prevailing Rate Schedule form the Bureau of Public Work. Requests may be submitted by: mail to NYSDOL, Bureau of Public Work, State Office Bldg. Campus, Bldg. 12, Rm. 130, Albany, NY 12240; Fax to Bureau of Public Work (518) 485-1870; or electronically at the NYSDOL website www.labor.ny.gov.

Upon receiving the original schedule, the Department of Jurisdiction (Contracting Agency) is REQUIRED to provide complete copies to all prime contractors who in turn MUST, by law, provide copies of all applicable county schedules to each subcontractor and obtain from each subcontractor, an affidavit certifying such schedules were received. If the original schedule expired, the contractor may obtain a copy of the new annual determination from the NYSDOL website www.labor.ny.gov.

The Commissioner of Labor makes an annual determination of the prevailing rates. This determination is in effect from July 1st through June 30th of the following year. The annual determination is available on the NYSDOL website www.labor.ny.gov.

Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. As per Article 6 of the Labor law, contractors and subcontractors are required to establish, maintain, and preserve for not less than six (6) years, contemporaneous, true, and accurate payroll records. At a minimum, payrolls must show the following information for each person employed on a public work project: Name, Address, Last 4 Digits of Social Security Number, Classification(s) in which the worker was employed, Hourly wage rate(s) paid, Supplements paid

or provided, and Daily and weekly number of hours worked in each classification.

The filing of payrolls to the Department of Jurisdiction is a condition of payment. Every contractor and subcontractor shall submit to the Department of Jurisdiction (Contracting Agency), within thirty (30) days after issuance of its first payroll and every thirty (30) days thereafter, a transcript of the original payrolls, subscribed and affirmed as true under penalty of perjury. The Department of Jurisdiction (Contracting Agency) shall collect, review for facial validity, and maintain such payrolls.

In addition, the Commissioner of Labor may require contractors to furnish, with ten (10) days of a request, payroll records sworn to as their validity and accuracy for public work and private work. Payroll records include, but are not limited to time cards, work description sheets, proof that supplements were provided, cancelled payroll checks and payrolls. Failure to provide the requested information within the allotted ten (10) days will result in the withholding of up to 25% of the contract, not to exceed \$100,000.00. If the contractor or subcontractor does not maintain a place of business in New York State and the amount of the contract exceeds \$25,000.00, payroll records and certifications must be kept on the project worksite.

The prime contractor is responsible for any underpayments of prevailing wages or supplements by any subcontractor.

All contractors or their subcontractors shall provide to their subcontractors a copy of the Prevailing Rate Schedule specified in the public work contract as well as any subsequently issued schedules. A failure to provide these schedules by a contractor or subcontractor is a violation of Article 8, Section 220-a of the Labor Law.

All subcontractors engaged by a public work project contractor or its subcontractor, upon receipt of the original schedule and any subsequently issued schedules, shall provide to such contractor a verified statement attesting that the subcontractor has received the Prevailing Rate Schedule and will pay or provide the applicable rates of wages and supplements specified therein. (See NYS Labor Laws, Article 8 . Section 220-a).

Determination of Prevailing Wage and Supplement Rate Updates Applicable to All Counties

The wages and supplements contained in the annual determination become effective July 1st whether or not the new determination has been received by a given contractor. Care should be taken to review the rates for obvious errors. Any corrections should be brought to the Department's attention immediately. It is the responsibility of the public work contractor to use the proper rates. If there is a question on the proper classification to be used, please call the district office located nearest the project. Any errors in the annual determination will be corrected and posted to the NYSDOL website on the first business day of each month. Contractors are responsible for paying these updated rates as well, retroactive to July 1st.

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. To the extent possible, the Department posts rates in its possession that cover periods of time beyond the July 1st to June 30th time frame covered by a particular annual determination. Rates that extend beyond that instant time period are informational ONLY and may be updated in future annual determinations that actually cover the then appropriate July 1st to June 30th time period.

Withholding of Payments

When a complaint is filed with the Commissioner of Labor alleging the failure of a contractor or subcontractor to pay or provide the prevailing wages or supplements, or when the Commissioner of Labor believes that unpaid wages or supplements may be due, payments on the public work contract shall be withheld from the prime contractor in a sufficient amount to satisfy the alleged unpaid wages and supplements, including interest and civil penalty, pending a final determination.

When the Bureau of Public Work finds that a contractor or subcontractor on a public work project failed to pay or provide the requisite prevailing wages or supplements, the Bureau is authorized by Sections 220-b and 235.2 of the Labor Law to so notify the financial officer of the Department of Jurisdiction (Contracting Agency) that awarded the public work contract. Such officer MUST then withhold or cause to be withheld from any payment due the prime contractor on account of such contract the amount indicated by the Bureau as sufficient to satisfy the unpaid wages and supplements, including interest and any civil penalty that may be assessed by the Commissioner of Labor. The withholding continues until there is a final determination of the underpayment by the Commissioner of Labor or by the court in the event a legal proceeding is instituted for review of the determination of the Commissioner of Labor.

The Department of Jurisdiction (Contracting Agency) shall comply with this order of the Commissioner of Labor or of the court with respect to the release of the funds so withheld.

Summary of Notice Posting Requirements

The current Prevailing Rate Schedule must be posted in a prominent and accessible place on the site of the public work project. The prevailing wage schedule must be encased in, or constructed of, materials capable of withstanding adverse weather conditions and be titled "PREVAILING RATE OF WAGES" in letters no smaller than two (2) inches by two (2) inches.

The "Public Work Project" notice must be posted at the beginning of the performance of every public work contract, on each job site.

Every employer providing workers' compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

Every employer subject to the NYS Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers, notices furnished by the State Division of Human Rights.

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the NYS Department of Labor.

Apprentices

Employees cannot be paid apprentice rates unless they are individually registered in a program registered with the NYS Commissioner of Labor. The allowable ratio of apprentices to journeyworkers in any craft classification can be no greater than the statewide building trade ratios promulgated by the Department of Labor and included with the Prevailing Rate Schedule. An employee listed on a payroll as an apprentice who is not registered as above or is performing work outside the classification of work for which the apprentice is indentured, must be paid the prevailing journeyworker's wage rate for the classification of work the employee is actually performing.

NYSDOL Labor Law, Article 8, Section 220-3, require that only apprentices individually registered with the NYS Department of Labor may be paid apprenticeship rates on a public work project. No other Federal or State Agency of office registers apprentices in New York State.

Persons wishing to verify the apprentice registration of any person must do so in writing by mail, to the NYSDOL Office of Employability Development / Apprenticeship Training, State Office Bldg. Campus, Bldg. 12, Albany, NY 12240 or by Fax to NYSDOL Apprenticeship Training (518) 457-7154. All requests for verification must include the name and social security number of the person for whom the information is requested.

The only conclusive proof of individual apprentice registration is written verification from the NYSDOL Apprenticeship Training Albany Central office. Neither Federal nor State Apprenticeship Training offices outside of Albany can provide conclusive registration information.

It should be noted that the existence of a registered apprenticeship program is not conclusive proof that any person is registered in that program. Furthermore, the existence or possession of wallet cards, identification cards, or copies of state forms is not conclusive proof of the registration of any person as an apprentice.

Interest and Penalties

In the event that an underpayment of wages and/or supplements is found:

- Interest shall be assessed at the rate then in effect as prescribed by the Superintendent of Banks pursuant to section 14-a of the Banking Law, per annum from the date of underpayment to the date restitution is made.
- A Civil Penalty may also be assessed, not to exceed 25% of the total of wages, supplements, and interest due.

Debarment

Any contractor or subcontractor and/or its successor shall be ineligible to submit a bid on or be awarded any public work contract or subcontract with any state, municipal corporation or public body for a period of five (5) years when:

- Two (2) willful determinations have been rendered against that contractor or subcontractor and/or its successor within any consecutive six (6) year period.
- There is any willful determination that involves the falsification of payroll records or the kickback of wages or supplements.

Criminal Sanctions

Willful violations of the Prevailing Wage Law (Article 8 of the Labor Law) may be a felony punishable by fine or imprisonment of up to 15 years, or both.

Discrimination

No employee or applicant for employment may be discriminated against on account of age, race, creed, color, national origin, sex, disability or marital status.

No contractor, subcontractor nor any person acting on its behalf, shall by reason of race, creed, color, disability, sex or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates (NYS Labor Law, Article 8, Section 220-e(a)).

No contractor, subcontractor, nor any person acting on its behalf, shall in any manner, discriminate against or intimidate any employee on account of race, creed, color, disability, sex, or national origin (NYS Labor Law, Article 8, Section 220-e(b)).

The Human Rights Law also prohibits discrimination in employment because of age, marital status, or religion.

There may be deducted from the amount payable to the contractor under the contract a penalty of \$50.00 for each calendar day during which such person was discriminated against or intimidated in violation of the provision of the contract (NYS Labor Law, Article 8, Section 220-e(c)).

The contract may be cancelled or terminated by the State or municipality. All monies due or to become due thereunder may be forfeited for a second or any subsequent violation of the terms or conditions of the anti-discrimination sections of the contract (NYS Labor Law, Article 8, Section 220-e(d)).

Every employer subject to the New York State Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers notices furnished by the State Division of Human Rights.

Workers' Compensation

In accordance with Section 142 of the State Finance Law, the contractor shall maintain coverage during the life of the contract for the benefit of such employees as required by the provisions of the New York State Workers' Compensation Law.

A contractor who is awarded a public work contract must provide proof of workers' compensation coverage prior to being allowed to begin work.

The insurance policy must be issued by a company authorized to provide workers' compensation coverage in New York State. Proof of coverage must be on form C-105.2 (Certificate of Workers' Compensation Insurance) and must name this agency as a certificate holder.

If New York State coverage is added to an existing out-of-state policy, it can only be added to a policy from a company authorized to write workers' compensation coverage in this state. The coverage must be listed under item 3A of the information page.

The contractor must maintain proof that subcontractors doing work covered under this contract secured and maintained a workers' compensation policy for all employees working in New York State.

Every employer providing worker's compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

Unemployment Insurance

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the New York State Department of Labor.

Social Security Numbers on Certified Payrolls:

The Department of Labor is cognizant of the concerns of the potential for misuse or inadvertent disclosure of social security numbers. Identity theft is a growing problem and we are sympathetic to contractors' concern regarding inclusion of this information on payrolls if another identifier will suffice.

For these reasons, the substitution of the use of the last four digits of the social security number on certified payrolls submitted to contracting agencies on public work projects is now acceptable to the Department of Labor. This change does not affect the Department's ability to request and receive the entire social security number from employers during its public work/ prevailing wage investigations.

Construction Industry Fair Play Act: Required Posting for Labor Law Article 25-B § 861-d

Construction industry employers must post the "Construction Industry Fair Play Act" notice in a prominent and accessible place on the job site. Failure to post the notice can result in penalties of up to \$1,500 for a first offense and up to \$5,000 for a second offense. The posting is included as part of this wage schedule. Additional copies may be obtained from the NYS DOL website, www.labor.ny.gov. <https://labor.ny.gov/formsdocs/ui/1A999.pdf>

IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND**

Budget Policy & Reporting Manual

B-610

Public Work Enforcement Fund

effective date December 7, 2005

1. Purpose and Scope:

This Item describes the Public Work Enforcement Fund (the Fund, PWEF) and its relevance to State agencies and public benefit corporations engaged in construction or reconstruction contracts, maintenance and repair, and announces the recently-enacted increase to the percentage of the dollar value of such contracts that must be deposited into the Fund. This item also describes the roles of the following entities with respect to the Fund:

- New York State Department of Labor (DOL),
- The Office of the State of Comptroller (OSC), and
- State agencies and public benefit corporations.

2. Background and Statutory References:

DOL uses the Fund to enforce the State's Labor Law as it relates to contracts for construction or reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law. State agencies and public benefit corporations participating in such contracts are required to make payments to the Fund.

Chapter 511 of the Laws of 1995 (as amended by Chapter 513 of the Laws of 1997, Chapter 655 of the Laws of 1999, Chapter 376 of the Laws of 2003 and Chapter 407 of the Laws of 2005) established the Fund.

3. Procedures and Agency Responsibilities:

The Fund is supported by transfers and deposits based on the value of contracts for construction and reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law, into which all State agencies and public benefit corporations enter.

Chapter 407 of the Laws of 2005 increased the amount required to be provided to this fund to .10 of one-percent of the total cost of each such contract, to be calculated at the time agencies or public benefit corporations enter into a new contract or if a contract is amended. The provisions of this bill became effective August 2, 2005.

**To all State Departments, Agency Heads and Public Benefit Corporations
IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND**

OSC will report to DOL on all construction-related ("D") contracts approved during the month, including contract amendments, and then DOL will bill agencies the appropriate assessment monthly. An agency may then make a determination if any of the billed contracts are exempt and so note on the bill submitted back to DOL. For any instance where an agency is unsure if a contract is or is not exempt, they can call the Bureau of Public Work at the number noted below for a determination. Payment by check or journal voucher is due to DOL within thirty days from the date of the billing. DOL will verify the amounts and forward them to OSC for processing.

For those contracts which are not approved or administered by the Comptroller, monthly reports and payments for deposit into the Public Work Enforcement Fund must be provided to the Administrative Finance Bureau at the DOL within 30 days of the end of each month or on a payment schedule mutually agreed upon with DOL.

Reports should contain the following information:

- Name and billing address of State agency or public benefit corporation;
- State agency or public benefit corporation contact and phone number;
- Name and address of contractor receiving the award;
- Contract number and effective dates;
- Contract amount and PWEF assessment charge (if contract amount has been amended, reflect increase or decrease to original contract and the adjustment in the PWEF charge); and
- Brief description of the work to be performed under each contract.

Checks and Journal Vouchers, payable to the "New York State Department of Labor" should be sent to:

Department of Labor
Administrative Finance Bureau-PWEF Unit
Building 12, Room 464
State Office Campus
Albany, NY 12240

Any questions regarding billing should be directed to NYSDOL's Administrative Finance Bureau-PWEF Unit at (518) 457-3624 and any questions regarding Public Work Contracts should be directed to the Bureau of Public Work at (518) 457-5589.

Required Notice under Article 25-B of the Labor Law

**Attention All Employees, Contractors and Subcontractors:
You are Covered by the Construction Industry Fair Play Act**

The law says that you are an employee unless:

- You are free from direction and control in performing your job, **and**
- You perform work that is not part of the usual work done by the business that hired you, **and**
- You have an independently established business.

Your employer cannot consider you to be an independent contractor unless all three of these facts apply to your work.

It is against the law for an employer to misclassify employees as independent contractors or pay employees off the books.

Employee Rights: If you are an employee, you are entitled to state and federal worker protections. These include:

- Unemployment Insurance benefits, if you are unemployed through no fault of your own, able to work, and otherwise qualified,
- Workers' compensation benefits for on-the-job injuries,
- Payment for wages earned, minimum wage, and overtime (under certain conditions),
- Prevailing wages on public work projects,
- The provisions of the National Labor Relations Act, and
- A safe work environment.

It is a violation of this law for employers to retaliate against anyone who asserts their rights under the law. Retaliation subjects an employer to civil penalties, a private lawsuit or both.

Independent Contractors: If you are an independent contractor, **you must pay all taxes and Unemployment Insurance contributions required by New York State and Federal Law.**

Penalties for paying workers off the books or improperly treating employees as independent contractors:

- **Civil Penalty** First offense: Up to \$2,500 per employee
 Subsequent offense(s): Up to \$5,000 per employee
- **Criminal Penalty** First offense: Misdemeanor - up to 30 days in jail, up to a \$25,000 fine and debarment from performing public work for up to one year.
 Subsequent offense(s): Misdemeanor - up to 60 days in jail or up to a \$50,000 fine and debarment from performing public work for up to 5 years.

If you have questions about your employment status or believe that your employer may have violated your rights and you want to file a complaint, call the Department of Labor at (866) 435-1499 or send an email to dol.misclassified@labor.ny.gov. All complaints of fraud and violations are taken seriously. You can remain anonymous.

Requirements for OSHA 10 Compliance

Article 8 §220-h requires that when the advertised specifications, for every contract for public work, is \$250,000.00 or more the contract must contain a provision requiring that every worker employed in the performance of a public work contract shall be certified as having completed an OSHA 10 safety training course. The clear intent of this provision is to require that all employees of public work contractors, required to be paid prevailing rates, receive such training "prior to the performing any work on the project."

The Bureau will enforce the statute as follows:

All contractors and sub contractors must attach a copy of proof of completion of the OSHA 10 course to the first certified payroll submitted to the contracting agency and on each succeeding payroll where any new or additional employee is first listed.

Proof of completion may include but is not limited to:

- Copies of bona fide course completion card (*Note: Completion cards do not have an expiration date.*)
- Training roster, attendance record or other documentation from the certified trainer pending the issuance of the card.
- Other valid proof

**A certification by the employer attesting that all employees have completed such a course is not sufficient proof that the course has been completed.

Any questions regarding this statute may be directed to the New York State Department of Labor, Bureau of Public Work at 518-457-5589.

WICKS

Public work projects are subject to the Wicks Law requiring separate specifications and bidding for the plumbing, heating and electrical work, when the total project's threshold is \$3 million in Bronx, Kings, New York, Queens and, Richmond counties; \$1.5 million in Nassau, Suffolk and Westchester counties; and \$500,000 in all other counties.

For projects below the monetary threshold, bidders must submit a sealed list naming each subcontractor for the plumbing, HVAC and electrical and the amount to be paid to each. The list may not be changed unless the public owner finds a legitimate construction need, including a change in specifications or costs or the use of a Project Labor Agreement (PLA), and must be open to public inspection.

Allows the state and local agencies and authorities to waive the Wicks Law and use a PLA if it will provide the best work at the lowest possible price. If a PLA is used, all contractors shall participate in apprentice training programs in the trades of work it employs that have been approved by the Department of Labor (DOL) for not less than three years. They shall also have at least one graduate in the last three years and use affirmative efforts to retain minority apprentices. PLA's would be exempt from Wicks, but deemed to be public work subject to prevailing wage enforcement.

The Commissioner of Labor shall have the power to enforce separate specification requirements on projects, and may issue stop-bid orders against public owners for non-compliance.

Other new monetary thresholds, and similar sealed bidding for non-Wicks projects, would apply to certain public authorities including municipal housing authorities, NYC Construction Fund, Yonkers Educational Construction Fund, NYC Municipal Water Finance Authority, Buffalo Municipal Water Finance Authority, Westchester County Health Care Association, Nassau County Health Care Corp., Clifton-Fine Health Care Corp., Erie County Medical Center Corp., NYC Solid Waste Management Facilities, and the Dormitory Authority.

Contractors must pay subcontractors within a 7 days period.

Introduction to the Prevailing Rate Schedule

Information About Prevailing Rate Schedule

This information is provided to assist you in the interpretation of particular requirements for each classification of worker contained in the attached Schedule of Prevailing Rates.

Classification

It is the duty of the Commissioner of Labor to make the proper classification of workers taking into account whether the work is heavy and highway, building, sewer and water, tunnel work, or residential, and to make a determination of wages and supplements to be paid or provided. It is the responsibility of the public work contractor to use the proper rate. If there is a question on the proper classification to be used, please call the district office located nearest the project. District office locations and phone numbers are listed below.

Prevailing Wage Schedules are issued separately for "General Construction Projects" and "Residential Construction Projects" on a county-by-county basis.

General Construction Rates apply to projects such as: Buildings, Heavy & Highway, and Tunnel and Water & Sewer rates.

Residential Construction Rates generally apply to construction, reconstruction, repair, alteration, or demolition of one family, two family, row housing, or rental type units intended for residential use.

Some rates listed in the Residential Construction Rate Schedule have a very limited applicability listed along with the rate. Rates for occupations or locations not shown on the residential schedule must be obtained from the General Construction Rate Schedule. Please contact the local Bureau of Public Work office before using Residential Rate Schedules, to ensure that the project meets the required criteria.

Payrolls and Payroll Records

Contractors and subcontractors are required to establish, maintain, and preserve for not less than six (6) years, contemporaneous, true, and accurate payroll records.

Every contractor and subcontractor shall submit to the Department of Jurisdiction (Contracting Agency), within thirty (30) days after issuance of its first payroll and every thirty (30) days thereafter, a transcript of the original payrolls, subscribed and affirmed as true under penalty of perjury.

Paid Holidays

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

Overtime

At a minimum, all work performed on a public work project in excess of eight hours in any one day or more than five days in any workweek is overtime. However, the specific overtime requirements for each trade or occupation on a public work project may differ. Specific overtime requirements for each trade or occupation are contained in the prevailing rate schedules.

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays.

The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Supplemental Benefits

Particular attention should be given to the supplemental benefit requirements. Although in most cases the payment or provision of supplements is straight time for all hours worked, some classifications require the payment or provision of supplements, or a portion of the supplements, to be paid or provided at a premium rate for premium hours worked. Supplements may also be required to be paid or provided on paid holidays, regardless of whether the day is worked. The Overtime Codes and Notes listed on the particular wage classification will indicate these conditions as required.

Effective Dates

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. The rate listed is valid until the next effective rate change or until the new annual determination which takes effect on July 1 of each year. All contractors and subcontractors are required to pay the current prevailing rates of wages and supplements. If you have any questions please contact the Bureau of Public Work or visit the New York State Department of Labor website (www.labor.ny.gov) for current wage rate information.

Apprentice Training Ratios

The following are the allowable ratios of registered Apprentices to Journey-workers.

For example, the ratio 1:1,1:3 indicates the allowable initial ratio is one Apprentice to one Journeyworker. The Journeyworker must be in place on the project before an Apprentice is allowed. Then three additional Journeyworkers are needed before a second Apprentice is allowed. The last ratio repeats indefinitely. Therefore, three more Journeyworkers must be present before a third Apprentice can be hired, and so on.

Please call Apprentice Training Central Office at (518) 457-6820 if you have any questions.

Holiday Codes

PAID Holidays:

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

OVERTIME Holiday Pay:

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays. The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Following is an explanation of the code(s) listed in the HOLIDAY section of each classification contained in the attached schedule. The Holidays as listed below are to be paid at the wage rates at which the employee is normally classified.
