1. Description
The Dormitory Authority of the State of New York (DASNY) intends to procure an insurance broker to provide broker/marketing and program support services for its Commercial General and Excess Liability Insurance Program for the October 1, 2021-2022 through 2023-2024 policy years. It is DASNY’s intent to select and award a contract to one Broker from this solicitation. In accordance with the Public Authorities Law, Section 2879 and the New York State Executive Law, Article 15-A, this opportunity is solely intended for certified MWBE’s.

2. Contract Term
The anticipated contract term will be for three years, with two optional one-year renewals, commencing on October 1, 2021.

3. Background
The Dormitory Authority State of New York (DASNY) is a public benefit corporation of the State of New York empowered by Titles 4 and 4-B of the Public Authorities Law (the “Act”), to provide design and project management services to, and to issue its bonds, notes and other obligations, for a wide variety of public purposes. Under the Act, DASNY provides a multitude of support services, including the procurement of insurance coverage in various forms in connection with the design, construction, ownership, and financing of capital facilities for the State University of New York dormitory program; the City University of New York Senior and Community Colleges; the New York City Health and Hospitals Corporation; the New York City Office of Court Administration; the New York State Department of Education with respect to certain facilities under its jurisdiction, other State and local governmental entities; independent colleges and universities; facilities for the aged; certain not-for-profit hospitals and nursing homes, as well as a wide variety of other not-for-profit organizations specifically described in the Act. All of the entities for which DASNY provides financing, construction or other services are referred to as clients.

DASNY’s business can be divided into two broad categories based on the nature of the clients:

1. Not-for-profit institutions including colleges, hospitals, nursing homes and other miscellaneous charitable type institutions.
2. Governmental institutions including SUNY, CUNY, Department of Health, Department of Education, Department of Mental Hygiene, Office of Mental Retardation and Developmental Disabilities, municipal hospitals and Office of Court Administration.

For the most part, the relationship between DASNY and its many not-for-profit clients is a lending transaction based upon a loan agreement. The relationship between DASNY and its governmental clients is more complex and involves a combination of statutes and financing agreements. These statutes and financing agreements are part of the method by which New York State finances and constructs facilities for use by these various governmental clients.

DASNY provides more than loans to its governmental clients. DASNY frequently builds facilities for these clients, in addition to financing the cost of construction. From time to time DASNY may also agree to provide general/excess liability coverage, covering the buildings and/or projects that DASNY has constructed, or is in the process of constructing, on their behalf. For example, DASNY’s program provides liability insurance coverage for all academic and support facilities at the City University of New York during the course of construction. Insurance coverage is provided for the State University of New York dormitory operations both during and after construction, into occupancy. A similar arrangement is in place for specific health care facilities operated under the jurisdiction of the NYS Department of Health.

A Schedule of Named Insureds (identifying the various named insureds covered by this liability insurance program, as well as the type of operations which are contemplated by the coverage), Loss Runs, List of Permanent Property Locations and List of Current Construction Projects are included in this RFP as attachments.

It is important for respondents to understand that DASNY also handles the claims under these policies on behalf of our clients with the support of a Third-Party Administrator.

4. Qualifications and Certification Requirements

NOTE: The selected Broker will be responsible for marketing DASNY’s programs to insurance carriers.
