<b>33 42 31 00-0002</b>		<b>Catch Basins And Inlet Basins</b> (33 42 31 00-0001)		
		Note: Includes base slab, opening and grout. Excludes frame, grate, excavation and backfill.		
<b>33 42 31 00-0003</b>		<b>Catch Basin</b> (33 42 31 00-0002)		
		Note: Consisting of an SDR 35 pipe body with ductile iron grates. Pedestrian safe grates are available. Basins range in size from 8" to 30". 8" And 10" basin not traffic bearing and limited because of the small size of the basin. 12" And larger basins are much more adaptable allowing pipe penetrations up to the diameter of the basin (i.e. a 12" diameter pipe can fit a 12" basin, two pipes may be attached at 180 degree). Basins will fit high density polyethylene (HDPE) and other plastic piping. Penetrations are factory installed where specified. Basin is factory sized to accommodate the rim and invert for each location. No grout is required to seal piping, factory specified gaskets are included. No field adjustment to grade is necessary, yet height changes can be accommodated in the field. A concrete collar poured in the field is required for water loading (12" through 30").
