Responses to Requests for Information

Please see responses to the requests for information below:

1Q: Do the appliances need to be EnergyStar Compliant?

1A: SUNY Binghamton would prefer the EnergyStar fridges as specified. The other models are not required to be EnergyStar, again as specified by the appliances in the original specification.

2Q: On the refrigerators, will any of those need to have the hinge changed to the left side as you face it? The standard is right-hinged.

2A: All right hinges are fine.

3Q: I am reviewing the details and noticed that there are a total of 31 apartments. Fifteen (15) on the first floor and Sixteen (16) on the second. Is there an additional building that needs units, or should the total be 31?

3A: Please quote the quantities as listed on Attachment A: Bid Breakdown & Schedule. The extra unit's not specified for the apartments can be delivered to SUNY Binghamton and their Facilities Staff will transport them to storage.

All other terms and conditions of the original Invitation for Bids shall remain the same.
