

NOTICE AND INFORMATION FOR BIDDERS

BID BREAKDOWN & SCHEDULE

Bidder: _____

DASNY Designated Procurement Contact: Kristen Costello, Manager Purchasing (kcostell@dasny.org)

Description: **Microsoft Dynamics 365 Implementation Services and Managed Services**

Bid Open Date and Time: May 25, 2023, 2:00 P.M.

Location: DASNY, 515 Broadway, Albany, NY 12207

Provide pricing below for Implementation Services (by Phase) and optional pricing for up to three (3) years of Managed Services.

Implementation Services

Item No.	Description	QTY	UOM	Price
1	Implementation Services (By Phase Deliverables)			
	Planning and Requirements Phase		LS	\$
	Design Phase		LS	\$
	Development and Build Phase		LS	\$
	Testing Phase		LS	\$
	Training Phase		LS	\$
	Deployment Phase		LS	\$
Implementation Services Total				\$

Optional: Managed Services

Item No.	Description	QTY	UOM	Price
	Managed Services			
Opt-1	Year 1		LS	\$
Opt-2	Year 2		LS	\$
Opt-3	Year 3		LS	\$
Managed Services Total				\$

Provide pricing details to meet full compliance of scope and requirements as defined in this Bid Notification. This shall include everything necessary to complete the Scope of Services. DASNY has identified several major phases of implementation requirements as well as up to 3-years optional managed services. **Please utilize the Base & Total Cost Worksheets (Appendix 7.1) for pricing of each implementation phase and yearly managed services costs.** DASNY expects that Bidders will include additional content beyond simply completing the forms and worksheets provided with this Bid. Additional detail may be provided to further explain deliverable/task costs.

Based on bidder's experience with other clients in similar size, scope and business type, bidder shall identify bidder's best estimate on a number of hours needed and price on a firm, fixed hourly basis.

NOTICE AND INFORMATION FOR BIDDERS

Total Bid shall be for **Implementation Services only**, optional Managed Services should not be included in Total Bid.

TOTAL BID: _____

(The below questions 1) and 2) need only be answered if the above total bid is for one million dollars or more)

- 1. Does your firm anticipate the use of subcontractors and outside suppliers specific to this procurement?
Yes No

- 2. Does your firm anticipate the creation of employment opportunities arising from this procurement?
Yes No

(The below information must be completed for all bids.)

NOTICE AND INFORMATION FOR BIDDERS

1 Bidding Requirements for Purchasing

1.1 Preparation of Bids

- A. Bids must be submitted on the Bid Breakdown and Schedule in the Bidder's full legal name or the Bidder's full legal name plus any registered assumed name (the "Bidder"). Bids shall be enclosed in a sealed envelope, addressed to DASNY, and marked with the name and address of the Bidder and the Bid Number. All blank spaces for bid prices must be filled in. Conditional bids shall not be accepted. Bids shall not contain any recapitulation of the Work to be done. No oral, facsimile transmittal, electronic or telephonic bids or modifications of bids shall be considered. Bids shall contain an original signature of the Bidder in the space provided on the Bid Breakdown and Schedule.
- B. Basis for Award: The basis for award is the lowest qualified "TOTAL BID". Bidder shall be responsible for the complete scope of services at the "TOTAL BID" price.
- C. DASNY may reject any bid not prepared and submitted in accordance with the provisions of the Purchase Order Documents.
- D. Any bid may be withdrawn prior to the scheduled time for the opening of bids or authorized postponement thereof and any bid received after such time and date shall not be considered.
- E. No bidder may withdraw a bid within sixty (60) days after the actual date of the opening thereof.
- F. No action or proceeding concerning in any way any bid for the Contract or the Contract shall be brought against DASNY in any location other than Albany County unless DASNY specifically consents, in writing, to a change of venue.
- G. Bids that are illegible or that contain omissions, alterations, additions, contingencies or items not called for in the bidding documents may be rejected as not responsive. Any bid which modifies, limits, or restricts all or any part of such bid, other than as expressly provided for in the Bid documents, may be rejected as not responsive. DASNY may reject any bid not prepared and submitted in accordance with the provisions of the Bid documents.
- H. All Bidders should include their standard terms and conditions as part of the Bid Submission.
- I. If two or more bidders submit identical bids as to price, the decision of DASNY to award a Contract to one or more of such identical bidders shall be final.
- J. Prices and information required by the Bid Breakdown and Schedule except the signature of the Bidder, should be typewritten or printed legibly. Submissions written in pencil may be rejected.

1.2 Examination of the Detailed Specifications and Scope of Services

- A. Prospective bidders shall examine the Statement of Work and Scope of Services attached hereto, carefully and, before bidding, shall make a written request to DASNY's Designated Representative for an interpretation or correction of any ambiguity, inconsistency, or error therein which should be discovered by a reasonably prudent bidder. Every request for such interpretation must be received at least ten (10) days prior to the Bid Opening Date. Such interpretation or correction, as well as additional provisions

NOTICE AND INFORMATION FOR BIDDERS

DASNY shall decide to include, shall be issued in writing by DASNY as an Addendum, which shall be posted to DASNY's website. Such Addendum shall become a part of the Purchase Order Documents and shall be binding on prospective bidders whether or not the bidder receives or acknowledges the actual notice of such Addendum. Requirements of the Purchase Order Documents shall apply to Addenda.

- B. Only interpretations, corrections or additional provisions to this Notice and Information to Bidders issued in writing by DASNY as Addenda shall be binding. No officer, agent or employee of DASNY is authorized to explain or to interpret the Purchase Order Documents by any other method and any such explanation or interpretation, if given, shall not be relied upon by the bidder.
- C. Each bid shall be construed to be completely in accordance with the Purchase Order Documents unless the bidder explains all deviations in detail on a separate letterhead attached to the bid.
- D. At the time of the opening of bids, each bidder shall be presumed to have inspected the Site and to have read and to be familiar with the Purchase Order Documents. The failure or omission of any Bidder to receive or to examine any Purchase Order Document shall in no way relieve any Bidder from any obligation in respect to the bid of such Bidder.
- E. DASNY reserves the right to make awards within one hundred twenty (120) days after the date of the bid opening or proposal due date, during which period bids or proposals shall not be withdrawn.
- F. A Purchase Order issued and/or contract awarded by DASNY shall be deemed executory only to the extent of moneys available, and no liability shall be incurred by DASNY beyond the moneys available therefore.
- G. Unless otherwise specified, the quantities listed in the Bid Breakdown and Schedule are subject to change to conform with DASNY requirements.
- H. Unless terminated or cancelled by DASNY, a Purchase Order and/or contract will remain in force for the period specified or until all commodities ordered before the termination date shall have been satisfactorily delivered and accepted.
- I. Without the prior consent, in writing, the successful Bidder shall not assign, transfer, convey, sublet or otherwise dispose of the Purchase Order and/or contract or the right, title, duties or interest therein or the power to execute any contract to any other person, company or corporation.
- J. It is hereby understood between the parties hereto that the relationship created by the Purchase Order Documents between DASNY and the successful Bidder is one of independent contractor and it is in no way to be construed as creating an agency relationship between said parties nor is it to be construed as in any way or under any circumstances to be creating or appointing the awarded Bidder as an agent of the DASNY for any purpose whatsoever.

NOTICE AND INFORMATION FOR BIDDERS

1.3 Qualifications of Bidder

- A. DASNY may make such investigation as DASNY deems necessary to determine the responsiveness and responsibility of any Bidder or to determine the ability of any bidder to provide the commodities or otherwise provide the work set forth in the Purchase Order Documents. Bidders shall furnish to DASNY all information and data required by DASNY, within the time and in the form and manner required by DASNY. DASNY reserves the right to reject any bid if the evidence required by DASNY is not submitted as required or if the evidence submitted by or the investigation of any bidder fails to satisfy DASNY that the bidder is responsive and responsible, or is able or qualified to carry out the obligations contained in the Purchase Order Documents or to complete the work as contemplated.
- B. DASNY reserves the right before making an award to make investigations as to whether or not the commodities, qualifications or facilities offered by the Bidder meet the requirements set forth in the Scope of Services and are sufficient to insure the proper performance of the Purchase Order Documents.

1.4 Executive Order No. 170.1 – Uniform Guidelines for Responsibility Determinations

The criteria contained in Executive Order No. 170.1 dated June 23, 1993 (9 NYCRR § 4.170, Context and Analysis, Historical Note 32) will also be applied in the bid review process. In the event of any conflict between the criteria in Executive Order No. 170.1 and the criteria in the Purchase Order Documents, the stricter criteria shall apply.

1.5 Executive Order No. 125 – NYS Vendor Responsibility Questionnaire

- A. For any commodity Purchase Order or contract of \$100,000 or more, the New York State Vendor Responsibility Questionnaire shall be submitted by the apparent low bidder to DASNY. Executive Order No. 125 dated May 22, 1989 is found at 9 NYCRR §4.125.
- B. The Bidder shall submit a New York State Vendor Responsibility Questionnaire to DASNY for any subcontractor proposed for the Work upon request of DASNY.
- C. DASNY recommends that Bidders file the required Vendor Responsibility Questionnaire online via the New York State VendRep System (the "System"). To enroll in and use the System, see the System Instructions at http://www.osc.state.ny.us/vendrep/vendor_index.htm or go directly to the VendRep System online at <https://onlineservices.osc.state.ny.us>. Vendors must provide their New York State Vendor Identification Number when enrolling. To request assignment of a Vendor ID or for System assistance, contact the Office of the State Comptroller's ("OSC") Help Desk at 866-370-4672 or 518-408-4672 or email ciohelpdesk@osc.state.ny.us. Vendors opting to complete and submit a paper questionnaire can obtain the appropriate questionnaire from the System website www.osc.state.ny.us/vendrep or may contact DASNY (DASNY) or OSC's Help Desk for a copy of the paper form.

NOTICE AND INFORMATION FOR BIDDERS

1.6 Opportunity Programs Requirements

- A. Bidder agrees, in addition to any other nondiscrimination provision of the Purchase Order Documents and at no additional cost to DASNY, to fully comply and cooperate with DASNY in the implementation of NYS Executive Law ARTICLE 15-A, PARTICIPATION BY MINORITY GROUP MEMBERS AND WOMEN WITH RESPECT TO STATE CONTRACTS and Article 17-B, SERVICE-DISABLED VETERAN OWNED BUSINESSES. These requirements will include: equal employment opportunities for minority group members and women (EEO), plus opportunities for minority and women-owned business enterprises (M/WBE). The Vendor's demonstration of good faith efforts shall also be a part of these requirements.
- B. If goals have been assigned, the successful Bidder shall be required to complete a Utilization Plan or Request for Waiver, to be approved by DASNY's Opportunity Programs Group. Where assigned, DASNY uses a goal-oriented approach to ensure employment of EEO & M/WBE at a level commensurate with their capability and availability. DASNY has determined that the goals for EEO & M/WBE participation in the Work of the Contract are follows:

Percent of Total Contract (M/WBE):

Minority Business Enterprise Goal	18%
Women's Business Enterprise Goal	12%
Service-Disabled Veteran Owned Businesses	6%

1.7 Issuance of Purchase Order/Award of Contract

- A. Issuance of the Purchase Order and/or contract shall be made to the successful Bidder submitting the lowest bid, if:
1. In the opinion of DASNY, the bid is responsive to the bid solicitation and the requirements of the Purchase Order Documents, and such Bidder, is responsible.
 2. The Bidder submits all required documents.
- B. DASNY reserves the sole and exclusive right to reject any bid or all bids, to waive any informalities or irregularities or omissions in any bid received or to afford any Bidder an opportunity to remedy any informality or irregularity.
- C. The issuance of the Purchase Order and/or contract shall not be construed as a guarantee by DASNY that the plant, equipment, and the general scheme of proposed operations of a Bidder is either adequate or suitable for the satisfactory performance of the Work or that other data supplied by a Bidder is accurate.

NOTICE AND INFORMATION FOR BIDDERS

2 Statement of Work

2.1 Purpose

Implementation Services: The Dormitory Authority of the State of New York (the “Authority” or “DASNY”) is seeking proposals from qualified vendors for implementation services of the Microsoft Dynamics 365 Finance & Operations, Supply Chain Management and Project Operations software solution (the “ERP System”). The necessary Microsoft Dynamics 365 software licenses will be acquired by DASNY. Bidders must propose a comprehensive implementation effort for a centralized software solution that encompasses core financial management, purchasing, budgeting, project accounting and reporting.

DASNY intends to begin implementation of the ERP System not later than October 2023, in accordance with this Bid. Except as otherwise provided, the specific schedules, deliverables, and roles and responsibilities between DASNY and the successful Vendor are negotiable. Vendors are encouraged to provide a “best practice” solution for their implementation methods, and all implementation methods must, at a minimum, comply with the requirements of this bid document.

Managed Services: DASNY intends to partner with the same implementation vendor for up to 3 years, with such vendor providing managed services and a single-point of contact for all issue resolutions (all Tier-level support, remote) for the implemented ERP System, application modules, databases, and Azure environments (Dev, Test, Prod).

2.2 Background

The Dormitory Authority of the State of New York (the “Authority” or “DASNY”) is a public benefit corporation of the State of New York empowered by Titles 4 and 4-B of the Public Authorities Law (the “Act”), to provide design and project management services, and to issue bonds, notes and other obligations, for a wide variety of public purposes. Under the Act, the Authority provides a multitude of services in various forms in connection with the design, construction and financing of capital facilities for State University of New York, including dormitories and educational facilities; City University of New York Senior Colleges; Community Colleges; Boards of Cooperative Educational Services; cities and counties with respect to court facilities and combined occupancy structures, as defined by law; the Department of Education of the State of New York with respect to certain facilities under its jurisdiction; other State and local governmental entities; independent colleges and universities; facilities for the aged; certain not-for-profit hospitals and nursing homes, as well as a wide variety of other not-for-profit organizations specifically described in the Act.

DASNY is one of the largest issuers of tax-exempt debt in the nation and currently has several hundred series of tax-exempt and taxable bonds outstanding with a total par value of approximately \$60 billion as of March 31, 2022. Pursuant to GASB Interpretation No.2, *Disclosure of Conduit Debt Obligations*, DASNY’s basic financial statements are a compilation of approximately 2,000 separate self-balancing accounts related to both the individual series of outstanding bonds and notes and the individual operating accounts for nonbonded projects, various special purposes, and operations.

After developing internal discovery documentation and scheduling several product demonstrations of enterprise solutions, DASNY selected Microsoft Dynamics 365 Finance & Operations, due in part to its

NOTICE AND INFORMATION FOR BIDDERS

interoperability with existing systems and its ability to meet DASNY’s organizational needs with minimal customizations and within a robust infrastructure environment.

DASNY plans to maximize out-of-the box functionality and is open to changing its internal business processes (to the extent feasible) to best facilitate a successful implementation of this software. DASNY seeks to perform this implementation with professional assistance and service from a vendor who has strong technical and organizational change management skills.

2.3 Existing Environment

DASNY currently uses JD Edwards World V9.3 (“JDE”) installed on an IBM AS400, and a combination of off-the-shelf systems, custom developed systems, general office applications, and manual processes to support its business operations. DASNY uses JDE to support many of its financial activities, with modules including general ledger, accounts payable (AP), accounts receivable (A/R), Purchasing, Change Management, and Job Costing. In addition, DASNY integrates JDE with PMWeb and Primavera Contract Management to manage construction project related activities including project setup, procurement, and budgeting. Further, DASNY utilizes legacy custom applications to support its operations, and numerous manual, non-integrated systems (such as paper forms, Access databases and Excel spreadsheets) to manage DASNY’s administrative transactions.

2.4 Key Dates

Event	Date
Bid Issued	3/2/2023
Intent to Bid Due	3/16/2023
Notice of Prequalification Status to Bidders	3/31/2023
Request for Information Due	4/14/2023
DASNY Issues Response to Request for Information	5/5/2023
Bid Opening/Bid Responses Due	5/25/2023
Anticipated Bid Award Date	6/30/2023

3 Project Objectives

DASNY’s goal is to take advantage of a modern ERP system that is designed around best practices allowing DASNY to streamline and improve processes that result in timely, accurate, and easy-to-access information.

DASNY has identified the following objectives associated with implementing the ERP System, and all proposals must address methods to accomplish these objectives:

- **Integrated Processes** – DASNY needs to utilize integrated operational processes. For example, DASNY’s payable process is a laborious effort that spans multiple business units and tasks in need of workflow and automation. In addition, budget development and preparation is a mostly manual process conducted using a combination of JDE, in-house legacy applications, Excel, and Adobe PDF.

NOTICE AND INFORMATION FOR BIDDERS

- **Analytical Environment** – DASNY needs a software environment that will produce useful analytics. Transitioning from a transactional environment to a more analytical environment will enhance operations and allow for richer data insight, which will aid in strategy implementation; and
- **Workflow Efficiency** – DASNY needs consolidated workflow management and control. DASNY's current system requires manual review and approval of certain workflow. As a result, staff must continually communicate with one another about work pending in a process. A consolidated workflow process, including user-based security and audit trails, would allow DASNY to manage the data more effectively and accurately track statuses.

4 Scope of Services

Implementation Services: DASNY seeks the full scope of Implementation Services with a qualified Vendor for the ERP System software solution. The Implementation Services must include, but are not limited to, the following phases: (1) planning / requirements; (2) design; (3) development / build; (4) testing; (5) training; and (6) deployment. DASNY will acquire the necessary software licenses and hosted infrastructure. Vendor shall plan for and implement the solution onto a minimum of three environments: (1) Development; (2) User Acceptance Testing; and (3) Production environments.

Managed Services: DASNY seeks a Managed Services arrangement for up to 3 years with a qualified vendor for the ERP System software solution. The Managed Services must include a single point of contact for all issue resolutions. Once the ERP System application environment is successfully implemented, functional day-to-day issues, bug fixes, updates, enhancements, process review and optimization, and overall Dynamics and Azure (Dev, Test, Prod) operations and maintenance functions outside of DASNY's expertise will be supported by the selected vendor.

4.1 Communication Plan

The Vendor shall communicate and cooperate with all parties involved in the project. The Vendor's staff shall have excellent communication skills and conduct themselves professionally and courteously in all instances.

The Vendor shall maintain active communication to ensure project success. Communications between parties shall be performed through, but are not limited to:

- Regularly scheduled and ad hoc meetings;
- Voice and web conferencing system;
- Email;
- Weekly written status reports provided to DASNY by the Vendor;
- Required Project Plans; and
- Other reports as required.

Vendor shall distribute an agenda with pertinent documents in advance of meetings, to permit DASNY an opportunity to review the agenda and documents and attend the meeting with a reasonable level of understanding, inquiries, and feedback.

NOTICE AND INFORMATION FOR BIDDERS

4.2 Project Management & Governance

Vendor shall identify and mobilize the appropriate resources with the necessary skillsets to meet the requirements. Vendor shall appoint a Project Manager as the point of contact who will be responsible for understanding the requirements, acquiring the appropriate resources with the necessary qualifications, monitoring the status and quality of the Deliverables, and administering the project. Vendor must assign a US based implementation team with personnel having relevant product and industry experience.

DASNY shall provide the Vendor partner-access to the ERP System licenses and the Microsoft Azure hosted environment that shall be used for this project for all 3 environments (Dev, Test, Prod). The infrastructure, application, and database for all 3 environments must be tested by the Vendor, with validation from DASNY and fully functional prior to the commencement of services.

DASNY shall provide the vendor a Project Manager, and a dedicated project team that shall consist of subject matter experts to resolve any issues throughout this project.

Vendor's Project Manager shall develop project work plans and project schedule at the beginning of the project. The plan shall be reviewed with DASNY, and any changes must be agreed upon by DASNY before they are incorporated into the plan. The plan shall be maintained by the Vendor's Project Manager throughout the duration of the project and a final copy provided to DASNY.

The Vendor shall coordinate all technical and functional work efforts, including training sessions with DASNY Project Manager.

Vendor must schedule and attend all meetings during normal business hours, which are Monday – Friday, 8:00 AM – 5:00 PM Eastern Time.

4.3 Organizational Change Management (OCM)

Vendor will provide guidance in ensuring that DASNY understands the need for the specified change and its effects, and that DASNY possesses the capabilities and motivation to change. The list below is intended to provide clarity and guidance as to some of DASNY's expectations regarding OCM:

- Accelerating DASNY's adoption of best practices and the changes required to fully use ERP System
- Helping to verify that DASNY is prepared to work with a new or changed set of processes that are enabled by the technology embedded in the ERP System
- Transferring knowledge to DASNY, developing methods and content for user adoption and ongoing support.

4.4 Planning and Requirements Phase

Vendor shall assess DASNY's business processes (samples provided in Appendix 7.2), gather necessary requirements, document the requirements, define the business processes which the ERP System will support without any modification ("FITs"), and define the business processes which would require modification to support the business processes ("GAPs"). Vendor must collaborate with DASNY regarding each of these tasks and must identify solutions that satisfy DASNY's objectives.

NOTICE AND INFORMATION FOR BIDDERS

Vendor shall conduct ERP System educational workshop training sessions for the Core Team (to be determined by DASNY), for up to 10 DASNY employees per functional area (e.g., Accounting, Purchasing, Payables, etc.) to enable such employees to contribute to the requirements workshops with a common understanding of out-of-box capabilities of the ERP System.

Vendor shall provide best practices referencing industry standards and out of the box capabilities within the ERP System and shall identify opportunities for improvement.

Vendor shall, at a minimum, conduct the following activities and produce the associated project deliverables as part of the Planning Phase:

1. Environment Planning;
2. Project Roles and Responsibilities;
3. Communication Plan;
4. Project Kick-off;
5. Project Schedule (draft);
6. ERP System Workshop Training for up to 10 users per session (functional area);
7. Project Issue, Risk, Change, Decisions Log;
8. Requirements Documents (draft);
9. Business Process Flows/Models (draft);
10. Gap/Fit Assessment; and
11. Solution Design Document (draft);

Vendor shall, at a minimum, deploy the following modules and/or functional areas:

1. **Accounting**
 - a. Flexible Chart of Accounts structure
 - b. Simplified journal entry processes with configured security roles and workflows
 - c. Financial Reporting
 - d. Streamlined closing/reconciliation process
 - e. General Ledger/Accounting
 - f. Budgeting/Forecasting
 - g. Procurement/Purchasing
 - h. Accounts Payable
 - i. Fixed Assets
 - j. Accounts Receivable
2. **Vendor Management**
 - a. Contract Management
 - b. Vendor Self-Service configuration
 - c. Configuration of OCR technology for electronic submission of invoices
3. **Finance**
 - a. Investment tracking
 - b. Cash Management / Bank Account Reconciliation

NOTICE AND INFORMATION FOR BIDDERS

4. Fixed Assets

- a. Manage Client building inventory with configurable attributes

5. Project Accounting

- a. Budget / Funding
- b. Commitments
- c. Payments
- d. Add trackable assets (buildings)

6. System Reporting

- a. Data dictionary and map
- b. Demand reports
- c. Scheduled reports
- d. PowerBI

4.5 Design Phase

Vendor shall configure DASNY's ERP system through a combination of specific workshops and parameter setups. Vendor, with assistance from DASNY as reasonably necessary, will conduct data management workshops and build the environments using Microsoft's Dynamics 365 licenses located on Microsoft's Azure hosting environment. Vendor must collaborate with DASNY regarding each of these tasks and must identify solutions that satisfy DASNY's objectives.

Vendor shall, at a minimum, conduct the following activities and produce the associated project deliverables as part of the Design Phase:

1. Environment Build
2. Data Conversion Workshops;
3. Data Conversion Plan;
4. Functional Design Documents (FDDs) for any customizations identified;
5. Technical Design Documents (TDDs), as needed;
6. Reporting Mock-ups;
7. Prototypes (as needed);
8. Development & Configuration Backlog;
9. Finalize Business Process flows/models;
10. Sprint Planning
11. Finalize Solution Design Document; and
12. Finalize Project Schedule.

4.6 Development and Build Phase

Vendor shall continue the data conversion activities to develop approved customizations per the Fit Variance Assessment and per the approved FDDs and/or TDDs. Vendor shall conduct multiple Sprints to verify that the configuration satisfies DASNY's requirements.

NOTICE AND INFORMATION FOR BIDDERS

Vendor shall, at a minimum, conduct the following activities and produce the associated project deliverables as part of the Development Phase:

1. Multiple Sprints (of a duration to be determined by DASNY and Vendor) including;
 - a. Sprint User Acceptance Testing (UAT) Sessions/Pilot Sessions;
 - b. Development & Configuration Backlog Management
 - c. Sprint Retrospectives;
2. Master Data Loads;
3. Functional Testing with test scripts to be written by Vendor and defined by DASNY;
4. Completed configurations in the ERP System per the approved Functional Requirements Documents;
5. Customizations as specified in the approved Fit Variance Assessment and corresponding approved FDDs and TDDs;
6. UAT Plan;
7. UAT/Functional Test Results;
8. Data templates provided for all legacy data conversion per Data Conversion Plan; and
9. Complete Microsoft Dynamics 365 environment with master data available to DASNY for UAT.

4.7 Testing Phase

Vendor shall develop a Test Plan, subject to the review and approval of DASNY, which will include assessment criteria, quality assurance, and user acceptance. The test plan shall provide for the effective and efficient testing of the configuration to assure the successful implementation of the ERP System. Such activities include testing of all scenarios end-to-end planned for go-live; logging defects / issues and resolving those issues prior to User Acceptance Testing (UAT). Vendor shall be cognizant of responsive support; in the event of any defects or issues found, they must be resolved in a timely manner to ensure high user adoption rate of this system. Vendor shall create the Cutover (go-live) plan for the Deployment phase, subject to the review and approval of DASNY.

DASNY shall provide reasonable staff to adequately perform testing. Vendor shall provide guidance during the testing phases.

Vendor shall, at a minimum, conduct the following activities and produce the associated project deliverables as part of the Testing Phase:

Testing:

1. Roles and Responsibilities Matrix for Testing Phase;
2. Features/Unit Testing;
3. Integration Testing;
4. Data Migration Testing;
5. User Acceptance Testing Plan for all configurations, development and reporting;
6. User Acceptance Test scripts in module-based approach with core team (can be jointly developed with DASNY);
7. Detailed Implementation Plan (for Go-Live); and
8. Post-Go-Live Support Plan.

NOTICE AND INFORMATION FOR BIDDERS

4.8 Training Phase

During the Planning Phase, System Orientation training of core ERP System capabilities will be given to functional area leads and other key stakeholders to establish a common foundation of the ERP System capabilities out-of-the-box. This is a precursor to actual training in that it orients key users to the system to equip them to make informed decisions about where extensions or customizations might be needed. Minimal DASNY data will be used for this training session.

Vendor shall perform user training on the configured solution using DASNY data during Testing Phase. Vendor shall utilize a “train-the-trainer” approach to equip key DASNY Power Users and targeted DASNY General Users with a deep understanding of how to use system. Vendor’s training must equip DASNY to adequately complete subsequent training activities.

Vendor shall develop Training Material specific to DASNY’s environment in a format acceptable for online learning or incorporated within the ERP system.

Vendor shall grant DASNY an irrevocable, royalty-free, perpetual license to use any training material completed by Vendor under this bid.

Vendor shall use the developed Training Material to conduct onsite final training for DASNY’s Core Team, as well as targeted power and general end user training.

Vendor shall, at a minimum, conduct the following activities and produce the associated project deliverables as part of the Training Phase:

Training:

1. Education Workshop for all in scope modules (core team, targeted power and general users);
2. Training Material based on DASNY's environment, in online learning format;
3. Organizational Change Assessment; and
4. End User training for larger group of targeted power and general users.

4.9 Deployment Phase

Vendor shall conduct the final data load (entry and migration) into the system. Vendor shall prepare for go live with final end-user training, and UAT following the go live checklist. Finally, based on the rollout plan, Vendor shall conduct go live and transition to post go-live support, and transition to remote support (long-term managed services) after conducting post go live activities.

Vendor shall, at a minimum, conduct the following activities and produce the associated project deliverables as part of the Deployment Phase:

1. Successfully execute Implementation Plan (including on-demand support for a minimum of 4 weeks);
2. Successfully execute OCM Plan (DASNY) with support from vendor;
3. Transition to Managed Support after post go-live support term;
4. Issue Management and resolution of issues;
5. Begin Warranty Period;

4.10 Brief Description of Current Environments and Forecasted Process Improvements

The following is a brief description of DASNY's current environments and our goals to improve upon these various processes:

- **General Ledger (G/L)** – DASNY currently uses JDE for its General Ledger. Vendor's proposal must allow DASNY to use the ERP System, with extensive integration with PMWeb, to assist with project-based accounting and asset accountability. DASNY should have the ability to utilize a flexible chart of account structure in the ERP system. Vendor's proposal must allow DASNY to maintain different ledgers in the system (i.e., General Ledger, and Cash Ledger) to meet various reporting requirements. Vendor must assist DASNY with building templates, which will be used to bulk upload journal entries.
- **Financial Reporting** – Vendor's proposal must allow DASNY to use ERP System to produce a full set of financial statements including Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, and Statement of Cash Flows. Reporting must allow for flexible use of category codes (attributes) or segments on the accounts (chart of account ranges, program, client, etc.) to produce a wide range of custom reporting requested by Clients. DASNY should have the ability to produce reporting from multiple sources including historical balances archived in a data repository for purposes of providing "Life-to-Date" reporting to Clients.
- **PMWeb / Primavera Contract Management (CM) Integration** – DASNY utilizes PMWeb and CM for all project management activities. Integration points with the ERP system include, but aren't limited to project creation, budgeting, and initiation of commitments (purchase orders, contracts, etc.) and progress payments / invoicing. Vendor's proposal must allow DASNY to integrate PMWeb and CM with the ERP System to manage financial transactions created from project related workflows; likewise, Vendor's proposal must allow DASNY to integrate back to PMWeb and CM any updates or changes to initiated transactions, where appropriate.
- **Job Costing / Project Accounting** – Vendor's proposal must allow DASNY to track and report on all levels of projects to varying detail (job-cost information by program, client, institution, etc.). Projects must include budgeted categories or activities and allow for linking of multiple funding sources. The ERP system must allow DASNY to manage appropriation authority on behalf of its Clients. The funding is authorized by NYS and subsequently allocated by the Client to fund DASNY managed construction projects (currently tracked by utilizing ledgers in JDE).
- **Accounts Payable (A/P)** – DASNY currently uses JDE for accounts payable functions. Vendor's proposal must allow DASNY to match Purchase orders (POs) to invoices and other documentation, such as receiving, using workflow approval routing and auditing. Vendor's proposal must include design of Payables workflow including configuration of OCR technology for intake of supplier invoices via e-mail and/or self-service portal.

NOTICE AND INFORMATION FOR BIDDERS

- **Budget Management** – Vendor’s proposal must allow DASNY to use the ERP System for the budget preparation, forecasting, capital project-based accounting and funds tracking, operations and maintenance projects, payroll expense management and forecasting, along with reports providing varying detail. Vendor’s proposal must allow DASNY to standardize budget approval process with workflow visibility, integration with other modules as necessary.
- **Accounts Receivable (A/R)** - Vendor’s proposal must allow DASNY to utilize ERP System to process receipt of all payments (including the ability for batch payment) for the various services that DASNY provides to its Clients, along with GL integration and the ability to produce reports of varying detail for revenue reporting. The ERP System must be configured to accept data from other sources for creation of bulk A/R entries representing both receipts and invoices.
- **Fixed Assets** – Vendor’s proposal must allow DASNY to use ERP System to create a master asset list in the form of a Client building repository, track and assign fixed assets to projects (%’s), and obtain total expenses attributable to each building. Vendor’s proposal must also allow DASNY to track and configure asset attributes such as square footage, address, private use, etc.
- **Treasury Management** – Vendor’s proposal must allow DASNY to use ERP System to integrate with bank applications for cash disbursements, operating funds, wires online, ACH, and direct deposit. The ERP System must allow for automated bank account reconciliation. Given DASNY’s account volume, potential for utilizing 3rd party software for bank account reconciliation may be explored.
- **Debt / Investment Management** – DASNY issues debt and holds bonds and investments with various banking institutions. Vendor’s proposal must allow DASNY to use ERP System to assist DASNY with managing these investments. DASNY has over 2,000 investment accounts tracked through a 3rd party application, Clearwater Analytics. The investment activity must be posted to the general ledger monthly. In addition, DASNY utilizes DBC Debt Manager for debt servicing. Amortization schedule activity including bondholder payments and debt service billings must be posted to the general ledger and A/R module accordingly.
- **Procurement / Vendor Management**–Vendor’s proposal must allow DASNY to utilize an electronic portal for vendor self-registration. The proposal must also allow for vendors to electronically track purchase order payment status and funding releases based on invoice payment, provide tracking for vendor performance. DASNY must also have the ability to create purchase orders or other encumbering transactions against approved projects with budget and/or funds checking as part of the workflow. Purchase orders or other encumbering documents must allow DASNY to capture required data elements for reporting purposes.
- **Dashboards** - Vendor’s proposal must allow DASNY to use ERP System to produce reports and dashboards with drill-down capabilities of varying detail to provide overall analysis, oversight, progress, and performance metrics regarding the financial and operational posture of DASNY as an organization. DASNY should have the ability to produce reporting from multiple sources including historical balances.

NOTICE AND INFORMATION FOR BIDDERS

4.11 Potential Interfaces

The vendor shall evaluate the following list of likely interfaces. Vendor shall include best estimates for the development of these integrations in their price sheet or describe how this integration already exists using the ERP System.

The Integration and Interface phase covers the design and delivery of ongoing information flow among the ERP System product and other systems.

- Integration requirements focus on processing and coordination of information among systems, applications and 3rd parties.
- Interface requirements focus on the means of communication for sending information to and receiving from a system, application or 3rd party.

Gathering requirements will directly influence the Integration Strategy. The Integration Strategy includes determining such things as how much of the integration requires automation versus manual implementation, and what products, tools and technology will be used to implement interfaces and middleware integration.

System / Platform	Function	Nature of Integration / Interface
PMWeb	DASNY's project management application. ERP System integration to include, but not limited to the continuation of transactions initiated in workflows such as commitments (purchase orders, contracts) with associated ERP System record creation, project creation with budgets, funding sources, and budget checking for encumbrances in ERP System and linking common data attributes (vendors).	Two-way
Primavera Contract Management (Oracle)	DASNY's project management application. ERP System integration to include, but not limited to the continuation of transactions initiated in workflows such as commitments (purchase orders, contracts) with associated ERP System record creation, project creation with budgets, funding sources, and budget checking for encumbrances in ERP System and linking common data attributes (vendors). <i>Expected to be retired by end of 2023 calendar year.</i>	Two-way
Clearwater Analytics	Investment activity on DASNY held bank accounts posted to G/L. <i>At a minimum, template journal entry required</i>	One-way
DBC Debt Manager	File exports including bond issue amortization schedules. Debt service billings posted to A/R; bondholder payments posted to G\L. <i>At a minimum, template journal entries required</i>	One-way

NOTICE AND INFORMATION FOR BIDDERS

System / Platform	Function	Nature of Integration / Interface
Payment Portal (Microsoft Dynamics 365 Power App)	Banking information (account verification) collected via portal and stored in JDE related address book / vendor profile. <i>May be able to replace functionality within ERP System.</i>	Two-way
Cost Accounting Revenue and Recovery System (CARRS) – DASNY CUSTOM	File export from CARRS application is utilized to record labor expense by project posted to G/L. <i>At a minimum, template journal entry required</i>	One-way
DBS (Direct Billing System) – DASNY CUSTOM	DASNY Health Services Client labor charges at project (JDE AL Ledger) and segregation (JDE AA ledger). Prepares 2 files for batch journal entry processing.	One-way
Ultimate (Payroll)	File export for purposes of creating a series of summary payroll transactions posted to the G/L. <i>At a minimum, template journal entry required</i>	One-way
KRONOS (Timekeeping)	Project numbers and associated financial attributes are extracted from JDE allowing Staff to charge appropriate time codes.	One-way
DASNY BI Reporting (SQL)	Client attributes, buildings, and project and contract metadata (budgets, commitments, invoiced amounts and payments) information is extracted for DASNY wide construction project reporting.	One-way
B2Gnow	Updates to MWBE / SDVOB Goal migrate to purchasing / contract headers	Two-way
ePayable	Upload ePayable batches to Bank website with Visa accounts	One-way
Treasury Source (Bank app)	Cash transactions (e.g., disbursement, operating funds, wires online, ACH, direct deposit, etc.)	One-way
NYS Contracts System	File export from JDE with contract and payment information	One-way
Acom	File export from JDE for proper formatting of checks	One-way

NOTE: This list may not be all-inclusive. During the Design Phase, integrations shall be clearly defined.

4.12 Data Conversion and Data Migration

For purposes of determining level of effort for data conversion, Vendor's proposal shall assume conversion of at least the following data:

Source System	Data Element	Years Retained
JDE	Financial balances and budgeted values (rollover balances plus 3 years of summary level balances and transaction history)	DASNY requires all historical data to be migrated into a well-supported data platform so that it remains available and reportable. AND 3 years of transactional history.
JDE	Account hierarchy, ledger values, funding sources	All open and 3 years of transactional history

NOTICE AND INFORMATION FOR BIDDERS

Source System	Data Element	Years Retained
JDE	Projects (attributes, budgets, funding)	All open and 3 years of transactional history
JDE	Purchase Orders, Receiving	All open and 3 years of transactional history
JDE	Vendor File, Payment History, and Invoice History	Active vendors and 3-year history for those vendors
JDE	Fixed Assets (Buildings)	All
JDE	Accounts Receivable	All open and 3 years of transactional history
JDE	Accounts Payable	All open and 3 years of transactional history
JDE	Purchase Orders / Commitments	All open and 3 years of transactional history

** DASNY is amenable to discussing best practices for data migration based on its size, type and business usage as it relates to the ERP system.*

Data Migration

The Data Migration Requirements documentation will provide high-level data source information as a starting point for field-level data mapping. In addition, Master Data Entities and related classification will be defined to a level of detail that is equal to the data field level of the ERP System that is being implemented, as well as other Master Data Management requirements.

Vendor’s migration strategy must also evaluate the quality and general state of data and determine Data Cleansing Requirements. The data mapping documentation should cover all identified fields in Microsoft Dynamics.

Ideally, the standard Extract (E), Transform (T) and Load (L) or ETL approach is recommended; however, if the data cannot migrate using this method, vendor must produce and develop data migration templates. Vendors should include those development estimates in their pricing.

Data Validation

Vendor shall assist DASNY in creating validation reports to ensure overall integrity of the converted data. Vendor shall ensure the accuracy of the data. Vendor will develop validation routines during the workshop process, and modify those routines as necessary, subject to the consent and approval of DASNY. Vendor will establish benchmarks in conjunction with the validation process to ensure the integrity of the conversion process.

Data Mapping and Cleansing

Vendor shall assist, support, and document the data fields required to meet the needs of mapping to the ERP System data model.

Only fields required to support the ERP System Data Model will be prioritized during the mapping process. Other fields and ancillary data may be included but may fall outside the scope of services. In order to provide consistent data to be converted, DASNY will be responsible for providing direction to Vendor, including identifying the data to be converted. Vendor shall create a full crosswalk of the data to be included and the data to be excluded. DASNY will be responsible for validating the crosswalk as complete (for the source system) and correct (in the target system).

NOTICE AND INFORMATION FOR BIDDERS

Data Migration Iterations

Vendor shall, at a minimum, conduct the following activities and produce the associated project deliverables as part of the Data Migration effort:

Multiple iterations (including Go-Live) are defined. The iterations include:

1. Role and Responsibility Matrix for ETL approach;
2. Conversion to DEV;
3. Conversion to User Acceptance Testing (UAT);
4. Conversion to Production Environment (Prod);

5 Functional Statistics

5.1 Financial Transaction / Data Quantification

The following table contains information regarding DASNY's current operations by function.

KEY STATISTICS	
Accounts Payable:	
Number of Vendors	9,674
Number of Invoices / Year	6,200
Number of Payments / Year	10,000
Number of 1099s / Year	250+
General Ledger:	
Number of Accounts - active	28,000+
G/L Transactions / Year	200,000
Chart of Accounts Structure	Business Unit. Object Account. Subsidiary
Fixed Assets:	
Number of Buildings	3,678
Accounts Receivable:	
Number of Customers	2,300
Number of Invoices / Year	700
Number of Cash Receipts / Year	3,200
Procurement:	
Number of PO's / Year	3,500
Number of PO Change Orders / Year	850
Number of Contracts / Year	200
Number of Contract Change Orders / Year	775

NOTICE AND INFORMATION FOR BIDDERS

KEY STATISTICS	
Debt Servicing:	
Number of Debt Issuances	1,200
G/L Journal Entry Lines / Year (Bondholder payments)	5,000+
A/R Journal Entry Lines / Year (Debt service Client billings)	10,000+
<i>*Debt Servicing, amortization schedules from DBC Debt Manager</i>	
Project Accounting:	
Number of Projects - active	3,400
Number of Funding Sources – active	6,600
Finance:	
Bank Accounts	2,000+
G/L Journal Entry Lines / Month (Investment activity from Clearwater Analytics)	9,000+

5.2 Anticipated Users / Licensing

The following table contains the anticipated user base, by license type for the ERP System, subject to change based on final planning and requirements. Licenses will be acquired directly by DASNY.

MFG#	License Type	Count
SFV-00001	D365 Finance Sub Per User	46
GHL-00001	D365 Operations Activity Sub Per User	10
1SD-00014	D365 Project Operations Attach Sub Per User	38
SAM-00001	D365 Supply Chain Management Attach Sub to D365 Base SKU Per User	11
MTH-00001	D365 Team Members Sub Per User	108

6 Inspection and Acceptance

Final System Acceptance will only occur after all terms and conditions of the contract negotiated with the Vendor have been successfully completed, all testing has been successfully completed and the ERP System has operated in a live environment for a ninety (90) business day consecutive period without Material Defects. In the event of noncompliance, Vendor is to correct the ERP System in conformity with the requirements of the Bid, at no additional cost to DASNY.
