After clicking on the link above, please either create a **DASNY Portal Account** or sign-in to the account you previously created. DASNY requires Multifactor Authentication (MFA) to meet our security needs and keep your account safe. Upon initial account creation, you will be prompted to enter a phone number. Be sure to enter a number you will have access to when signing into your account at all times as DASNY will require MFA each time you log in to the Portal.

DASNY allows submitters to submit a response and continue to make edits (if necessary) until the RFI deadline. Once you start a response, be sure to EDIT that response and not begin a new one. DASNY will only review a single response. If your response is in draft mode, you will be able to see it in the list when you select to edit an existing response on the Portal. Your response is not complete and DASNY does not have access to view your responses until you submit a final package prior to the deadline.
