

## **Questions received on Bond Trustee Services and DASNY's responses:**

1. If we do not submit for this RFP and become approved, would we no longer be considered or solicited for future DASNY financings?

**Response:**

If you fail to submit a proposal for this RFP, you will not be included on our trustee empanelment. Your bank would not be included in any solicitation for future DASNY financings until a new RFP is released.

2. There are a number of questions relating to very specific cyber security framework and business continuity questions in sections E and F. We will need to enter into a Non-Disclosure Agreement (NDA) with DASNY.

**Response:**

DASNY is not requesting proposers to provide any information they deem proprietary and/or confidential for this procurement.

3. Diversity Questionnaire: Section 4.1 - We are unsure what the “*process of diversity business development*” refers to.

**Response:**

The “process of diversity business development” refers to the actions, initiatives and strategies an organization uses to promote and support diversity both within the company and in its external business relationships. This can include efforts to increase participation of minority- and women-owned businesses, internal programs that foster an inclusive workplace, outreach to diverse suppliers and any practices that encourage equitable opportunities throughout the organization and its partnerships.
